# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, JANUARY 4, 1937, 2 P. M.

In Board of Supervisors, San Francisco, Monday, January 4, 1937,  
2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:  
Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Ronco-  
vieri, Schmidt, Shannon, Uhl—10.

Quorum present.

President Shannon presiding.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of December 17, 18  
and 21, 1936, were considered read and approved.

## SPECIAL ORDER—2 P. M.

### Referred.

The following matter on motion of Supervisor Ratto was *referred*  
*to the Streets Committee*:

Hearing of protests against costs and expenses for improvements on  
south side of Lincoln way, between 82 feet 6 inches and 157 feet 6  
inches west of Forty-sixth avenue. Work by M. Bertolino.

## HEARING OF APPEAL—2 P. M.

The following matter was taken up:

**Rezoning of South Side Chestnut Street, 137 Feet 6 Inches East  
of Easterly Line of Webster Street.**

Hearing of appeal from the decision of City Planning Commission,  
by its Resolution No. 1574, dated November 19, 1936, denying appli-  
cation to rezone from Second Residential District to Commercial Dis-  
trict, property located at the south side of Chestnut street, 137 feet 6  
inches east of the easterly line of Webster street.

### Privilege of the Floor.

Annunzio Avola, 1861 Chestnut street, applicant for rezoning was  
heard at length.

Mrs. W. J. O'Neill, 1355 Laguna, corner of Chestnut and Mrs. Stamper,  
1795 Chestnut street, apartment house owners, were heard in opposi-  
tion to the rezoning.

Milton Meyer, City Planning Commissioner, was heard in opposition  
to the rezoning.

### Resolution Defeated.

Whereupon the roll was called on the following resolution and the  
same was *defeated* by the following vote:

**Disapproving Decision of City Planning Commission as to South Side Chestnut Street 137 feet 6 inches east of easterly line of Webster Street.**

(Code No. 13.02)

Resolution No. 3016, as follows:

Resolved, That the decision of the City Planning Commission, by its Resolution No. 1574, dated November 19, 1936, denying application to rezone from Second Residential District to Commercial District, property located at the south side of Chestnut street, 137 feet 6 inches east of easterly line of Webster street, is hereby disapproved.

*Refused adoption* by the following vote:

Aye—Supervisor Ratto—1.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisor Mead—1. (Congressman Havenner resigned.)

**SPECIAL ORDER—3 P. M.**

**Sale of \$2,000,000 of Tax Anticipation Notes.**

Sealed bids for the purchase of Tax Anticipation Notes issued by the City and County of San Francisco, pursuant to Ordinance No. 9.0338, in the amount of two million dollars (\$2,000,000) were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on this day and were opened by said Board at said time.

The tax anticipation notes are described as follows, to-wit:

Notes in the amount of two million dollars (\$2,000,000) in denominations of ten thousand dollars (\$10,000) each to be dated as of the day of delivery thereof and to be payable to bearer on May 15, 1937, and issued under authority of Ordinance No. 9.0338 and payable exclusively out of taxes levied by said City and County of San Francisco for the fiscal year 1936-1937 without preference or priority of any one note over any other note. All of said notes shall constitute a first lien and charge against said taxes collected during the half of the fiscal year 1936-1937, in which said money represented by said notes respectively shall be borrowed and shall be repaid from the first moneys received from said taxes and before any part thereof is used for any other purpose. Any of said notes not paid at maturity shall nevertheless be paid out of moneys received from the taxes for said fiscal year 1936-1937 irrespective of the date the same shall be so received.

Said notes shall bear interest at the rate or rates not to exceed six (6) per cent per annum as shall be named by the bidder, said interest to be paid at maturity of said notes.

The said notes will be sold and awarded to the bidder or bidders offering to purchase the same at the lowest rate or rates of interest computed from the date fixed for the presentation of bids to May 15, 1937. If two or more bidders offer to purchase said notes at the same lowest rate or rates of interest, the Board of Supervisors shall determine which bid shall be accepted. Interest shall be computed on the basis of three hundred sixty-five (365) days per year.

The right is reserved by the Board of Supervisors to reject any and all bids.

All proposals for the purchase of said notes shall be accompanied by a deposit of five (5) per cent of the amount of the bid in lawful money of the United States, or by the deposit of a certified check for said five (5) per cent payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, provided that no deposit exceed the sum of ten thousand dollars (\$10,000); which deposit of money or check shall be forfeited by the bidder in case he fails to accept and pay for the notes bid for by him if his bid is accepted.

The approval of Messrs. Orrick, Palmer & Dahlquist, attorneys at law, San Francisco, California, as to the legality of the aforesaid notes,

will be furnished to the successful bidder or bidders for said notes without cost.

### Bid.

The following bid was received, opened, read and *referred to the Finance Committee*:

1. American Trust Co., Bankamerica Co., The Anglo California National Bank, By American Trust Co., D. W. Chapman, manager, Investment Department, bids par; notes to bear interest at .45 of one per centum per annum, said interest to be paid at maturity of said notes (May 15, 1937).

### Adopted.

Subsequently, during the proceedings, the Finance Committee reported the following resolution, which was *adopted* by the following vote:

### Sale of \$2,000,000 Tax Anticipation Notes.

(Code No. 9.033)

Resolution No. 3021, as follows:

Whereas, after due notice given as provided by Ordinance No. 9.0338 that sealed proposals for the purchase of Two Million Dollars (\$2,000,000) Tax Anticipation Notes of the City and County of San Francisco would be received and considered up to the hour of 3 o'clock p. m., on Monday, January 4, 1937; and

Whereas, one bid was received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore,

Resolved, That the bid of the American Trust Company, Bankamerica Company, The Anglo California National Bank, By American Trust Company, D. W. Chapman, manager, Investment Department, January 4, 1937, is hereby accepted, as follows:

For the Two Million Dollars (\$2,000,000) par value legally issued Tax Anticipation Notes of the City and County of San Francisco, as advertised in your regular printed Notice of Sale, we bid you par; said Notes to bear interest at the rate of Forty-Five Hundredths of One Per Centum (.45%) per annum, said interest to be paid at maturity of said Notes (May 15, 1937).

As evidence of our good faith, we hand you herewith a Cashier's Check for Ten Thousand Dollars (\$10,000) with the understanding that this check is to be applied as part payment if our bid is accepted, otherwise it is to be promptly returned to us.

Respectfully submitted,

American Trust Company,  
Bankamerica Company,  
The Anglo California National Bank,  
By American Trust Company,  
D. W. Chapman,  
Manager, Investment Department.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

### SPECIAL ORDER—3 P. M.

Consideration of Funston avenue approach, Golden Gate Bridge.

### Discussion Re Funston Avenue Approach Golden Gate Bridge.

THE PRESIDENT: Now we have a Special Order, three o'clock, Funston avenue approach. This matter was partially heard the other day and a motion was made for continuance of the consideration of it until three o'clock today.

**SUPERVISOR RATTO:** When we adjourned last Monday, after taking up the Funston avenue approach, the principal question to come before the Board was the financial set-up and Mr. Cleary has that. I would like to have him present that. I think that is the principal question in the minds of the members of the Board.

**MR. CLEARY:** If you have no objection I am going to ask Mr. Worden to present that because he has just worked out the detailed figures on it.

**SUPERVISOR RATTO:** That is all right.

**THE PRESIDENT:** Mr. Worden. Mr. Ratto just asked Mr. Cleary to make the presentation on the financial set-up, and Mr. Cleary has requested you to do that, as you worked it out this morning. Proceed, Mr. Worden.

**MR. WORDEN:** As I understand the question, Mr. Chairman, you want the financial set-up on the first quarter cent gas tax?

**THE PRESIDENT:** Well, we are considering the entire matter of the Funston avenue approach, and principally the report of the committee that visited Sacramento, the Highway Commission, and entered into a tentative agreement with the State Highway Commissioners that San Francisco would bear one-third of the expense and the State two-thirds of the expense of the Funston avenue approach. Some of the members of the Board are under the impression that the Golden Gate Bridge District should bear some of the expense and San Francisco none of it; so to convert those members to the real situation, anything connected with the report will be permissible at this time.

**MR. WORDEN:** Well, Mr. Chairman and gentlemen of the Board: It was my privilege to be in Sacramento on a committee of city officials who visited Sacramento to discuss with the Highway Commission the matter of the Funston avenue approach. The culmination of that matter tentatively was the submission on the part of the Highway Commission that the State bear the burden of two-thirds of the cost of the approach and the city bear the burden of one-third of the cost. The estimate for the cost of the Funston avenue approach, as you have already been told, is \$1,650,000. Merely as a suggestion on the part of the Department of Public Works we have proposed that if in the wisdom of the Board of Supervisors the proposal made by the Highway Commission is favorably considered that the financing of that portion which would be the city's portion, or approximately one-half million dollars—slightly in excess of that—be taken from the first one-quarter cent gas tax allocation to the city. The first one-quarter cent produces for the city approximately one-half million dollars per year. The program that is set up by the Department of Public Works over a period of 10 years consumes all of the money that is anticipated to come in as revenue from the first one-quarter cent tax, and it would seem the logical plan to merely carry that program over an additional year and use the amount of that tax to take care of this city's portion of the Funston avenue approach.

**SUPERVISOR UHL:** Will you tell us what is number one on the program?

**MR. WORDEN:** Sloat boulevard, Route 55, from Thirty-ninth to Forty-second avenue.

**SUPERVISOR UHL:** And number two?

**MR. WORDEN:** Number two is—

**SUPERVISOR UHL:** Couldn't that wait nicely, number one? What is the objection to that?

**MR. WORDEN:** That is already finished.

**SUPERVISOR UHL:** Then what is next?

**MR. WORDEN:** Number two is Sloat, Skyline, Route 55, from Forty-first to the Lake Merced road, which is now in the course of construction.

**SUPERVISOR UHL:** So that is out.

**MR. WORDEN:** Yes. This program takes into consideration and

includes widening of Nineteenth, and also widening of Lombard from Lyon to Van Ness.

SUPERVISOR UHL: You don't mind an interruption at this time, do you?

MR. WORDEN: No.

SUPERVISOR UHL: What about Nineteenth? They are buying properties, and setting the line back, but what would be the objection to postponing that? How far have we gone on that?

MR. WORDEN: Property acquisition on Nineteenth avenue is being carried on; and set back lines have been set on Lombard. It is our idea that Lombard would not suffer by deferring it.

SUPERVISOR UHL: Where would Nineteenth avenue suffer?

MR. WORDEN: It wouldn't suffer except that the project has gone ahead, and probably acquisitions have been made there.

SUPERVISOR BROWN: I would like to ask Mr. Worden, in connection with Nineteenth avenue, what was your original budget set-up as to the amount for that work?

MR. WORDEN: Nineteenth avenue, widening, \$2,857,000, including property acquisition and construction.

SUPERVISOR BROWN: How much has been spent to date in that construction?

MR. WORDEN: I haven't those figures, but I can get them for you.

SUPERVISOR UHL: Wouldn't it be comparable to Army street where you have completed a couple of blocks and are now carrying on?

MR. WORDEN: Yes, to some extent.

SUPERVISOR UHL: Why couldn't we undertake that with Nineteenth, to buy such property as we can and delay the purchase of half million dollars of that property?

MR. WORDEN: I believe that would be perfectly feasible; however, it would have to be with the consent and approval of the State, and this program could be probably modified in any way to give the city the use of the money.

SUPERVISOR UHL: From my point of view, I think it would be more desirable to favor Lombard than Nineteenth. When the Golden Gate Bridge is open, Lombard, in my judgment, should be widened at the very first opportunity. So I would favor the delay falling on Nineteenth avenue.

MR. WORDEN: Well, as these are all through highway routes, I think it might be advisable to hear from Colonel Skeggs.

SUPERVISOR RATTO: I rise to a point of order. Don't you think we should hear his full report? We are asking a lot of questions that may be answered through his report.

THE PRESIDENT: Well, the Chair is in a peculiar position. There is no legislation before us. We are discussing in a desultory sort of way the lack of the Funston avenue approach. I don't know just what to suggest. I thought there would be some legislation before us today. What is before us, as near as I can determine, is the ratification of the tentative agreement that the committee that went to Sacramento entered into with the Highway Commission; and that is that San Francisco bear one-third of the expense, and the State two-thirds of the expense, and if that happens, to determine what fund it shall come out of; but there is nothing before us, it is just a consideration of the Funston avenue approach.

SUPERVISOR RATTO: I think the principal thing we are interested in is the financial set-up; but I am going to make a motion that we adhere to the request of the Highway Commissioners of the State of California that San Francisco contribute one-third of the expense of the Funston avenue approach, in order to bring it before the Board.

THE PRESIDENT: Is there a second to that motion?

SUPERVISOR MEYER: There is a motion like that before the Board now.

THE PRESIDENT: I just asked the Clerk what was before the Board, and he said there is absolutely nothing before the Board.

SUPERVISOR RATTO: I make that motion, anyway.

SUPERVISOR MEYER: Second the motion.

THE PRESIDENT: It has been moved and regularly seconded that the Board of Supervisors go on record as favoring the city sharing one-third of the expense of the Funston avenue approach. Are you ready for the question? Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Until we shall have exhausted every other means of getting this \$500,000, either from the State, in part or in whole, or from the bridge district in part or in whole, I shall vote against that. I am not opposed to it if in the final analysis it can be shown that the State can not keep its word because it lacks the money. It gave its word and said it would do so, and I don't like anybody, man or commission, that plays the baby act and says "I can't do it because I haven't the money." If that is the truth, they should have kept the money intact, because they did promise to do that work. And I shall object to this Board voting \$500,000 or more of the people's money for something that should be done by the State, or between the State and the Golden Gate Bridge and Highway District—let them fight it out. I want to know if the bridge and highway district hasn't got the money, and I want to know why the bridge and highway district hasn't got the money. Didn't they consider when they first entered into this project that they would have to get on that bridge? Did they think they were going to build a bridge and leave it hanging in the air? Of course not. I am sure the people that voted the \$35,000,000 never thought so. However I shall not go into any discussion as to whether the State should pay it in whole or in part, or whether the bridge district should pay it in whole or in part. What I do know is I shall never vote for San Francisco to pay it until it is clearly proven that it can not be built out of funds other than San Francisco's funds. Of course, we must have it; I recognize that that is one of the things we have got to have, but if we are to be jockeyed into paying that money, I want to know by whom and why. Why haven't they got the money? They promised it, and surely there was an implied promise when the people voted \$35,000,000 that they would see to it that they could get on the bridge. For those reasons, if this comes up now I shall vote "No." It is purely a matter of financing. Shall we put the burden on the people of San Francisco, who have already contributed over \$400,000 out of tax money—

SUPERVISOR RATTO: That is the gasoline fund, not taxes.

SUPERVISOR RONCOVIERI: We paid over \$400,000 out of tax money. That is before you were here. It was a tax levy, commanded by the bridge district. I don't know that the first tax levy amounted to \$400,000, I am in doubt about that, but I do know from the Controller that \$427,000 the city spent, contributed from time to time to the bridge, and that is on top of the \$35,000,000, and that is on top of our 85 per cent obligation of that \$35,000,000. Now if they need the money, why haven't they got it? I want a complete statement brought here: Why haven't they got the money to do it? Why hasn't the State got the money to go ahead with their promise made by resolution two or three years ago that they would build this approach? If they used the money for other purposes then that is bad business on the part of the State, and it is not keeping faith with the people of San Francisco.

THE PRESIDENT: Supervisor McSheehy?

SUPERVISOR MCSHEEHY: Mr. President, and members of the Board: I don't think this is the time for any argument on the part of the Board, the members of the Board. I want to say I am almost entirely in accord with Supervisor Roncovieri. I want to be shown, but I trust the members of the Board will allow the various officials here this afternoon to give us their views, and I trust Mr. Worden will be allowed to finish without any question; and other officials, state and

city, will be allowed the same privilege, and then let's take it up. It means a 6½ cent increase in our tax rate. However, we will take it up after we have heard from our officials.

THE PRESIDENT: If there is no objection, we will proceed.

SUPERVISOR RATTO: What happens to my motion?

THE PRESIDENT: Your motion is before us. We will now hear from the officials, then it will be taken in the hands of the Board. Mr. Worden, if you will proceed with your financial set-up.

MR. WORDEN: There is little more that I could present to you at this time. That is the financial set-up on the first quarter cent tax.

THE PRESIDENT: While we are on that, in connection with the first quarter cent tax, I want to ask Colonel Skeggs about the first quarter cent tax.

SUPERVISOR BROWN: I would like to ask Mr. Worden, the first item on the quarter cent tax was the Sloat Boulevard Death Curve alignment, which has been completed?

MR. WORDEN: Yes.

SUPERVISOR BROWN: And the second is to connect up with the Lake Merced road?

MR. WORDEN: Yes.

SUPERVISOR BROWN: Number three is the San Jose, Route Two from Alemany Boulevard to South City Limits?

MR. WORDEN: Yes.

SUPERVISOR BROWN: And four is also the San Jose avenue, and number four and a half is the project that was set up in order to take care of the diagonal, the Lombard street diagonal, Richardson avenue; then number five is the Nineteenth Avenue-Golden Gate Park crossing, Route 56.

MR. WORDEN: Yes.

SUPERVISOR BROWN: What is the status of three and four, are they under way?

MR. WORDEN: Property acquisition, they are under way.

SUPERVISOR MEYER: What comes after Nineteenth avenue?

MR. WORDEN: The Presidio Parkway, that is not under way.

SUPERVISOR MEYER: And number seven is what?—Well, how much money for each, as you go along?

MR. WORDEN: Presidio Parkway is set up at \$280,000.

SUPERVISOR RATTO: That is a part of the Funston avenue connection?

MR. WORDEN: Yes. The next one is Lombard, Lyon street, Route 2, Van Ness to Bay street, set up at approximately \$1,319,500, including property purchases; that is all of them.

SUPERVISOR UHL: Your income, you say, is about \$500,000 annually?

MR. WORDEN: Yes. That is a 10-year program.

SUPERVISOR BROWN: Has that been materially increased in the past year?

MR. WORDEN: To some extent, but not materially. That totals \$5,342,800, the total of those figures set up. That is approximately a 10-year program and two years of that has gone, leaving approximately eight years remaining to complete all of this work.

SUPERVISOR BROWN: When you stopped talking, you were going to state how much the Nineteenth avenue expenditure had been completed to date.

MR. WORDEN: I haven't that detail here. I can secure it for you.

COLONEL SKEGGS: I can give you that, roughly. Under the agreement signed by this Board there was \$423,000 appropriated from the quarter cent gas tax fund; of that has been spent \$264,287; there remains unexpended \$158,700. That may be changed from day to day, because there are certain negotiations under way for purchase of right of way, but that is the last report I had on it.

SUPERVISOR BROWN: What is the set-up for next year?

COLONEL SKEGGS: It has not been set up. The program terminates June 30th. I might remind you that the estimated cost of that

to complete is \$2,434,000, and if you wait to buy that right of way, you may spend an extra half million dollars on right of way alone.

**SUPERVISOR BROWN:** What will it be on Lombard?

**COLONEL SKEGGS:** I didn't bring the estimate with me. It is \$1,319,000. There is available for spending now \$133,759; that means under last year's estimate, which are not this year's estimates, there will be required \$1,086,000 to complete it. I personally think we will require that much to buy the right of way alone.

**MR. WORDEN:** I made the statement that no purchases had been made on Lombard street as yet. That is correct?

**COLONEL SKEGGS:** Yes, but we diverted \$100,000 from Lombard street to Richardson avenue. The total estimated cost of Richardson avenue now, that was put in as project No. 4½, is \$428,000. I hope that will do the job, that is taking \$100,000 off of Lombard street. Now apparently during the past year the property required on that street out there appreciated \$100,000 within a year's time. Now if that happened in three blocks of property, what is going to happen on Lombard street, and on Nineteenth avenue? You will wind up with a total loss when you think you will be making a sufficient appropriation. I want to emphasize that before the Board.

**THE PRESIDENT:** I didn't get that?

**COLONEL SKEGGS:** I say estimates for the purchase of right of ways on Richardson were made about a year ago. When we wound up and brought the property it cost \$100,000 more than estimated, and that is three blocks. What is going to happen when you have the entire distance on Lombard street? That is a lot of money. The longer you wait the more it is going to cost you, because everybody knows real estate is bouncing up every day.

**THE PRESIDENT:** May I be permitted to ask the Colonel at this time what the prospects are for obtaining this money, this one-third of the cost, if the Board votes it,—what are the prospects of getting that out of the first quarter cent gas tax?

**COLONEL SKEGGS:** I don't think there is any possibility at all. I want to say this, that the State Highway Commission, if they desire to do so, they could allocate their entire first quarter cent to the building of that street. I may say that was done on building this short highway from the Oakland Bay Bridge to Richmond, that they took the quarter cent and applied it to that road which was built primarily for San Francisco. They took it from Berkeley, El Cerrito, Albany, Emeryville, and some from—no, none from Oakland. That was taken out of the quarter cent gas tax.

**THE PRESIDENT:** My question is, what is the possibility, in the event the Board votes favorable for Supervisor Ratto's motion, to take the money out of the first quarter cent gas tax? And I understood the Colonel to say if the State desired they could take the entire amount out of the first quarter cent, is that correct?

**COLONEL SKEGGS:** Yes, they could do that, but the State says this, it has been our policy, and I have heard it discussed—these various highways are state highways, like Nineteenth, and Lombard, and I believe the money ought to be proportioned, and apparently you gentlemen have agreed to that, we certainly have, and I am sure in view of the allocations and programs made heretofore that the California Highway Commission and the Director of Public Works would be unwilling to use any of the first quarter cent gas tax on this project you have under consideration today.

**THE PRESIDENT:** Have you any suggestion as to the best method of apportionment, with your knowledge of the allocations the Board has made, in the event the motion Supervisor Ratto has made is carried?

**COLONEL SKEGGS:** It appears to me that your participation should be taken from your second quarter cent, or your one cent gas tax.

**THE PRESIDENT:** Over a period of five years?

COLONEL SKEGGS: I don't think you can run over that period.

SUPERVISOR BROWN: I have been trying to get the floor.

THE PRESIDENT: Yes, I realize that. Supervisor Brown.

SUPERVISOR BROWN: I would like to ask Colonel Skeggs a question. As I understand this set-up, to review it briefly for the Board, the program, number one, is completed; number two is under way; and number three and four are under way; and number five, Nineteenth avenue widening is under way to the extent of the expenditure of about \$254,000 out of an estimated \$2,857,000. Now as I can see the thing, Nineteenth avenue widening is supposed to be an extension of Route 101, isn't that correct?

COLONEL SKEGGS: Yes.

SUPERVISOR BROWN: Supposed to lead through San Francisco, and supposed to lead as Route 101 is projected across the Golden Gate Bridge?

COLONEL SKEGGS: Well, that is the connection.

SUPERVISOR BROWN: And in order to connect with the Golden Gate Bridge?

COLONEL SKEGGS: That is probably the most important road you are working on today in San Francisco.

SUPERVISOR BROWN: Exactly. In other words, we propose to spend \$2,857,000 on widening Nineteenth avenue, and leave out Funston avenue approach, so you have the Nineteenth avenue beautifully widened and no connection with the bridge. I think that is plain. At least it should be to all the members here. We spend nearly \$3,000,000 to handle the bridge traffic and the bridge traffic is unable to get on to the bridge from Nineteenth avenue. I can't see any logic in that. Whether it costs us one-third, or what proportion, the actual widening operation is beside the point. The point is Nineteenth avenue now has no connection with the Golden Gate Bridge, and it should be connected with the bridge before we talk about widening it. The money we have spent today has not been wasted. It has been spent in the acquisition of property which can be eventually used for that purpose; but before we spend any more money widening Nineteenth avenue the city should be certain that we have a connection between Nineteenth avenue and the bridge; and that as Colonel Skeggs has stated is the most important road we are working on in San Francisco today.

COLONEL SKEGGS: When the money was set up for Nineteenth avenue the bridge was not taken into consideration, because that was recommended as one of the most important city roads, notwithstanding the Golden Gate Bridge.

SUPERVISOR BROWN: Let me correct you on that, Colonel Skeggs: When the money was set up this Board was under the impression that the State Highway Commission had committed itself to the building of the Funston avenue approach, and it would not be necessary to apply any of that money to the building of the Funston avenue approach. Now we find ourselves in a position where the State Highway Commission is not going to do that; and it seems to me the logical source of that money is from this first quarter cent, and it should be taken from the money allocated to the widening of Nineteenth avenue which is the next project that can be undertaken.

THE PRESIDENT: Members, there is a special order on the calendar for four o'clock, the consideration of the McClintock-traffic report which takes precedent over the matter in hand. I would like to ask the members of the board, what is their desire?

SUPERVISOR UHL: Will it be our purpose to temporarily postpone this in order that we may take up the special order of business?

THE PRESIDENT: That is what the Chair wants to know.

SUPERVISOR UHL: I move that we take up the McClintock report. I would like later on to hear from Mr. Worden on the quarter cent gas tax, and on the financial set-up of the Funston avenue approach.

SUPERVISOR BROWN: I hope that motion won't prevail. With all due respect to these gentlemen who are here in connection with

rapid transit matters, this is a very vital subject to the city of San Francisco, and if you don't take some action in reference to the Funston avenue approach we will have the bridge built and no connection for it, whereas if we do take some definite step at the present time to complete this agreement with the State, so that they may go ahead with their plans, we can then, we are told, get a temporary connection from the Army which will suffice for the time being. I think it is important that this Board take action on this matter today.

THE PRESIDENT: Mr. Cleary would like to say a few words.

MR. CLEARY: I agree with Supervisor Brown that an expression of policy on your part today is of vital importance because the Highway Commission meets on the 8th of January to settle whether they will give us this two-thirds, or whether we want it. After all, Supervisor Uhl, and all of you gentlemen, whether we take it from the first quarter cent gas tax or the second quarter cent is a matter of detail. If you determine on the policy of providing one-third of the cost of the Funston avenue approach, the financing is a matter of detail. In answer to Supervisor Roncovieri, and Supervisor McSheehy, who suggest that we should take no—that your Honorable Board should take no action until you have exhausted every means of getting this money from the State, or from the bridge and highway district, it is my understanding that the bridge district can not legally spend its money for this purpose. I would like the City Attorney to check me up on that, but I think that is the case, and I think that the negotiations which we have pursued with the State to date have been instrumental in getting as much as we can look for from that source; and while I would like to see somebody else pay the bill, naturally, I think we have gone about as far as we can. If any of you gentlemen doubt it, you might attend the meeting of the Highway Commission in Sacramento on January 8th to see what can be done. However, I really think, gentlemen, that the matter of the detail as to where the money will come from is rather secondary, if you can see your way to determine a policy of providing one-third of the cost, and leave the State to pay two-thirds.

THE PRESIDENT: Supervisor McSheehy.

SUPERVISOR MCSHEEHY: May I ask Mr. Cleary a direct question? You heard Supervisor Brown make a statement a minute ago that the State Highway Commission have promised to erect the Funston avenue approach?

MR. CLEARY: May I correct that statement to this extent, Supervisor McSheehy. I think I remember the exact language of the so-called promise or resolution of 1930, seven years ago approximately. The State Highway committed themselves to provide the money for the Funston avenue approach, if the Golden Gate Bridge were constructed, within the limits of their financial ability so to do. It had a restriction which really vitiated the entire resolution, as some of the Supervisors who are here recall—they protested vigorously against that modifying clause in the agreement to provide the money, and said that that clause would really nullify the whole thing if a new Board of Highway Commissioners decided that we had to pay the entire cost.

SUPERVISOR MCSHEEHY: Well, Mr. Cleary, when you say within their limits, suppose you were told—and I know you are very well informed—suppose you were told that the financial conditions of our State today are healthier than they have been in the last five years; and in place of a deficit they have a surplus. Then I would ask you, as our City Manager, would you countenance the City undertaking a \$500,000 expenditure that the State promised they would make seven years ago?

MR. CLEARY: Not if I thought there was any hope of getting the State to pay the entire bill; but the State's very able representative is here in Colonel Skeggs, and we have had a pronouncement from the State Highway Commission, and from the Supervisors who attended that meeting, from every public official from San Francisco, who are

of the opinion that we have gotten as much as we could expect at this time. Now I have no objection, if you desire to delay it, to let a delegation of your Honorable Board go to Sacramento and see what it can do; but I feel this way, the City Engineer, the Director of Works, Supervisor Shannon, Supervisor Brown, Supervisor Ratto, and myself have really gotten about the best bargain we can from the State.

**SUPERVISOR MCSHEEHY:** Well, I want to say to the membership of this Board that I would feel we were making a great mistake if we assume a \$500,000 burden and place it on the people of this City after the State of California assuming that obligation, and especially in the light of the financial position it occupies today. It is a burden of \$500,000, or 6½ cents in our tax rate. Are we going to countenance it? Yes or no? The responsibility is on the Board. We are the direct representatives of the people, and we should be shown that the State is in no position to meet this obligation before attempting to put it on the people of San Francisco. It is a promise, it is a contract, and to me a contract is something that I look upon as a vital matter, and something one should always keep, and we have made a contract, and we went into a contract with our State, no matter how they happen to modify the language—and even under the modification of the language they are in a position to meet this responsibility. Now if you want to raise the tax rate 6½ cents, go ahead and raise it. You will raise it, because your Mayor will bring in a report showing certain figures where this money could be placed in other years and the tax bears a relation to that. I am not in favor of raising the burden already borne by the property owners of our city 6½ cents to meet an obligation that belongs to the State of California, and especially after the State of California has placed the licenses that it has on the people of this State.

**MR. CLEARY:** May I reply to you, Supervisor, that if your conclusion were based on the proper premise there might be some logic to it; but you are just 100 per cent wrong when you assume——

**SUPERVISOR MCSHEEHY:** Show me where I am wrong?

**MR. CLEARY:** —— when you assume this will be an increase in our tax rate. This money does not figure in our tax rate at all.

**SUPERVISOR MCSHEEHY:** I beg to differ with you, Mr. City Manager, it does. It is money that comes to our people direct as a license from the gas that is consumed by our people here in San Francisco in proportion to the number of automobiles that we have in our city, and if we don't carry out our street program one way we will carry it out another way, and indirectly it will become a tax on our people. It is money coming to our City on account of the number of automobiles and the amount of gasoline consumed by the automobiles.

(Thereupon Supervisor John M. Ratto acted as Chairman of the meeting.)

**SUPERVISOR SHANNON:** May I at this time try to straighten out or convert Supervisors McSheehy and Roncovieri by going back a little over the history, and the reason for it, and the reason for the committee from this Board, and the committee from the Golden Gate Bridge and Highway District, going to Sacramento to endeavor to straighten out the entire situation. When I went to Sacramento I had my mind fully made up that I was going to make the State live up to its obligation of 1930, and have them pay 100 per cent. We had in mind the attitude of the Army officials at the Presidio, that they would not agree to the seventh line that was laid out—the State Highway Commission officials laid out seven different lines before they could get the Army officials to even tentatively agree that they would follow this line, and then only on condition that plans and specifications for this line or route would be laid before them. Then the State Highway Commission laid down the edict that they wanted San Francisco to participate in the cost. When we went to Sacramento we had in mind the attitude of the Army officials, and as Golden Gate Bridge directors Mr. Brown and myself were anxious to see that part of the

contract started, to get the plans and specifications that were necessary to reach an agreement. The State Highway Commission agreed to draw the plans and specifications. Then they showed us under the language Mr. Cleary has just referred to in the resolution of 1930, that the State would pay as far as its ability to pay went. They called attention to the fact that since 1930 they had constructed 7000 more miles of highway; that San Francisco had been given an additional quarter cent in two years, in other words we are getting a half cent more from the gas tax than we were getting in 1930; they called attention to the fact that they have 58 counties to handle and San Francisco is only one county. They were anxious to assist in every way possible, but they wanted us as fair-minded officials to go along with the department; they called attention to the fact that we were getting a half cent more, and they were getting a half cent less than they did in 1930. The arbitrary figure of two-thirds and one-third was suggested by Mr. Harry Hopkins, the chairman of the Commission. Mr. Brown suggested, and he had figures to back him up, that he thought one-quarter and three-quarters would be a more equal division; but the tentative agreement arrived at by the City officials, and the State officials, who represent you, Mr. Worden, Mr. Cleary, Mr. Brown, Mr. Ratto and myself, was one-third and two-thirds. Now regarding Supervisor Roncovieri's statement as to why the Golden Gate Bridge and Highway District should not participate in the expenditure, that is out of the question for two reasons. First of all, the bond issue called for the building of a bridge and the highways leading to it. The highways specified in the bond issue are being constructed, and the Funston avenue approach was not included. Regarding the statement of Supervisor Roncovieri that the bridges are left up in the air, that is not true. The bridge will be built to Lyon street, and if San Francisco does not participate in the Funston avenue approach, the people can fan out in any way that the San Francisco officials desire to have them fan out. The State officials and the Golden Gate Bridge and Highway officials are coordinating in the Lyon street approach, via Richardson, a new street; but the approach to Funston avenue is something that is entirely out of the hands of the Bridge and Highway District. If San Francisco and the State do not want to build that approach, why the Golden Gate Bridge and Highway District are in the unfortunate position of not being able to help. Of course, it is going to reflect itself in the loss of business to the bridge, and San Francisco will suffer, but as far as the Golden Gate Bridge District participating, it is out of the question because they can not spend the money. I feel that it is important that we get busy on this matter at once. I think if you hesitate in taking action today on the motion made by Supervisor Ratto, who attended the meeting in Sacramento, you will have a loss, the Highway Commission will not know how to proceed, the plans and specifications which it is agreed will be paid for by the State to the extent of \$5,000 will be tied up, and the Golden Gate Bridge will be embarrassed pending the decision of this Board of Supervisors and any committee which you may desire to send to Sacramento in an endeavor to convert the Highway Commission to the fact that they were wrong, and the committee representing San Francisco were wrong in entering into a tentative agreement to pay one-third of the cost.

**SUPERVISOR BROWN:** I would like, very heartily, to second everything that Supervisor Shannon has said; and I would like also to point out to the Board this, that 20 per cent of the estimated traffic across the bridge, more or less, is expected to use the Funston avenue approach; that if you reduce the traffic across the bridge by 20 per cent you will correspondingly reduce the income to the bridge by that percentage, if that percentage of people are unable to use the approach, you will cost the City and County of San Francisco 20 per cent of \$150,000 a month, the estimated revenue of the bridge; and the only way that can be made up is by a tax on the district, and San Francisco

will bear 85 per cent of the tax. So a failure to act now will have an effect on San Francisco which can amount to as much as \$25,000 a month. So I can't urge too strenuously on the Board that they follow the course suggested by Mr. Cleary and adopt this in principle, leaving the question of where the money is to come from for later decision. I had in mind holding out for the one to three ratio, as I believed that would be fairer, but I believe the situation is so critical that it is good business on the part of San Francisco to accept the offer of the State as made, and agree to pay one-third of the total cost. I think we can with propriety leave the question of where the money is coming from to a later date, but we should decide the principle now.

**SUPERVISOR RATTO (The Chairman):** I failed to say that Commissioner Gasper called on me last Friday, and up to now there hasn't been any formal action of the Board on this matter. There will be a delegation from Los Angeles at the meeting Friday asking for a million dollars additional to their allotment, and they are going to be there 100 per cent strong. He stated he has probably three votes, two of them he is absolutely positive of, and if we don't act on this today so we can present our case before the Highway Commissioners on Friday—and I have designated 11 o'clock as the time of our appointment, because there will be appointments right along throughout the day, San Rafael on their approach has an appointment, Los Angeles has an appointment, and several others, so I stated our committee should be appointed to appear there at 11 o'clock. As far as the agreement is concerned, we went before the Commissioners, this was only a friendly agreement, and the vote on this two-thirds is coming up next Friday. So I hope that the members will pass on this motion so we will have something to talk about when we go to Sacramento next Friday.

**SUPERVISOR RONCOVIERI:** Mr. Chairman, I can't possibly conceive that a Highway Commission of this State would go back on its promise—

**THE CHAIRMAN:** Pardon me. At this point I forgot to say that the Legislature has added 6800 miles of secondary road, that means \$6,000,000 a year for maintenance out of their fund, then an additional half a cent, that makes \$20,000,000 a year that they are losing since they made that agreement, so we are in turn getting a half a cent more than we were when they made the agreement, that is all money that comes to San Francisco and takes care of our highways and our major streets.

**SUPERVISOR RONCOVIERI:** What did you mean when you said that he had three votes?

**THE CHAIRMAN:** There are five commissioners, and they are going to vote on this matter.

**SUPERVISOR RONCOVIERI:** Two are going to vote against giving us anything?

**THE CHAIRMAN:** The Highway Commission will vote on it.

**SUPERVISOR RONCOVIERI:** What do you mean when you say Commissioner Gasper said he had three votes? Does that mean that the other members are going to vote against their word?

**THE CHAIRMAN:** They have not committed themselves.

**SUPERVISOR RONCOVIERI:** Well, suppose they had five who said they wouldn't give us anything. Then what would you think of a Highway Commission that obligates itself a few years ago to pay the whole bill?

**THE CHAIRMAN:** I will ask Colonel Skeggs what would happen?

**COLONEL SKEGGS:** I think I can explain what he means when he says that. The Highway Commission is composed of five members, and as you probably all know the gas tax is divided between the north and the south. Los Angeles isn't always particularly interested in what happens up north; they say you can spend the money as you see fit in the north. There are three Highway Commissioners that are northern California men, and they are the ones who dictate how

the money shall be spent in the northern counties, and the ones down there dictate how it shall be spent down there. I think probably he means he knows that three of them have expressed themselves; personally I don't think any of them are going to be unfavorable.

SUPERVISOR McSHEEHY: May I ask one or two questions of Colonel Skeggs? About how much money does the entire gasoline tax amount to in the State of California?

COLONEL SKEGGS: I don't know. I would have to run over that, as it amounts to about, I imagine, \$14,000,000 a year, three times that; then in addition to that there are certain fees, and certain government aid.

SUPERVISOR McSHEEHY: Isn't that money allocated by law?

COLONEL SKEGGS: No, sir, the gas tax is allocated to the various counties on the registration of automobiles in the county, the rest is not allocated, it goes to form the secondary highways of the State.

SUPERVISOR McSHEEHY: Isn't there an allocation throughout the entire State and there is a set-up of figures for every county in the State?

COLONEL SKEGGS: No, sir, that is not so. There will be some counties in northern California that won't get any of it; they will have their roads maintained, but nothing for new construction.

SUPERVISOR McSHEEHY: I understand that, and I understand there is a program set out between the five commissioners, when you say they have this right, or that, they sit down and allocate a program of construction in the entire State.

COLONEL SKEGGS: That is set up by law.

SUPERVISOR McSHEEHY: Therefore they have to respect the law.

COLONEL SKEGGS: They have to respect the law so far as the division between the north and the south is concerned. There is no statute limitation as to how they spend the money in these two different territories.

SUPERVISOR McSHEEHY: I understand that; but there is an allocation of the money?

COLONEL SKEGGS: Well, the allocation of money is made on road needs. While I am on my feet, and this is by way of substantiation of the statement of Mr. Cleary, and by way of reply to Supervisor McSheehy: You have been told that the highway system has doubled their mileage since this partial commitment of the Highway Commission—because after all that is all it was. Now, in addition to that San Francisco has received a revenue which they had never received before. Up to the present time the City and County of San Francisco has received approximately \$3,000,000 that it had never received before at the time of this resolution of the State Highway Commission.

SUPERVISOR McSHEEHY: Over what length of time have we received that money?

COLONEL SKEGGS: Well, you have received the first quarter-cent four years, the second one two years; that is about \$3,000,000.

SUPERVISOR McSHEEHY: Over four years' time?

COLONEL SKEGGS: Up to July 1st this year you will have received \$3,000,000. I would like to say to the Board that the estimated revenue to the city from all gas tax during the next two-year period. I will read it by years—during the next year the City and County of San Francisco will receive approximately \$230,000 from the motor vehicle fees; they will receive from their one-cent gas tax approximately \$905,000; they will receive from the first quarter cent \$525,000; and an equal amount from the second quarter cent. Now, for the year beginning July 1st, coming, the city will receive \$2,185,000. Now for the next fiscal year from motor vehicle fees they will receive \$245,000; from the one-cent gas tax which goes by pro ration to the cities and counties, \$953,000; and from the quarter-cent gas tax, \$545,000; and the second quarter-cent gas tax a like amount; or a total of \$2,270,000;

and for the biennial period the next two years, beginning July 1st, the City will receive from all gas tax revenue according to that, \$4,455,000.

**SUPERVISOR MCSHEEHY:** These allocations have already been set up by law?

**COLONEL SKEGGS:** Oh, yes, the gas tax is set up by law; but I wanted to point out to you, when you stand on a commitment made four years ago, that the entire gas tax allocation has been changed; that prior to that, of revenue you did not have, you will have collected approximately \$5,000,000 revenue that you did not have at all before.

**THE CHAIRMAN:** Supervisor Roncovieri?

**SUPERVISOR RONCOVIERI:** Regardless of how much money we have received over the past years, a commitment was made in writing and to me that commitment was not a scrap of paper, and if I were a member of the State Highway Commission I would stick to my text, to what I promised to do, and would do so regardless of how much money San Francisco is now getting, rather than now to say you are getting plenty of money, let us out of one-third of the expense. That has nothing to do with it. They made their promise, they should keep it. Adverting again to the Golden Gate Bridge, Supervisor Brown says 20 per cent of the traffic will use the Funston avenue approach, and he proceeds to tell you how much money that would amount to. If that is true, is it possible that the engineers when they said they needed \$35,000,000 for the bridge, that they didn't think—didn't know that they would have to build that Funston avenue approach, or else they were going to lose 20 per cent of the traffic? Of course not. They knew very well that they would have to build that approach. They knew then, and estimated probably that the traffic would amount to 20 per cent of the entire bridge traffic. Now they tell us, well, we never considered building the Funston avenue approach. They are mighty bad engineers if they did not consider building an approach which would bring a net revenue of 20 per cent of the traffic. They were poor engineers if they did that.

**SUPERVISOR BROWN:** Mr. Chairman?

**THE CHAIRMAN:** Supervisor Roncovieri has the floor.

**SUPERVISOR BROWN:** I would like to explain that to you.

**SUPERVISOR RONCOVIERI:** I will be happy for you to do so now.

**SUPERVISOR BROWN:** If you get the chronology of the thing properly you will appreciate that the engineers did foresee the thing you describe. The history of it is this: That prior to the time the bond issue was submitted to the voters of the district this agreement was entered into with the highway district that they would build both north and south highway approaches; so the engineers did go to Sacramento and get the commitment of the Highway Commission, and that was not included because the State at that time had agreed to build that.

**SUPERVISOR RONCOVIERI:** And that is the point involved, that the road had been provided for by the State Highway Commission commitment and I think the commitment made by the Commission was a far reaching commitment. So the road was provided for. I should like to ask you if the bridge district has no money with which to do this work—that is the one-third, the State will put up its two-thirds—has the bridge district any money left at all, have they expended it all?

**SUPERVISOR BROWN:** I made inquiry just the other day of the Chairman of the Finance Committee of the bridge, who told me that they believed that the bridge would be built within the bond issue; but included in the bond issue is a provision for the first six months' interest, which according to law must be provided. Aside from that one item it is my information that the funds made available

by the bond issue will be substantially used up. There will be a slight margin, but it will not be enough to take care of this.

**SUPERVISOR RONCOVIERI:** How much money was paid as extras to your engineer, unforeseen, except that he came in and said he needed so much money, so many hundred thousand more—wouldn't that take care of it?

**SUPERVISOR BROWN:** I wouldn't like to state definitely on that without consulting the record, because I wasn't with the bridge district from the start, as you know, but it is my unofficial information that it would amount to about \$200,000. There is a further judgment against the bridge district of about \$250,000 which is still in dispute.

**SUPERVISOR RONCOVIERI:** Well, I don't understand what sort of a contract was ever made that a man can come in, and after he gets over a million dollars it is, and get another fee, another juicy piece of about \$500,000 more. I don't understand that contract. However, Mr. Cleary did say something about we were stopped from asking the bridge district for any money according to law. What was that?

**MR. CLEARY:** Well, it is my understanding that the various items that were included in the \$35,000,000 bond issue were each included for a specific purpose, and that there was no item included for the Funston avenue approach, and that therefore it would be illegal to utilize the bond moneys even if there are any in the treasury, for that purpose.

**SUPERVISOR RONCOVIERI:** Even if there is money in the treasury. You did say a little while ago it would be illegal to use it. I would like to ask that question of the City Attorney, if Mr. Cleary is right. I would like to have the clerk ask that question of the City Attorney: Would it be illegal for the bridge district to spend any of its money, even if it had plenty of money, would it be illegal to contribute anything to the Funston approach? If it is illegal, why we are through; but I still believe that the State should stand by its signature and not come in now and say we have more obligations put on us, we have so many hundred thousand miles, or we have to do a little log rolling in the southern end of the State. If that is going to be the sort of thing, I am not going to vote in favor of it.

(Thereupon Supervisor Warren Shannon, President of the Board, resumed the Chairmanship of the meeting.)

**SUPERVISOR RATTO:** Mr. President, may I ask Colonel Skaggs what will be the situation should my motion not prevail?

**COLONEL SKEGGS:** I don't think the Commission will take any further action, that they will let it lay as it has for the past two years.

**SUPERVISOR RATTO:** Well, Mr. President, the Funston avenue bridge approach has been before every improvement association in the city, and request has come from all over that street that we take action. I certainly hope that the Board will not vote this down and cause another delay just on account of the Board of Supervisors not acceding with the request of the committee to pass this motion.

**SUPERVISOR RONCOVIERI:** I move that this whole matter be postponed until two o'clock tomorrow afternoon so there will be no delay; we can all be here, and we can have the opinion of the City Attorney.

**THE PRESIDENT:** Supervisor McSheehy?

**SUPERVISOR MCSHEEHY:** We are sitting here today as a Board of Supervisors of this city. We have the pleasure here this afternoon of the company of a great many directors of some of the mercantile institutes of this city. Our position is similar to theirs. We here in San Francisco occupy a small peninsula of only 42 square miles. We haven't a road in our city, they are all streets, and up to a few years ago we didn't consider those streets as highways, and the money we used to get for the gas tax was used for that purpose. Then a certain member conceived the idea that that money should only be spent for

major highways, and those conditions have continued, we find ourselves through the law, through the law of your State legislature, in which this City receives as its portion of the gas tax \$285,000, and we don't have to thank anybody for that only the people of San Francisco and those who own automobiles that contribute to \$2,085,000, and for what purpose? For certain purposes set up, and we set up a program last year to do major work on our streets to the tune of \$4,000,000. Now this great, large, generous State comes to us and says, "Set aside part of your program and allow us \$500,000 to build this Funston avenue approach to the Golden Gate Bridge." Now we know, and there is no denying, that they positively agreed to furnish this money some six years ago, and they did it with a proviso and even under that proviso it is shown that they are in a healthy financial position to meet that obligation. Their representative, Colonel Skeggs, comes here this afternoon and says this is the condition—I don't blame him, he is doing his work, of course he is just doing the work that the Governor of the State tells him to do, to go to San Francisco and get \$500,000. They say our obligation doesn't mean anything, but it means a lot to me as a member of the Board of Supervisors representing the people of San Francisco, and I think it ought to mean a lot to the Governor of this State, to keep his word. We are a part and parcel of the State of California. Now, Members, it is up to you. The previous speaker, Supervisor Ratto, says some of the improvement clubs have requested this. As a matter of fact I didn't even know until two weeks ago the exact status of this matter, and I daresay if you went around to the improvement clubs you wouldn't find one club out of twenty that knew it was the obligation of the State of California and not of the City and County of San Francisco. We who are living here in San Francisco are confronted with enough obstacles without giving \$500,000 of our money to the State. He says if you don't pass this that work will remain, as my friends Andrew Gallagher used to say, in "statute quo". But it won't remain in status quo, and all of you gentlemen know that. Now, Members of this Board, who are you representing? Are you representing the tax payers of the City and County of San Francisco, or are you representing, you might say, a Governor of this State who is not keeping his obligation? If you are, very well, the record will show, and some day you will have to explain; we all give an accounting of our stewardship, and the record will show; so I say to you Members, vote the motion down and Colonel Skeggs will take the message back, and you will find that Funston avenue will be completed, and we will be able to complete our set-up of the major streets that we agreed to some few years ago, and the State's promise will be kept. As I said before, the State of California is in a financial position today to meet its obligations, and it is in that position because it taxed you, and taxed all of us, under certain conditions to meet a condition that existed some few years ago when there was a deficit. It is well enough for some people to go to Sacramento and agree to certain things, that is their opinion. I have no difference with our worthy president, but I have a criticism for the State of California which is attempting to avoid their contract, and a contract with me is a contract, once given it will not be broken, and I am not going to be a party to a broken contract with the State of California in reference to an obligation of \$500,000 due the City and County of San Francisco.

THE PRESIDENT: Mr. Uhl?

SUPERVISOR UHL: May I ask Supervisor McSheehy two questions, through the Chair? You do favor the Funston avenue approach being constructed?

SUPERVISOR MCSHEEHY: I do. It has to be. It is an artery.

SUPERVISOR UHL: So much for that. Now you heard the statement of Mr. Cleary, of Supervisor Shannon, and Supervisors Brown and Ratto, as to having been before that Highway Commission, and that they say they will not build it unless San Francisco contributes one-third. You heard that. Now the question is, then, are you willing to

assume that responsibility if we block the construction of the road, and leave the thing up in the air,—are you willing to assume the responsibility?

SUPERVISOR MCSHEEHY: May I ask you a question, Supervisor Uhl: Did you ever hear of the word "bluff"?

SUPERVISOR UHL: I want to say to you, Supervisor McSheehy, that—I will answer your question, you didn't answer mine—but I will answer yours. That these gentlemen went before this Highway Commission, and as far as I am concerned I don't know the word "bluff" on the part of that Highway Commission.

SUPERVISOR MCSHEEHY: Well, you do know what a contract is.

SUPERVISOR UHL: It is not a contract; and another thing, conditions have changed. It is regrettable that the Highway Commission is not in a position to allow the cost, but—

THE PRESIDENT: Do you consider that your questions have been answered?

SUPERVISOR UHL: No, they have not.

THE PRESIDENT: Do you want Supervisor McSheehy to continue? I am liable to bring this debate to a close.

SUPERVISOR MCSHEEHY: I will answer his question. "Consistency, thou art a jewel"—consistency, thou art a mule. The previous speaker, if there ever was a member that went around our City broadcasting the statement that he favored low taxation, it was the previous speaker, but the record don't bear out that statement, because if you will go to the record it will show the exact opposite. The word "bluff" I have used, I will use it again, and I will continue to use it, because I consider this is nothing but a pure bluff on the part of the State of California to have the City and County of San Francisco expend \$500,000 of money that the State of California should spend for this purpose after they have made their promise. Members of the Board, vote as you please, but you will answer for it in the record.

SUPERVISOR UHL: It is a long talk, but it don't answer my question.

THE PRESIDENT: Just a minute. I would like to ask if there is any other member of the Board who has not discussed this subject who would like to have the floor? Supervisor Brown.

SUPERVISOR BROWN: Supervisor McSheehy used the word "bluff" in connection with this matter, and I presume the Supervisor has played some poker in his day?

SUPERVISOR MCSHEEHY: No, I never played, scarcely, in my life.

SUPERVISOR BROWN: Well, to enlighten the Supervisor on the game of poker, sometimes a man bluffs with an ace in the hole; and in this case, if this be a bluff, I will assure you they have an ace in the hole—

SUPERVISOR MCSHEEHY: I want to call their hand!

SUPERVISOR BROWN: Their ace in the hole is this: That if we do not take action on this matter today and the Highway Commission allows the matter to stand in the status in which it finds itself, the Golden Gate Bridge will open without the Funston avenue approach, or without any temporary substitute. On the other hand, if we take action today we are then practically assured of at least a temporary approach over the Funston avenue approach at the time the bridge is opened, because informally the various parties have agreed that temporary approach is feasible and can be provided. I do not doubt that over a period of years the Highway Commission could by popular sentiment be required to complete the Funston avenue approach without contribution by the City and County of San Francisco, but looking at the matter practically from the standpoint of the City and County of San Francisco, I believe that the money can be well spent to invest \$500,000 or thereabouts as the City's share of this approach road

because the very least delay you would expect would be four years. The Highway Commission tell us they have no funds in the next biennium whatsoever, which means 1937 to 1939; and that if the funds were available in the 1939 biennium the fact that a tunnel forms a part of this road would mean a delay of at least another year or two years, so you have a delay of at least four years and at \$25,000 a month you would lose many times your \$500,000 investment if you don't contribute your share.

THE PRESIDENT: Are you ready for the motion?

SUPERVISOR MEAD: The question?

THE PRESIDENT: Call the roll.

SUPERVISOR McSHEEHY: I would like to ask that the question be read.

THE PRESIDENT: The question is the motion of Supervisor Ratto that San Francisco agree to participate in one-third of the cost of the approach of the Golden Gate Bridge—of the Funston avenue approach. I should say.

SUPERVISOR McSHEEHY: May I ask that the Board approve a stenographic transcript of this record to be made a part of this Journal, and published in next week's Journal?

THE PRESIDENT: Is there any objection? (No response.) So ordered.

SUPERVISOR UHL: Well, if you are going to do that, I want to explain my vote. That I do not look upon this as a direct tax upon the people. It is not going to increase the tax rate, but it comes out of the gas tax, and therefore I am going to vote in favor of the matter.

THE PRESIDENT: Supervisor Brown.

SUPERVISOR BROWN: Briefly, I would like to explain my vote. I think the one point in the whole thing is this: When the commitment was made by the Highway Commission they had one half cent more funds than they have at the present time, and those additional funds were taken away from them not by their own act but by the act of the Legislature. They are, therefore, hampered in ability to perform as compared with 1930, and that is the only reason why I believe the City and County of San Francisco is required to contribute.

SUPERVISOR McSHEEHY: I would like to explain my vote. I differ with the Supervisor as to the financial condition of the State of California. The State of California is healthier today than it has been in the past eight years. They are in a position financially to meet their obligations. All you have to do is to examine their finances and you will find what I have said is accurate. Therefore they are not keeping faith with San Francisco with respect to the obligation they made in 1930. For those reasons I am going to vote "No" in reference to this appropriation.

THE PRESIDENT: Call the roll.

THE CLERK: Supervisor Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Supervisor Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Supervisor McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: Aye.

THE CLERK: Supervisor Meyer?

SUPERVISOR MEYER: Aye.

THE CLERK: Supervisor Ratto?

SUPERVISOR RATTO: Aye.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: No.

THE CLERK: Supervisor Schmidt?

SUPERVISOR SCHMIDT: Aye.

THE CLERK: Supervisor Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: Eight "Ayes," two "Noes," one vacancy.

THE PRESIDENT: Carried.

SUPERVISOR RATTO: Now may I ask a committee be appointed to attend the meeting of the State Highway Commission at eleven o'clock next Friday?

THE PRESIDENT: I was under the impression that you made the same motion at the last meeting.

SUPERVISOR RATTO: No, that is—that was for the last meeting. This is a committee to meet the Highway Commission next Friday.

THE PRESIDENT: Well, I think the same committee that went up there. I will appoint the same committee.

### SPECIAL ORDER—4 P. M.

#### Report of Dr. Miller McClintock on Street Connections and Developments.

At 4 p. m. the Board of Supervisors proceeded to consider the report of Dr. Miller McClintock on street connections and developments.

Theodore M. Matson, representing Dr. McClintock, read the report at length, explaining and commenting on the various parts of it in passing. The cutting through of Fifth street across Market on a diagonal to Mason and Eddy streets was recommended as urgent and the first thing that should be done to permit free ingress into the triangle district of vehicular traffic coming off the transbay bridge at Fifth and Harrison streets.

Timothy Healy, attorney for the Bridge Traffic Committee, representing property owners and merchants on both sides of Market street. He opposed the proposed extension of Fifth street across Market and diagonally to Eddy and Mason as being unnecessary and the expense unwarranted for the amount of automobile traffic having the triangle district for its destination. He opposed it also as being detrimental to street-car operation and to pedestrian traffic which, he said, is more dense at this point than anywhere in California.

D. Nicholson, representing the triangle shopping district, and Andrew J. Gallagher, representing the Southern Promotion Association, were also heard.

#### Action Deferred.

Whereupon, the discussion was on motion *continued until Thursday, January 7, 1937, at 2 p. m.*

### UNFINISHED BUSINESS.

#### Final Passage.

The following matters, heretofore passed for second reading, were taken up:

#### Appropriation of \$10,500 for Truck Hire for the Department of Public Works.

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 1193, Ordinance No. 9.051338, as follows:

Appropriating \$10,500 from Emergency Reserve Appropriation No. 602.900.00, for truck hire for the Department of Public Works; \$9,500 to the credit of Appropriation No. 643.203.00, Bureau of Sewer Repair, and \$1,000 to the credit of Appropriation No. 642.203.00, Bureau of Street Cleaning.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$10,500 is hereby set aside from Emergency

Reserve Fund Appropriation No. 602.900.00, for truck hire for the Department of Public Works; \$9,500 to the credit of Appropriation No. 643.203.00, Bureau of Sewer Repair, and \$1,000 to the credit of Appropriation No. 642.203.00, Bureau of Street Cleaning.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the uninterrupted operation of the Bureaus of Sewer Repair and Street Cleaning, Department of Public Works, and the Board of Supervisors does hereby declare that an emergency exists, due to an increase in rates for truck hire established by the California Railroad Commission, which makes the funds heretofore appropriated insufficient for the purpose.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

### **Amending Salary Ordinance, Board of Education.**

### **Action Deferred.**

The following matter was, on motion, *laid over one week and made a Special Order of Business for 2:15 p. m.:*

### **Reducing License Fee on Apartment Houses.**

(Code No. 3.041)

Bill No. 1195, Ordinance No. 3.04166, as follows:

Amending Section 12 of Ordinance No. 5132 (New Series), entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco," in effect July 1, 1920, by reducing the license fee on apartment houses and repealing Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and repealing all ordinances and parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 12 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 12. Every person, firm, partnership or corporation maintaining, conducting or operating an apartment house shall pay an annual license fee as follows, to defray the cost of inspection and regulation by the Division of Housing Inspection of the Department of Public Health, Fire Prevention Bureau and Bureau of Licenses, and no permits of occupancy shall be issued by the Division of Housing

Inspection therefor without said license first having been had and obtained.

Apartment houses of less than 20 rooms, \$4 per annum;  
Apartment houses of 20 to 29 rooms, \$6 per annum;  
Apartment houses of 30 to 39 rooms, \$8 per annum;  
Apartment houses of 40 to 49 rooms, \$10 per annum;  
Apartment houses of 50 rooms or over, \$12 per annum.

Said license fee for the fiscal year 1935-1936, shall be due and payable on the effective date of this ordinance and subsequent fiscal years shall be due and payable on the first day of October of each year. No deduction in the amount of said license fee herein provided for shall be allowed although the time for which it is paid is less than a full year.

This inspection and regulation shall be made by the Division of Housing Inspection of the Department of Public Health and the Fire Prevention Bureau at least once a year and as often thereafter as may be deemed necessary.

For the purpose of this ordinance an apartment house shall be deemed to be any building or portion thereof, more than one story in height, which is designed, built, rented, leased, let or hired out to be occupied, or which is occupied as the home or residence of four (4) or more families living independently of each other and doing their cooking in the said building (expressly excluding from the said definition of an apartment house and the operation of this ordinance four (4) to six (6) flat dwellings).

An apartment is a kitchen and one or more contiguous rooms which are occupied or intended or designed to be occupied by one family for living and sleeping purposes in an apartment house.

A kitchen is any room used or intended or designed to be used for cooking and preparation of food.

A room is any legal, habitable space, between two floors, and a floor and a roof, of an apartment house, and divided and separated by proper partitions and doors.

A family is one person living alone or a group of two or more persons living together in an apartment, whether related to each other by birth or not.

Section 2. Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and all ordinances and parts of ordinances in conflict herewith are hereby repealed.

#### Final Passage.

The following matters, heretofore passed for second reading, were taken up:

#### Ordering the Improvement of Meade Avenue, Between Third and Jennings, by Sewering (Protest).

(Code No. 12.0611)

On recommendation of Streets Committee.

Bill No. 1196, Ordinance No. 12.061168, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors November 25, 1936, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Im-

provement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

**Confirming Sale of 4.9 Acres of Land in San Mateo County.**

(Code No. 12.1727)

Also, Resolution No. 3012, as follows:

Whereas, pursuant to Ordinance No. 12.17275, Bill No. 1140, the Director of Property advertised in the official newspaper that bids would be received by him on November 17, 1936, for the sale of the following described City-owned land situated in the County of San Mateo, State of California:

Beginning at the southwest corner of the Chinese Christian Cemetery, running thence south 1 degree west 567 feet more or less to the southerly line of that certain 25-acre tract of land acquired by the City and County of San Francisco from the estate of Patrick M. Brooks, deceased, by deed dated September 1, 1905, and recorded September 28, 1905, in Liber 101 of Deeds at page 253, San Mateo County Records; thence along said southerly line, north 89 degrees 30 minutes east 250 feet more or less to a corner of said 25-acre tract; thence north 47 degrees east 219.12 feet to the most southerly corner of land conveyed to Edward Kelly by deed from Patrick Brooks dated December 9, 1898, and recorded January 26, 1899, in Liber 81 of Deeds at page 46, San Mateo County Records; thence along the westerly line of said property so conveyed, north 1 degree east 410.52 feet to a point on the southerly line of the Chinese Christian Cemetery; thence along last named line, north 89 degrees west 397.98 feet to the point of beginning.

Containing 4.9 acres, more or less.

Reserving to the City and County of San Francisco, the right to construct, maintain, repair and/or use a road along the easterly 20 feet and the northerly 20 feet of the above described 4.9-acre parcel of land, which road shall extend along the westerly side of land conveyed to Kelly and the southerly side of the Chinese Christian Cemetery.

Whereas, in response to said advertisement, The Tung Sen Cemetery Association, a corporation, offered to purchase said land for the sum of \$4,900 cash, no higher bids having been made or received; and

Whereas, said sum of \$4,900 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$4,900; and

Whereas, The Tung Sen Cemetery Association has paid the sum of \$600 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Department of Public Health has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to The Tung Sen Cemetery Association, a corporation. The buyer must pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver said deed to the grantee upon receipt of the balance of the purchase price.

Resolution No. 2930, adopted by this Board on November 23, 1936, is hereby repealed.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Appointment of War Memorial Trustees.**

The following was presented and read by the Clerk:

January 2, 1937.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: This is to advise you that I have this day, in consonance with provisions of Section 44 of the Charter, and subject to your confirmation, appointed to serve as Trustees on the War Memorial Board for a period of six years, the following:

John Handlin Threlkeld.

Colonel Wm. H. Tobin.

Harold J. Boyd.

Major Charles R. Kendrick.

Respectfully,

ANGELO J. ROSSI, Mayor.

**Motion.**

Supervisor Brown, seconded by Supervisor McSheehy, moved that the Mayor's appointees be confirmed.

No objection and it was *so ordered*.

**Endorsing "Chronicle" Plan to Fix Bay Bridge Toll at 25c.**

(Code No. —)

Supervisor Schmidt presented:

Resolution No. 3018, as follows:

Whereas, it is only fair and equitable that posterity bear some part of the financial burden of the cost of the San Francisco-Oakland Bay Bridge, and in pursuance of that thought, the San Francisco Chronicle has proposed a refinancing plan whereby the present tolls may be reduced from sixty-five cents to twenty-five cents on each passenger automobile; and

Whereas, the San Francisco-Oakland Bay Bridge is only another great unit connecting up the State system of highways, it is proposed

that it be financed out of gas tax funds in the same manner as those other great highway projects of the State of California, the Redwood Highway and the Feather River Canyon Highway by an allocation of gas tax funds for the amortization of the bonds; and

Whereas, it is deemed practical that this may be done on the basis proposed, to-wit: that the annual \$2,000,000 bond amortization charges be met from gas tax funds and that the maintenance charges be met, as now, from gas tax supplied highway maintenance funds, and that the \$2,000,000 annual interest charges on the bonds be met from the proposed twenty-five-cent toll certain to be sufficient because of the increased traffic anticipated; therefore, be it

Resolved, That the Board of Supervisors of San Francisco goes on record as heartily in favor of the plan proposed by the San Francisco Chronicle and urges that the State Highway Commission proceed at once to put it into effect.

**President Requested to Recommend to Congress to Continue WPA Appropriations Sufficient to Complete Projects.**

(Code No. 5.2)

Supervisor McSheehy presented:

Resolution No. 3019, as follows:

Whereas, recent reductions in federal WPA allocations to California have made necessary sharp reductions in federal contributions for materials to an average figure of from \$7 to \$5 per man month of labor employed; and

Whereas, these reductions include federal contributions on projects begun but not yet completed; and

Whereas, the original agreements on most of these projects between local government sponsors and WPA called for federal contributions for materials amounting to an average of from \$17 to \$13 per man month of labor employed; and

Whereas, the City and County budgets under which these sponsors operate cannot provide for unanticipated increases in local contributions in the middle of a fiscal year; and

Whereas, the local governments feel that these original agreements under which the projects were begun are a moral if not a legal obligation of the federal government; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, That the President of the United States is requested to recommend to the Congress and/or the Congress is requested to make an appropriation to WPA to become immediately available in an amount sufficient to permit the completion of projects begun but not yet completed on the basis of the original agreements for allocating cost of materials; and be it

Further Resolved, That such a policy should:

1. Be a plan that would provide for federal relief of employable unemployed.

2. Be a program which, although it may change somewhat from year to year, will remain fixed during each successive fiscal period.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

**Memorializing Federal Government to Continue Responsibility for Relief of Employable Unemployed.**

(Code No. 5.2)

Supervisor McSheehy presented:

Resolution No. 3020, as follows:

Whereas, the officials of the cities and counties of California believe it is socially sound and financially imperative that the relief of the employable unemployed be a continuing federal responsibility; and

Whereas, it becomes increasingly apparent that large numbers of employable unemployed, for a number of reasons, will not soon find employment in private industry; and

Whereas, it is essential that local governments be in a position definitely to plan future financial requirements for unemployment relief, at least for one year in advance; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, That the Federal Government should recognize its continuing responsibility for the relief of the employable unemployed by adopting at this time some policy generally to be followed over a period of years; and be it

Further Resolved, That such a policy should:

1. Be a plan that would provide for federal relief of employable unemployed.

2. Be a program which, although it may change somewhat from year to year, will remain fixed during each successive fiscal period.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

**Requesting State Legislature to Investigate Feasibility and Probable Cost of Acquisition of Carquinez Bridge.**

(Code No. —)

Supervisor Ratto presented:

Resolution No. 3017, as follows:

Requesting State Legislature to investigate feasibility and probable cost of acquisition of Carquinez Bridge; Legislature to declare privately-owned bridges to be public utilities and to confer power on State Railroad Commission to regulate tolls thereon; also Legislature to authorize State Railroad Commission to determine the value, in any condemnation proceedings instituted for acquisition of a privately-owned toll bridge by the California Toll Bridge Authority.

**SPECIAL ORDER—2:15 P. M.**

The following matter was taken up:

**Reducing License Fee on Apartment Houses.**

(Code No. 3.041)

Bill No. 1195, Ordinance No. 3.04166, as follows:

Amending Section 12 of Ordinance No. 5132 (New Series), entitled "Imposing License Taxes on Certain Businesses, Callings, Trades or

Employments Within the City and County of San Francisco," in effect July 1, 1920, by reducing the license fee on apartment houses and repealing Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and repealing all ordinances and parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 12 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 12. Every person, firm, partnership or corporation maintaining, conducting or operating an apartment house shall pay an annual license fee as follows, to defray the cost of inspection and regulation by the Division of Housing Inspection of the Department of Public Health, Fire Prevention Bureau and Bureau of Licenses, and no permits of occupancy shall be issued by the Division of Housing Inspection therefor without said license first having been had and obtained.

Apartment houses of less than 20 rooms, \$4 per annum;

Apartment houses of 20 to 29 rooms, \$6 per annum;

Apartment houses of 30 to 39 rooms, \$8 per annum;

Apartment houses of 40 to 49 rooms, \$10 per annum;

Apartment houses of 50 rooms or over, \$12 per annum.

Said license fee for the fiscal year 1935-1936 shall be due and payable on the effective date of this ordinance and subsequent fiscal years shall be due and payable on the first day of October of each year. No deduction in the amount of said license fee herein provided for shall be allowed although the time for which it is paid is less than a full year.

This inspection and regulation shall be made by the Division of Housing Inspection of the Department of Public Health and the Fire Prevention Bureau at least once a year and as often thereafter as may be deemed necessary.

For the purpose of this ordinance an apartment house shall be deemed to be any building or portion thereof, more than one story in height, which is designed, built, rented, leased, let or hired out to be occupied, or which is occupied as the home or residence of four (4) or more families living independently of each other and doing their cooking in the said building (expressly excluding from the said definition of an apartment house and the operation of this ordinance four (4) to six (6) flat dwellings).

An apartment is a kitchen and one or more contiguous rooms which are occupied or intended or designed to be occupied by one family for living and sleeping purposes in an apartment house.

A kitchen is any room used or intended or designed to be used for cooking and preparation of food.

A room is any legal, habitable space, between two floors, and a floor and a roof, of an apartment house, and divided and separated by proper partitions and doors.

A family is one person living alone or a group of two or more persons living together in an apartment, whether related to each other by birth or not.

Section 2. Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and all ordinances and parts of ordinances in conflict herewith are hereby repealed.

#### Amendment.

Supervisor Roncovieri moved to amend as follows:

Under Section 12, paragraph 4, strike out portion reading "expressly excluding from the said definition of an apartment house and the operation of this ordinance four (4) to six (6) flat dwellings."

And substitute therefor:

"It is expressly provided by this ordinance that no license fee shall

be charged, exacted or collected from any flat dwelling containing four (4) to six (6) flats (inclusive) of one (1) family only to each flat dwelling."

*No objection.*

### Passed for Second Reading.

Whereupon, the foregoing bill as amended and in words and figures following was *passed for second reading* by the following vote:

### SPECIAL ORDER—2:30 P. M.

The following matters were taken up:

#### Calvary Cemetery Removal.

(Code No. 17.19)

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the City and County will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such

removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

### Laurel Hill Cemetery Removal.

(Code No. 17.19)

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to

adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause

the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate of said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

#### Committee of the Whole.

On motion of Supervisor Brown, the Board resolved itself into Committee of the Whole for the purpose of hearing all interested parties. All members heretofore noted were present with President Shannon in the Chair.

Milton Meyer, President City Planning Commission, was heard on the pending question. He declared that the Roman Catholic Archbishop's survey of Calvary Cemetery was 75 per cent complete and suggested a postponement for sixty days when the survey will be finished.

City Engineer John Casey confirmed the statement of Mr. Meyer that the survey was 75 per cent complete.

Frank Deering, representing Laurel Hill Cemetery, was also heard. He read a letter that he is sending to all lotholders of Laurel Hill Cemetery with questionnaire relative to cemetery removal.

#### Committee of the Whole Arises.

Whereupon, the Committee of the Whole arose and reported progress.

#### Action Deferred.

Thereupon further consideration of the foregoing bills were, on motion of Supervisor Roncovieri, seconded by Supervisor Ratto, continued until March 21, 1937, at 2:30 p. m.

**CHARTER AMENDMENT No. —  
PUBLIC WELFARE DEPARTMENT.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 61(a), relating to Public Welfare Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 2nd day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 61(a), relating to Public Welfare Department.

**PUBLIC WELFARE DEPARTMENT.**

Section 1. There is hereby created a department of the City and County government to be known as the Public Welfare Department. This department shall consist of a Welfare Commission of five members, a Director of Public Welfare, and such employees and assistants as may be necessary to carry out the work and functions of said department.

Section 2. The members of the Welfare Commission shall be appointed thereto by the Mayor and shall be selected for their respective positions on the basis of their interest in and understanding of the problems of public welfare. The members of said Commission shall serve without compensation and no person shall be eligible to serve on said Commission while holding a salaried public office, position or employment.

Section 3. The term of office of the members of the said Commission, subject to the provisions hereof relative to removal and the terms of the first members of the Commission, shall be four years. Within

thirty days after this amendment shall become effective the Mayor shall appoint five members to said Welfare Commission, one member to be appointed for a term to expire on the 15th day of January, 1938; one for a term to expire on the 15th day of January, 1939; one for a term to expire on the 15th day of January, 1940, and two for terms to expire on the 15th day of January, 1941; and upon the expiration of the terms of each of said members of said Commission so appointed the Mayor shall fill the vacancy arising by reason of the expiration of said term by the appointment of a member to said Commission for a term of four years. Vacancies occurring in the membership of said Commission shall be filled by an appointment to be made by the Mayor for the unexpired term of said person in whose place said appointment is made; and when the term of any member of said Commission shall expire, then said appointment shall be made for the full period of four years from the date of the expiration of the term. All vacancies shall be filled within thirty days of the occurrence thereof.

Section 4. Members of the Commission shall be subject to removal from office by the Mayor for cause, but only upon written charges made and signed by the Mayor, copy of said charges to be served upon the offending commissioner; and said charges shall be heard by the Mayor and on said hearing of said charges the said commissioner so charged shall have the opportunity to appear and to be heard.

Section 5. The Commission shall be a policy-determining and supervisory body and shall have all the powers provided for in Section 19 of the Charter.

Section 6. The Commission shall appoint and, subject to the budgetary provisions of this Charter, fix the salary of a Director of Public Welfare who shall serve at the pleasure of said Commission and shall not be subject to the civil service provisions of the Charter. Said director shall possess qualifications and experience essential to the conduct of a complete program of public welfare. Said director shall be the chief executive of the department and shall have all the powers provided for chief executives as set forth in Section 20 of the Charter. He shall be responsible for the enforcement of the rules and regulations of the Commission and, upon the recommendation of the Commission, shall have the power to establish such divisions and bureaus as may be necessary for the administration of relief and welfare in the City and County of San Francisco.

Section 7. All employees in the Department of Public Welfare, with the exception of the director thereof, shall be subject to the civil service provisions of the Charter and, subject to said provisions, the Director of Public Welfare may employ such employees as may be necessary for the carrying out of the work and functions of the department. The functions and duties of the County Welfare Department as established and existing at the time this amendment shall go into effect shall be transferred and shall be included in the Department of Public Welfare and the personnel of said County Welfare Department shall be so transferred and shall hold their respective positions under the same conditions and upon the same tenure as the same were held in the County Welfare Department. The functions of the Citizens' Emergency Relief Committee appointed pursuant to Ordinance No. .... shall be

transferred to said Public Welfare Department. Any person who has served under the general supervision of the Citizens' Emergency Relief Committee for a period of one year continuously next prior to the date of the approval of this amendment by the Legislature of the State of California, and who shall be actually employed under the supervision of the said Citizens' Emergency Relief Committee on said last mentioned date, shall be confirmed in and appointed to their respective positions and shall thereafter hold said positions under the said Department of Public Welfare subject to the civil service provisions of the Charter and shall be entitled to all of the benefits of said civil service provisions.

Section 8. Said Public Welfare Department shall exercise all of the functions exercised by the County Welfare Department and by the Citizens' Emergency Relief Committee as the same exist at the time this amendment is approved by the Legislature of the State of California and shall perform such other duties and have such other functions as may be authorized by the Board of Supervisors of the City and County of San Francisco.

*Minority report to be submitted by Supervisor McSheehy.*

## CHARTER AMENDMENT No.—

### HEALTH SERVICE SYSTEM.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 172.1, relating to Health Service System.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 2nd day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 172.1, relating to Health Service System.

### HEALTH SERVICE SYSTEM.

#### Section 172.1:

Subdivision 1. A health service system for municipal employees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the City and County who are members of the Retirement System and all teachers and employees of the Board of Education who are members of said Retirement System. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The Board shall have the power to exempt any person whose annual compensation ex-

ceeds forty-five hundred (\$4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the System. The first members of the Board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the Board shall give bond in the sum of ten thousand (\$10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the Board. Members of the Board shall be nominated by a written nomination of twenty members filed with the Registrar of Voters not earlier than April 1st nor later than April 15th of each year. The Registrar of Voters shall prepare ballots and shall furnish the same to all members of the System between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and canvass and certify the result on May 8th. The Registrar of Voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballot and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the Board. For the purpose of the first election, all employees eligible for membership in the System shall be deemed members.

Subdivision 3. The Board shall have power:

(a) By a two-thirds vote of the entire membership of the Board, to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the costs of said care, or for obtaining and carrying insurance against such costs.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business, the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the Board.

(d) To appoint a secretary and other employees, who shall hold office at the pleasure of the Board, and to fix their respective compensations.

(e) To make provision for the participation in the benefits of the system by the families of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the City and County.

Subdivision 4. The Board shall determine and certify to the Controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The Controller shall deduct said sums from the compensation of the members and shall deposit the same with the Treasurer of the City and County to the credit and for the use of the system. Such deductions shall not be

deemed to be a reduction of compensation under any provision of the Charter. The Board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the Controller and the Controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this Charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons and nurses, hospitalization, medicines and appliances and dental, optical and other medical treatments and services.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such cost but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the City and County shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

### **POWER OF HEARING, INQUIRY AND SUBPOENA**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 21 of the Charter of the City and County, relating to the power of hearing, inquiry, and subpoena.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 2d day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

### **POWER OF HEARING, INQUIRY AND SUBPOENA**

"Section 21. The Mayor, the Board of Supervisors, the Chief Administrative Officer, the Controller, or any board or commission appointed by the Mayor relative solely to the affairs under its control may require such periodic or special reports of departmental cost, operation and expenditures, examine the books, papers, records, and accounts of, and inquire into matters affecting the conduct of any department or office of the City and County, and for that purpose may hold hearings, subpoena witnesses, administer oaths and compel the production of books, papers, testimony and other evidence. It shall be the duty of the Chief of Police to designate a police officer to serve subpoenas. Any person refusing to obey such subpoena and other requirements hereof, or to produce such books, shall be deemed in contempt and subject to proceedings and penalties as provided by general law in such instances.

"Whenever any person subpoenaed to appear and give testimony or produce such books, papers or documents as required by such sub

poena, shall refuse to appear or testify before any of said officers, boards or commissions, or to answer any questions which any of said officers or the majority of any of said boards or commissions shall decide to be proper and pertinent, he shall be deemed in contempt of said officer, board or commission, and it shall be the duty of said officer, or the president of said board or commission to report the fact to the presiding judge of the Superior Court of the City and County of San Francisco, State of California, who shall thereupon issue an attachment in the form usual in the Superior Court, directed to the Sheriff of said City and County, commanding said Sheriff to attach such person and forthwith bring him before said presiding judge of said Superior Court. On the return of said attachment and the production of the person attached the said presiding judge shall have jurisdiction of the matter, and the person charged may purge himself of the contempt in the same way, and the same proceedings shall be had, and the same penalties may be imposed and the same punishment inflicted as in the case of a witness subpoenaed to appear and give evidence on the trial of a civil cause before a Superior Court of the State of California. Any of said officers or any member of said boards or commissions shall have power to issue any subpoena herein provided for."

### **CASH RESERVE FUND AND TEMPORARY LOANS.**

#### **TAX ANTICIPATION NOTES.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 81 of the Charter of the City and County, relating to cash reserve fund and temporary loans.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 2nd day of March, 1937, a proposal to amend the Charter of the City and County, by amending Section 81 thereof, relating to cash reserve fund and temporary loans.

(As submitted by Mr. O'Toole Dec. 8, 1936)

### **CASH RESERVE FUND AND TEMPORARY LOANS.**

#### **TAX ANTICIPATION NOTES.**

Section 81. The Board of Supervisors, by annual tax levy, may gradually build up the cash reserve fund authorized and created by the provisions of Section 80 of this Charter. Said fund shall be used exclusively (1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of such fiscal year, of legally collectible taxes and other revenues, as set forth in the budget and the appropriation ordinance for such fiscal year, and (2) for paying that portion of the authorized expenses of the City and County for any fiscal year, which, as certified to said Board by the Controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash

reserve fund shall not at any time exceed the estimated expenditures for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax rate revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the Board of Supervisors, on the recommendation of the Controller and the Mayor, and the written approval of the officer, board or commission responsible for the management and control of the fund from which it is proposed that the temporarily idle balances be transferred or loaned may, by ordinance, authorize the Treasurer to make temporary transfers or loans for specified periods of idle unencumbered balances in any fund in his custody, except a pension fund, at not less than the then current rate of interest paid by the banks to the City and County on City and County funds deposited with such banks. Such approval by the officer, board or commission concerned shall specify that the amount proposed to be transferred or loaned from such fund will not be needed for the purpose of such fund prior to the date specified for its return. The fund from which such transfer or loan is made shall be charged or encumbered with the amount of such transfer or loan and such amount shall not be considered as available in such fund for any other appropriation or encumbrance for which any expenditures or payments must be made prior to the date on which the transfer or loan is repaid. Any transfer or loan made as herein authorized during the first half of any fiscal year shall be repaid prior to the first day of January of said year, and any transfer or loan made during the remaining one-half of said fiscal year shall be repaid prior to the 15th day of May of said year. Such loans shall be secured by and made solely in anticipation of the collection of taxes levied or to be levied for the current fiscal year, and such loans shall constitute the first demand on and shall be repaid from the first tax collections for such current fiscal year; provided, however, that tax anticipation loans made as hereinafter in this section authorized, shall constitute a prior lien on said taxes levied or to be levied or collected.

When funds shall be needed for the immediate requirements of the City and County in any fiscal year in accordance with appropriations made as authorized by this Charter for such fiscal year, which payments may be made in advance of the receipt of income from such fiscal year, and when funds therefor cannot be made available as hereinbefore in this section authorized, the Board of Supervisors, on the recommendation of the Controller and the approval of such recommendation by the Mayor, shall have power to borrow money on notes or other evidences of indebtedness on behalf of the City and County. Said power shall be exercised by ordinance or ordinances authorizing the borrowing of said money and the execution of said notes or other evidences of indebtedness. The aggregate amount of such notes or other evidences of indebtedness outstanding and unpaid at any one time during any part of the fiscal year in which said borrowing is made shall not be in excess of 25 per cent of the estimated aggregate amount of all taxes actually levied for such fiscal year. All such notes or other evidences of indebtedness shall be offered at public sale by the Board of Supervisors after not less than two days of advertising, not less than

three days after the last day on which such advertising is published. Each such sale shall be made to the bidder offering the lowest rate of interest or whose bid represents the lowest net cost to the City and County; provided, however, that the rate of interest to be paid shall not exceed the sum of six (6) per centum per annum, and full authority is hereby given to said Board of Supervisors to fix, by resolution, the rate of interest on said notes or other evidences of indebtedness and the times and places where the principal sum of said notes or other evidences of indebtedness shall be paid. The principal amount of said notes or other evidences of indebtedness, together with the interest thereon, issued and delivered under authority of this section shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year during which the same are issued, and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes or other evidences of indebtedness before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes or other evidences of indebtedness issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes or other evidences of indebtedness, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes or other evidences of indebtedness then outstanding such funds shall be applied pro rata to the payment of the principal and interest of all of the notes or other evidences of indebtedness then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes or other evidences of indebtedness not paid prior to June 30 of the fiscal year during which the same are issued shall, nevertheless, be paid out of moneys received from the taxes of the said fiscal year, irrespective of the date of the receipt thereof, it being the intent and purpose of this section to provide for the payment of all notes or other evidences of indebtedness issued under authority of this section out of the taxes levied for the fiscal year during which said notes or other evidences of indebtedness are issued irrespective of the actual date of the collection of said taxes.

The Board of Supervisors shall have full power and authority to provide for the form of all notes or other evidences of indebtedness issued by authority of this section, as well as to fix the time and place for the payment of both the principal amount of said notes or other evidences of indebtedness and the interest to become due thereon; provided that all notes or other evidences of indebtedness issued for money borrowed during the first half of any fiscal year shall be payable not later than December 31 of said year; and all notes or other evidences of indebtedness issued for money borrowed during the second half of any fiscal year shall be payable not later than May 15 of such year, it being

the intent and purpose of this section that the borrowing of money under authority hereof shall be solely for the purpose of anticipating receipt of income. The Mayor, in preparing the consolidated budget estimate as provided by this Charter, shall include therein a separate amount sufficient to meet the interest to be paid on any moneys borrowed under authority of this section.

### **CHARTER AMENDMENT No.—**

Without recommendation from Judiciary Committee.

### **OPERATING EXPENSES AND RESERVES**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 127 and 128, relating to Operating Expenses and Reserves, and Depreciation and to add a new section known as 128-1, Reconstruction and Replacements.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County of San Francisco at the special election to be held on the 2d day of March 1937, a proposal to amend Sections 127 and 128 and to add a new section known as 128-1 of the Charter of said City and County, as follows:

### **OPERATING EXPENSES AND RESERVES**

Section 127. Receipts from each utility operated by the commission shall be paid into the City and County Treasury and maintained in a separate fund for each such utility. Appropriations from such funds shall be made for the following purposes for each such utility in the order named, viz.: (a) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the Board of Supervisors may require; (b) for repairs and maintenance; (c) for reconstruction and replacements as hereinafter described; (d) for the payment of interest and sinking funds on the bonds issued for acquisition, construction or extensions; (e) for extensions and improvements, and (f) for a surplus fund.

### **DEPRECIATION**

Section 128. For the purpose of computing net income, the commission, on the basis of an appraisal of the estimated life and the then current depreciated value of the several classes of property in each utility, shall determine the amount of reasonable annual depreciation for each utility. At least every five years thereafter, the commission shall make an appraisal or may revise the last preceding appraisal of the value and probable useful life of each of the several classes of property of each utility, and shall, on the basis of said appraisal, redetermine the amount of the reasonable annual depreciation for each utility.

### **RECONSTRUCTION AND REPLACEMENTS**

Section 128-1. For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of

each of the utilities under the jurisdiction of the commission, the commission must create and maintain a reconstruction and replacement fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character, which shall be the basis for the amount necessary to appropriate annually to provide for said reconstruction and replacements.

### **CHARTER AMENDMENT No.——**

Judiciary Committee recommends against.

### **CITY PLANNING COMMISSION.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 115 of the Charter of the City and County of San Francisco, relating to the City Planning Commission.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 2nd day of March, 1937, a proposal to amend as herein set forth, Section 115 of the Charter, relating to the City Planning Commission.

### **CITY PLANNING COMMISSION.**

Section 115: The City Planning Commission shall consist of five members who shall be elected by the people of the City and County of San Francisco. The terms of the members of the Commission shall be four years from and after 12:00 o'clock, noon, of the first Monday of January succeeding their election. The compensation of the members of said Commission shall be \$15.00 for each meeting of the Commission actually attended by said members provided that the aggregate sum paid all of the members of said Commission shall not exceed \$5,000.00 per year. No member shall engage in or be interested in the real estate business, insurance brokerage, building material or construction business, electrical business, plumbing or heating business during his incumbency in office.

### **Passed for Second Reading.**

The following recommendation of Public Welfare Committee was taken up:

### **Initiative Ordinance Prohibiting Billboard.**

(Code No. 11.08)

Bill No. 1215, Ordinance No. 11.0820, as follows:

Directing that a proposed ordinance entitled as follows: "An ordinance prohibiting the location, erection or maintenance of any sign or signboard, bill or billboard, or any advertising device or structure, movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use for advertisement sign or billboard purposes within certain distances of any part of the structure of the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto or exits therefrom and specifying said distances, and providing penalties for the violation of this ordinance." Be submitted to the electors of the City and County of San Francisco at a special election to be held on Tuesday, March 2, 1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A petition for the enactment of a proposed ordinance entitled as follows: "An ordinance prohibiting the location, erection or maintenance of any sign or signboard, bill or billboard, or any advertising device or structure, movable or immovable, temporary or permanent, for advertisement sign or billboard business, or designed or intended for use for advertisement sign or billboard purposes within certain distances of any part of the structure of the San Francisco-Oakland Bay Bridge and/or bridge ramp or approaches thereto or exits therefrom and specifying said distances, and providing penalties for the violation of this ordinance.", having been signed by registered voters of the City and County of San Francisco equal in number to five per cent (5%) but less than ten per cent (10%) of the entire vote cast for Mayor at the last general election, and having been filed with the Registrar of Voters, the Board of Supervisors does hereby direct that said proposed ordinance be voted on at a special election to be held in the City and County of San Francisco on Tuesday, March 2, 1937.

*Passed for second reading by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

*Adopted.*

The following recommendation of the Judiciary Committee was presented by Supervisor McSheehy and *adopted* by the following vote:

Calling a Special Election to Be Held in the City and County of San Francisco for the Purpose of Voting on Certain Amendments to the Charter of the Said City and County Heretofore Referred to the Electors, as Well as for the Purpose of Voting Upon Such Ordinances as May Hereafter Be Initiated or Referred to the Electors in the Manner Provided by Law.

(Code No. 3.02)

Resolution No. 3033, as follows:

Whereas, certain amendments to the Charter of the City and County have been by this Board of Supervisors referred to the electors of the City and County; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County does hereby call a special election to be held in the City and County of San Francisco on Tuesday, the second day of March, 1937, for the purpose of voting upon certain amendments to the Charter of the City and County ordered submitted to the electors thereof, as well as for the purpose of voting upon such ordinances as may be proposed to said electors under the initiative provisions of the Charter or under the referendum powers of the Board of Supervisors or of the electors of said City and County; and be it

Further Resolved, That this Board of Supervisors does hereby proclaim the holding of the said election for the above-mentioned purposes, as hereinbefore set forth, and does hereby direct that the Registrar of Voters take all necessary steps and give all necessary notices to the end that said election may be held as hereinbefore set forth.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

**Termite Ordinance.**

(Code No. —)

Supervisor Shannon presented:

Bill No. —, Ordinance No. —, entitled "Amending Building Law by adding to Part XIII thereof a section to be designated Section 228B, requiring use of preservative to prevent destructive action of termites, etc., on wood or lumber used in building construction."

*Referred to Public Buildings Committee.***National Defense Week.**

Supervisor Shannon moved that the week of February 15 to February 22, 1937, be designated National Defense Week, and that the Mayor be requested to appoint a Citizens' Committee for its observance.

No objection. *So ordered.***Re Appointment of Successor to Former Supervisor Havenner.**

Supervisor McSheehy, seconded by Supervisor Uhl, moved that his Honor the Mayor be requested to appoint a Supervisor in the vacancy that now exists by reason of resignation of Congressman Franck R. Havenner for the reason that there are a number of important Charter amendments proposed to be submitted to the electors.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Schmidt, Shannon—7.

Absent—Supervisor Roncovieri—1.

**Explanation of Vote.**

Supervisor Brown explained his vote by saying that he did not believe that we had any right to interfere with the executive authority of the City.

Supervisor Schmidt explained his vote by saying he voted *no* because he believed we should keep the executive and legislative branches of the City separate and distinct.

**Annual Message From His Honor the Mayor.**

OFFICE OF THE MAYOR,  
San Francisco.

January 11, 1937.

The Honorable the Board of Supervisors, San Francisco, California.

Gentlemen: As provided in Section 25 of the Charter of the City and County of San Francisco, I attach hereto my annual report of our municipal affairs, together with such comments and suggestions as seem to me timely and advisable.

It was my pleasure to observe, in my last message, that local conditions had shown considerable improvement over the previous year. The same is true for 1936, and the immediate outlook holds much of encouragement.

Doubtless, the most important event in San Francisco's progress since 1869, when we were linked to the world by the completion of the transcontinental railway, was the completion and dedication, November twelfth, of the world's greatest bridge. The second largest, that across the Golden Gate, and having a suspension span of 4200 feet, the longest in the world, will be ready for dedication in May. Since the opening of the San Francisco-Oakland Bay Bridge, San Francisco has been visited by an enormous stream of traffic from distant parts of the State and from almost every State in the Union. This stupendous mass of steel and stone and its sister structure, across

the Golden Gate, mean the dawning of a new era for our beloved City. Their massive strands of woven wire uplift and hold in midair solid and spacious highways that make of our adjacent Bay counties one great, uninterrupted metropolitan family.

By the possession of these engineering triumphs, which have conquered the deep Bay waters and defied the turbulent currents of the mighty Pacific, may we not truly vision a united municipality—united in resolute purpose and in a common desire to hasten the destiny, to which our superb Bay, harbor and hinterlands entitle us.

These mighty new thoroughfares also demand that we anticipate and prepare to cope with the changes and new competition they will bring about. To maintain our prestige as a dominant community, we must have, and without delay, the best solution modern trends can furnish in means for rapid transit. Hand in hand must go City planning and beautification, so that no community amongst those to which we are now bound so closely shall offer superior, more economical or more beautiful residential advantages and surroundings. Let us strive unitedly, unselfishly and unswervingly toward this goal.

### Rapid Transit.

The most important, urgent and vital problem confronting our citizens is that of providing, within San Francisco, a rapid transit system. Existing traffic congestion, coupled with future congestion which inevitably will result from operation of the two Bay bridges, make it imperative to take immediate steps, providing a transportation system for the great masses of our own people, dependent upon public vehicles to reach business and home.

We have already reached the time when it is impossible to add to the railway service on Market and other streets during evening rush hours. This means that the people of San Francisco can expect no relief from the present intolerable street railway crush which occurs every evening around five o'clock. We have no leeway under present conditions for transporting either those already residents or the expanded population which we invite to settle here.

With the four tracks necessary for surface cars on Market street, we have only two lanes for automobiles. In some sections of the City, the evening rush hour schedule speed for street cars is below four miles an hour and sometimes even this snail's pace cannot be maintained. Since the opening of the San Francisco-Oakland Bay Bridge to automobile traffic, there has been an appreciable increase in the number of street cars turned back before completing their run, in order to maintain anything like uniform service. These conditions are working a physical hardship on the people of San Francisco in addition to which they are losing a vast amount of valuable time in their daily travel between their homes and places of business. Under these unbearable conditions and with no promise of future improvement, we may lose many of our residents, particularly after the commencement of transbay train service early in 1938. These trains will not only render it possible to reach desirable residence districts in East Bay cities in less time than to many of our local residence areas of equal desirability, but what is of equal importance, they will also provide a comfortable service.

The Public Utilities Commission has carefully studied this problem and has submitted a definite plan which will give fast and convenient service to all quarters of the City and in addition remove the two outer tracks from the surface of Market street, thereby doubling its present capacity for automobile travel. The estimated cost of these high-speed subway lines is \$52,700,000. While this is a large sum, I sincerely feel that we can better afford to make the expenditure than continue to bear the losses incident to insufficient, uncomfortable and slow transportation for the million people who daily ride on the street cars of our City.

The plan of the Public Utilities Commission has been criticized and many substitutions have been suggested, not one of which has stood

the test of careful examination in the light of our present and future problems. The study of these other plans has only more fully convinced me that the Public Utilities Commission has carefully analyzed our transportation needs and submitted a plan fully meeting our needs and capable of extension to serve the greatest population, likely to live within our boundaries. It bears the approval of two of the foremost consulting engineers of the United States, Messrs. Robert Ridgway and Alfred Brahdly who have submitted a report to this City. Your Honorable Board has already provided \$50,000, with which the Public Utilities Commission is now preparing plans and specifications, to prevent delay, once construction funds are available.

Over \$100,000,000 has been spent in bridges for the convenience of people coming into and leaving San Francisco, yet the number daily using these facilities is but an inconsiderable fraction of those who are absolutely dependent on local public transportation to reach their places of business and the shops in our downtown district, which are second to none in the United States.

Decentralization of business, decrease in real estate values, higher taxes, business and payroll losses may result from lack of adequate and fast transportation between the downtown district and the outlying areas of the City.

Rapid transit has been discussed sufficiently long; it is now time for action and I urge the immediate approval of the Public Utilities Commission's plan and the submission to the people of a proposal to issue the necessary general obligation bonds. Present rates of interest are far below normal and prompt action may make it possible to secure federal aid. Let us therefore, within the next few months, see the beginning of this most important public undertaking, thereby guaranteeing to our people definite improvement in local rail transportation and partial relief from the intolerable congestion now experienced in our downtown streets.

In addition, it is essential that we enter into negotiations with the privately-owned street car systems of San Francisco, toward bringing them into a single unified system of mass transportation, under municipal operation, which will insure the universal transfer privilege to our people.

### Vehicular Traffic.

Another pressing problem is the need for easy and adequate flow of vehicular traffic on the streets of San Francisco.

We have before us the report of Dr. M. S. McClintock, recommending expenditure of several millions of dollars for the immediate extension of two dead-end streets across Market street and many millions more for the eventual construction of eight such additional crossings between Second street and Van Ness avenue.

Considerable controversy has arisen from this report. Study of it is progressing, with marked differences of opinion being expressed as to its efficacy.

I urge your Honorable Board to consider these facts:

First: That the welfare of the entire City be considered in establishing certain downtown areas as zones where automobiles may not park. The experience of many large cities in the United States, notably our neighbor Los Angeles, shows the necessity for and practicability of non-parking zones which have been established and successfully maintained without loss to merchants or inconvenience to the public.

Second: That your Board continue to support a provision in the next budget for widening of certain streets which would lend themselves to the relief of congestion on main arteries.

Third: That your Board give serious study to the designation of certain streets as one-way arteries, which will speed up traffic and reduce the toll of accidents and deaths, which is annually becoming more menacing.

### Power Distribution.

A well-conceived proposal for municipal distribution of electric energy, generally, as a part of the Hetch Hetchy Project, known as Plan 7, has been presented by the Public Utilities Commission. This plan for municipal distribution of power was approved by Honorable Harold L. Ickes, Secretary of the Interior, as in full compliance with the requirements of the Federal Hetch Hetchy Grant, known as the "Raker Act", and has been approved by your Honorable Board of Supervisors for presentation to the voters at the forthcoming municipal election.

I believe it to be in the best interests of San Francisco and its citizens that they approve this proposition, because it will be the means of reducing the rates charged for electricity and will earn a handsome profit for the public treasury.

### Harbor Control.

San Francisco's harbor has been at a disadvantage, in competing with other harbors in California and along the Pacific Coast, because all these major ports have been locally administered. San Francisco's harbor has been under the control of a State board, not necessarily responsive to local requirements. This condition remains an intolerable one for the people of San Francisco.

Under our Charter, machinery for the setting up of local harbor control is provided. It calls for appointment by the Mayor of three members of a Harbor Commission and their appointment of a Manager. We can give as good an account of harbor management, under municipal management, as we do of other public utilities.

I cannot concede that the maritime traffic of San Francisco should be state-controlled, while all other California ports, free to work out their own destinies, are flourishing.

I urge that your Honorable Board actively campaign to establish municipal control of our harbor for the betterment of port conditions and the advancement of San Francisco's trade and commerce.

### Bridge Tolls.

Much discussion prevails as to reducing toll charges on the San Francisco-Oakland Bay Bridge. My view is that both this structure and the Golden Gate Bridge, removing century-old barriers to traffic, and serving, economically, not only the Bay counties, but the people of the whole State, should be toll-free.

Motorists of our City have contributed generously to the improvement of the State's Highway System, affording marvelous road facilities to outside counties. These bridges are essential units in the statewide system. San Francisco, owing to its restricted area, has paid disproportionately to benefits received, to statewide highway construction.

Paying for these two bridges with State gasoline tax funds would merely be allotting to San Francisco its just share of State highway facilities. It is as absurd that our neighbors should be subjected to an admission charge into our City as it is to make our own citizens pay to go out. All California will benefit from making the bridges toll-free.

### Golden Gate Bridge Fiesta.

In keeping with the colorful history of this great State, a Golden Gate Bridge Fiesta is being arranged by the citizenry of this and neighboring counties to commemorate this remarkable engineering achievement as well as to mark the linking of San Francisco with those great communities forming the Redwood Empire and the teeming counties, southward.

I urge upon your Honorable Board your hearty support of this Fiesta celebration and I suggest that you join in inviting the President of the United States to be our guest upon this memorable occasion.

### Labor Difficulties.

For your record, I attach copy of my national broadcast over the Blue Network of NBC, January 5, 1937. (This broadcast is in print and copies may be had upon application.)

I have been in constant touch with the situation confronting our waterfront. Likewise, Mr. Florence M. McAuliffe, whom I appointed when the strike was imminent, to keep in constant touch with representatives of the contending parties, has ably performed this duty, at all times forwarding the aims of this Administration in our endeavor to end this and other industrial strikes.

### Police Survey.

At the request of the Police Commission, I caused to have made during the past four months a thorough survey of the organization of the San Francisco Police Department as a basis for reorganization of the department. This survey included a study of the police departments of four large eastern cities, namely, Chicago, New York, Boston and Detroit, as well as an intensive examination of the organization, functions, procedure, and personnel of the San Francisco Department. The survey was conducted under the general direction of Controller Leavy with the assistance of Mr. W. L. Henderson, Personnel Expert of the Civil Service Commission, and Captain Chas. Skelly, Secretary of the Police Commission. The Bureau of Governmental Research offered its services in connection with the survey and participated in the work through its director, Mr. William H. Nanry. The Bureau also offered to bring to the survey group as a consultant member Mr. Bruce Smith of the Institute of Public Administration of New York City, which offer was accepted.

The report of this survey was formally submitted to me last week but I have been in touch with the work as it progressed and I am in general accord with the conclusions incorporated in the report.

The primary objective of the recommendations is to improve the quality of police service rendered by the department to the citizens of San Francisco. The President of the Board of Police Commissioners has stated his intention to proceed immediately to make the changes recommended in the report, some of which cannot be made until the Charter is amended.

When the changes have been made, the organization structure of the Police Department will be materially strengthened and improved and will make possible more effective supervision and more direct responsibility for police administration in San Francisco. By simplification and improvement of procedure and organization, approximately 125 officers, representing an annual payroll in excess of \$300,000, would then be released from present duty and assigned, in so far as needed, to provide additional protective facilities in the now inadequately protected outlying districts and additional traffic service in the central traffic zone, all to the benefit of the community.

I am convinced that the changes to be made will provide a more effective and efficient police service and will, in addition, permit substantial savings, rendering unnecessary the pending request of the department for 50 additional patrolmen for traffic duty.

### Relief.

During the past year the method of administering relief in San Francisco has not materially changed. The Emergency Relief Committee, under the Chairmanship of F. M. McAuliffe, continued responsible for the unemployable unemployed. The philosophy of the organization has continued to be based on the two principles, first that only those eligible for relief under our State and county laws should receive it, and second that such relief should be adequate and humane. During the year, studies have been made as to methods of administering relief in other communities so that San Francisco might be assured of the most advantageous system of giving relief. Changes in cost

of living have been watched and adjustments made in relief allowances.

The case load of the social workers has been reduced so that adequate investigation and real assistance to the needy in meeting their manifold problems have been possible. The case load was 2488 as of January, 1936, with \$69,922.89 expended. In November, 1936, the load was 1873 with an expenditure of \$54,793.55.

During the year there has been a general statewide movement to return the administration of all direct relief to the counties, with the State contributing part of the cost. This plan would, of course, leave the entire work relief program under the jurisdiction of the Federal Government. The Emergency Relief Committee has played a very active part in these negotiations, attending meetings held throughout the State in order to protect the interest of San Francisco in this vital matter. At the present time bills are being drafted by various groups, including the State Supervisors Association, which will permit the amalgamation of all direct relief activities under one permanent State department which will be responsible for the supervision of State monies spent by the county departments.

In order that San Francisco will be ready for this new set-up the Charter Revision Committee is following my recommendation of a year ago to the end that a Charter Amendment will be submitted which will give San Francisco a permanent Public Welfare Department in conformity with the best modern welfare practice. San Francisco has every reason to be proud of the way in which its relief needs have been met in the past.

The experience which has been gained in the handling of these complex problems leads me to believe that we can look forward to an efficient, sympathetic program covering the field of public welfare in San Francisco.

### Federal Cooperation.

The Works Progress Administration program continued throughout 1936 with all those eligible gainfully employed. The total case load varied from time to time with a total top quota of 22,500 men and women in early February to minimum quota of 14,000 during the last three months of the year.

As stated in my last message, San Francisco received as its quota of the \$4,800,000,000, appropriated for federal works projects, approximately \$37,000,000. This program did not get under way until late in October, 1935, so that for the calendar year 1936 there was available \$27,709,685, plus \$5,996,602, of new projects approved by the Federal Government during the year. These new projects consisted of an addition to the San Francisco Airport, a new Machine Shop, West Portal Library, general repairs to public buildings, miscellaneous playgrounds, extension to the "L" car line, Lyon Street Approach to the Golden Gate Bridge, Marina Seawall, and a general rehabilitation of the meadows in Golden Gate Park. With \$33,706,287 available, we were permitted to carry on a highly constructive program, and we are in a very healthy financial condition, as the New Year begins.

During 1936, we have completely rehabilitated the San Francisco Hospital, Relief Home, Civic Auditorium, Hall of Justice, Coroner's Office, Kezar Stadium, thirty fire houses, Harding and Sharp Park clubhouses, with a permanent water supply for the latter; de Young Museum, Golden Gate Park Stables, High School of Commerce Athletic Field, San Francisco Airport at Mills Field, Kezar Basketball Pavilion and many lesser projects.

New construction, all of which is rapidly nearing completion, consists of the Lake Merced Boulevard, five miles long; Sigmund Stern Recreation Center, what is destined to rank among the country's finest Zoological Gardens, at Fleishhacker Playfield; the Angelo J. Rossi Playfield, the Douglas, Thirty-eighth and Fulton, Thirtieth and California, Gillman, Ninth and Ortega, Ingleside, Twenty-fourth and

Douglas, Julius Kahn, Ocean View, Helen Wills and Margaret Haywards playfields, and a modern clubhouse at Glen Park.

Yacht Harbor, Aquatic Park, and the surfacing of the roads in Golden Gate Park represent large expenditures of money, of lasting benefit to the community. These projects are being finished rapidly. Over twenty modern tennis courts and eight new convenience stations have been completed and added to our Park and Playground resources.

Over twenty miles of widening and reconditioning of our street system such as Oak, Fell, Brannan, Green, Guerrero, Market Street, Shakespeare, Wawona, Golden Gate Park Panhandle and Van Ness avenue for its full length, will be completed soon.

Many of our relief workers have been employed on the Federal Government Reconditioning program in the Presidio and on work connected with the approaches to the Golden Gate Bridge both in San Francisco and Sausalito.

The Sewing projects, located at Mission and Otis streets and Gough and Grove streets, have continuously employed four thousand women for the past year in making garments and bedding for the needy. Many surveys worthwhile to the City are under way, and provide work for the so-called "white collar" group on relief.

We are indeed fortunate to have most of our able-bodied unemployed working in gainful occupations, thus maintaining their morale, and in addition the spending of large sums of money has been a stimulus to all local business interests.

The cordial relationships established in previous years with Federal officials have continued. They have responded helpfully and generously to any reasonable request we have made.

I would, indeed, be remiss in my duty as Mayor if I did not publicly acknowledge the constant assistance of our fellow citizen, George Creel. Because of his familiarity with federal affairs, he has given unsparingly of his time in the furtherance of our program in Washington, voluntarily and without remuneration.

I wish to acknowledge the splendid courtesy and cooperation of Frank Y. McLaughlin, State Administrator, WPA, and his staff of assistants, and I know you will join in these hearty thanks for their constant cooperation.

### 1939 Golden Gate International Exposition.

The past year has seen marked progress in the development and actual construction factors of the Golden Gate International Exposition of 1939 which will celebrate the completion of the San Francisco-Oakland and Golden Gate Bridges and the inauguration of the first trans-Pacific air service.

The City administration has given its full support and cooperation to the citizens of the San Francisco Bay region who comprise the directorate in charge of this first great World's Fair in central California in nearly a quarter-century.

Overcoming practically all obstacles, the 1939 Exposition has been officially launched on a secure basis during the year, and is now a definite part of the vast program of projects now under way in this region.

The Exposition will be a \$40,000,000 project. Reclamation of the 400-acre island, which was started February 11, 1936, with official ceremony, is now one-third completed, under the direction of the Corps of Engineers, U. S. Army. The three-mile long rock seawall, being constructed by Bay district quarry operators, is more than 50 per cent completed. The island will be completed by mid-1937.

This will mean that San Francisco and the Bay communities will have one of the world's premier air transport terminals on the world's largest artificial island, when the Exposition is concluded.

Under the direction of the Pacific Utilities Commission, and with a resident Commission Engineer on permanent duty at the Exposition site, the Department of Works for the Exposition has made important headway on the Fair construction schedule.

Work is proceeding on schedule on the \$800,000 airport terminal, to be Exposition headquarters during the Fair period, and on the two \$400,000 hangars, to be used as exhibit palaces in 1939. Construction of the ferry slips, and other ferry terminal units, is moving rapidly ahead.

Total construction program set under way during the past year aggregates more than \$8,000,000 with major contracts, to be awarded through the Public Utilities Commission, including five major exhibit palaces: driveways, sidewalks and paving and ferry terminal building.

The Exposition company, a non-profit corporation in charge of the World's Fair management, has moved into the new three-story structure at Bush and Stockton streets, which will revert to the Board of Education at the close of the Exposition. Its use was made possible by the Board of Education, leasing the property to the Public Utilities Commission for five years for this purpose.

I am glad to have had the opportunity to share in the initial steps of this great undertaking which will mean so much to the citizens of San Francisco and all California. More than one thousand citizens are directly or indirectly employed in the early stages of building our 1939 World's Fair, and its plans, aspirations and realization will mean a greater San Francisco and a larger and richer metropolitan Bay area, of inestimable value to future generations.

To my fellow citizens I wish to express my appreciation for their whole-hearted support in the formative period of the Exposition, and to give them my pledge that this Administration will work shoulder to shoulder with the officers and directors of the Golden Gate International Exposition of 1939. To the Exposition's official staff, I wish to accord congratulations and sincere thanks for their progressive record of the past year and for their loyalty and adherence to the task of creating another World's Fair on San Francisco Bay.

The quality of the services rendered by our City officials and their efficient and courteous subordinates is of an order so noteworthy, that I deem it an honor, as well as my duty, both as Mayor and in behalf of our citizenry, to tender our sincere, grateful thanks for the manner in which they have discharged their duties to the City and County of San Francisco, during the past year.

Respectfully,

ANGELO J. ROSSI,  
Mayor.

#### Controller.

The following information from the reports of Controller Leonard S. Leavy indicates that a sound general financial condition exists in San Francisco, and its fiscal affairs continue to show a marked improvement.

The peak of tax delinquency was reached in 1933, which amounted to 5.37 per cent, while the tax delinquency for the year ended June 30, 1936, was only 2 per cent. The delinquency on the first installment of the current year's taxes which were paid as of December 5th last, shows a reduction from 3.87 per cent to 2.83 per cent, or a 27 per cent decrease in delinquency when compared with the payments for the same period of one year ago.

The Cash Reserve Fund of the City has grown to reach a total of \$2,929,990.

The buyers of City and County bonds and tax notes have expressed their confidence in San Francisco's financial soundness in effective interest rates on securities sold during the year. Tax notes were sold for as low an interest rate as 13/100 of 1 per cent, and bonds were sold for as low an effective interest rate as 2.47 per cent. The average effective rate on bonds for the entire year was 2.68 per cent.

San Francisco's requirements from taxation for bond interest and redemption have decreased from the peak burden of 96.9 cents in the tax rate of 1934-1935 to 86 cents for the current period.

The tax requirements have decreased from the peak amount of \$33,177,550 in 1930-1931 to \$30,964,430 for the current year, despite extraordinary added expenditures for relief, hospitalization, needy aged, blind, widows' pensions, etc., which increase amounts to approximately \$3,000,000 over the period.

The Controller has discussed with me his audit program for the various departments for the ensuing year. Recurrent departmental requests for additional funds have placed an increased burden on this division of the Controller's office for investigation and report to me prior to submission to the Board of Supervisors.

The Board of Supervisors, concurring with the recommendation expressed in the Controller's Report for the fiscal year ended June 30, 1935, authorized, and I subsequently appointed a committee to study Charter and State law provisions for recommendations as to additional requirements and clarification of the existing structure. This committee has been meeting regularly and is analyzing the problems. We believe the products of its efforts will prove of a decided service.

The Tax and Legislative Committee which was created, by Resolution No. 1328 of your Board, has been continued. During the interim period between sessions, it has met and has been in constant contact with the fiscal, legal and legislative representatives of other communities, discussing current legislative problems and planning recommendations in connection with the present session of the Legislature.

#### Radio Broadcasts.

By the courtesy of the National Broadcasting Company, I have, for the past four years, sent weekly messages over Station KGO from my office in the City Hall. These broadcasts have concerned the actual functioning of the several departments of the municipality, and have created great interest among students of municipal government and others in our large radio audience, as hundreds of communications attest.

No doubt, these weekly messages have also been of value to our fellow citizens, explaining, as they do, the uses to which their money is put, the scope and duties of all departments of the municipality and their plans for future betterments.

San Francisco was the first city of importance to seek this means of enlightenment for its people, and I wish again to admit our great obligation and tender our sincere thanks to Mr. Don Gilman, Vice-President, N. B. C., for his constant and cordial courtesies in allowing this series to be carried on weekly and absolutely without cost.

#### San Francisco-Oakland Bay Bridge.

For eight decades, San Francisco has visioned a bridge to provide a speedy, safe and direct connection with our sister cities of the East Bay.

On November 12th, last, the dream became a reality when the great San Francisco-Oakland Bay Bridge was opened to automobile and truck traffic.

Since that eventful day, over one million vehicles have sped over its broad decks, 200 feet above the blue waters of San Francisco Bay. Its construction in three and a half years is a matter of amazement, even amongst engineers. Until early in January, 1936, no steel had been placed for the decks of the West Bay crossing, nor was cable spinning completed until late that month. On the East Bay crossing, the cantilever span was yet to be completed. Also under construction were the Yerba Buena Island tunnel and the San Francisco and East Bay approaches.

This meant that, were the bridge to be opened by the designated time, it was necessary in less than eleven months to erect two miles of double deck steel on the West Bay crossing; complete the exacting and ticklish task of closing the longest cantilever in the United States; pave the entire suspension spans and cantilever structure; complete the tunnel construction; give the greater portion of the bridge three

coats of paint, finishing with the aluminum coat; install miles of electric cable and 1117 lamps, complete the Administration Building with its elaborate mechanism, and the toll plaza; erect dozens of convenient roadway directional signs; landscape the Fifth Street Plaza and grade and fill several miles of land bordering the East Bay approaches. All this was accomplished, and the entire structure was completed with the exception of the installation of railway facilities.

Director of Public Works Earl Lee Kelly, who assured football fans almost two years previously that the bridge would be completed in time for the "Big Game" at Berkeley in 1936, kept his word; and thousands motored swiftly to and from the annual gridiron classic.

Since the opening of the bridge, free parking space for motorists using the structure has been provided beneath the San Francisco approaches from First to Third streets, between Bryant and Harrison, a great convenience for shoppers and business men.

Clearing the property between Mission and Clementina and Beale and Second streets is under way, preparatory to the construction of the spacious San Francisco terminal for the electric commuter trains and the train viaducts.

San Francisco has truly much to which to look forward, as we enter this new year and turn our eyes toward that great structure that extends such a friendly gesture toward the East, with which for the first time and for all times we now have direct highway connection. Too much cannot be said in commendation of Chief Engineer Chas. H. Purcell, the engineers and officials, and the thousands of skilled hands which made this dream a realization.

### Golden Gate Bridge.

The Golden Gate Bridge is rapidly approaching completion. This amazing bridge is already attracting world-wide attention because of its length of span, 4200 feet, and on account of its architectural beauty. Its great towers, rising 750 feet above the waters of the Pacific, represent an entirely new departure in the art of bridge building, and it is receiving the acclaim of artists, architects, engineers and laymen alike for the vision and courage of the Chief Engineer in creating these magnificent towers.

Second only to its magnificence as a beautiful structure is its record of safety. With the bridge more than ninety per cent completed, only one life has been lost. Credit for this remarkable record must go to Chief Engineer Joseph B. Strauss, who, with the approval of the Board of Directors, ordered the installation of a giant safety net underneath the bridge for its full length of nearly a mile. Already the net has saved the lives of ten men who would have fallen 250 feet to certain death but for its presence. It has also had the effect of instilling confidence in the workmen and thus speeding up construction. This record-breaking achievement has received the commendation of every agency interested in the saving of human lives, and has established a precedent which will be followed in all major bridges of the future.

The prediction that this magnificent structure would be ready by May first will be realized. A great program for its dedication is planned for May sixth. The cost of the bridge will be about \$27,000,000, not inclusive of roads and approaches.

### Federal Projects.

San Francisco's Federal Office Building was dedicated in March last. This building is of classic design, in the Roman Doric style, and occupies the entire block bounded by Fulton, Leavenworth, McAllister and Hyde streets, the main elevation facing on Fulton street. The street elevations are of gray California granite. The building has a structural steel frame and is of five stories, attic and basement. Mr. Arthur K. Brown, of San Francisco, was the architect.

Construction was started November, 1933, and it saw completion in March, 1936. Cost of completed structure, \$2,600,000. A large group

of Federal activities formerly scattered about the city are now consolidated and housed in this building.

The new San Francisco Mint is strategically located on an elevated solid rock and occupies the entire block bounded by Duboce, Buchanan, Herman and Webster streets. It is constructed of reinforced concrete, with granite exterior, and is of four stories. Plans were prepared by the Treasury Department, Gilbert Stanley Underwood having been the consulting architect. Work was started August, 1935, and the anticipated completion date is February, 1937. Cost of the completed structure will be \$965,000. The Mint activities now carried on in the present old Mint building will be transferred to the new building, where the latest equipment will be available for protection and coinage.

### Municipal Court.

In San Francisco's twelve Municipal Courts, 11,176 civil actions were brought and 23,646 small claims actions—a total of 34,822. In its criminal department, 95,083 proceedings were filed, as against 84,249 in 1935. This report is for the period January 1 to December 1, 1936.

Receipts reached the total of \$187,496.10, with expenditures \$179,333.60, the excess of receipts over expenditures being \$8,162.50—compared with an excess of expenditures over receipts in 1935 of \$18,163.22.

In the Civil Department 459 official actions were filed and in the Small Claims, official and pauper actions, 19,589. For these, no fees are collected.

### Office of the Public Defender.

Although the Department of the Public Defender of the City and County of San Francisco experienced an increase in the volume of work handled, this was accomplished with but little added expense.

The number of cases handled in all courts totaled 1135, with a total of 2384 appearances, 211 more than in the year previous. In the Superior Court, 432 cases were handled; in the Municipal Court, 646; in the Juvenile Court, 49.

Persons unable, financially, to employ counsel, who were given advice in civil matters, numbered 3003, largest since the department was established. The Public Defender attended two coroner's inquests and 11 insanity hearings. The office operates with the Public Defender, two deputies and a stenographer, and the cost of its maintenance for the year past was \$17,614.09.

### Police Department.

San Francisco's 44 square miles of corporate territory is policed by 1297 men, this number including every rank in the Police Department, and men assigned to clerical duties, traffic and detective work.

Despite the tremendous increase during 1936 of tourist visitors, local crime has shown a marked decrease. The record indicates that, in the fiscal year 1935-1936, burglaries numbered 1861, as against 2748 in the preceding year. Thefts fell from 5542 in 1934-1935 to 5080 in 1935-1936; auto thefts from 3690 to 3503. The record of auto recoveries increased from 98.62 per cent to 99.08 per cent. Although property reported lost, through crime, reached the total of \$293,299 in 1935-1936, a slight increase over the year previous, the percentage of recoveries rose 6 per cent last year.

In the realm of traffic safety, we may well take pride in the record made in 1935-1936. In June last, the U. S. Department of Commerce issued a bulletin summarizing deaths through automobile accidents in 86 large cities of the country. This bulletin shows San Francisco as the leading metropolitan city in rate per cent of fatal accidents per 100,000 population, our rate being 5.2 per cent. Our death rate in this classification has always been consistently low, but the significance of the present commendable showing can only be grasped by a perusal of the report referred to. For instance, the typical cities of Milwaukee, Philadelphia, New York, Detroit, Boston, Minneapolis, St. Louis,

Chicago, Seattle and Los Angeles, show an average of 18 per cent per 100,000.

Injuries, due to automobile accidents have been correspondingly low, the number during 1935-1936 having been 3,859.

During the year 1936, a survey of police districts was made to ascertain data to guide the re-locating of station houses, as nearly as possible in the centers of districts.

The entire waterfront, from Jones Street to China Basin Channel, sections of which had previously been divided amongst four different police districts, is to be placed under command of Harbor District, to centralize control, in event of such an emergency as the waterfront strike, and to facilitate patrol. This planned re-alignment of boundaries will promote the efficiency of Radio Patrol in responding to emergency calls.

Modern educational methods in police work aim at crime prevention, as well as detection and apprehension of criminals and the aim of the San Francisco Department is the application and knowledge of laws and ordinances, physical fitness and "extra curricular" activities, designed to nip crime at the source, to bring into closer harmony and cooperation the police and the public. Such activities include the Captains' Conference, consisting of supervised instruction in their duties and responsibilities, and taking in the entire field of police training. Such conferences will be had in every rank in the Department and are under the supervision of the California State Department of Education's Bureau of Trade and Industrial Education.

A Police Traffic School, attended by 130 members of the Department, operating its automobiles, has been conducted during 1936. The course embraces State and City traffic laws, prevention of accidents, correct driving habits, proper collection and presentation of evidence and adequate compilation of accident reports. In First Aid training, 400 members have completed the course and passed American Red Cross examinations.

Training of members in Public Speaking has enabled them to improve vastly their contacts with the public, and most especially through talks to school children. Thus, friendly relations are established and avoidable accidents, due to prankish and careless play, minimized.

Building up the morale of delinquent youth, through the Big Brother Bureau, is an important development in the educational work of the Department. Cooperation with many groups, on the premise that proper guidance and influence will make good citizens of them, is bearing fruit. Two officers are regularly detailed to this work among 600 boys between 12 and 20. San Francisco is a pioneer in this important work.

I cannot speak too highly of the work of our School Traffic Patrol, pioneered by the San Francisco Police Department, and now followed nationwide. Ours is composed of nearly 3,000 boys who direct school traffic for their more than 100,000 schoolmates. Since its inauguration, not one San Francisco school child has been killed or seriously injured in traffic accidents on intersections supervised by these alert youngsters. They not only protect their charges, but build leadership for themselves.

W. P. A., during 1936, appropriated funds for the improvement of quarters occupied by the Police Department in the Hall of Justice which include provision for additional garage accommodations and betterments, a new unit of the Communications Bureau, rendering possible the handling of telephone, teletype, telegraph and radio messages with the strictest privacy and swifter dispatch. Absolutely modern is the new "show-up room", permitting identification of prisoners without the viewers being seen by them. Many other needed improvements have been installed by the aid of W. P. A. funds.

From the beginning of 1936 until November first, San Francisco received more than 1,000,000 out-of-state tourists, as compared with

550,000 for the corresponding period in the year previous. Out-of-state automobiles numbered 166,480, as against 86,800. Tourists entering by automobile numbered 461,400, compared with 227,400 in 1935. San Francisco also welcomed and entertained many national conventions during the period.

The following statistics may prove interesting: prisoners brought to stations, 49,432; fires attended, 3187; sick and injured taken to hospitals, 4824; insane persons cared for, 234; lost children restored to parents, 395; missing persons located, 2069; finger prints taken, 33,846. Unusual demands were made on this Department in 1936, due to the celebration of the completion of the San Francisco-Oakland Bay Bridge and its attendant great parades and numerous program features. It is worthy of comment that despite the huge crowds in the City at those and other public gatherings, not a complaint of a pickpocket or buncoman was reported to our police.

I wish to call the attention of your Board to the fact that there is no organized crime in San Francisco; gangsters and racketeers have never operated here. Nor have we, at any time in our history, had any kidnappings for ransom. Forty-eight and sixty-hour periods without the commission of a single major crime are frequent and we have, in fact, gone as long as six days without report of a major crime. This is a record which, to my knowledge, has not been equaled by any other metropolitan city in the country and it is not an accident, nor is it due to apathy of criminals toward operating here. It is rather due to the vigilance of the police and a tribute to the effective crime-preventive work of the San Francisco Police Department.

#### San Francisco Fire Department.

Living up to its record of many years' standing, the San Francisco Fire Department again gave proof of its efficiency throughout the past year. Though the number of fire alarms have shown a decided increase over last year, due unquestionably to increased industrial activities, fire losses have been held to a minimum. Up to the end of November, the department had responded to 8,137 alarms of fire in this year, as against 7,605 in the same period last year, an increase of 532.

Improvement of the fire protection equipment has been accomplished by the completion during this year of extensions of the high pressure water mains in the Hayes Valley district, the Noe Valley district, the Clay Street Hill district and along the Bay Bridge Approach. Completed also were 19 underground fire cisterns of reinforced concrete construction, each holding 75,000 gallons of water, and these are so located that they form an unbroken line across the city beginning at the foot of Van Ness Avenue and ending at Dolores and 20th Streets.

Much needed renovation of some of the older fire stations and the installation of modern heating plants therein, with the aid of W. P. A. labor, has also been progressing throughout the year and this also adds its quota to the maintenance of efficiency in this department.

The routine duties of this important branch of the public service have been carried on with unvarying promptness and to the satisfaction of all.

#### Civil Service.

The Civil Service Commission has completed 50 examinations during the past year, for which approximately 9000 applications were filed. There are now in progress 39, which will be completed and lists adopted within the next few weeks. There are at the present time 190 active lists of eligibles in effect. During the past twelve months 564 permanent certifications and 2024 temporary certifications have been made by the Civil Service Commission from lists of eligibles on requisitions received from various departments.

The Civil Service Commission has enforced without exception the charter provision limiting emergency non-civil service appointments to

not more than 90 days in any fiscal year, and these emergency appointments have been kept at the very minimum through our policy of temporarily appointing civil service eligibles from comparable lists wherever possible.

They have conducted personnel surveys of the following departments: The Public Administrator, The Juvenile Court, The Juvenile Detention Home, The Adult Probation Department, the Sealer of Weights and Measures, The County Clerk, and the Sheriff. Surveys have been completed, but reports have not yet been issued covering the departments of the Assessor and the Recreation Department.

At present and for the past three months, members of the staff have been assigned to the survey of the Police Department, which was undertaken under the general direction of the Controller at the request of the Police Commission, with the approval of the Mayor.

Substantial savings have been effected through my suggestion, under which vacated positions could not be filled or new positions created until the Civil Service Commission had investigated and reported as to the necessity for the service to be performed. They have investigated the necessity for nine proposed new positions recommended by department heads during the past year and, as a result of their reports, I denied the request for the creation of five of these positions, thereby effecting savings of \$8640. Of twelve vacated positions the investigations and reports enabled me to withhold approval for the filling of six of these at a saving of \$14,400 per year.

#### Board of Education.

During the past year the San Francisco Unified School District has progressed not only in the material realization of a building replacement program and improvement in methods of instruction, but also in the betterment of teaching conditions.

It was a matter of regret to the community that Dr. Edwin A. Lee, Superintendent of Schools since December 15, 1933, was called to the post of Director of the National Occupational Conference with offices in New York, necessitating his resignation as Superintendent, effective July 1, 1936. After consultation with the Presidents of Stanford University and the University of California, the Board of Education elected Joseph P. Nourse, Principal of Galileo High School, to succeed to the vacancy created by Dr. Lee's resignation. In the few short months he has been in the Superintendency, Mr. Nourse has demonstrated his fitness for this important duty. He brought to the position a wealth of experience, gained by more than 30 years in the San Francisco schools, together with a breadth of vision and deep understanding of school problems, which presage his success.

Mr. Nourse named as his chief deputy superintendent Mr. John F. Brady, a man recognized as an outstanding leader in the teaching profession throughout the State.

At the beginning of the school year 1936-37, the Board of Education approved a restoration of teachers' salaries to the 1930 level and a return of salary increments in the lower brackets, as a partial step toward the complete return of the increment system, abandoned in 1931 because of depressed conditions.

Within the next year there will be built at Balboa Park the first unit of buildings to house students of the San Francisco Junior College, established in 1934 under the Presidency of A. J. Cloud. The Board of Education is to be commended for the recognition it has given to the imperative needs of this new institution, now inadequately housed in buildings in widely separated parts of the city.

Resumption of classes in August, 1936, saw the opening of two new schools, George Washington High and Marina Junior High, which immediately resulted in reducing congestion and overcrowding in San Francisco's seven high schools.

In addition, there were completed during the calendar year six new fireproof buildings from the proceeds of the bond issue of 1934, together

with additions to George Washington and Marina plants, and buildings to house industrial arts classes. Completed also during the school year was the auditorium at the Daniel Webster Elementary, and a girls' gymnasium at Polytechnic High. Within a few weeks there will be opened the new Sunshine School for crippled children and children inclined toward ill health, and an eight-room addition to Aptos Junior High School. It will be noted that, excepting for a high school and a junior high school, the program is one of replacement. Within two months the new Agassiz Trade School, representing San Francisco's recognition of the need for training apprentices in trades, will open its doors, welcomed by employer and prospective employee alike.

Superintendent Nourse, with the approval of the Board of Education, has addressed himself to the task of improving instruction by reducing the teaching load in classrooms to the elementary level. This move has received the support of parents, pupils and taxpayers, as reflected in the unqualified endorsement of the metropolitan press.

It was a matter of satisfaction to me, as Mayor, to re-nominate as Commissioners of Education, Hon. Charles A. Derry and Mrs. Lloyd W. Dinkelspiel, whose terms expire this month. It was pleasing to note that both nominations were confirmed by the citizens by large majorities, at the general election held in November.

In law, the responsibility for making the school budget resides in the Board of Education. The members of the Board of Education have shown by their acts in the past that they are not unmindful of the children on the one hand nor the taxpayers on the other, in making up the school budget. Certainly, the schools have made tremendous progress under this type of organization and any suggestion to alter this situation to scatter fiscal control should be undertaken only after surveying carefully the benefits which have accrued to our public schools under the present system.

### **Employees' Retirement System.**

The Retirement System included 11,279 employees at June 30, 1936. During the fiscal year ending on that date, 159 members were retired because of age or disability, and 113 active members died. Many of the positions thus vacated were not filled. During 1935-36, 113 retired persons died, and on June 30, 1936, there were 1648 persons receiving allowances under the Retirement System, this number including aged and disabled members retired from the several departments and also retired firemen and policemen, and their widows, where death resulted from performance of duty.

The administration of the State Compensation Insurance Law, as it affects all City employees, is centralized under the Retirement Board in accordance with the new Charter, instead of being handled by the various departments in which injured persons are employed. Reports of all injuries among approximately 11,750 employees are made to the Retirement Office and claims are adjusted and benefits paid in accordance with the State law and Charter, the City and County now acting as self-insurer in relation to all employees. During the fiscal year 1935-36, 904 compensation cases were handled, under which either weekly benefits or medical expenses were paid. Approximately 1498 additional cases were handled which were not of sufficient severity to qualify for compensation benefits of any kind. The investments of the Retirement Fund at June 30, 1936, totaled \$17,768,000, as against \$15,927,000, as of June 30, 1935.

### **Assessor.**

The announced objective of the Assessor's Office during the 1936 assessment season was a more equitable distribution of the tax burden as between real property and personal property.

As a result of that policy, \$10,500,000 was added to the tax base this year.

This partial attainment of the announced objective minimized the

increased burden which owners of real property faced when the 1935 legislature eliminated motor vehicles and securities from local tax levies. The payroll for permanent personnel was, in 1929-30, \$151,381.25; 1936-37, estimated, \$118,833.18, saving \$32,548.07. The payroll for the seasonal staff as budgeted for the fiscal year 1929-30, \$139,500; 1936-37, \$87,000, saving \$52,500, the actual reduction having been \$85,048.07. This represents one cent in the tax levy. In addition to this reduction in operating costs, it has been possible to effect further continuing economies running into thousands of dollars annually by simplification and standardization of practice and procedure.

Two hundred and fifty thousand people visit the Assessor's Office each year. For the greater convenience of those people—and in the interest of economy and efficiency—the first step toward modernization of the office has been taken. The improved working conditions made possible by the physical re-arrangement of the office, coupled with the program for improvement in procedure made possible by the office re-arrangement, will pay dividends to the taxpayers. It will be possible to serve the needs of the quarter of a million customers at a lower cost and with a higher degree of efficiency than was possible under the working conditions of other years.

The permanent personnel of this office has been reduced 21 per cent since 1929. Reorganization is essentially imperative, but reorganization is impossible in the absence of qualified replacements, and even qualified replacements require training. Continued failure to provide adequate valuation staffs for the Land, Building and personal Property Divisions of this office means, finally, to quote from the letter of Harold J. Boyd, Chief Assistant Assessor, to the Civil Service Commission dated May 4, 1936—"It is within the realm of possibilities that one year an entire assessment roll may be invalidated because of inequalities of valuation".

#### Sheriff.

Sheriff Daniel C. Murphy's report covering the year 1936, to December first, shows: Cash received, \$183,616.95. Process and papers filed and issued, numbered 17,966. Number of personal property sales consummated, 139; amount, \$42,913.75. Writs of possession received or filed, 278; possession to plaintiff, 225; unexecuted, 21; ejected, 32.

The monthly average population of County Jails, numbers 1, 2, 3 and

4, was 695.4. There were 401 male and 27 female Federal prisoners, with a daily average of 60. For maintenance and subsistence of Federal prisoners, during the fiscal year ended July 1, 1936, the total received was \$20,648.53.

Transported from the Detention Hospital to various state correctional institutions, in 1936, to December 1, were 777 male and 355 female prisoners. From our county jails, 148 male and 7 female prisoners were transported to such institutions. Transportation of these persons is under direct supervision of the Sheriff. While State law permits a sheriff to retain surplus moneys received from such sources, the Sheriff has deposited, during the term under review, \$4,775, with the Treasurer of the City and County of San Francisco.

Under Ordinance 7061, Bill 860, drafted at the request of Sheriff Murphy, and approved January 13, 1936, profits from County Jail stores, sold for convenience of prisoners, amounted to \$4,185.66, which sum was deposited with the Treasurer.

### Public Utilities Commission.

San Francisco and its municipal administration have reason to be pleased at the record of its municipal utilities during 1936. I refer briefly in the following paragraphs to the operations of individual utilities during the past year.

#### Municipal Railway.

The Municipal Railway has completed its twenty-fourth year of operation and continues to furnish excellent service to patrons and residents of San Francisco.

Revenues of the Municipal Railway have continued to increase. Operating revenue for the year 1936 amounted to \$3,130,000—an increase of nearly \$100,000, or approximately 3 per cent over the preceding year. This healthy increase in street car riding for the third successive year indicates that we may be assured it will meet all of its obligations in the future and continue to operate profitably with the 5c fare. It is gratifying to note that our Municipal Railway is probably the only street car system in the United States operating with a five-cent fare and free transfer privileges which shows a profit for the year 1936.

The net income for the year 1936 amounted to \$160,000 as against a net income of \$109,000 for the year 1935. The sum of \$400,000 was expended for maintenance and reconstruction. Two modern buses were purchased to improve service and replace obsolete equipment. Eighteen blocks of track were reconstructed.

Work has been started on the extension of the "L" line from 46th Avenue and Taraval Street to a terminal on Wawona Street near Fleishhacker Playfield, which will add approximately one-half mile to this line.

Completion of the San Francisco-Oakland Bay Bridge and the installation of rapid transit for commuters over this bridge will necessitate the rearrangement of transportation systems in San Francisco. The Public Utilities Commission has recommended that a subway system be constructed, designed to furnish transportation for the residents of San Francisco that will be at least equal in comfort and convenience to the transportation offered to the residents of East Bay cities over the new bridge.

On December 1st, there was retired from earnings the sum of \$100,000 in bonds of the Railway, so that there now remains an indebtedness of only \$1,600,000 against Municipal Railway properties, which are conservatively valued at \$10,000,000.

Over 81,000,000 passengers were carried during the year. Street cars and buses traveled a distance of 8,000,000 miles. Car service has been increased during recent months.

#### Water Department.

The San Francisco Water Department, now in its seventh year as a

municipally-owned utility, continues to justify the wisdom of the people in acquiring and operating their water system. Not only has the department continued to show a substantial financial gain, but water rates have been lowered and standards of service improved.

Average water consumption for the system for this year has been 58.37 million gallons daily as compared with 52.52 million gallons daily in the preceding year. The total consumption for this year exceeds the peak consumption of any previous year by more than 2½ million gallons daily, indicating that we may look forward to a normal annual gain hereafter.

Water sales for the first ten months of this year amounted to \$5,641,935, with a net profit of \$2,622,421 as compared with \$2,384,274 last year.

In December, 1934, the Public Utilities Commission put into effect a 10 per cent reduction in water rates and during the past year this has saved the 108,000 consumers nearly \$700,000 in their water bills. The increase in the amount of water sold has practically offset the loss of revenue due to reduction in rates. The Public Utilities Commission has inaugurated, effective January 1, 1937, special rates in the higher brackets to new consumers and for increased usage in order to stimulate sale of the surplus water now available from Hetch Hetchy, with the purpose of increasing revenues and thereby making possible further rate reductions to residential consumers and small industrial users. The Commission indicated that the new lowered rates will be applied to all consumers at an early date.

Today, the Department has in storage in its Alameda and peninsula reservoirs nearly 40 billion gallons of water, more than enough to supply the city's needs for two years. Since water from Hetch Hetchy began flowing into the peninsula reservoirs we have received from that source approximately 33 billion gallons. Without this water from Hetch Hetchy we would again be facing the possibility of an acute water situation and be dependent upon the caprices of this season's rainfall.

Construction work under the \$12,095,000 P. W. A. bond issue of 1933 has progressed satisfactorily. All but three out of a total of forty-three major contracts included in this program have been let. Thirty per cent of the material and labor costs has been contributed by the Government. This has been an important factor in providing employment during the period of depression. Advantage was taken of the Act of 1935 to obtain a grant of 45 per cent of the material and labor costs on improvements contemplated under the regular Water Department budget. A review of the financial results of the Water Department's operations since the properties were acquired by the City shows that up to November 1st of this year the gross income was \$43,389,116 with operating expenses of \$26,607,946. The net income amounting to \$16,781,170 was used as follows: Contribution to General Fund \$4,612,828; for bond redemption, \$6,515,094; for additions and betterments, \$4,046,917; to surplus, \$557,781; miscellaneous, \$53,643.

#### **Hetch Hetchy and Utility Construction.**

Enlargement of O'Shaughnessy Dam to its full height of 430 feet is proceeding rapidly. Completion of this work at a cost of about \$4,000,000 will make the dam the second highest in the world and will give Hetch Hetchy reservoir a capacity of 117 billion gallons, enough water to supply the needs of San Francisco for almost six years. The work is now about 60 per cent complete. It is expected that next winter the dam will be ready to store water.

At Moccasin, a diversion dam has been completed at a cost of \$220,000 to preserve the purity of Hetch Hetchy water by diverting the waters of Moccasin Creek which drain from an area of cattle ranches and may become contaminated.

Work is at present under way on an additional pipe line from Crystal Springs reservoir in San Mateo County to University Mound reservoir in San Francisco to provide greater water flow to the down-

town districts. The first section, from University Mound reservoir to Millbrae, costing \$1,300,000, is now complete and a contract has been awarded on the second section, extending from Millbrae to Crystal Springs Reservoir.

Much of the Exposition construction on Yerba Buena Shoals is being supervised by the engineering department. Work is going ahead rapidly on the ferry slips, both passenger and freight, and the two hangars, the air terminal building and the exhibit palaces are under construction.

At San Francisco Airport the department has supervised construction on the \$3,000,000 W. P. A. development that will provide additional field area and seaplane facilities. Construction is nearing completion on a new Airport administration building to cost \$142,000.

### **Hetch Hetchy Power.**

Last January, four plans for disposing of Hetch Hetchy power were placed before the Secretary of the Interior at Washington. In April, he issued an opinion that none of these plans conformed to his interpretation of the Raker Act. The Public Utilities Commission has since submitted three additional plans for distributing Hetch Hetchy power, in strict accordance with what they now know to be the requirements of the Department of the Interior. Of these plans, that known as No. 7 was submitted to the Secretary by the Board of Supervisors and was approved by him. Submission of this proposal to the voters has been ordered by the Board of Supervisors.

In the meantime, Hetch Hetchy power is being delivered to the Pacific Gas and Electric Company under the contract executed in July, 1925. The past year has been a very excellent one from a power production standpoint as there has been ample water and nothing to cause interruption in operation at full capacity. The outlook for continued operation through the winter is excellent as there is still in storage sufficient water to operate the power house until well into February, which is after the time when additional runoff may be expected.

### **Street and Public Building Lighting.**

The past year has seen a marked improvement in the lighting of many of the city's streets, particularly those adjacent to the San Francisco terminal of the bay bridge and the streets which have been widened and improved with W. P. A. labor. A number of the streets which have been widened in this way have been equipped with conduits and in some cases foundations for street lighting standards. It is to be regretted that the city's funds have been insufficient to provide cables and lighting standards, so that full advantage could be taken of the work already done by the W. P. A. On Market street west of Valencia, it was possible for the City to supply cables and lamps and thereby secure additional W. P. A. labor in making the installation. This resulted in much better lighting, with the latest type of lamps.

During the year ending June 30, 1936, the per capita cost for street lighting was 98 cents, the lowest in many years.

Several new tracts, opened for building construction, are being equipped with complete street lighting systems at the expense of the developer. In every case these lights are being deeded to the City before being taken over for operation at City expense.

### **Rapid Transit.**

Progress made on rapid transit during the past year has been unsatisfactory. In July, 1935 Messrs. Ridgway and Brahdy of New York, the most able authorities on the subject of rapid transit in the United States, submitted preliminary plans. This was followed by a more comprehensive plan prepared under the direction of the Public Utilities Commission and submitted in May of this year.

The bridge to Oakland was opened to automobile traffic on November 12th and will be used for train traffic not more than a year hence. Fast and comfortable service across the Bay will cause the exodus of a large

number of our people unless satisfactory local service is provided between the downtown area and the residential sections. The bridge terminal station will be constructed during the year. Definite determination must be made as to subway construction so that terminal and subway plans may be coordinated.

### **San Francisco Airport.**

San Francisco Airport is rapidly approaching the status of a world's major air base. With completion during 1937 of the seaplane base now under construction, it will be of international importance. Pan American Airways, largest air transport line in the world, will establish its Pacific Coast headquarters at our base, thereby permanently designating San Francisco America's aerial gateway to the Orient.

Work on the seaplane base has been progressing steadily during the year, and I most strongly urge that every effort be bent to secure its uninterrupted completion during the coming year. Recently, the first unit in a new appropriation from the Federal Works Progress Administration was given final approval. This will permit completion of the fill and grading work on the site. Construction of a 5500 foot dyke outside the present boundaries of the Airport, which will add about 45 acres of what is now tideland to the land plane port, is a part of the work to be undertaken immediately. Dredging of the channel at the seaplane base by the United States Army Engineers was given final approval last month after negotiations with the Rivers and Harbors Committee of Congress and the Chief of the Army Engineers in Washington, D. C. The Army Engineers have agreed to provide one-half the cost of dredging work and all future maintenance of the channel.

Extensive plans for future development of the Airport proper have been prepared. The federal funds that will be allotted are dependent upon Congressional appropriations for W. P. A. work throughout the nation.

In March of this year the new \$141,000 administration building will be completed. It will embody every modern convenience for passengers, airline and airport personnel. Other major improvements of the past year included the paving of runways and taxi strips, and the installation of new sewerage, water, drainage and lighting systems.

Transcontinental and Western Air, Inc. and American Airlines have indicated a desire to operate service to San Francisco Airport. A permit for these extensions must be granted by the Interstate Commerce Commission.

Traffic figures at our air terminal for the calendar year 1936 show decided increases over the previous year: passenger arrivals and departures (excluding through passengers) numbered 67,700, an increase of 38 per cent; air mail poundage "out," 503,300, an increase of 23 per cent; air express pounds "out," 392,700, an increase of 17 per cent; transport planes "in" and "out," 20,100, an increase of 23 per cent. At the close of the year 31 transport arrivals and 31 departures were scheduled at the Airport daily, with many "special sections" and itinerant planes.

It is apparent from these figures, together with the steady and rapid increase in air commerce during the past several years, that San Francisco will soon require air terminal facilities in addition to those of San Francisco Airport even though the latter is fully developed. Looking forward to these future requirements the Public Utilities Commission is engaged in the creation of a second airport on the shoal lands immediately north of Yerba Buena Island in San Francisco Bay. With the assistance of federal funds an area of approximately 400 acres is being reclaimed and buildings which will eventually be used for airport administration and hangars are being constructed. The site will be used during 1939 by the Golden Gate International Exposition and thereafter will be available for airport purposes.

A leading airplane sales and service organization, seven airplane

agencies and three flying schools are in operation at the San Francisco Airport.

### Office of the Treasurer.

The Treasurer has no discretion in handling the business of his office. His duties must be performed in strict accordance with law. All demands are promptly paid on presentation. Funds are always available to meet current expenses. That is the fundamental principle of credit. The credit of the City and County of San Francisco is unquestionable.

Cash received during the fiscal year \$75,128,246.53. Cash actually disbursed \$76,341,723.06. Total cash \$151,469,696.59. Interfund and departmental accounts, \$95,288,430.17. Interest earned on the deposit of public funds in bank, \$182,759.97. Cash on hand at the close of business June 30, 1936, \$27,007,920.45. Tax anticipation notes sold \$9,000,000. Some of these were sold at an interest rate as low as 13/100 of one per cent per annum.

Inheritance tax collected for the State of California \$1,358,217.65. Commissions earned and fees received for collecting the tax and deposited in the general fund of the City and County, \$13,589.65. Inheritance tax is not a City and County function, but the State law provides that the County Treasurer must collect the tax. The State allows certain fees and commissions for the collection.

Total office expense including salaries, insurance fiscal agency, stationery, printing, telephone, telegraph, contractual services, and every other item, amounted to \$53,095.61. Office earnings independent of City and County business \$13,589.65. Total cost to the tax payers of Treasurer's Office \$39,505.96. It costs approximately 25c to handle \$1000 of actual cash in the office. Interfund accounting is not included in this cost.

The National City Bank of New York is the designated Fiscal Agency of the City and County of San Francisco to pay bond interest and redemption to eastern bondholders. The bank paid in bond redemption \$2,499,000 and interest \$3,641.425.

The Treasurer is the custodian of the securities of the Retirement System which amounts to \$16,711,925.

The Treasurer is also by virtue of his office the Treasurer of the Islais Creek Reclamation District located in the City and County of San Francisco.

### Parks.

Improvements to the park system of our City have been extensively undertaken during the past year by the Works Progress Administration.

Probably the most notable, to the average San Franciscan, is the paving of Main Drive in Golden Gate Park, from the Panhandle entrance at Baker Street to the Beach.

The alteration and modernization of a crossover road from 19th Avenue in the Sunset district to 25th Avenue in the Richmond district, is also one of the outstanding improvements undertaken by this Federal Department. It is expected that this road will be completed and in operation in time to serve as an auxiliary approach road to the Golden Gate Bridge. It is separated from the Main Drive traffic of the Park by a modern crossover bridge, which our Grand Old Man of the Park, "Uncle John" McLaren, will effectively beautify with appropriate landscaping.

New meadows of many acres in extent are being graded, soiled and planted in order to give athletically-minded San Franciscans more open spaces in which to recreate.

Over eight thousand seats for spectators are being installed at the old polo field in Golden Gate Park in order that this ever-popular spot may accommodate, in comfort, all who desire to witness the sport activities assigned to this recreation center.

Zoo improvements at the Herbert Fleishhacker Playfield, designed during the past year to give San Francisco an up-to-date zoological garden, are progressing favorably. It is hoped that, by summer, they will be completed to the point of housing and exhibiting animals already acquired for our greater zoo.

Many of the old play areas in the smaller parks and squares have been modernized—tennis courts resurfaced and facilities created for safer and better play.

Parking space for automobiles has been almost doubled at Marina Park to meet the needs of the thousands of San Franciscans who daily visit that locality.

Work on the Aquatic Park is progressing satisfactorily and it is hoped that the public bath house will be completed within the coming year.

Construction work at the Palace of Fine Arts has now reached a stage in its restoration, where no concern need be felt for the final and ultimate rehabilitation, in its entirety, of this classic structure—the sole surviving architectural memory of our splendid Exposition of 1915.

In short, our park system has been greatly benefited by the generosity of the Federal Government. While this work has been in the nature of relief to our people, it also created for our citizens of the present and the future wholesome and healthful recreation facilities, which are a lasting and permanent benefit to the community.

### Recreation Department.

Nineteen hundred and thirty-six marked the thirtieth year the Recreation Department has served the people of San Francisco. Personnel under this Department numbers 341. The Commission has jurisdiction over approximately 250 acres in San Francisco, and 200 at Camp Mather, Tuolumne County, and supervises 80 units, as follows: 38 playgrounds and centers; 21 schoolyards; 2 open-air swimming pools; 8 gymnasiums; 1 warehouse; 1 mountain camp; 9 playground sites.

During the year four new play areas were developed for the citizens, as follows: Cabrillo Playground, Clement Tennis Courts, Noe Valley Tennis Courts, and Dolores Horseshoe Links. The Commission continued to purchase land for playgrounds in the following districts: Bay View, Corona Heights, Eureka Valley, Haight-Ashbury, Sunset, and Upper Noe Valley.

The department received, through cooperation of the Mayor's office, invaluable aid from the government under its W. P. A. program. This extensive work included the erection of two community buildings, major improvements and developments at 15 grounds, and the erection of a pier, boat house and swimming facilities on San Francisco Bay. Development work proceeded on the following sites: Bernal, Crocker Amazon, Gilman, Ingleside, Ortega, James D. Phelan Beach, Potrero Hill, Angelo J. Rossi, and St. Mary's.

The year was marked by a decided increase in attendance at playgrounds, and also at the municipal camp. The total increase very nearly approached 300,000. Each of the following departments felt the increasing popularity of activities in its own field: athletics, drama, music, swimming.

Elaborate plans were formulated by the Superintendent, with the Commission's hearty encouragement, for the Pageant of Youth, an Exposition of Recreation at the Golden Gate International Exposition, San Francisco, 1939. The Pageant of Youth will bring together boys and girls from all over the world to vie with each other in friendly rivalry on the field of sport as well as in intellectual and artistic endeavor. It will show the enormous strides made in providing adequate and diversified programs for the youth of all countries.

The department placed emphasis on its director-at-large plan, and expanded its work in bringing about reduction in juvenile delinquency by cooperating in the organization of eight district councils under the Executive Coordinating Council.

The Mountain Camp at Mather was enlarged to take care of 300 guests daily. Additional facilities were absolutely necessary as hundreds of families had been refused reservations owing to lack of space last year. The Department of Public Health inaugurated an annual inspection of the Camp.

The Commission appreciated the continued cooperative relations between various City departments. Mutual relations between the Commission and the Board of Education were shown in May, 1936, when recreation land in the Ingleside Playground site, formerly the County Jail, was transferred for the San Francisco Junior College site.

### Board of Permit Appeals.

Ushered in with the New Charter, the Board of Permit Appeals has functioned for four and a half years. During 1936, the Board heard 102 cases. It has given adequate hearings to all interested parties, besides according thoughtful consideration to all appeals; endeavoring, in each instance, to satisfy to the fullest possible extent, within the bounds of its authority, all who came before it.

Several important building projects have been speeded during the year, by decisions of this Board, thereby furthering the re-employment program of the City, so necessary and beneficial to our return to normal conditions. The Board of Permit Appeals has justified its existence.

### City Planning Commission.

Charter Section 116 makes it the duty of the City Planning Commission to make, maintain and adopt a Master Plan for the physical development of San Francisco, which plan shall make recommendations for all its areas.

It is evident that if San Francisco is to progress along orderly lines and make adequate provision for future growth, a Master Plan must be developed and adopted. Expenditures for municipal improvements could then be accurately budgeted over a period of years, and costly duplications averted.

Charter Section 117 relates to the zoning of properties and Building Set-Back Lines thereon. These provisions are being substantially carried out. A study made this year of the Zoning Ordinance adopted in pursuance to this section of the Charter, indicated the need of several amendments thereto. A new Ordinance has been drafted. It now remains to be checked and transmitted to the Supervisors for action.

During the course of studies of proposed revisions to the Zoning Ordinance, several obsolete zoning ordinances dating back to 1901 were found to be still in effect. In April of this year the Commission recommended to the Board of Supervisors the repeal of these ordinances.

The Commission-sponsored W. P. A. Land Use Survey of San Francisco will be completed within the next six months. It will show the trend of growth during the past fifteen years since the inception of our Zoning Ordinance. This survey will point out the necessity for making wholesale changes in the plan of the zoning structure. Changes will have to be made to conform to the normal growth and provide adequately for that anticipated. Additional industrial areas must be made available.

Seventy-nine petitions proposing changes in the zoning classification of properties were filed this year as compared with fifty-one for the corresponding period of last year, or an increase of over fifty-three per cent.

Four requests for modification or establishment of Building Set-Back Lines were filed during the year. The Commission, on its own motion however, and in compliance with the Charter, established building set-back lines on some two hundred blocks in the Sunset and Parkside districts, thus completing a constructive work in this important residential section of the City. There remain other sections in which set-back lines should be established and it is hoped to do this during the coming fiscal year, if funds allow. The Commission has also established

set-back lines on streets that are to be widened. New buildings are set back to the proposed new street line, thereby saving the City considerable expense in moving the buildings when the actual widening takes place, typical examples being Lombard street, from Lyon street to Van Ness avenue and Nineteenth avenue from Lincoln Way to Sloat boulevard.

Charter, Section 24, provides that no permit or license affected by the zoning or set-back line ordinances shall be issued without the prior approval of the City Planning Commission. The Bureau of Building Inspection and the Fire Department have complied with this requirement. During the present year 7,032 Building Permits have been approved by this Department. This number represents a substantial increase over last year. Many of these permits necessitate investigation before approval. It is planned to confer with other Departments of the City and secure like collaboration as to permits or licenses they issue.

The Charter also requires the Department of Public Works to submit all new subdivisions or replats of land to be laid out in building lots to this Department for recommendation. San Francisco has not adopted any comprehensive legislation regulating the sub-dividing of land and in consequence of this, little can be done to regulate the manner in which new developments of un-subdivided areas can be governed. The result is that property is still being divided into twenty-five foot lots and street layouts in these areas are not in conformity with the connecting street systems.

It is proposed to make an exhaustive study of sub-division regulations in other cities, with the intent of preparing legislation for sub-division control, applicable to the present and future conditions in San Francisco.

#### War Memorial Trustees.

Justification for the investment of the citizens of San Francisco in constructing the War Memorial group of buildings was never more apparent than during 1936. The War Memorial in this City is unique. Monuments commemorating the World War and honoring the Veterans who participated therein have taken various forms throughout the world but perhaps none of these nearly approach the actual usefulness of these buildings. The activities in the Opera House, the Veterans' Building and the San Francisco Art Museum during 1936 reached proportions scarcely anticipated by the founders.

The outstanding achievement in the Opera House naturally is the recently concluded grand opera season, which according to the press and to the vast public which enjoyed the entertainments, has been acclaimed the finest opera season ever given in the West and flatteringly comparable to the seasons in New York and world famous European opera centers. Eleven operas were given in the subscription series. A newly conceived series of Saturday popular operas found much commendation, and four extra performances, all of the same high standard and plane, drew capacity audiences. In fact, the opera season record speaks for itself. There was not one empty seat at any of the seventeen performances presented.

Earlier in the year and equally notable was the season of three weeks of popular priced operas presented by a traveling company of very high merit, and including nineteen standard operas with splendid casts and productions, with a price range from 50 cents to \$1.00 for the best seats. This annual series proves to be greatly educational and is a boon to music lovers who cannot afford the higher prices necessitated in the regular season.

The San Francisco Symphony Orchestra made its reappearance as an Opera House attraction after a year of idleness, and under the gifted baton of the new conductor, Pierre Monteux, a season of ultra successful concerts immediately re-established this organization as one of the most popular symphonic groups in the country. Twenty-four programs were rendered to capacity audiences.

Again outstanding musical stars of world fame appeared in the Opera House, which you are again reminded is the only municipally owned and operated structure of its kind in the United States.

Last year a very important function for the Opera House was added to its activities. Through the courtesy of the Board of Trustees, the building was opened to the public high schools of San Francisco for graduation purposes, and this proved to be one of the most important of the Opera House functions.

The Veterans' Building last year excelled what was deemed a record year in 1935. Statistics compiled by the officials in charge of this building revealed that at least 20 per cent more activities occurred in the Veterans' Building during 1936 than in 1935. It is no uncommon thing to have twenty-five or more major meetings occupying the various lodge and meeting halls in this building in a single night, and it is not an unusual sight to find from 2000 to 5000 citizens availing themselves of the facilities of this building in a single day. During the last year the beautiful library and lounge (Green Room) in the Veterans' Building was permanently opened, and the high dignity and elegant atmosphere in this room have evoked a constantly growing interest among veterans and their friends who find therein the latest magazines, books, a piano, and such other attractions as intrigue many members of veteran organizations to enjoy its quiet simplicity every night.

The fourth floor of the Veterans' Building houses the San Francisco Museum of Art. Planned as an educational center, with important exhibits free to the public, and with free lectures and art courses for the study of art and its sources, it is intended to complete the cultural group in the Civic Center along with the Library and the Opera House; the institution devoted to art with the same high standards in that field as are established in the Opera House for music.

The Museum is a pioneer among American art palaces in that it is open evenings. Over 100,000 visitors availed themselves of the fourteen great galleries during the year, and some 24,000, interested in art, attended lectures and gallery talks. Five hundred and seventy free lectures were presented, and 115 meetings for special study groups. Ten national exhibitions, 52 smaller exhibitions, and 15 exhibitions of solely local art work, were given during the year.

The Board of Trustees of the War Memorial contracted, during the year, for the complete re-planting and re-decoration of the court and gardens surrounding the War Memorial buildings, and even now with the recent completion of this work it is obvious that the "Court of Memory" and the War Memorial grounds will speedily take their place among the most beautiful of San Francisco's notable landscaping achievements.

The War Memorial buildings form an abiding tribute to all American veterans. San Francisco's justly admired Civic Center is greatly enhanced by the graceful architectural lines of these buildings and the beauty of their adjacent grounds. The War Memorial is operated by a Board of eleven Trustees.

### Art Commission.

During the past year the Art Commission has continued to play a most important part in the cultural, esthetic and practical accomplishments of the municipality, giving careful and considerate attention to the numerous problems confronting them.

The average layman does not realize that even a lamp post cannot be erected on City property until its design has been approved by this Commission. Last year, submissions too numerous to mention ranged from a small bronze plaque to the design for the \$150,000 renovation and acoustical improvement of the Civic Auditorium.

The number of submissions does not tell the whole story. Experience led to many improvements in procedure, all in the direction of greater thoroughness and better cooperation between the various

Committees of the Art Commission, especially the Committees on Architecture, Painting and Sculpture, the City Departments, as well as the Works Progress Administration and the public in general.

The year 1936 saw the Music Tax Subsidy established by the Charter Amendment. Indeed, San Franciscans are indebted to this fund, for the reorganization of their famed Symphony Orchestra. Thousands of our fellow-citizens had the benefit of hearing a great series of Municipal Concerts, with the San Francisco Symphony Orchestra and internationally famed soloists. These events were offered to the public at prices within the reach of all. The enthusiastic response of the music loving public of our City to these municipally-subsidized concerts is noteworthy.

The Municipal Chorus, whose number has greatly increased in the last year, participated in several concerts with the Symphony and took active part in musical events in the Opera House. Besides the concert activities of the Chorus, there have been given by the director, free courses in ensemble singing and voice training.

The Municipal Band continued to give outdoor concerts all year in the public squares and parks, as well as concerts for the "Shut Ins" in the City's Hospitals, Laguna Honda Home and Hassler Health Farm.

With the approach of the Golden Gate International Exposition, the judgment, discrimination and creative ability of each member of the Art Commission will be constantly in demand. I am sure San Franciscans will lend full cooperation and support to this Commission.

#### San Francisco Museums.

The year 1936 was a very successful one in the development of the two municipal museums of San Francisco. Over 1,000,000 people visited the California Palace of the Legion of Honor and the M. H. de Young Memorial Museum.

The most conspicuous event was the exhibition of paintings and drawings by the great Dutch 19th century painter, Vincent van Gogh, held in the California Palace of the Legion of Honor in May. The exhibition, which contained some of the foremost works by the master assembled from European collections, had previously been shown in several leading American museums in the East. Wherever it appeared, it met with extraordinary public response. Nowhere, however, did the attendance figure reach the amazing height as in San Francisco. No less than 227,540 people visited the exhibition during the 35 days it was on view, thereby doubling the next largest figures of the New York and Boston showings. The tremendous success of this exhibition in San Francisco is indeed one of the best signs of the growing art interest in our City. Other successful exhibitions likewise held in the California Palace of the Legion of Honor were one of Contemporary German Water-colors and one of California Paintings from 1850 to the present day, as well as some private collections of old and modern masters. The exhibition activity in the M. H. de Young Memorial Museum was somewhat handicapped by the extensive work of reconstruction going on there, which consumed most of the time of the staff and most of the funds available. Nevertheless, a number of smaller loan exhibitions, featuring early East Indian art, Pre-Columbian Art from Central America, old and modern Japanese wood prints, European and American contemporary prints, photographs, etc., provided interesting material throughout the year.

In the California Palace of the Legion of Honor the outstanding collection of French 18th century paintings and decorative arts, donated in 1927 by Mr. Archer M. Huntington, has been newly installed in three galleries of the east wing, with the result that the superb material is now more clearly separated according to period and style and thereby more adequately presented for study and enjoyment. Several important works of art have been added to the permanent collection of the museum. Mr. and Mrs. H. K. S. Williams of Paris, who through numerous donations have shown in the past a very active interest in

the museum, have again generously donated four fine paintings. They are: a man's portrait by Spain's greatest painter, Diego Velasquez; a portrait of the Earl of Pembroke by Anthony Van Dyck; a group portrait of three children by Cornelis de Vos; a large and exceptionally fine still life painting with figures by Frans Snyders—the last three all of the Flemish School of the 17th century. A beautiful bust of a man by Antoine Houdon, the greatest French sculptor of the 18th century, has been acquired for the Archer M. Huntington Collection from funds provided by the donor. Mr. Huntington also gave a fine painting by the renowned American painter, Childe Hassam. Finally, the museum succeeded in acquiring a magnificent painting of the Virgin and Child by the important Florentine Renaissance painter, Fra Bartolommeo. The permanent collection of the M. H. de Young Memorial Museum also was enriched by valuable additions acquired from funds left by the late Mr. M. H. de Young. Among them were two well preserved wings of an altarpiece by the Florentine 14th century painter, Bicci di Lorenzo, several early California portraits, a precious early Chinese bronze vessel, and various other smaller items. Most important for the development of the M. H. de Young Memorial Museum was the work, now nearly finished, of reconstructing and re-decorating the west, northeast and central wings of the museum. This project, carried out by the W. P. A., includes the completion of three new galleries in the central wing, which have since been installed and opened to the public. In the west wing a large section of galleries has been built for the display of Californians, from furniture and dresses to historical engravings and documents. Fine new rooms for ship models and war material have also been provided there. In the northeast wing 16 excellent galleries, each individually decorated in keeping with the objects there to be displayed, have been built for the Far Eastern, South American, Central American and North American Indian departments, the permanent loan exhibition of the Society of Colonial Dames of America, for textiles, plaster reproductions of famous sculpture, etc. The installation in both the west and northeast wings is steadily progressing and their opening to the public is planned for February 1937.

The educational activities of both museums have been advancing most satisfactorily, the response of schools and the general public to lectures, radio talks, etc., by the museum staff having again increased considerably.

In brief, the year 1936 has been a most fortunate one in the development of our two City museums.

### San Francisco Public Library.

This Department reports great activity and accomplishment during the past year. The circulation of books for home use and those used for reference and research purposes at the main library and branches amounted to approximately 9,000,000 volumes.

Public libraries today are entering an ever widening field of activity and may be justly considered one of the most significant agencies of education. Bearing this in mind, I felt it expedient to increase the appropriation for this department from \$424,092 to \$454,360 for the present fiscal year. With this amount the library was able to replace all worn out material and buy new books for the main library, twenty-one branches and six deposit stations. Provision was also made for the adjustment of salaries of a number of librarians who for the last four years were filling positions at a lower salary rate than the positions rated.

With the extra money allocated, binding has been brought up to date and a large collection of pamphlets was bound in permanent form. In this way, a considerable amount of useful material is made durable and readily accessible to the readers.

Many needed improvements and repairs were made on the main library and branch buildings. The Richmond and Mission branches, two of the largest in the system, have been renovated extensively. The

children's rooms have been enlarged, staff quarters made more comfortable, and work rooms improved. These renovations and repairs not only made the branches more attractive but also made it possible to serve more effectively the large number of people who use them in these districts.

Realizing the great need of more branches, it was my pleasure to recommend that four be added to the library system. The one in Visitacion Valley has been in operation for a year. The Parkside, West Portal and Bernal branches were opened during the first part of this year, with a model collection of five thousand volumes in each. These branches were used to such a great extent that the collections soon proved inadequate and it was necessary to supplement them with additions of new books as well as many volumes from the main, duplicate collection. The circulation at each branch shows a steady increase and reference collections are used constantly by the school children as well as the adults.

In order to beautify the Bernal district, as well as to give it a building commensurate with its needs, I recommended that \$42,000 be set aside from Federal funds for a permanent branch building. This branch library is to be built in conjunction with a playground and will make one of the most beautiful district centers of the City.

A similar amount has been set aside for a branch building in the West Portal district. It is to be situated on a lot transferred from the School Department on the west side of the entrance to the tunnel. When completed, this building will also be a model library, both as to beauty and utility. Mr. Frederick Meyer was appointed architect of both buildings. The plans are at Washington, D. C., awaiting approval and as soon as this is given, work will begin.

We have received a number of requests for other extensions to the branch system, but it is impossible to grant any further requests until we are in a position to set aside additional funds for this purpose as it is possible to maintain only the present set-up on current appropriations.

Among the many gifts presented to the library during the year was an extensive collection of music from the George E. Lask estate. This will prove a valuable and useful addition to our music department. The late Mr. J. C. Cebrian left the library a bequest to be used for the purchase of books on Spanish literature. The Pan-American Society presented the library with a number of books relating to Pan-American subjects.

#### Chief Administrative Officer.

The administrative department of the City and County Government, under the direction of Chief Administrative Officer Alfred J. Cleary, has continued to show the progress so characteristic, since the installation of the Charter.

The Street Traffic Advisory Board has had many difficult problems before it, due to unusual traffic congestions resulting from the increased flow of traffic upon the completion of the San Francisco-Oakland Bay Bridge. Careful consideration has also been given to the traffic problems which will present themselves upon the completion of the Golden Gate Bridge.

As a result of the continued cooperation among department heads under the jurisdiction of the Chief Administrative Officer, the administrative departments have continued during the past year, to function economically.

#### Department of Finance and Records.

This Department includes the functions and personnel of the offices of the County Clerk, Recorder, Public Administrator, Registrar of Voters, and Tax Collector. The Director acts in a supervisory capacity over the functions and personnel of the five offices as recited above.

### Tax Collector.

Tax Collector Edward F. Bryant reports that real estate and secured personal property taxes collected from January 1st to December 5, 1936 amounted to \$27,831,733.39; unsecured personal property taxes of 1936, July 1st to December 5th, \$959,824.78; Sunset tunnel Assessments, (last installment was due April, 1934), \$556.98.

In the Tax Redemption Bureau, property redeemed, \$851,389.47; installment fund payments, \$88,506.37; total, \$939,895.84.

The Bureau of Delinquent Revenue collected unsecured personal property taxes of 1935 and prior years and various delinquent accounts from other departments, \$130,000.40; for the Sonoma State Home and Spadra, \$9,569.95; for Delinquent License Bureau accounts, \$5,468.46; for partial payments on unsecured personal property taxes of prior years, on deposit in bank, December 5, 1936, \$13,437.90; a total of \$158,476.71.

In the Bureau of Licenses, various licenses and inspection fees were collected, amounting to \$361,071.69. The total collections of the office were \$30,251,559.39; in the same period, 1935, \$29,052,523.19; the increase in collections over 1935 was \$1,199,036.20.

### Registrar of Voters.

The office of Registrar of Voters has been particularly busy during the current calendar year with an entire new registration of voters, checking nomination petitions and certificates of sponsors for candidates for two Primary elections, checking nine state initiative petitions and preparing and conducting three regular elections.

The registration of voters starting January 2, 1936 showed a total registration of eligibles to vote at the Presidential election 314,990, the largest registration ever compiled by this department. In addition to these figures in excess of 22,000 persons were re-registered after changing residence. Also the registration clerks were called upon to issue over 20,000 certificates of registration and to notarize several thousand applications for Civil Service examinations. Also, in the operation of the old age pension act of California several hours of the clerks' time each day are taken in searching old records to establish age and residence in California.

A total of 11,600 names of electors were checked in the petitions of nomination of candidates voted for at the Presidential Primary in May, while for the State Primary in August declarations of candidacy were received from 276 candidates involving a checking of a total of 6,160 names of sponsors for such candidates. Also nine State initiative petitions presented to this office for examination contained in the aggregate 272,452 names to be checked, a truly herculean task.

The elections held during the current year with the registration and vote polled at each follow:

	<i>Precincts</i>	<i>Registration</i>	<i>Vote Polled</i>
Presidential Primary—May 5th..	1055	286,345	192,579
State Primary—August 25th.....	1055	297,362	149,199
General (Presidential) Nov. 3rd..	1055	314,990	269,387

At the general (Presidential) election the total vote polled was the largest in the City's history. Included in such total are 4633 votes cast by Absentee Voters which also is the greatest number of such votes cast in an election in San Francisco. In addition to the total number of absentee votes cast, there were sent 658 ballots to other applicants which could not be counted as they were either not returned in time, or were returned not in proper order, or were not returned at all. Included among the absentee voters are 965 sick or disabled at their homes, or in hospitals or institutions which require considerable time, detail and patience on the part of clerks, to which the sick are entitled.

There were 1295 voting machines used at the Presidential election and the remaining six machines were ready for instant use, should any

emergency arise or congestion warrant. In spite of the unprecedented vote and a long and complicated ballot, no trouble was experienced at any place nor was there any undue delay reported. Full returns were received from each of the 1055 polling places within three hours after closing of the polls at eight o'clock and a little after midnight a complete tabulation of San Francisco's vote was furnished to the public, the press and news agencies.

Contacting approximately 1000 places for rental as polling places for each election, and the selections, appointment and training of approximately 3300 election officers for each election also is a full time source of activity. This department has been most fortunate in the selection of election officers in the past, especially in view of the difficulty in obtaining competent help at the consideration of \$5.00 for an average of fifteen hours work. I consider this remuneration insufficient and trust, as conditions improve, that a proper fee will be allowed.

Before January 1, 1937 this office cancelled the registration and notified each by mail of such cancellation, of approximately 45,000 electors who failed to vote at the Primary in August and General Election. This operation meant checking of rosters of the two elections with the indexes and affidavits of registration for the same elections, which meant checking a total of 1,224,704 names.

The special election to be held in February called for considerable preliminary work, which greatly added to the volume of the Department's activities.

The budget allowance for this office for the fiscal year ending June 30, 1937, is sufficient I believe to carry to that date if nothing unforeseen occurs, although in the event of a special election, a supplemental appropriation must be made.

#### County Clerk.

On March 18th, last, Harry I. Mulcreavy, who had served the City and County of San Francisco ably for many years, as County Clerk, passed away. San Francisco suffers a loss in his demise. Robert Munson took up his duties for 90 days and thereafter, until September 29th, they were undertaken by Walter R. Castagnetto. Herman A. Vander Zee, having passed number one in civil service examinations for a successor to Mr. Mulcreavy, took office on the date named.

In the present budget, allowances were made for desirable changes in the office of County Clerk. These changes, which include an entire re-arrangement of the office, a new filing system and a complete photo-static equipment, are now being completed.

The number of civil suits filed reached 7,387 during the year 1936, to December 15th. In the probate department, 2,841 actions were filed. Marriage licenses issued, numbered 6,380.

Actions filed in the Criminal Department were 1,140. The County Clerk's fees in all departments for the period named, amounted to \$108,850.72. In the Law Library, fees collected reached the total of \$13,886, a total in all, of \$122,736.72.

#### Public Administrator.

The Public Administrator reports that the number of estates wherein he took possession, from January 2, 1936 to November 30, 1936 was 306; number of estates in which final accounts have been settled and allowed, 224; Administrator's fees collected and paid into County Treasury, \$23,665.91; attorney fees collected and paid into County Treasury, \$23,534.02; total fees paid into County Treasury, \$47,199.93; total cost of operation of office from January 2, 1936 to November 30, 1936, \$32,496.24; profit, \$14,703.69.

#### Recorder.

For the calendar year, 1936, Edmond Godchaux, Recorder of the City and County of San Francisco and dean of all County Officials, reports receipts of recording fees amounting to \$138,261.15; paid out for salaries during the year \$92,070; excess of receipts over salaries, \$46,-

191.15; papers, filed and recorded, 76,900. During the year, this department copied, free of charge for veterans and their dependents, for the United States and for this State and its political subdivisions, some 3,442 documents containing 18,034 folios.

The copying department of this office is overwhelmed with work. It is now behind more than 96,000 folios, due to heavy increase in recording during the entire year. The Recorder is doing his best to get abreast of this greatly increased volume of work. The figures for December, 1936, are estimated.

### Department of Electricity.

This Department continues to function under the direction of Chief Ralph W. Wiley. It manufactures, installs and maintains fire alarm boxes, police boxes and traffic control devices.

In 57 Fire and Police Department cars, radio receiving sets have been installed during the past year. There are now 1,505 boxes in the Fire Alarm System, 15 having been installed in 1936. Monthly tests of fire alarm boxes totaled 15,003. Signals Transmitted, 42,276.

In the Inspection Bureau, 15,524 applications were received, 41,101 inspections made. Installations approved, 13,385. Revenues from fees and other sources, \$55,141.59. Inspections of overhead line construction numbered 1,746.

In the machine shop, there were manufactured 26 fire alarm boxes, 22 traffic signals, 5 police boxes, 6 reflector units, 30 register tape reels and 1175 police keys.

Total expenditures amounted to \$160,665.33.

### Real Estate Department.

On August 22, 1936, the City and County of San Francisco entered into a lease with the San Francisco Bay Exposition Company covering the City's Yerba Buena Shoals property for the 1939 Exposition; and the building at the southeast corner of Bush and Stockton streets, San Francisco, as headquarters for the Exposition Company.

The City has awarded a lease to Pan American Airways Company, involving 36.88 acres at the San Francisco Airport, for a period of ten years, with the right of renewal for a further term of ten years.

On September 1, 1936, the District Attorney, Public Defender and Adult Probation Department moved from 333 Kearny street into the 7th and 8th floors of the building at 550 Montgomery street, under lease from the Bank of America at a rental of \$880 per month. About 29 acres of City land at the northeast corner of Ocean and Phelan avenues have been set aside as a Junior College site. The Crystal Springs Country Club has leased the Golf Club property of the San Francisco Water Department in San Mateo County. About 50 lots have been purchased for various playgrounds and for Mission High School at a total cost approximating \$150,000.

Negotiations are being carried on for the acquisition of property required for Richardson avenue in the Marina District and for the widening of 19th avenue. The total estimated cost of land and relocation of buildings in connection with these projects is about \$1,200,000. This expense will be paid from the  $\frac{1}{4}$  Cent Gas Tax Fund. Land is also being purchased for the widening of Army street west of Bryant street.

Purchase of land for Sunset Reservoir and easements for Crystal Springs Pipe Line No. 2 will be completed in the near future. All lands for the McLaren Park Roadway and for the widening of Parker avenue have been acquired. The City Attorney has been requested to prepare a condemnation suit for the acquisition of the remaining lot required for the Castro-Divisadero Divisional Highway.

I am pleased to note that the revenues from the use of the Civic Auditorium for the last fiscal year were in excess of those of any previous year.

### Department of Public Works.

Certainly, no department in the City Government has been confronted with greater or more intricate problems during 1936 than the Department of Public Works. A large program of work has been accomplished, without undue delay.

The High Pressure fire system extension programs under the 1933 Bond Issue of \$2,000,000 has advanced to practical completion, there being a balance of only \$200,000 to be expended, involving four small contracts approved by the Fire Department on electrolysis investigation to determine the destructive effect on underground structures, and the removal of the pipe yard maintained on leased property at Sixth and Hubbell streets during construction to smaller quarters for maintenance and supplies, on City owned property on Jerrold avenue.

Nineteen new modern storage cisterns have been completed under four contracts as well as twelve pipe line contracts which have all been accepted for operation by the Fire Department.

The Bond Issue of 1933 provided \$2,635,000 for new sewers and a sewage disposal plant to abate contamination and pollution on our beaches. In 1936 contracts have been awarded aggregating approximately \$1,000,000 including Marina Pumping Plants A and B, Marina North Point Sewer; Alemany No. 2 and Alemany E, as well as the Richmond Sunset Tunnel now under construction and which will carry sewage from the Richmond District to the Sewage Disposal Plant in Golden Gate Park for treatment.

Plans and specifications for the Golden Gate Park disposal plant are practically complete. This plant will cost approximately \$550,000. It will be equipped with the most modern and efficient facilities available and will be completed and ready for operation in the latter part of 1937 and at which time the entire bond program will simultaneously be completed.

In addition to this bond program new sewers in Anza street from Arguello to Parker avenue, Iowa street and Sea Cliff avenue, have been installed at a cost aggregating \$11,000.

Expenditures on the school program from bond funds during the year aggregate \$506,000, and include auditoriums for the following schools: George Washington, Aptos, Marina Jr. High and Glen Park. Diversified work performed on other schools throughout the City during the year aggregates \$69,500.

Architectural appointment has been made to develop preliminary plans for the new Junior College group of buildings to be located on the old County Jail site at Ocean avenue and Balboa Park.

Street and highway projects, completed and under way have established an outstanding record in the improvement of vehicular areas within our County. This work has been speeded and stimulated by increasing vehicular traffic area demands, increased considerably by the opening of the East Bay Bridge, and to be expanded by the opening of the Golden Gate Bridge in May.

Secondary highway contract expenditures for the year approximate \$314,000, which includes work on Sloat boulevard, Skyline boulevard connection, Richardson avenue and San Jose avenue, from Sickles to Bepler streets. In addition to this amount expended for construction work, expenditures from the first  $\frac{1}{4}$ c gasoline tax for property acquisition on Nineteenth avenue, San Jose avenue and Lombard street, contemplating widening of these thoroughfares, aggregates \$678,000.

The second  $\frac{1}{4}$ c gasoline tax funds for improvement of streets of major importance, augmented by P. W. A. grants have financed street widening projects aggregating \$603,556 on the following streets: Fifth street—Mission to Harrison; Eighth street—Market to Townsend; Harrison street—Embarcadero to Fifth; Anza street—Arguello boulevard to Parker avenue; Sixth street—Market to Townsend; First street—Market to Harrison; Folsom street—Embarcadero to 10th; Steuart street—Mission to Harrison; Spear street—Howard to Embarcadero; Fremont street—Market to Harrison; Beale street—Market to Embarcadero; Bryant street—

2nd to 5th streets; California street—Presidio avenue to Arguello; Seventh avenue—Lincoln Way to Lawton; Eighteenth street—Guerrero to Danvers; Battery street—Market to Embarcadero. Improvement of other streets from 1c gas tax funds under budget appropriations approximates \$125,700 covering important and necessary work in different sections of the City.

The Parker avenue slide area is receiving the necessary preliminary studies prior to needed engineering and construction work at a later date and as field data and information being gathered indicate. Ground borings under contract are under way and the results of same as well as other studies in progress will permit intelligent appropriations for construction in the 1937-38 budget.

The Lyon street approach to the Golden Gate Bridge under joint jurisdiction of this department and the W. P. A. is well in hand. Complete construction schedules have been established, fortified by a fully coordinated procedure in which every phase of the work involved has been considered, and unless unforeseen obstacles occur this approach should be completed by May 1, 1937. All bureaus of the department are functioning smoothly, and within budget appropriations.

The Bureau of Building Repair, in addition to the proper expenditure of funds provided for the maintenance and repair of our public buildings and for specifically budgeted improvements, has also performed work aggregating \$32,163 on work orders from the Board of Education, War Memorial Trustees, Library Trustees and others.

The Bureau of Building Inspection continues to operate efficiently, despite the ever increasing volume of building construction throughout the City requiring the proper inspection service.

To portray the phenomenal growth of building activities during the past year and to indicate the tremendous increase that has taken place, it is sufficient to cite a comparative statement for the first 11 months of 1936 as against a like period in 1935 as follows:

	<i>No. of Permits</i>	<i>Estimated Cost</i>
1935 .....	5,387	\$10,118,709
1936 .....	7,434	19,927,148

A greater number of permits for expensive residences is noted than in any year since 1929.

### Department of Public Health.

General health conditions, on the basis of impressions gained from available vital statistics, are less satisfactory for 1936 than for 1935. The crude death rate for San Francisco is definitely higher than for 1935 (12.8 as compared with 12.3). Notable increases in both heart disease and cancer have occurred. The infant mortality rate, referred to frequently as "the most sensitive single index of the public health," has likewise risen (from 35 to 41). The important increases in this age group of less than one year include enteritis and bronchopneumonia. In one institution alone, of a group of some twenty-eight children affected, six deaths resulted from enteritis. It is unfortunate, in this particular instance, also, that the Department of Public Health was not informed of the situation during the outbreak, a circumstance which denied the official local health authority the opportunity of studying the epidemiology of the outbreak. It is believed that this one incident played a definite role in the increased mortality rate among infants. As to morbidity, the total reported cases of all reportable diseases approximate 20,000, the increase being mainly in measles and scarlet fever. It may be of interest to note that, again, as for the past several years, scarlet fever and infantile paralysis together, considered usually as major or more-to-be-feared communicable diseases, have been responsible for no more deaths than measles and whooping-cough, more frequently thought of as minor or less-to-be-feared communicable diseases, even perhaps "the sooner over with, the better."

Child health activities, including public health nursing, were con-

tinued without interruption, and indeed even with a slight expansion. There is definite need for further augmentation of existing personnel, however, which will permit of the extension of child health activities to meet existing needs in the schools and in certain areas in the City, and it is hoped that this will be possible during the coming year, also. Mere figures express only quantitative values and do not present any other aspect of the true values of the classifications. It may be of interest, however, to set forth a brief statement of the extent of the work carried out in the child health services: 40,000 school children examined by physicians; 6,000 vaccinations against smallpox administered; 4,000 immunizations against diphtheria administered; 7,000 tuberculin tests made; 35,000 children given dental care; and 116,000 home visits by public health nurses, in addition to 3,800 demonstrations by public health nurses and their assistants in 90,000 examinations carried out in health centers and schools by physicians.

In the Technical Section of the Department, improvement of service was permitted, also, through added personnel and new equipment. Required by the State of California Department of Agriculture, Bureau of Animal Industry, for the continuation of a State approved meat inspection service, eight additional abattoir and meat inspectors were employed, in addition to the regular permanent staff. Additional inspectors were put in the field on dairy inspection and in cooling-skimming stations located outside San Francisco, also.

A reorganization of the laboratories of the Department, with the assistance of the Consultant to the Laboratories, has been of material benefit in the work accomplished by this important service. The work of this unit, and of the Department as a whole, will be improved when the laboratories are moved from their present location at the San Francisco Hospital to the Health Center Building, as originally planned.

The effectiveness of the work done by the Division of Industrial Hygiene was enhanced by the purchase of new equipment permitting study of the carbon monoxide problem, the noise nuisance, and the dust hazard. Noise, as a public health and engineering problem, has received no little attention in recent years in the larger cities of the world, notably New York City and London. In San Francisco, also, the importance of noise abatement has been recognized, even to the extent that a permanent group was organized during the year to encourage the reduction and elimination of unnecessary noise.

The municipal housing survey, as conducted by the Works Progress Administration, is being completed, so that the information compiled may be made available for planning for future programs. Condemnation of buildings found to be hazardous to the safety, health and welfare of the occupants and of the community has proceeded through the year at regular intervals.

In the Institutional Section of the Department, the San Francisco Hospital, without additional funds thus far, has provided care for approximately 60 patients per day above the number on which the budget for 1936-1937 was based, and approximately 100 more than during 1935-1936. The moneys required have been secured from intra-departmental transfers, but supplementary appropriations will be necessary, probably before the end of the current fiscal year. The financial needs of the San Francisco Hospital, as in other institutions in the Department, have been appreciably increased because of the rising costs of materials and supplies in addition to the increased average daily census previously mentioned. More than 14,250 persons were admitted to the San Francisco Hospital, and these received more than 370,000 days of hospital care. The City Physicians, in their work of providing domiciliary care, made 13,000 visits to patients in their homes. The Social Service Division, responsible for the determination of eligibility of persons to care in the public institutions, studied more than 30,000 applications.

In the Laguna Honda Home, due probably to the availability of the

old age pension to those eligible and not institutionalized, the average daily census has been lower during the year than during 1935 (1915 as compared with 1975). The migration of patients from the home back into the community has resulted also in a need for additional personnel, since many of those leaving the home have served in various capacities as "inmate help," and this work cannot be carried on by those remaining, as they are usually physically handicapped. A fact not often realized, too, involves the changing character of the institution: While heretofore the home-for-ambulatory-patients has been the predominant type of care provided, the trend during recent years has been toward the hospital-for-chronically-ill-patients as the important service. This, obviously, calls for a more extensive medical-nursing personnel and organization.

The bed capacity of the Hassler Health Home was increased early in the year from 82 to 88 beds. Better coordination of services within the Department has resulted in a marked reduction in a loss of patient days, in this unit, due to unfilled beds. This institution serves one of the most important needs of the Department in providing facilities for the preparation of the tuberculous patient to re-enter the community.

The Emergency Hospital Service, available at all hours and on all days, gave first aid attention to nearly 65,000 persons. More than 32,000 ambulance calls were made, including transfers among the three institutions. It is worthy of note that the Emergency Hospital Service, accustomed to meeting the demands of large celebrations and other gatherings, did a particularly fine piece of work during the three days' Bridge Celebration in November of 1936, when nearly one thousand persons were treated and more than four hundred ambulance calls were made.

Important legislation passed by the Board of Supervisors affecting the activities of the Department includes the ordinance regulating the traffic in salvaged foods and that setting up meat inspection fees as required by Section Twenty-four of the New Freeholders' Charter. The proposed Health Code, before the Board of Supervisors at the present time, after many months of study by the Works Progress Administration, when finally passed in revised form, will meet many needs that have been presented to the Director of Public Health.

Scientific publications during 1936, prepared by the Director of Public Health and certain of his subordinates, have attracted not a little attention in the medical profession. Among the publications by the Department staff were: "A survey of Heart Disease Morbidity in San Francisco"; "Poisoning Due to the Ingestion of a Mixture of Sodium Bicarbonate and Sodium Fluoride"; "Poisonous Substances in Food, Particularly Spray Residue on Fruits and Vegetables," and "Handbook of Accepted Remedies, Symptoms and Treatment of Poisoning, Diagnostic Procedures and Miscellaneous Information." A manual of public health laboratory and procedures has reached its third draft and may be published during 1937.

### Juvenile Probation Department.

Chief Probation Officer R. R. Miller, in his report, shows that during 1935-1936, a total of 1,289 new cases passed through the Juvenile Court. There were 3,364 children in its care during that period. The Detention Home cared for 1,765 children as against 1,742, for the year previous.

From the budget allocated for 1935-1936, \$550,000, the actual expenditure was \$543,951. Reimbursements from the State, parents and other sources totaled \$187,703. Cost of State School commitments was \$16,002, out of \$17,500 allotted to this Department.

### County Welfare Department.

The County Welfare Department has the administration of old age pensions, of aid to the blind, and half-orphan aid to children living

with their widowed mothers, under State laws governing each type. Since the passage of the Federal Security Act and the federal government's acceptance of the California plan, the cost of this assistance is met in part by the federal government, in part by the State and in part by the County. Under the old age pension system and the Blind Aid Act, the County and State share equally that part of the amount granted which is not covered by Federal subsidy. Under the Half-orphan Aid Act the State bears a larger share, the County bearing 45 per cent.

The provisions of the Federal Security Act have reduced the residence period within the State for all three types of aid, thereby increasing the eligible list. The aged and the blind must have resided in the State five years during the last nine, in order to be eligible for aid; under children's aid one year's residence within the State is necessary. The State Legislature, at its emergency session in May, passed a number of very constructive measures concerning old age security, and made mandatory the payment of \$35 in each case providing no other income was available; in other words, each person drawing old age pension must have at least \$35 a month either in cash or kind.

Under old age security, the active case load of the City and County of San Francisco is 4531 cases, for October, 1936, the expenditure being \$148,639.50, and the average allotment being \$32.87 per case. The increase may be seen by comparison with figures of October, 1935, which show 1955 cases with a total expenditure of \$55,884.33 and an average of \$28.58.

The blind on aid in October of this year numbered 287, the expenditure being \$11,553, and the average \$40.18. There were 268 blind cases in October, 1935, the expenditure was \$8,917, and the average was \$33.20.

Aid to dependent minors this year reached 497 families, embracing 1124 children, the expenditure for the month being \$20,892.65. Last year's comparative figures were 461 cases involving 1066 children, at a cost of \$19,699.47.

In the expenditures this year the federal government participates up to \$15 where at least \$30 is being granted, for each old age pensioner and each blind recipient of aid. Of half-orphan aid the federal government pays \$6 for the first child in receipt of aid where the amount granted is at least \$18 and \$4 for each succeeding child where the amount granted is at least \$12.

Federal participation has reacted very favorably on many of those receiving aid. Faith in the whole movement of public maintenance has been considerably increased. Many who hesitated to ask earlier—this especially applies to the aged—felt quite free to ask for help as soon as there was federal participation, though they were eligible long before the federal government had entered into cooperation with the State and County.

Of necessity the staff of the County Welfare Department has been greatly augmented. To the 21 permanent workers of a year ago, 10 new social workers have been added and 4 permanent clerical workers. The City government has allowed the department an additional staff of 29 temporary employees until January 1st.

#### Coroner.

Dr. T. B. W. Leland, Coroner of the City and County of San Francisco, reports that from January 1, 1936, to November 1, 1936, he has had a most busy period.

Number of cases handler, 2197; inquests held, 2197; jurors summoned and serving, 929; autopsies performed, 1525; pathological examinations, 1472; toxicological examinations, 7824. Many recommendations have been made by the juries bearing evidence of constructive criticism and promoting accident prevention. These jurors are carefully selected and are of an exceptionally fine type of San Francisco citizenry. Suicides: 171, as compared with 180 for the similar period in 1935, a

decrease since the end of the depression. Motor vehicles deaths to date show a slight decrease. This is most satisfactory, as conditions conducive to an increase have been present, and there has been a general increase in the rate throughout the United States. An increase is reported this year, over last, in the number of motor vehicle deaths among children under 15 years of age. In this group no death occurred to school children going to or coming from school or in zones patrolled by schoolboy traffic officers. Falls continue to lead in the cause of death—161 this year, as compared to 139 in 1935. Occupational fatalities have decreased—41 last year; 39 this year. Homicides have decreased. Since the last report, the Coroner's Office has undergone alterations, made through the agency of the W. P. A., which will add greatly to the efficiency of the Necropsy, Pathological and Toxicological Departments. The work of bringing our Toxicological Department into our own building, directly adjacent to that of Post Mortems, is about completed, and the offices are being equipped for occupancy. A beautiful mural, the work of Artist Gottardo Piazzoni, has been completed and installed. This mural has been passed upon and accepted by the San Francisco Art Association. When completely finished and furnished, taken in connection with other most excellent features of the Coroner's Office, San Francisco will have one of the most complete and outstanding offices of its kind in the United States.

#### **Purchasing Department.**

In retrospection of the activities of the Purchasing Department for 1936, both in the units of work handled and in the number of requisitions received, the volume was greater than in 1935.

Notwithstanding this increase the Department has been successful in not only maintaining an efficient service in the interests of all departments, but also a service as economical as possible under the market conditions prevailing during the past year. In the twelve months just closed the total purchases amounted to approximately five millions of dollars, on which the savings to the taxpayers are conservatively estimated to have been \$900,000, because of competent and centralized buying. The Central Warehouse, under the jurisdiction of the Purchaser of Supplies, also contributes to the economies which have been effected. Briefly expressed, the business system of sound buying actuated by the efforts of the Purchasing Department achieve results that are measured in terms of large financial savings.

Municipal buying can be made a most effective instrument of political favor. This is not tolerated for one instant upon the highest standards of ethics in our purchasing procedure. In line with our policy for economical government, continued efforts will be made to realize maximum efficiency and savings by adhering to the sound purchasing methods, demanded by the most exacting corporations outside.

#### **Agricultural Commissioner.**

Inspection of all inter and intrastate shipments of plants, bulbs and seeds, is the responsibility of this Department. During 1936, to November 1st, 1512 shipments of incoming nursery stock, making a total of 12,936 packages, were inspected, with 22 rejections. Nurseries inspected, 82; homes visited at request of owners, 101. Nursery stock and cut flowers shipped, interstate, totaling 4501 packages were inspected, as were 224 shipments of nursery stock, with a total of 389 packages, destined to points outside the United States.

Retail store inspection included 2559 visits, for examination of fruits, vegetables, eggs and honey. Packages reconditioned, 921; dumped, 418; eggs dumped, 390 dozen; honey reconditioned, 10,133 packages; re-marked, 1025.

The wholesale fruit and vegetable market was inspected twice daily. Packages dumped, 16,058; reconditioned, 16,660; for export, 7604 shipments, 470,316 packages. All produce for City institutions was inspected, with 30 rejections.

Despite strike interference, one inspector handled the export inspection work entirely, with a revenue of \$7,500. The total revenue of the office, for the term named, was \$8,500.

### San Francisco-San Mateo Livestock Exposition Buildings.

On August last, the cornerstone of the arena for the holding of horse shows and other events, was laid, with appropriate ceremony. Under two W. P. A. grants, the 54-acre site in Visitacion Valley was graded, roads constructed and the foundations for the arena completed at a cost of \$526,596. A contract has been let for \$640,000 to finish Unit No. 2, a building which will be 300 feet by 400 feet. This amount includes appropriations by San Francisco of \$250,000 and that of the State of California in a like amount, is in the custody of the State Division of Architecture, and this sum, together with \$199,000 from the P. W. A., will be expended as the work progresses, under the contract.

While this unit is designed for the purpose of holding livestock and horse shows, it can be utilized also for large conventions, wrestling matches, circuses, indoor athletics, ice hockey, etc. The arena will seat 10,000 persons around a tanbark ring 225 feet by 145 feet. It will be equal to 10 stories in height, and each patron will be seated in a theatre chair, having an unobstructed view of the ring. The span of this building will be 300 feet without a pillar or post in its interior. It will be 40 feet longer than any other building in the world, without post or pillar. It will reach completion during the coming July.

The trustees of the San Francisco-San Mateo District Agricultural Association, of which C. H. Sooy is President, are quite pleased at the progress already made and believe plans at present projected will assure enough money to carry the plant to completion, without undue delay.

It is the expectation of the trustees to have the entire plant ready for the opening of the Golden Gate International Exposition in 1939, as it is the intention to hold there the livestock, horse show and polo events which are so attractive a part of the program of all great expositions.

### District Attorney.

During the year 1936 this office participated in and conducted 16,200 court hearings; issued 14,850 citations; conducted 13,000 citation hearings; conducted 115 Grand Jury sessions, and collected and turned into the City Treasurer's office in bail money the total sum of \$563,930.

In addition to the above, this office participated in all Coroner's inquests wherein suspicion of crime in connection with deaths was present, attended all meetings of the parole board, all meetings of the traffic committee on safety matters, met with groups of merchants and organizations interested in the various phases of the Unfair Practice Act and prepared and gave instructions and lectures on the same to such groups for the purpose of averting law violations and court prosecutions.

The total cost of conducting the office for the year was \$108,780. I am informed this is lower than that of any other District Attorney's office of comparable size in the United States.

During the year of 1936 more Grand Jury sessions were conducted than perhaps ever before in the City's history. Of the cases handled by the office of the District Attorney during the year 1936, of the 16,200 court hearings, approximately 1000 were felony cases that reached the Superior Court, and approximately 15,000 were misdemeanor cases disposed of in the Municipal Court; approximately 200 were crimes involving children, disposed of in the Juvenile Court.

Of the total number of approximately 14,850 citations issued, 8500 were issued by the Bureau of Domestic Relations of this office, dealing with failure to provide for minor children, indigent wives and aged parents and similar domestic cases; 2000 were issued by the Fraud

Bureau of this office, dealing with crimes of frauds, swindles and violations of the Corporate Securities Act, misleading advertising and various rackets; 4000 were issued by the Warrant and Bond Office dealing with miscellaneous offenses, felony and misdemeanor alike, and with violations of City ordinances; 350 were issued by the deputy in charge of the Juvenile Court work relating particularly to sex offenses and juvenile delinquencies.

Hearings on citations issued were approximately as follows: Bureau of Domestic Relations, 8000; Fraud Bureau, 1500; Warrant and Bond Office, 3500; Juvenile Department, 300.

#### City Attorney.

The report of the City Attorney for the calendar year shows that nine hundred and fourteen actions were commenced against the City: Superior Court, City and County of San Francisco, 803; Municipal Court, 97; United States Court, 5; other jurisdiction, 9.

In addition to the cases pending at the close of last year affecting our water rights on the Tuolumne River, eight additional cases were commenced during the current year. The plaintiffs in all of these cases with the exception of two have not seen fit to bring them to trial. The two cases tried were *Meridian Ltd. v. the City and County*, and *Williams et al. v. the City and County*. Judgment in the first-mentioned case was partly against the City and an appeal has been taken to the Supreme Court from the judgment. In the case last named the City was successful and plaintiffs are preparing to appeal. With the two exceptions noted the water litigation remains unchanged, with approximately sixty cases to be tried.

The Pacific Gas and Electric Company was successful in its litigation prosecuted against the Railroad Commission on gas rates, and an appeal from the decision of the Statutory Federal Court is now pending before the United States Supreme Court.

The City Attorney appeared before the Railroad Commission in the proceeding for reduced electric rates. A reduction of approximately \$4,000,000, spread over the system, was obtained.

The one man car case is pending on appeal before the United States Circuit Court of Appeals.

The City Attorney represented the City in the controversy over interurban trains on the Bay bridge. The controversy has been adjusted in accordance with the suggestions of the Board of Supervisors. The matter of the operation of buses over the Golden Gate Bridge also received the attention of the City Attorney. These matters are still pending before the Railroad Commission.

Sidewalk accidents still continue to be a prolific source of litigation against the City. The City Attorney has, however, been signally successful in defending these actions.

The pending condemnation suits to acquire property for public improvements have kept abreast of the needs of the City.

#### Rapid Transit Hearing.

Supervisor Meyer moved that the Board resume its hearing on the question of rapid transit on January 25, 1937.

*So ordered.*

#### RECESS.

Whereupon, on motion of Supervisor McSheehy, the Board at 7:10 p. m. recessed to reconvene Friday, January 15, 1937, at 10 a. m., as a Committee of the Whole for the purpose of considering Charter amendments.

J. S. DUNNIGAN, Clerk.

## CONSIDERATION OF PROPOSED CHARTER AMENDMENTS.

The following was taken up:

### CHARTER AMENDMENT No. —

#### HEALTH SERVICE SYSTEM.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 172.1, relating to Health Service System.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 2nd day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 172.1, relating to Health Service System.

#### HEALTH SERVICE SYSTEM.

##### Section 172.1:

Subdivision 1. A health service system for municipal employees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the city and county who are members of the retirement system and all teachers and employees of the board of education who are members of said retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets

or principles, depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The board shall have the power to exempt any person whose annual compensation exceeds forty-five hundred (\$4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the system. The first members of the board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the board shall give bond in the sum of ten thousand (\$10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the board. Members of the board shall be nominated by a written nomination of twenty members filed with the registrar of voters not earlier than April 1st nor later than April 15th of each year. The registrar of voters shall prepare ballots and shall furnish the same to all members of the system between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and canvass and certify the result on May 8th. The registrar of voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballot and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the board. For the purpose of the first election, all employees eligible for membership in the system shall be deemed members.

Subdivision 3. The board shall have power:

(a) By a two-thirds vote of the entire membership of the board, to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the costs of said care, or for obtaining and carrying insurance against such costs.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the board.

(d) To appoint a secretary and other employees, who shall hold office at the pleasure of the board, and to fix their respective compensations.

(e) To make provision for the participation in the benefits of the system by the families of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the city and county.

Subdivision 4. The board shall determine and certify to the con-

roller the amount to be paid monthly by the members of the system to fund for the purposes of the system hereby created. The controller shall deduct said sums from the compensation of the members and shall deposit the same with the treasurer of the city and county to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter. The board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons and nurses, hospitalization, medicines and appliances and dental, optical and other medical treatments and services.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the city and county shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

#### Proposed Amendment.

Supervisor Schmidt presented the following proposed amendment to be inserted at the end of subdivision 3 (a): Provided that every plan adopted shall provide and require that every member of the system shall have the right to select, without prejudice or discrimination, the duly licensed professional persons and the agencies of his own choice to furnish or supply to such member medical care as defined in this section, under such reasonable and uniform rules and regulations and such schedule or schedules of uniform fees and charges to be paid for such medical care, as shall be adopted by the Board; and that such rules and regulations, and such schedule or schedules of fees and charges shall be adopted annually by the Board of the System and by it submitted to the Retirement Board of The San Francisco City and County Employees' Retirement System not later than the \_\_\_\_\_ day of \_\_\_\_\_ of each year, and said rules and regulations, schedule or schedules of fees or charges may, after hearings by said Retirement Board accorded all interested parties, be amended, modified, increased or decreased by said Retirement Board, and as so submitted or as amended, modified, increased or decreased, must, before such rules and regulations, schedule or schedules shall become effective, be ratified and adopted by the said Retirement Board within \_\_\_\_\_ days after such submission. No exclusive contract shall be made by said Board of the System for furnishing or supplying any part of the medical care, as defined in this section, to the members of the System.

Provided, further, that medical care, as defined in this section, shall not be furnished or supplied to any member of the System by or in any of the public health and hospital facilities of the City and County, except that emergency medical and hospital care may be rendered to any member of the System in the usual course of emergency health service.

### Privilege of the Floor.

Milton Marks, attorney representing Federation of Municipal Employees, was heard in opposition to the proposed amendment. He offered the following amendment in lieu thereof:

"No member of the system shall be required to accept the services of any physician, surgeon, drugless practitioner, dentist, nurse or hospital selected by the Board, but, subject to the rules and regulations of the Board, every member shall have the right to select any duly licensed physician, surgeon, drugless practitioner, dentist, nurse or hospital of his own choice who or which will render the required services pursuant to said rules and regulations and the Board shall make provision for the exercise of such choice."

Supervisor McSheehy, as chairman of the Judiciary Committee, accepted Mr. Marks' proposed amendment on behalf of the Judiciary Committee.

Thereupon, Edw. J. Vandeleur, Harry Caulfield, A. J. Gallagher, representing interests opposed to the Health Service Charter Amendment as recommended by the Judiciary Committee and Cameron King, Harold Boyd and Milton Marks, representing the Federation of Municipal Employees, went into conference to consider amendments proposed by Supervisor Schmidt and Milton Marks with a view to harmonizing differences.

### Action Deferred.

Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the Committee of the Whole now recess and reconvene at two p. m. and that the other Charter amendments be taken up at that time, and that this matter (Health Service Amendment) be deferred for future consideration.

*So ordered.*

### RECESS.

Whereupon, the Board of Supervisors, at 12 o'clock noon, took a recess until 2 p. m.

J. S. DUNNIGAN, Clerk.

---

### REASSEMBLED.

The Board of Supervisors, sitting in Committee of the Whole, re-assembled at 2 p. m. for the purpose of giving consideration to proposed Charter amendments.

### CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Brown, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Colman, McSheehy—2.

### CHARTER AMENDMENT No. —

The following was taken up:

### HEALTH SERVICE SYSTEM.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 172.1, relating to Health Service System.

Milton Marks, representing the Federation of Municipal Employees, presented the following amendment to the proposed Health Service Charter Amendment to be inserted at the end of paragraph (a) sub-

division 3, section 172.1, and stated that it had been agreed upon in conference by all concerned, to-wit:

"No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, drugless practitioner, dentist, nurse, pharmacist or hospital selected by the Board, but subject to the rules and regulations of the Board, every member shall have the right to select of his own choice any duly licensed physician, surgeon, drugless practitioner, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations and the Board shall make provision for the exercise of such choice, and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services. Any duly-licensed physician, surgeon, drugless practitioner, dentist, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at the rates of compensation to be fixed by the Board, provided that such rates and any contract respecting the rendering of such services shall be subject to review by the Retirement Board of the City and County and shall not become effective unless and until approved by the Retirement Board. The Retirement Board shall approve or disapprove the same within sixty (60) days after the same is submitted to it, and failure of the Retirement Board to approve or disapprove the same within said period shall constitute an approval.

"The said Retirement Board is hereby authorized and empowered, and it is hereby made its duty, to exercise the powers and to perform the duties prescribed for it by this section."

#### Other Amendments.

Supervisor McSheehy moved: That subdivision 5, second line thereof, be amended by inserting after the word "nurses", the words, "persons licensed to treat human diseases without the use of drugs."

Also, That subdivision 3 (a), second line, the word "families" be stricken out and the word "dependants" be inserted in lieu thereof.

#### Action Deferred.

Whereupon, further consideration was *deferred until Monday session.*

### CHARTER AMENDMENT No.-----

#### OPERATING EXPENSES AND RESERVES

The following proposed Charter amendment, presented without recommendation of the Judiciary Committee, was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 127 and 128, relating to Operating Expenses and Reserves, and Depreciation, and to add a new section known as 128-1, Reconstruction and Replacements.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County of San Francisco at the special election to be held on the 2nd day of March, 1937, a proposal to amend Sections 127 and 128 and to add a new section known as 128-1 of the Charter of said City and County, as follows:

#### OPERATING EXPENSES AND RESERVES

Section 127. Receipts from each utility operated by the commission shall be paid into the city and county treasury and maintained in a separate fund for each such utility. Appropriations from such funds shall be made for the following purposes for each such utility in the order named, viz.: (a) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require; (b) for repairs and maintenance; (c) for reconstruction and replacements as hereinafter described; (d) for the payment of interest and sinking funds on the bonds issued for acquisition, construction or extensions; (e) for extensions and improvements, and (f) for a surplus fund.

#### DEPRECIATION

Section 128. For the purpose of computing net income, the commission, on the basis of an appraisal of the estimated life and the then current depreciated value of the several classes of property in each utility, shall determine the amount of reasonable annual depreciation for each utility. At least every five years thereafter, the commission shall make an appraisal or may revise the last preceding appraisal of the value and probable useful life of each of the several classes of property of each utility, and shall, on the basis of said appraisal, redetermine the amount of the reasonable annual depreciation for each utility.

## RECONSTRUCTION AND REPLACEMENTS

Section 128-1. For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission must create and maintain a reconstruction and replacement fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character, which shall be the basis for the amount necessary to appropriate annually to provide for said reconstruction and replacements.

Edw. J. Cahill, Manager of Utilities, and Harry Ross, Chief Assistant Controller, were heard in explanation of the proposed amendment.

### Amendment.

Supervisor Uhl moved to amend Section 128-1, fifth line, after the word "utility" insert the words "during the year 1937-38 and at least every five years".

No objection, *so ordered*.

### Action Deferred.

Whereupon, further action was *deferred temporarily*.

## CHARTER AMENDMENT No. ———

### LIMITATION ON SPECIAL ASSESSMENTS

The following proposed Charter amendment, presented without recommendation of the Judiciary Committee, was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 111 thereof, relating to limitation on special assessments.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 2nd day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

### LIMITATION ON SPECIAL ASSESSMENTS

Section 111. A special assessment shall not exceed fifty per cent of the assessed value, at the time of inception of the proceedings leading to the assessment, of the land on which the assessment is levied, except when it is authorized to be paid in installments over a period not to exceed ten years, upon such terms and conditions and in such manner as may be provided by law; but no such installment shall exceed twenty-five per cent of such assessed value; and not more than two installments shall be payable annually. It may be required by law, as a condition precedent to the right to pay a special assessment in installments, that the owner of the land subject to the assessment execute a bond for the payment of the assessment. A lien on the land subject to the assessment and a method or methods of foreclosing such lien and of selling the land subject to the lien and of collecting the assessment in any other way may

e provided for by ordinance. Every ordinance now in effect, conforming with section 107 of this charter, and containing provisions conforming with this section as amended is hereby confirmed, subject to repeal or amendment.

Grover O'Connor, representing the Associated General Contractors, was heard in explanation. He suggested that the word "annually" in Section 111, eighth line, be stricken out and the words "in any one year" be inserted in lieu thereof.

#### Amendment.

Supervisor McSheehy, seconded by Supervisor Meyer, moved that the Charter amendment be so amended.

#### Action Deferred.

Whereupon, further consideration of the amendment was *deferred temporarily*.

### CHARTER AMENDMENT No.—

#### CITY PLANNING COMMISSION.

The following proposed Charter amendment, presented without recommendation of the Judiciary Committee, was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 115 of the Charter of the City and County of San Francisco, relating to the City Planning Commission.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 2nd day of March, 1937, a proposal to amend as herein set forth, Section 115 of the Charter, relating to the City Planning Commission.

#### CITY PLANNING COMMISSION.

Section 115: The City Planning Commission shall consist of five members who shall be elected by the people of the City and County of San Francisco. The terms of the members of the Commission shall be four years from and after 12:00 o'clock, noon, of the first Monday of January succeeding their election. The compensation of the members of said Commission shall be \$15.00 for each meeting of the Commission actually attended by said members provided that the aggregate sum paid all of the members of said Commission shall not exceed \$5,000.00 per year. No member shall engage in or be interested in the real estate business, insurance brokerage, building material or construction business, electrical business, plumbing or heating business during his incumbency in office.

#### Motion.

Supervisor McSheehy moved that the proposed amendment be refused submission.

#### Action Deferred.

Whereupon, further consideration of the proposed Charter amendment was *deferred temporarily*.

**CHARTER AMENDMENT No.———**  
**NUMBER, COMPENSATION AND MEETINGS OF**  
**SUPERVISORS**

The following proposed Charter amendment, presented without recommendation of the Judiciary Committee, was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 10 of the Charter of the City and County, relating to number, compensation and meetings of Supervisors.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 2nd day of March, 1937, a proposal to amend the Charter of the City and County by amending Section 10 thereof, relating to number, compensation and meetings of Supervisors.

**NUMBER, COMPENSATION AND MEETINGS OF**  
**SUPERVISORS**

Amend Section 10 to read as follows:

Section 10. The board of supervisors shall consist of eleven members elected at large. Each member of the board shall be paid a salary of four thousand (\$4,000) dollars per year, and each shall execute an official bond to the city and county in the sum of five thousand (\$5,000) dollars.

At twelve o'clock noon on the 8th day of January next following their election, the newly elected and continuing members of the board of supervisors shall meet at the legislative chamber in the city hall, and thereafter regular meetings shall be held as fixed by resolution. The supervisors constituting the new board shall, on January 8, 1932, and every second year thereafter, elect one of their number as president of the board for a two-year term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

The meetings of the board shall be held in the city hall, provided that, in case of emergency, the board, by resolution may designate some other appropriate place as its temporary meeting place. The board shall cause a calendar of the business scheduled for each meeting to be published and shall keep and publish a journal of its proceedings. Notice of any special meeting shall be published at least twenty-four hours in advance of such special meeting.

**Motion.**

Supervisor McSheehy, seconded by Supervisor Meyer, moved approval of the foregoing Charter amendment.

**Action Deferred.**

Whereupon, further consideration of the foregoing Charter amendment was deferred temporarily.

**Postponed.**

Consideration of the following proposed Charter amendments was *deferred until the afternoon session*:

**CHARTER AMENDMENT No. —  
CONTRACTORS' WORKING CONDITIONS.**

**CHARTER AMENDMENT No. —  
ZONING AND SET-BACK LINES.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 117 of the Charter of the City and County, relating to zoning and set-back lines.

**CHARTER AMENDMENT No. —  
CONTROL OF HARBOR.**

The following proposed Charter amendment was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 47 and 48, and adding a new section thereto to be known as Section 48.1, relating to control of harbor.

A. J. Gallagher, representing the Southern Promotion Association, suggested that number of members of the commission be reduced from five to three, that the salary of the Harbor Master be increased, and that one of the members on the Board be one who represents the agricultural interests of the State. This, he thought, would be necessary if we hoped to get the support of the out of town legislators for the measure.

**Action Deferred.**

Whereupon, further consideration was *deferred until the afternoon session*.

**Action Deferred.**

The following matter was *laid over until the afternoon session*:

**CHARTER AMENDMENT No. —

Noes—Supervisors McSheehy, Roncovieri—2.

Absent—Supervisor Brown—1.

**Motion to Reconsider.**

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote and moved reconsideration for next meeting.

**Explanation of Vote.**

Supervisor Roncovieri: I desire that the printed record of this Board shall show that I am voting NO on this resolution approving the expenditure of San Francisco funds to pay one-third of the cost of the Funston avenue approach to the Golden Gate Bridge, said one-third amounting approximately to \$600,000 of the moneys belonging to the City and County of San Francisco, for the following reasons:

1. Because a bond issue for \$35,000,000 was approved by a two-thirds' majority of the electors of the Golden Gate Bridge and Highway Dis-

strict with the distinct understanding as expressed to the voters of San Francisco on the sample ballot submitted to the people on November 4, 1930, that the \$35,000,000 would cover and include not only the building of the Golden Gate Bridge but also connecting roads, approaches and appurtenances leading to the bridge; and

2. Because no financial statement has yet been rendered by the Golden Gate Bridge Directorate to show that the Directors have completely used, or will find it necessary to use, all of the \$35,000,000 and are now entirely without funds, and, therefore, are or will be, unable to meet the obligation placed upon them by two-thirds of the voters who authorized the issuance of the \$35,000,000, in bonds to build the bridge and connecting roads, approaches, and appurtenances to the bridge; and

3. Because the additional money amounting to nearly \$600,000 proposed to be appropriated (in addition to the \$35,000,000 bond issue), belongs to the people of San Francisco and is earmarked distinctly for San Francisco street improvement purposes; and, therefore, should not be diverted under any pretext whatsoever from its original purpose in order to pay for the errors in judgment and foresight of those whose responsibility is, and has always been, from the beginning, to build the bridge and provide for the connecting roads, approaches and appurtenances thereto, as promised to the people when they were induced to vote a bond issue amounting to \$35,000,000.

#### Passed for Second Reading.

The following bill was taken up:

#### Authorizing Sale of Certain City Land.

(Code No. 12.1729)

**CHARTER AMENDMENT No. —**

As submitted by Mr. O'Toole, December 8, 1936.

**CASH RESERVE FUND AND TEMPORARY LOANS.  
TAX ANTICIPATION NOTES.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 81 of the Charter of the City and County, relating to cash reserve fund and temporary loans.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, by amending Section 81 thereof, relating to cash reserve fund and temporary loans.

**CASH RESERVE FUND AND TEMPORARY LOANS.  
TAX ANTICIPATION NOTES.**

Section 81. The board of supervisors, by annual tax levy, may gradually build up the cash reserve fund authorized and created by the provisions of section 80 of this charter. Said fund shall be used exclusively (1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of such fiscal year, of legally collectible taxes and other revenues, as set forth in the budget and the appropriation ordinance for such fiscal year, and (2) for paying that portion of the authorized expenses of the city and county for any fiscal year, which, as certified to said board by the controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash reserve fund shall not at any time exceed the estimated expenditures for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax rate revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the board of supervisors, on the recommendation of the controller and the mayor, and the written approval of the officer, board or commission responsible for the management and control of the fund from which it is proposed that the temporarily idle balances be transferred or loaned may, by ordinance, authorize the treasurer to make temporary transfers or loans for specified periods of idle unencumbered balances in any fund in his custody, except a pension fund, at not less than the then current rate of interest paid by the banks to the city and county on city and county funds deposited with such banks. Such approval by the officer, board or commission concerned shall specify that the amount proposed to be transferred or loaned from such fund will not be needed for the purpose of such fund prior to the date specified for its return. The fund from which such transfer or loan is made shall be charged or encumbered with the amount of such transfer or loan and such amount shall not be considered as available in such fund for any other appropriation or encumbrance for which any expenditures or payments must be made prior to the date on which the transfer or loan is repaid. Any transfer

or loan made as herein authorized during the first half of any fiscal year shall be repaid prior to the first day of January of said year, and any transfer or loan made during the remaining one-half of said fiscal year shall be repaid prior to the 15th day of May of said year. Such loan shall be secured by and made solely in anticipation of the collection of taxes levied or to be levied for the current fiscal year, and such loan shall constitute the first demand on and shall be repaid from the first tax collections for such current fiscal year; provided, however, that tax anticipation loans made as hereinafter in this section authorized, shall constitute a prior lien on said taxes levied or to be levied or collected.

When funds shall be needed for the immediate requirements of the city and county in any fiscal year in accordance with appropriation made as authorized by this charter for such fiscal year, which payment may be made in advance of the receipt of income from such fiscal year, and when funds therefore cannot be made available as hereinbefore in this section authorized, the board of supervisors, on the recommendation of the controller and the approval of such recommendation by the mayor shall have power to borrow money on notes or other evidences of indebtedness on behalf of the city and county. Said power shall be exercised by ordinance or ordinances authorizing the borrowing of said money and the execution of said notes or other evidences of indebtedness. The aggregate amount of such notes or other evidences of indebtedness outstanding and unpaid at any one time during any part of the fiscal year in which said borrowing is made shall not be in excess of 25 per cent of the estimated aggregate amount of all taxes actually levied for such fiscal year. All such notes or other evidences of indebtedness shall be offered at public sale by the board of supervisors after not less than two days of advertising, not less than three days after the last day on which such advertising is published. Each such sale shall be made to the bidder offering the lowest rate of interest or whose bid represents the lowest net cost to the city and county; provided, however, that the rate of interest to be paid shall not exceed the sum of six (6) per cent per annum, and full authority is hereby given to said board of supervisors to fix, by resolution, the rate of interest on said notes or other evidences of indebtedness and the times and places where the principal sum of said notes or other evidences of indebtedness shall be paid. The principal amount of said notes or other evidences of indebtedness, together with the interest thereon, issued and delivered under authority of this section shall be payable exclusively out of the taxes levied and collected by said city and county for the fiscal year during which the same are issued, and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes or other evidences of indebtedness before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said city and county now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes or other evidences of indebtedness issued against such

tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes or other evidences of indebtedness, or any of them, become due and payable the funds in the city treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes or other evidences of indebtedness then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes or other evidences of indebtedness then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes or other evidences of indebtedness not paid prior to June 30 of the fiscal year during which the same are issued shall, nevertheless, be paid out of moneys received from the taxes of the said fiscal year, irrespective of the date of the receipt thereof, it being the intent and purpose of this section to provide for the payment of all notes or other evidences of indebtedness issued under authority of this section out of the taxes levied for the fiscal year during which said notes or other evidences of indebtedness are issued irrespective of the actual date of the collection of said taxes.

The board of supervisors shall have full power and authority to provide for the for of all notes or other evidences of indebtedness issued by authority of this section, as well as to fix the time and place for the payment of oth the principal amount of said notes or other evidences of indebtedness and the interest to become due thereon; provided that all notes or other evidences of indebtedness issued for oney borrowed during the first half of any fiscal year shall be payable not later than December 31 of said year; and all notes or other evidences of indebtedness issued for money borrowed during the second half of any fiscal year shall be payable not later than May 15 of such year, it being the intent and purpose of this section that the borrowing of money under authority hereof shall be solely for the purpose of anticipating receipt of income. The mayor in preparing the consolidated budget estimate as provided by this charter, shall include therein a separate amount sufficient to meet the interest to be paid on any moneys borrowed under authority of this section.

*Approved for submission.*

Dr. Geiger was heard in explanation of his position in the matter. He referred to a letter filed with the Judiciary Committee, which was read by the Clerk. He further explained by saying that he had no objection to blanketing into civil service of the "institutional help" of the San Francisco Hospital, provided there is no increase in salary at this time.

Whereupon, the proposed amendment was *approved for submission*.

### CHARTER AMENDMENT No. — FUTURE MEMBERS OF THE POLICE DEPARTMENT.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 168 thereof, relating to future members of the Police Department.

Ralph Nelson, actuary for the Retirement System, was heard on motion of Supervisor Colman and declared that he had made no actuarial report as to the cost to the taxpayers of the proposed amendment, that he had been asked for an estimate about three weeks ago, and that it would take at least a month to prepare a proper report. He estimated roughly that it would mean an additional cost for current service of from \$250,000 to \$300,000 for prior service, approximately \$60,000 and possibly \$175,000 to \$200,000.

Whereupon, the proposed Charter Amendment was *laid over temporarily*.

Wm. Coughlin, representing the Associated General Contractors, was heard in explanation.

Thereupon, the foregoing proposed Charter Amendment was *laid over temporarily*.

**CHARTER AMENDMENT No. —****CITY PLANNING COMMISSION.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 115 of the Charter of the City and County of San Francisco, relating to the City Planning Commission.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 2nd day of March, 1937, a proposal to amend as herein set forth, Section 115 of the Charter, relating to the City Planning Commission.

**CITY PLANNING COMMISSION.**

Section 115: The City Planning Commission shall consist of five members who shall be elected by the people of the City and County of San Francisco. The terms of the members of the Commission shall be four years from and after 12:00 o'clock, noon, of the first Monday of January succeeding their election. The compensation of the members of said Commission shall be \$15.00 for each meeting of the Commission actually attended by said members provided that the aggregate sum paid all of the members of said Commission shall not exceed \$5,000.00 per year. No member shall engage in or be interested in the real estate business, insurance brokerage, building material or construction business, electrical business, plumbing or heating business during his incumbency in office.

Supervisor McSheehy declared that the foregoing proposed Charter Amendment was presented by Mr. J. Sweeny, but had been refused recommendation by the Judiciary Committee. He, thereupon, moved that matter be not submitted.

*Over temporarily.*

**CHARTER AMENDMENT No. —**

**CHARTER AMENDMENT No. ....  
HEALTH SERVICE SYSTEM.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 172.1, relating to Health Service System.

The Board of Supervisors of the City and County of San Francisco

hereby submits to the qualified electors of the City and County at the special election to be held on the 9th day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 172.1, relating to Health Service System.

### HEALTH SERVICE SYSTEM.

#### Section 172.1:

Subdivision 1. A health service system for municipal employees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the city and county who are members of the retirement system and all teachers and employees of the board of education who are members of said retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The board shall have the power to exempt any person whose annual compensation exceeds forty-five hundred (\$4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the system. The first members of the board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the board shall give bond in the sum of ten thousand (\$10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the board. Members of the board shall be nominated by a written nomination of twenty members filed with the registrar of voters not earlier than April 1st nor later than April 15th of each year. The registrar of voters shall prepare ballots and shall furnish the same to all members of the system between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and canvass and certify the result on May 8th. The registrar of voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballot and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the board. For the purpose of the first election, all employees eligible for membership in the system shall be deemed members.

Subdivision 3. The board shall have power:

(a) By a two-thirds vote of the entire membership of the board, to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the costs of said care, or for obtaining and carrying insurance against such costs.

No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist or hospital selected by the board, but subject to the rules and regulations of the board, every member shall have the right to select of his own choice any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations and the board shall make provision for the exercise of such choice, and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services. Any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at uniform rates of compensation to be fixed by the board, provided that such rates and any contract respecting the rendering of such services shall be subject to review by the retirement board of the city and county and shall not become effective unless and until approved by the retirement board. The retirement board shall approve or disapprove the same within sixty (60) days after the same is submitted to it, and failure of the retirement board to approve or disapprove the same within said period shall constitute an approval.

The said retirement board is hereby authorized and empowered, and it is hereby made its duty, to exercise the powers and to perform the duties prescribed for it by this section.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business, the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the board.

(d) To appoint a secretary and other employees, who shall hold office at the pleasure of the board, and to fix their respective compensations.

(e) To make provision for the participation in the benefits of the system by the dependents of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the city and county.

Subdivision 4. The board shall determine and certify to the controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The controller shall deduct said sums from the compensation of the members and shall deposit the same with the treasurer of the city and county to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter. The board shall have control of the administration and invest-

ment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons, nurses, persons licensed to treat human diseases without the use of drugs, hospitalization, medicines and appliances and dental, optical and other medical treatments and services.

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California regulating such professional conduct and services.

Medical care, as defined in this section, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the city and county, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the city and county shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

### Ordered Submitted.

Whereupon, the proposed Charter Amendment as amended was on motion of Supervisor McSheehy and in words and figures following *ordered submitted* by the following vote:

**CHARTER AMENDMENT No. ....****PUBLIC WELFARE DEPARTMENT.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 61.1 establishing a Public Welfare Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 9th day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 61.1 establishing a Public Welfare Department.

**PUBLIC WELFARE DEPARTMENT.****Section 61.1**

Subdivision 1. There is hereby established a Public Welfare Department. This department shall consist of a welfare commission of five members, a director of public welfare, and such employees and assistants as may be necessary to carry out the work and functions of said department.

Subdivision 2. The members of the welfare commission shall be appointed thereto by the mayor and shall be selected for their respective positions on the basis of their interest in and understanding of the problems of public welfare. The members of said commission shall serve without compensation and no person shall be eligible to serve on said commission while holding a salaried public office, position or employment.

Subdivision 3. The term of office of the members of the said commission, subject to the provisions hereof relative to removal and the term of the first members of the commission, shall be four years. Within thirty days after this amendment shall become effective the mayor shall appoint five members to said welfare commission, one member to be appointed for a term to expire on the 15th day of January, 1938; one for a term to expire on the 15th day of January, 1939; one for a term to expire on the 15th day of January, 1940, and two for terms to expire on the 15th day of January, 1941; and upon the expiration of the term of each of said members of said commission so appointed the mayor shall fill the vacancy arising by reason of the expiration of said term by the appointment of a member to said commission for a term of four years. Vacancies occurring in the membership of said commission shall be filled by an appointment to be made by the mayor for the unexpired term of said person in whose place said appointment is made; and when the term of any member of said commission shall expire, then said appointment shall be made for the full period of four years from the date of the expiration of the term. All vacancies shall be filled within thirty days of the occurrence thereof.

Subdivision 4. Members of the commission shall be subject to re

noval from office by the mayor for cause, but only upon written charges made and signed by the mayor, copy of said charges to be served upon the offending commissioner; and said charges shall be heard by the mayor and on said hearing of said charges the said commissioner so charged shall have the opportunity to appear and to be heard.

Subdivision 5. The commission shall be a policy-determining and supervisory body and shall have all the powers provided for in section 9 of the charter.

Subdivision 6. The commission shall appoint and, subject to the budgetary provisions of this charter, fix the salary of a director of public welfare who shall serve at the pleasure of said commission and shall not be subject to the civil service provisions of the charter. Said director shall possess qualifications and experience essential to the conduct of a complete program of public welfare. Said director shall be the chief executive of the department and shall have all the powers provided for chief executives as set forth in section 20 of the charter. He shall be responsible for the enforcement of the rules and regulations of the commission and, upon the recommendation of the commission, shall have the power to establish such divisions and bureaus as may be necessary for the administration of relief and welfare in the City and County of San Francisco.

Subdivision 7. All employees in the Public Welfare Department, with the exception of the director thereof, shall be subject to the civil service provisions of the charter and, subject to said provisions, the director of public welfare may employ such employees as may be necessary for the carrying out of the work and functions of the department. The functions and duties of the County Welfare Department as established and existing at the time this amendment shall go into effect shall be transferred and shall be included in the Public Welfare Department and the personnel of said County Welfare Department shall be so transferred and shall hold their respective positions under the same conditions and upon the same tenure as the same were held in the County Welfare Department. The functions of the Citizens' Emergency Relief Committee appointed pursuant to Ordinance No. 19.07120 shall be transferred to said Public Welfare Department.

In all cases where there are no civil service lists available from which any position existing under the Citizens' Emergency Relief Committee, at the effective date of this amendment, can be filled, examinations shall be held by the civil service commission within six months after said date to establish a list or lists of eligibles to fill said positions. Any person who has served under the general supervision of the Citizens' Emergency Relief Committee for a period of one year continuously next prior to the effective date of this amendment and who shall actually be employed under the supervision of said Citizens' Emergency Relief Committee on said date shall, upon obtaining a passing mark on any examination held by said civil service commission for his position, be allowed an additional credit of five (5%) per cent in making up the list of eligibles secured by such examination. The civil service commission shall be allowed a period of six months from the effective date of this amendment within which to classify or reclassify, or hold examinations for eligible lists for the positions now existing under said Citizens'

Emergency Relief Committee, and pending the classification of said positions and the holding of examinations therefor, where the same is necessary, the incumbents in said positions shall be entitled to continue in their positions and receive the compensation provided by law for their services.

Subdivision 8. Said Public Welfare Department shall exercise all of the functions exercised by the County Welfare Department and by the Citizens' Emergency Relief Committee as the same exist at the time this amendment is approved by the Legislature of the State of California and shall perform such other duties and have such other functions as may be authorized by the Board of Supervisors of the City and County of San Francisco or required by the Government of the United States or the State of California or any department or agency thereof.

### POWER OF HEARING, INQUIRY AND SUBPOENA

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 21 of the Charter of the City and County, relating to the power of hearing, inquiry, and subpoena.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

#### POWER OF HEARING, INQUIRY AND SUBPOENA.

"Section 21. The mayor, the board of supervisors, the chief administrative officer, the controller, or any board or commission appointed by the mayor relative solely to the affairs under its control may require such periodic or special reports of departmental cost, operation and expenditures, examine the books, papers, records, and accounts of, and inquire into matters affecting the conduct of any department or office of the city and county, and for that purpose may hold hearings, subpoena witnesses, administer oaths and compel the production of books, papers, testimony and other evidence. It shall be the duty of the chief of police to designate a police officer to serve subpoenas. Any person refusing to obey such subpoena and other requirements hereof, or to produce such books, shall be deemed in contempt and subject to proceedings and penalties as provided by general law in such instances

"Whenever any person subpoenaed to appear and give testimony or produce such books, papers or documents as required by such subpoena, shall refuse to appear or testify before any of said officers, boards or commissions, or to answer any questions which any of said officers or the majority of any of said boards or commissions shall decide to be proper and pertinent, he shall be deemed in contempt of said officer, board or commission, and it shall be the duty of said officer, or the president of said board or commission to report the fact to the presiding judge of the superior court of the City and County of San Francisco, State of California, who shall thereupon issue an attachment in the form usual in the superior court, directed to the sheriff of said city and county, commanding said sheriff to attach such person and forthwith bring him before said presiding judge of said superior court. On the return of said attachment and the production of the person attached the said presiding judge shall have jurisdiction of the matter, and the person charged may purge himself of the contempt in the same way, and the same proceedings shall be had, and the same penalties may be imposed and the same punishment inflicted as in the case of a witness subpoenaed to appear and give evidence on the trial of a civil cause before a superior court of the State of California. Any of said officers or any committee of said boards or commissions shall have power to issue any subpoena herein provided for."

### CASH RESERVE FUND AND TEMPORARY LOANS. TAX ANTICIPATION NOTES.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 81 of the Charter of the City and County, relating to cash reserve fund and temporary loans.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, by amending Section 81 thereof, relating to cash reserve fund and temporary loans.

### CASH RESERVE FUND AND TEMPORARY LOANS. TAX ANTICIPATION NOTES.

Section 81. The board of supervisors, by annual tax levy, may gradually build up the cash reserve fund authorized and created by the provisions of section 80 of this charter. Said fund shall be used exclusively (1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of

such fiscal year, of legally collectible taxes and other revenues, as set forth in the budget and the appropriation ordinance for such fiscal year and (2) for paying that portion of the authorized expenses of the city and county for any fiscal year, which, as certified to said board by the controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash reserve fund shall not at any time exceed the estimated expenditure for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax and other revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the board of supervisors, on the recommendation of the controller and the mayor, and with the written approval of the officer, board or commission responsible for the management and control of the fund from which it is proposed that the temporarily idle balances be transferred or loaned may, by ordinance, authorize the treasurer to make temporary transfers or loans for specified periods of idle unencumbered balances in any fund in his custody, except a pension fund, at not less than the then current rate of interest paid by the banks to the city and county on city and county funds deposited with such banks. Such approval by the officer, board or commission concerned shall specify that the amount proposed to be transferred or loaned from such fund will not be needed for the purpose of such fund prior to the date specified for its return. The fund from which such transfer or loan is made shall be charged or encumbered with the amount of such transfer or loan and such amount shall not be considered as available in such fund for any other appropriation or encumbrance for which any expenditures or payments must be made prior to the date on which the transfer or loan is repaid. Any transfer or loan made as herein authorized during the first half of any fiscal year shall be repaid prior to the first day of January of said year, and any transfer or loan made during the remaining one-half of said fiscal year shall be repaid prior to the 15th day of May of said year. Such loans shall be secured by and made solely in anticipation of the collection of taxes levied or to be levied for the current fiscal year, and such loans shall constitute the first demand on and shall be repaid from the first tax collections for such current fiscal year; provided, however, that tax anticipation loans made as hereinafter in this section authorized, shall constitute a prior lien on said taxes levied or to be levied or collected.

When funds shall be needed for the immediate requirements of the city and county in any fiscal year in accordance with appropriations made as authorized by this charter for such fiscal year, which payments may be made in advance of the receipt of income from such fiscal year and when funds therefor cannot be made available as hereinbefore in this section authorized, the board of supervisors, on the recommendation of the controller and the approval of such recommendation by the mayor, shall have power to borrow money on notes or other evidences of indebtedness on behalf of the city and county. Said power shall be exercised by ordinance or ordinances authorizing the borrowing of said money and the execution of said notes or other evidences of indebtedness. The aggregate amount of such notes or other evidences

of indebtedness outstanding and unpaid at any one time during any part of the fiscal year in which said borrowing is made shall not be in excess of 25 per cent of the estimated aggregate amount of all taxes actually levied for such fiscal year. All such notes or other evidences of indebtedness shall be offered at public sale by the board of supervisors after not less than two days of advertising, not less than three days after the last day on which such advertising is published. Each such sale shall be made to the bidder offering the lowest rate of interest or whose bid represents the lowest net cost to the city and county; provided, however, that the rate of interest to be paid shall not exceed the sum of six (6) per centum per annum, and full authority is hereby given to said board of supervisors to fix, by resolution, the rate of interest on said notes or other evidences of indebtedness and the times and places where the principal sum of said notes or other evidences of indebtedness shall be paid. The principal amount of said notes or other evidences of indebtedness, together with the interest thereon, issued and delivered under authority of this section shall be payable exclusively out of the taxes levied and collected by said city and county for the fiscal year during which the same are issued, and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes or other evidences of indebtedness before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said city and county now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes or other evidences of indebtedness issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes or other evidences of indebtedness, or any of them, become due and payable the funds in the city treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes or other evidences of indebtedness then outstanding such funds shall be applied pro rata to the payment of the principal and interest of all of the notes or other evidences of indebtedness then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes or other evidences of indebtedness not paid prior to June 30 of the fiscal year during which the same are issued shall, nevertheless, be paid out of moneys received from the taxes of the said fiscal year, irrespective of the date of the receipt thereof, it being the intent and purpose of this section to provide for the payment of all notes or other evidences of indebtedness issued under authority of this section out of the taxes levied for the fiscal year during which said notes or other evidences of indebtedness are issued irrespective of the actual date of the collection of said taxes.

The board of supervisors shall have full power and authority to provide for the form of all notes or other evidences of indebtedness issued by authority of this section, as well as to fix the time and place for the payment of both the principal amount of said notes or other evidences of indebtedness and the interest to become due thereon; provided

that all notes or other evidences of indebtedness issued for money borrowed during the first half of any fiscal year shall be payable not later than December 31 of said year; and all notes or other evidences of indebtedness issued for money borrowed during the second half of any fiscal year shall be payable not later than May 15 of such year, it being the intent and purpose of this section that the borrowing of money under authority hereof shall be solely for the purpose of anticipating receipts of income. The mayor, in preparing the consolidated budget estimates as provided by this charter, shall include therein a separate amount sufficient to meet the interest to be paid on any moneys borrowed under authority of this section.

Ordered submitted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl.

### PERMITS AND INSPECTIONS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 24 of the Charter of the City and County, relating to permits and inspections.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

### PERMITS AND INSPECTIONS.

Section 24. The board of supervisors shall regulate, by ordinance the issuance and revocation of licenses and permits for the use of, obstruction of or encroachment on public streets and places, exclusive of the granting of franchises governed by other provisions of this charter and for the operation of businesses or privileges which affect the health, fire-prevention, fire-fighting, crime, policing, welfare or zoning conditions of or in the city and county, and for such other matters as the board of supervisors may deem advisable.

Such ordinance shall fix the fees or licenses to be charged, which shall not be less than the cost to the city and county of regulation and inspection; provided, that in so far as the regulation and inspection of foodstuffs or articles of food for human consumption are concerned the fees or licenses to be charged for such regulation and inspection shall be as determined by the board of supervisors, but the same shall not exceed the cost of said regulation and inspection. Said ordinance shall also specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor. The chief of police in the performance of police duties shall have power to examine at any time the books and the premises of pawnbrokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the board of supervisors, and the tax collector shall have power to examine the books of any business for

which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this charter.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license. No such permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the city and county administered by the city planning commission shall be issued except on the prior approval of the city planning commission. If any application for a permit or license is denied by the department authorized to issue same, the applicant may appeal to the board of permit appeals.

No license tax shall be imposed on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the city and county, except such as require permits or licenses in accordance with or under authority of any local health, sanitary or other ordinance under the police power.

Ordered submitted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl.

### POSITIONS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County, by amending Section 142 of the Charter of the City and County, relating to positions. (Institutional Help.)

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

### POSITIONS

Section 142. All positions in all departments and offices of the city and county, including positions created by laws of the State of California, where the compensation is paid by the city and county, shall be included in the classified civil service of the city and county, and shall be filled from lists of eligibles prepared by the civil service commission, excepting (1) positions in which attorneys and physicians are employed in their professional capacity to perform only duties included in their professions, but exclusive of any administrative or executive positions for which such professional status constitutes only part of the qualifications therefor; (2) inmate help or student nurses, or part-time services, where the compensation including the value of any allowances in addition thereto is less than eighty dollars (\$80.00) per month; and (3) persons employed in positions outside the city and county upon construction work being performed by the city and county when such positions

are exempted from said classified civil service by an order of the civil service commission; and (4) persons employed in positions in any department for expert professional temporary services, and when such positions are exempted from said classified civil service for a specific period of said temporary service, by order of the civil service commission; and (5) such positions as, by other provisions in this charter, are specifically exempted from, or where the appointment is designated as exclusive of, the civil service provisions of this charter.

The civil service rights, acquired by persons under the provisions of the charter superseded by this charter, shall continue under this charter.

Where existing positions that have heretofore been exempt from civil service examinations are now made subject to examination by this charter, the incumbents of such positions who have held such position for a period of one year continuously next preceding the time that this charter shall go into effect, shall be continued in their positions as appointed thereto after examination and certification from a list of eligibles and shall be governed thereafter by the provisions of this charter, provided, however, the provisions of this paragraph shall not apply to positions heretofore defined and classified by the civil service commission as "institutional help".

Any person holding a salaried office under the city and county whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the government of the United States, or of this state, or who shall hold any other salaried office connected with the government of the city and county, or who shall become a member of the legislature, shall be deemed to have thereby vacated the office held by him under the city and county.

Supervisor McSheehy moved that the foregoing be *stricken from the Calendar*. No objection and so ordered.

#### CHARTER AMENDMENT No. ———

The following proposed amendment was taken up:

#### POLICE PENSIONS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 168 thereof, relating to future members of the Police Department.

Supervisor Colman raised the objection to this amendment that there had been no actuarial report as to its effect on the Retirement System, and asked for the City Attorney's opinion as to whether the Board of Supervisors could legally submit it.

**Amendments.**

Supervisor McSheehy moved to amend as follows: Section 168, subdivision b) line 9, after the word "received," insert the words "for three years."

Also, Section 168, Subdivision (d) paragraph two, line three, strike out the words "one year" and insert in lieu thereof the words "five years;" also in line 3) of the same paragraph, strike out "one year" and insert "five years."

Also, in Section 168, subdivision (f), paragraph five, line three, strike out the words "civil service."

*Amendments concurred in without objection.*

**CHARTER AMENDMENT No. ....****POLICE PENSIONS.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 168 thereof, relating to future members of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

**POLICE PENSIONS.****Section 168:**

Subdivision a. Persons who are members of the police department on the effective date of this amendment and future members of the department shall, on and after the effective date of this amendment, become members of the retirement system, under the conditions set forth herein. Members of the police department who did not exercise affirmatively the option provided in subdivision (h) of Section 166 of this charter shall, on and after the effective date of this amendment, become members of the retirement system under the provisions of this section.

The retirement board as constituted under Section 159 of the charter of the City and County of San Francisco shall be the sole authority relating to the distribution and investment of such fund or funds as may be established, provided that all investments shall be of the character legal for insurance companies in California, and provided further, that if any section, or part of any section in this charter in so far as it should conflict with this section or any part of this section as amended, shall be superseded by the contents of this section.

Subdivision b. Any member of the police department who shall have served in the department for twenty-five years in the aggregate in any capacity or rank whatever, on his request, or by order of the board of police commissioners, if it be deemed for the good of the department, or any member who has arrived at the age of sixty-three (63) years shall

be retired by the retirement board forthwith, and such member shall thereafter, during his lifetime, be paid in equal monthly installments from the police retirement fund a limited pension as follows:

For twenty-five years' aggregate service, fifty per cent (50%) of the average monthly rate of salary which such member shall have received for three years immediately preceding the date of his retirement; and an additional one and one-half per cent (1½%) of such average salary for each year over twenty-five years, up to and including thirty (30) years' service in the aggregate, served by such member before retirement.

Subdivision c. Whenever any member of the police department shall become so physically or mentally disabled by reason of bodily injury received in, or by reason of sickness caused by the discharge of the duties of such member in the department, as to render necessary his retirement from active service, the board of police commissioners shall recommend to the retirement board that such member be retired from further service in the department, and thereafter such member so retired shall, during his lifetime, be paid from said pension fund a pension in an amount to be determined by the retirement board, but such pension shall be equal to and not less than fifty per cent (50%) of the salary attached to the rank held by such member in the department at the date of such retirement order. Such pension shall be paid in equal monthly installments; provided, however, that any pension granted to any member of the police department for disability or sickness as provided for in this subdivision, shall cease, when the disability or sickness ceases, then such member shall be restored to active duty in the department to the same rank such member held at the time of retirement; provided further, that the retirement board shall have power to hear and determine all matters pertaining to the granting and termination of any pension award as provided for in this subdivision. Said board shall make its findings in writing, based upon the report of at least three regularly licensed practicing physicians, and such other evidence concerning such disability as it may have before it. Said board shall determine the degree of disability and such determination shall govern the amount of pension to be awarded to such disabled member as herein above provided; and provided further, that upon the written request of any such retired member, or upon its own motion, said board shall have the power at any time prior to the restoration of such retired member to active service, to consider new evidence pertaining to the case of such retired member, and to increase the amount of such pension award to be thereafter paid.

Subdivision d. Whenever any member of the police department shall die as the result of any injury received during the performance of his duty, or from sickness caused by the discharge of such duty, or after retirement, or while eligible to retirement from such department on account of years of service; then an annual pension shall be paid in equal monthly installments to his widow, or child or children, or dependent parent or parents, in an amount equal to one-half (½) of the average monthly rate of salary which such deceased member shall have received in the department immediately preceding the time of his death or the date of this retirement from active duty in such department.

Said pension shall be paid to the widow during her lifetime or until she remarries, and thereafter a pension shall be paid in equal monthly installments in an amount equal to one-half ( $\frac{1}{2}$ ) of the average monthly rate of salary which such deceased member shall have received in such department, immediately preceding the time of his death or the date of his retirement from active duty in such department to the legally appointed guardian of the child or children of such deceased member until such child or children shall have attained the age of eighteen years, or to his child or children, should there be no widow, until such child or children shall have attained the age of eighteen years, or to his dependent parent or parents during their lifetime or during such dependence, should there be no widow or child.

Provided, further, however, that no widow of a pensioner shall be entitled to a pension unless she shall have been married to such deceased pensioner at least five years prior to the date of his retirement, and provided further, that no widow of a member of the police department eligible for retirement from such department, who dies from causes other than those arising out of or from the performance of his duties, shall be entitled to a pension unless she shall have been married to such deceased member for at least five years prior to the date of his death, and provided, further, that if such widow, child or children shall marry, then the pension paid to the person so marrying, shall cease, and provided further, that should the dependency of such parent or parents terminate, then the pension paid to such dependent parent or parents shall cease.

Subdivision e. All pensions granted in accordance with the provisions of this section shall remain in full force and effect for the period granted and any decrease of salaries of active members of the police department shall not in anywise affect the amount of the pensions to be paid to retired members, or to any other person pensioned pursuant to the provisions of this section.

Subdivision f. For the purpose of providing and maintaining a fund to meet the payments of demands drawn for the payments of pensions, a fund is hereby created to be known as the police pension fund. The retirement board shall annually prepare a budget consisting of the estimated requirements for the next succeeding fiscal year to pay and discharge:

- (a) Disability Pensions;
- (b) Widows' Pensions;
- (c) Minors' Pensions;
- (d) Dependents' Pensions; and
- (e) Administration Expense.

There shall be included in said budget a sum equal to five per centum of the estimated total payroll of the police department for those members of said department included within the pension provisions of this section for the next succeeding fiscal year.

The mayor shall approve and the board of supervisors adopt in the annual appropriation ordinance, the budget as submitted by the retirement board.

In addition, each member of the police department included within the pension provisions of this section shall contribute to said police pension fund in the manner as hereinafter in this section provided.

The administrative head of the police department shall cause to be shown on each and every payroll of said department a deduction of five per cent (5%) of the amount of salary of his rank as shown on each such payroll of each such member whose name appears thereon, and shall certify to the controller on each such payroll the amount to be deducted from the compensations of each such member whose name appears thereon, and shall cause to be drawn a payroll check in favor of the retirement board for the total amount of the deduction shown on each payroll of such department, and said retirement board shall deposit said payroll check to the credit of the police pension fund. It shall be the duty of the administrative head of the police department to cause to be furnished a copy of each and every such payroll hereinbefore mentioned to the said retirement board; each member shall be deemed to consent and agree to each deduction made as provided for herein, and the payment of each payroll check to such member shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such member during the period covered by such payroll, except such claims as such member may have to the benefits provided for in this section.

If subsequent to the fiscal year, it shall be determined that such contribution by the city and county, together with the member's contribution, was not sufficient to meet such liability, then the city and county shall make up such additional contribution as may be necessary to make up the deficit.

Subdivision g. When any member of the department shall die from natural causes and before retirement, there shall be paid to his estate or beneficiary, a death benefit, the amount of which and the condition for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

Subdivision h. Should a member be separated from the department through any cause other than death or retirement, then such contributions with interest shall be refunded to him by the retirement board at such time as he terminates his services from the department.

Subdivision i. Upon the completion of the period of service mentioned in subdivision b of this section, entitling such member to retire under its provisions, such member shall be entitled to a certificate showing the aggregate number of years served by such member in the department, which certificate shall be irrevocable and shall serve as evidence of such service; such member shall be entitled to retire at any time thereafter from active service from the department in accordance with subdivision b of this section hereinbefore referred to, which right shall be a fully matured, absolute, vested property right, reserved for such member, as a constituted and granted right to retire and no event or occurrence of whatsoever kind or nature, political or otherwise, whether prior pending or subsequent, shall ever operate as a forfeiture thereof.

provided, however, that if such member shall continue in the service of said department, he shall nevertheless be entitled to all the benefits of the additional percentage as provided for by subdivision b of this section hereinbefore referred to, in computing the aggregate number of years of service in such department up to the time of his actual retirement.

Subdivision j. Any member of the police department, retired under the provisions of subdivision b of this section, shall not be eligible for appointment to any federal, state, or municipal government position. Any violation of the contents of this subdivision by a member shall be good and sufficient cause for forfeiture of all benefits granted under this section during the period of such employment.

Provided, further, this section, or any part of this section, shall not be retroactive.

#### CHARTER AMENDMENT No. ....

#### DISPOSITION OF UTILITY FUNDS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend

the Charter of said City and County by amending Sections 127 and 128, relating to Operating Expenses and Reserves, and Depreciation and to add a new section known as 128-1, relating to Reconstruction and Replacements.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County of San Francisco at the special election to be held on the 9th day of March, 1937, a proposal to amend Sections 127 and 128 and to add a new section known as 128-1 of the Charter of said City and County, as follows:

### **OPERATING EXPENSES AND RESERVES.**

Section 127. Receipts from each utility operated by the commission shall be paid into the city and county treasury and maintained in a separate fund for each such utility. Appropriations from such funds shall be made for the following purposes for each such utility in the order named, viz.: (a) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require; (b) for repairs and maintenance; (c) for reconstruction and replacements as hereinafter described; (d) for the payment of interest and sinking funds on the bonds issued for acquisition, construction or extensions; (e) for extensions and improvements, and (f) for a surplus fund.

### **DEPRECIATION.**

Section 128. For the purpose of computing net income, the commission, on the basis of an appraisal of the estimated life and the current depreciated value of the several classes of property in each utility, shall determine the amount of reasonable annual depreciation for each utility. During the fiscal year 1937-1938 and at least every five years thereafter, the commission shall make an appraisal or may revise the last preceding appraisal of the value and probable useful life of each of the several classes of property of each utility, and shall, on the basis of said appraisal, redetermine the amount of the reasonable annual depreciation for each utility.

### **RECONSTRUCTION AND REPLACEMENTS.**

Section 128-1. For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission must create and maintain a reconstruction and replacement fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character, which shall be the basis for the amount necessary to be appropriated annually to provide for said reconstruction and replacements.

**LIMITATION ON SPECIAL ASSESSMENTS.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by amending Section 111 thereof, relating to limitation on special assessments.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, as follows:

**LIMITATION ON SPECIAL ASSESSMENTS.**

Section 111. A special assessment shall not exceed fifty per cent of the assessed value, at the time of inception of the proceedings leading to the assessment, of the land on which the assessment is levied, except when it is authorized to be paid in installments over a period not to exceed ten years, upon such terms and conditions and in such manner as may be provided by law; but no such installment shall exceed twenty-five per cent of such assessed value; and not more than two installments shall be payable in any one year. It may be required by law, as a condition precedent to the right to pay a special assessment in installments, that the owner of the land subject to the assessment execute a bond for the payment of the assessment. A lien on the land subject to the assessment and a method or methods of foreclosing such lien and of selling the land subject to the lien and of collecting the assessment in any other way may be provided for by ordinance. Every ordinance now in effect, conforming with Section 107 of this charter, and containing provisions conforming with this section as amended is hereby confirmed, subject to repeal or amendment.

### NUMBER, COMPENSATION AND MEETINGS OF SUPERVISORS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 10 of the Charter of the City and County, relating to number, compensation and meetings of Supervisors.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County by amending Section 10 thereof, relating to number, compensation and meetings of Supervisors.

### NUMBER, COMPENSATION AND MEETINGS OF SUPERVISORS.

Section 10. The board of supervisors shall consist of eleven members elected at large. Each member of the board shall be paid a salary of four thousand (\$4,000) dollars per year, and each shall execute an official bond to the city and county in the sum of five thousand (\$5,000) dollars.

At twelve o'clock noon on the 8th day of January next following their election, the newly elected and continuing members of the board of supervisors shall meet at the legislative chamber in the city hall, and thereafter regular meetings shall be held as fixed by resolution. The supervisors constituting the new board shall, on January 8, 1932, and every second year thereafter, elect one of their number as president of the board for a two-year term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

The meetings of the board shall be held in the city hall, provided that, in case of emergency, the board, by resolution may designate some other appropriate place as its temporary meeting place. The board shall cause a calendar of the business scheduled for each meeting to be published and shall keep and publish a journal of its proceedings. Notice of any special meeting shall be published at least twenty-four hours in advance of such special meeting.

**CONTROL OF HARBOR.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 47 and 48, and adding a new section thereto to be known as Section 48.1, relating to control of harbor.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, by amending Sections 47 and 48, and adding a new section thereto to be known as Section 48.1, relating to control of harbor.

## CONTROL OF HARBOR

Section 47. Whenever the State of California shall grant, or by legislative action agree to grant, to the City and County of San Francisco all or a substantial part of the property now under the jurisdiction, possession, control and management of the board of state harbor commissioners, including the interest of the State of California in that portion of the bay of San Francisco now controlled by the board of state harbor commissioners and used as the harbor of San Francisco, the said city and county shall accept the same, and shall thereafter have authority to manage, govern, administer and control, all and singular the property, rights and privileges granted, assigned or conveyed by the said State of California. Said city and county shall also have power, subject to the bond issue procedure provided for in this charter, to now or hereafter provided for by the laws of the State of California to assume an obligation or obligations to the State of California for the outstanding bonded indebtedness incurred by the State of California for the acquisition, construction, improvement and development of the said harbor or of the properties used in connection therewith, or to issue new and additional bonds therefor; and any and all indebtedness assumed or bonds issued for said purpose shall not be included in the bonded debt limit provided for in section 104 of this charter, and if thereafter any additional bonded indebtedness is incurred to improve, construct, reconstruct or extend said harbor, or to add thereto or to renew, construct or re-construct, operate or extend any service or equipment or utility used in connection with said harbor or in connection with the operation thereof, said bonded indebtedness so incurred shall also be exempt from the limitations contained in section 104 of this charter. All the powers and duties incident to the management, government, control and administration of the said harbor, and all properties and utilities used in connection therewith, shall be vested in the harbor commission of the City and County of San Francisco.

Said harbor commission of the City and County of San Francisco shall consist of five members to be appointed by the mayor, one of whom shall be a representative of the agricultural interests of the State of California and need not be a resident of the city and county. The term of office of each of said members shall be five years, provided that those first appointed to said commission shall so qualify themselves by lot that the terms of office shall expire respectively, one, two, three, four and five years after the 15th day of January next after their respective appointments. Vacancies on said board shall be filled by the mayor for the unexpired term. Each of said persons appointed to said commission shall give a bond in the sum of five thousand (\$5,000) dollars duly conditioned for the faithful performance of his duties and said person so appointed shall be subject to recall, suspension, and removal in the same manner as an elective official. The compensation of each of the members of said harbor commission shall be twelve hundred (\$1200) dollars per year.

Section 48. The said harbor commission shall have possession, control and management of all and singular the properties and equipment granted to the City and County of San Francisco by the State of California for harbor purposes, as well as that portion of the bay of

San Francisco now operated and controlled by the board of state harbor commissioners for harbor purposes, and also all property and equipment hereafter acquired by the city and county for said purposes. Said harbor commission shall have all of the powers and duties given to boards and commissions by section 19 of the charter, and in addition thereto shall have power:

(a) To regulate and control the anchoring, mooring, towing and docking of all vessels and water craft;

(b) To regulate and control the construction, maintenance, operation and use of, and to use and operate any and all railroads, wharves, warehouses, cold storage or refrigeration plants or other structures, improvements or appliances, used in connection with said harbor, or for the accommodation or promotion of commerce, navigation or fishing in or about said harbor;

(c) To regulate and control all dredging and excavation in or about said harbor;

(d) To fix, regulate and collect fees, rates, tolls or charges for the use or service of all wharves, warehouses, water craft, railroads or other facilities, structures or appliances owned, controlled or operated by said harbor commission, in connection with said harbor, or in connection with, or for the promotion or accommodation of commerce, navigation or fishing. All of said fees, rates, tolls and charges shall be sufficient to produce sufficient revenue to pay all expenses of every kind and nature incident to the operation and maintenance of said harbor and the properties and equipment used in connection therewith, together with the interest and sinking fund for any outstanding bonds issued by the State of California or by the City and County of San Francisco for the acquisition, construction or extension of said harbor, or of any of the properties or equipment used in connection therewith; provided that should the commission propose a schedule of rates, fees and charges or rentals for the respective services to be furnished by said commission which shall not provide such revenue, it may do so with the approval of the board of supervisors by a two-thirds vote thereof. Said harbor commission shall, from time to time, report to the board of supervisors a proposed schedule of fees, rates, tolls and charges to be made for the several classes of service to be rendered, and said fees, rates, tolls and charges shall be the legal fees, rates, tolls and charges to be paid to said harbor commission for said services, unless the same are disapproved by a two-thirds vote of said board of supervisors, within thirty (30) days after said report is received. If said board of supervisors by a two-thirds vote rejects said schedule, it may return the same to the said harbor commission for revision;

(e) To enter into leases of lands, buildings, docks and piers, said leases to be approved by the board of supervisors before the same shall be effective; provided that the right to use any building, dock or pier for a period not to exceed one year shall not be deemed a lease under this section and the board shall have power to assign the use of any building, dock or pier for a period not exceeding one year at the regular tolls;

(f) To appoint a harbor master who shall be the chief executive of the harbor commission and who shall have the management of all of the

affairs and activities placed under the jurisdiction of the said board. He shall devote his entire time to the duties of his office and his salary shall be fixed by the commission subject to the annual appropriation and salary ordinance. He shall hold his office at the pleasure of the commission and shall have the management of said harbor and of all of the facilities and equipment thereof and of all bureaus and departments established for the operation of said harbor or for the operation of any equipment or facility thereof. Subject to the approval of the commission he shall appoint and remove any and all heads of departments or bureaus, who may not be subject to the civil service provisions of the charter. He shall possess the necessary administrative, executive and technical qualifications necessary to enable him to perform the duties of his office. His compensation shall not exceed prevailing salaries paid those holding similar positions in comparable private employment. The commission may confer on him such additional powers and authority as it may see fit;

(g) To establish such departments and bureaus as may be necessary or convenient for the conduct of its affairs;

(h) To enter into such agreements, subject to the approval of the board of supervisors with the State of California, the board of state harbor commissioners, or any other state agency or department that may be necessary to obtain and receive, take or hold any properties, privileges or things granted to the city and county by the state;

(i) To institute, defend or prosecute, in the name of the City and County of San Francisco, any and all actions or legal proceedings necessary or proper to acquire, hold or defend the possession of any property granted to the said city and county, or held by said city and county, for harbor purposes, and to institute and prosecute any and all actions or legal proceedings necessary or proper to prevent the obstruction or illegal use or occupation of any of the properties, things or facilities held by the city and county for the purposes of said harbor. The city attorney shall be the legal adviser of the commission, and may, with the approval of the commission compromise, settle or dismiss any litigation or legal proceeding pending for, or on behalf of the commission relative to any matter under its jurisdiction, provided that if such action or proceeding involves the title or right of possession of any real property owned by the city and county, such action shall not be compromised, settled or dismissed without the concurrence of the board of supervisors. The city attorney shall, at the request of the commission detail the necessary attorneys to perform the legal work of the commission, and said commission may, with the consent of the mayor and the approval of the city attorney, appoint special counsel for temporary purposes. The compensation of all attorneys serving the commission shall be paid from the revenues of the harbor, unless otherwise provided in the salary and appropriation ordinance.

The board of supervisors may confer upon said harbor commission such other and additional powers as it shall deem proper and which are not in conflict with this section.

Section 48.1 All persons actually employed in the operating service of the board of state harbor commissioners at the time the City and

County of San Francisco shall take over and assume the management and control of the said harbor and the properties used in connection therewith, and who at said date shall be entitled to benefits of the civil service provisions of the State of California, in so far as the same may be applicable to the employees of the board of state harbor commissioners, shall be continued in their respective positions and shall continue to hold their said positions pursuant to the civil service provisions of this charter, and shall be entitled to all of the rights, benefits and privileges which said persons might have, or might have had, had said persons been originally appointed to their respective positions under certification from the civil service commission of the City and County of San Francisco; and in the matter of seniority, in service of said employees entitled to the benefits of said civil service provisions, as herein provided, the seniority of each employee shall be reckoned from his first permanent appointment to employment under said board of state harbor commissioners, and as to their respective positions, said employees shall have preference over all other employees of the city and county.

All employees of the board of state harbor commissioners at the time this act shall go into effect shall continue to be members of the state employees' retirement system, with all the rights, privileges and benefits of said system until the time of the actual transfer to the City and County of San Francisco of the properties now under the jurisdiction of said board of state harbor commissioners; and upon the acceptance of said transfer by the City and County of San Francisco, said employees shall become members of the San Francisco city and county retirement system and shall be entitled to all the benefits and privileges and subject to the obligations of said system and the Retirement Board of the San Francisco City and County Employees' Retirement System shall make such allowance and provision for the prior service of said employees rendered to the board of state harbor commissioners as may be recommended by said retirement board and approved by ordinance of the board of supervisors.

All employees whose respective employments are transferred from the board of state harbor commissioners to the Harbor Commission of the City and County of San Francisco, pursuant to the provisions of this section or pursuant to the provisions of any act of the Legislature of the State of California transferring the properties now under the jurisdiction of the board of state harbor commissioners to the City and County of San Francisco, and who, at the date of the actual transfer of said properties, reside outside of the City and County of San Francisco, shall not be subject to the residential qualifications of officers and employees of the city and county provided for in section 7 of this charter.

In the matter of the control and operation of the harbor and of the facilities and equipment thereof, including the matter of budgets and appropriations, the harbor commission shall be subject to the budgetary and fiscal procedure elsewhere provided for in this charter.

Full power and authority is hereby vested in the Board of Supervisors of the City and County of San Francisco to enter into such supplemental agreements with the State of California, or with the board of state

harbor commissioners, or with any other agency of the State of California, not in conflict with the provisions of this charter, in order to meet any condition provided for by the Legislature of the State of California in the transfer to the City and County of San Francisco of said properties now under the jurisdiction of the board of state harbor commissioners, and any agreement so entered into will be as binding upon the City and County of San Francisco as if the provisions of said agreement were embodied in this charter.

The revenues of said harbor, and of all the properties incident thereto or used in connection therewith, shall be deposited in a separate fund in the treasury of the city and county, and shall be used for the following purposes, and in the order herein named:

(a) For the payment of operating expenses, including pension charges;

(b) For the payment of the principal and interest of any obligation of the State of California and assumed or agreed to be paid by the City and County of San Francisco;

(c) For repairs and maintenance of the properties of said harbor or used in connection with the operation thereof;

(d) For the payment of the principal and interest on any bond issued by the City and County of San Francisco for the acquisition, construction, repair or extension of said harbor, or of any of the facilities used in connection therewith;

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacement made necessary by the physical and functional depreciation of any of the properties or equipment of said harbor, as the same shall occur;

(f) To pay for extensions and betterments to said harbor or to the equipment and facilities thereof;

(g) To establish a surplus or sinking fund for the improvement or extension of the harbor or for any facility used in connection therewith.

## CHARTER AMENDMENT No. ....

The following was taken up:

### ZONING AND SET-BACK LINES.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 117 of the Charter of the City and County, relating to zoning and set-back lines.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County a

the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County by amending Section 117 thereof, relating to zoning and set-back lines.

### **ZONING AND SET-BACK LINES.**

Section 117. The city planning commission, from time to time, shall consider and hold hearings on proposed changes in the classification of the use to which property in the city and county may be put, in either case, on its own motion or on the application of the owner of the particular property involved in any such proposed change. The city planning commission, from time to time, shall also consider and hold hearings on proposals to establish or change building set-back lines, in either case, on its own motion or on the application of an interested property owner. The board of supervisors, by ordinance, shall establish procedure for action on such matters, which ordinance must provide, among other things, that the commission shall give notice of time, place and date of hearing by posting throughout the area and by publication not less than twenty days prior thereto; that the commission shall notify, in writing, not less than ten days prior to said hearing, applicants for proposed changes, and all persons whose names and addresses are shown on the assessment roll as owners of property within three hundred feet of all exterior boundaries of the property involved in a proposed change and the time and the place of hearing, which names, addresses and other information shall be furnished by the applicant in the form required by the commission; that the commission, after hearing shall, by resolution, approve or disapprove the proposed change which, if approved, shall not become effective for thirty days; that appeal may be taken from the ruling of the commission by filing written protest with the board of supervisors, copy of which shall be filed with the city planning commission, and if such protest is subscribed by the owners of twenty per cent of the area of all property within three hundred feet of the exterior boundaries of the particular property involved in such proposed change, the supervisors shall fix a time and a place for hearing such objections which shall be not less than ten nor more than thirty days after such filing, and must decide thereon within ten days of the start of such hearing; that the board of supervisors, by not less than two-thirds vote, may disapprove the action of the commission, provided, however, that any change in zoning classification or building set-back lines made by the commission on its own motion shall require approval of the board of supervisors by a two-thirds vote; that in case of disapproval by the commission or by the board of supervisors on appeal of such proposed change, no proposed change involving the same property may be resubmitted to or reconsidered by the commission, on its own motion or otherwise, for at least one year subsequent to disapproval by the commission, or the board of supervisors if appeal be taken.

No ordinance shall be considered by the supervisors, the purpose or intent of which is the classification, regulation or control of the height, area, bulk, location or use of any building or buildings, or premise or premises, and classifying any property into any district or zone for such purposes, or establishing a set-back line or lines along any street or portion thereof in the city and county without being first submitted to

the city planning commission for report and recommendation. If the commission disapprove any such ordinance, the supervisors may adopt the same only by an affirmative vote of at least two-thirds of its entire membership. The failure of the commission to act within sixty days from and after the date of official submission of any proposed zoning classification or set-back line by the board of supervisors shall be deemed to be approval of such classification or proposed set-back line by the commission.

Ordered submitted by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reil, Roncovieri, Schmidt, Shannon, Uhl.

Absent: Supervisor Brown.

## CHARTER AMENDMENT No. ....

The following was taken up:

### CONTRACTORS' WORKING CONDITIONS.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Section 98 of the Charter of the City and County, relating to contractors' working conditions.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the Charter of the City and County, by amending Section 98 thereof, relating to contractors' working conditions.

### CONTRACTORS' WORKING CONDITIONS.

Section 98. Every contract for any public work or improvement to be performed at the expense of the city and county, or paid out of moneys deposited in the treasury, whether such work is to be done directly under contract awarded, or indirectly by or under sub-contract or sub-partnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide: (1) That in the performance of the contract and all work thereunder, eight hours shall be the maximum hours of labor on any calendar day; (2) that any person performing labor thereunder shall be paid not less than the highest general prevailing rate of wages in private employment for similar work; (3) that any person performing labor in the execution of the contract shall be a citizen of the United States; (4) that all laborers employed in the execution of any contract within the limits of the city and county shall have been residents of the city and county for a period of one year immediately preceding the date of their engagements to perform labor thereunder; provided, however, that the officer empowered to award and execute such contract may, upon application of the contractor, waive such residence qualifications and issue a permit specifying the extent and terms of such waiver whenever the fact be established that the required number of laborers and mechanics possessing qualifications required by the work to be done cannot be engaged to perform labor thereunder.

The term "public work" or "improvement," as used in this section, shall include the fabrication, manufacturing or assembling of materials in any shop, plant, manufacturing establishment or other place of employment, when the said materials are of unique or special design, or are made according to plans and specifications for the particular work or improvement and any arrangement made for the manufacturing, fabrication or assembling of such materials shall be deemed a contract or a sub-contract subject to the provisions of this section. The word "person" as hereinafter used in this section shall mean a natural person, firm, partnership, corporation or association.

The board of supervisors shall have full power to enact all necessary and proper ordinances to carry out the terms of this section and shall also have power to provide by ordinance that any officer, board or commission now or hereafter charged with the letting or awarding of a contract or contracts, may let or award any contract (1) for public work or improvement, (2) for the purchase of materials which are to be used, made, constructed, manufactured, fabricated, assembled or compounded for any public work or improvement, or (3) for the purchase of materials, supplies or equipment of any kind to be used by the city and county, to a person other than the lowest responsible bidder herefor, provided that the person to whom such contract is let or awarded fulfills and performs the same with materials and/or supplies made, constructed, manufactured, fabricated, assembled or compounded in the city and county and the bid of such person is the lowest bid from a responsible bidder agreeing to fulfill and perform such contract with materials or supplies so made, constructed, manufactured, assembled or compounded, and does not exceed the bid of the lowest responsible bidder making, constructing, manufacturing, fabricating, assembling or compounding the same elsewhere by a percentage thereof to be fixed in such ordinance, which shall not exceed ten per cent of such lowest bid. Nothing contained in this section shall be construed as a limitation on any power the board of supervisors may have by reason of any other provision in this charter.

Ordered submitted by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl.

Absent: Supervisor Brown.

## CHARTER AMENDMENT No. ....

Supervisor Meyer moved submission to the electors of the following proposed amendment:

### APPROPRIATIONS TO MEET UTILITY DEFICITS

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County, by amending Section 74 thereof, relating to appropriations to meet utility deficits.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors at the special election to be held

on the 9th day of March, 1937, a proposal to amend the Charter of the City and County by amending Section 74 thereof, relating to appropriations to meet utility deficits.

### APPROPRIATIONS TO MEET UTILITY DEFICITS

Section 74. In the event the public utilities commission shall propose a budget estimate for any utility which will exceed the estimated revenue of such utility, it shall require a vote of two-thirds of all members of the board of supervisors to approve such budget estimate, and to appropriate the funds necessary to provide for the deficiency. Provided that if said proposed deficiency shall include proposed expenditures for additions, extensions or other capital costs, the total annual amount which may be appropriated from tax funds to all municipally owned utilities for additions, extensions and other capital costs shall not exceed \$500,000.00; provided further that there shall be no limitation as to the amount which may be appropriated to any of the existing utilities for additions, extensions or other capital costs when the appropriation therefor is made from the earnings or surplus of said utility.

*Refused submission* by the following vote:

Ayes—Supervisors Mead, Meyer, Reilly—3.

Noes—Supervisors Brown, Colman, McSheehy, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

(Subsequently on January 25, 1937, the foregoing amendment was again considered and *ordered submitted*.)

#### Ordered Submitted.

Whereupon, the foregoing proposed amendment as amended and in words and figures following was ordered submitted by the following vote:

#### CHARTER AMENDMENT No. ———

### POLICE DEPARTMENT.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by amending Sections 35, 146, 148, and 172 thereof, relating to the Police Department and Patrol Special Officers.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the special election to be held on the 9th day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by amending Sections 35, 146, 148, and 172 thereof, relating to the Police Department and Patrol Special Officers.

### POLICE DEPARTMENT.

Section 35. The police department shall consist of a police commission, a chief of police, a police force and such clerks and employees as shall be necessary and appointed pursuant to the provisions of this charter, and shall be under the management of a police commission consisting of three members, who shall be appointed by the mayor, and each of whom shall receive an annual compensation of twelve hundred dollars (\$1,200). The term of each commissioner shall be four years, commencing at twelve o'clock noon on the 15th day of January in the years 1938, 1940 and 1941, respectively. The incumbents serving as members of the commission at the effective date of the amendment shall continue to hold their respective positions, subject to the provisions of the charter, for the remainder of the terms for which they have been respectively appointed. The commission shall appoint a chief of police who shall hold office at its pleasure.

The police commissioners shall be the successors in office of the police commissioners holding office in the city and county at the time this amendment shall become effective, and shall have all the powers and duties thereof except as in this charter otherwise provided. They shall have power to regulate traffic, including the location and use of traffic control devices for that purpose.

All positions in the police department legally authorized shall be continued, and incumbents therein legally appointed thereto shall be continued as officers and employees of the department under the conditions governing their respective appointments and except as otherwise provided in this charter.

The rank of corporal is hereby abolished, effective on the last day of the month during which this amendment shall become effective, and members of the department having the rank and pay of corporal shall from the first day of the next ensuing month have the rank and pay of sergeant, and members of the department on a civil service commission list of those eligible for appointment as corporal shall during the life of such list be eligible for appointment as sergeant.

Each member of the department holding the position of inspector at the effective date of this amendment, and who has held such position for one year continuously prior thereto, is hereby declared permanent and appointed thereto. The chief of police may detail from time to time other members of the department for performance of duty in the bureau of inspectors who shall be known as assistant inspectors, and who may be removed from such detail by order of the chief of police. An appointment as inspector shall not be subject to competitive examination, but in case of vacancy in said rank of inspector, the appointment shall be made by the chief of police from among those assistant inspectors who have been detailed to, and who have actually served with the bureau of inspectors for at least five years prior to such appointment. Inspectors and assistant inspectors shall have the same rights as other members of the department to take competitive examinations from their respective civil service ranks. An inspector, guilty of any offense or violation of the rules and regulations of the police department shall be subject to punishment as provided in Section 155 of this charter.

The chief of police, in addition to the inspectors above provided for, shall detail any member of the department to serve as inspector of school traffic patrols who shall have the rank and pay of inspector, subject to the provisions of this section.

Subject to the provisions of Section 20 of this charter governing the appointment and removal of non-civil service appointees, and without competitive examination, the chief of police shall have power to appoint a police surgeon; to designate a deputy chief of police from the rank of captain, a department secretary from the rank of captain, and a director, bureau of special services, from the rank of sergeant or higher rank, a superintendent of the division of identification and an assistant superintendent of the division of identification, from any rank in the department; to designate a director, bureau of criminal information from among the members of the department having the rank of sergeant or higher; to designate a captain of inspectors, a captain of traffic and a director, bureau of personnel, from among the members of the department holding rank of lieutenant or higher, and to designate a supervising captain of districts from among the members of the department holding the rank of captain. Provided, that the captain of inspectors and captain of traffic and the superintendent of the division of identification, who shall be holding said positions at the effective date of this amendment, shall, if they have held their said positions continuously for one year next before said date, shall be continued in their respective positions as if they had been appointed thereto after civil service examination and certification. The department secretary or other suitable member of the department shall be assigned by the chief of police to serve also as secretary to the police commission without extra

ompensation. The officer holding the position of property clerk at the effective date of this amendment and who has held such position for one year prior thereto shall have the rank and pay of captain, as long as he legally holds such position, provided that when a successor to such position is assigned thereto by the chief of police from among the members of the department, such assignment shall be made at the rank and pay of the member so assigned.

When any member of the department, detailed to any of the positions above mentioned, shall be removed from said detail or position he shall be returned to his civil service rank and position, unless removed from the department pursuant to the provisions of Section 155 of the charter.

The police force of the city and county shall not exceed one police officer for each five hundred inhabitants thereof. The annual compensations for the several ranks in the department shall be as follows: chief of police, \$7,200; deputy chief of police, \$5,400; captain of inspectors, \$5,000; department secretary, \$4,800; captain of traffic, director, bureau of criminal information; director, bureau of personnel, and supervising captain of districts, each \$4,000; captains, \$3,600; lieutenants, and director, bureau of special services, the superintendent of the division of identification, each \$3,000; inspectors and assistant superintendent of the division of identification, \$2,760; sergeants, \$2,640; police surgeon, police officers, police patrol drivers and women protective officers, \$2,400; criminologist, \$3,600; photographer, \$2,700.

The chief of police may refuse to issue any permit that is subject to police department investigation and issuance, if it shall appear that the character of the business or the applicant requesting such permit does not warrant the issuance thereof, or he may revoke any such permit as soon as it shall appear that the business or calling of the person to whom it was granted is conducted in a disorderly or improper manner, or that the place in which the business is conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling.

In the suppression of any riot, public tumult, disturbance of the public peace or organized resistance against the laws or public authority, the chief of police, in the lawful exercise of his functions, shall have all the powers that are now or that may be conferred on the Sheriff by the laws of this State.

The supervisors shall provide in the annual budget an amount not to exceed in any one fiscal year the sum of \$10,000, to be known as the contingent fund of the chief of police. The chief of police may from time to time disburse such sums for contingent expenses of the department as in his judgment shall be for the best interests of the city and county, and the police commission shall allow and order paid out of such contingent fund, upon orders signed by the chief of police, such amounts as may be required.

At his discretion or upon the petition of any person, firm or corporation, the chief of police may appoint, and at his pleasure remove special police officers. Such officers shall be subject to all the rules and regulations of the department.

The police commission may appoint patrol special officers and for

cause may suspend or dismiss said patrol officers after a hearing on charges duly filed with the commission and after a fair and impartial trial. Each patrol special officer shall be at the time of his appointment not less than twenty-one years of age nor more than forty years of age and must possess such physical qualifications as may be required by the commission. Age qualifications shall not apply to present patrol special officers acting as such at the time of the effective date of the amendment nor to their reappointment. Patrol special officers who are designated by the police commission as the owners of a certain beat or territory as may be fixed from time to time by said commission or their legal heirs or representatives of said owners, may dispose of their interest in said beat or territory to a person of good moral character, approved by the police commission and eligible for appointment as a patrol special officer.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance.

The chief of police shall have power, by regulation, to provide for the care and restitution of property that may come into possession of the department or into the possession of any officer or employee thereof, and the sale at public auction of all such unclaimed property, as well as the disposition of such property as shall consist of weapons or articles used or that may be used in the commission of crime, or the sale or disposition of which is prohibited by law.

### **PROMOTIONS.**

Section 146. Whenever it deems it to be practicable, the civil service commission shall provide for promotion in the service on the basis of such examinations and tests as the commission may deem appropriate and shall, in addition, give consideration to ascertained merit and record of city and county service of applicants. The commission shall announce in the examination scope circular the next lower rank or rank from which the promotion may be made. All promotions in the uniformed forces of the police and fire departments, respectively, shall be made from the next lower rank on the basis of examinations and tests, seniority of service and meritorious public service being considered, provided that in the police department a minimum of two years' service in the lower rank shall be a requirement for promotive appointment to the next higher rank. Not more than 5 per cent of the total credits obtainable under any promotive examination shall be allowed for seniority of service; and the civil service commission shall determine the manner in which said credits shall be distributed.

### **REQUISITION, CERTIFICATION AND APPOINTMENT.**

Section 148. Whenever a position controlled by the civil service provisions of this charter is to be filled, the appointing officer shall make a requisition to the civil service commission for a person to fill it. Thereupon, the commission shall certify to the appointing officer the name and address of the person standing highest on the list of eligible persons for such position. In case the position is promotive, the commission shall certify the name of the person standing highest on such list. In

making such a certification, sex shall be disregarded except when a statute, a rule of the commission or the appointing officer specifies sex.

From the requisition of the appointing officer or otherwise, the commission shall determine whether the position is, in character, temporary, seasonal or permanent, and shall notify the candidate in accordance therewith to the end that the candidate may have knowledge of the probable duration of employment. The commission shall provide for such waiver of temporary or seasonal employment as it may deem just to candidates.

Any appointment to a position declared permanent by the civil service commission shall be on probation for a period of six months, provided that the probationary period for entrance positions in the uniform rank of the police department shall be for one year. At any time during the probationary period the appointing officer may terminate the appointment. The civil service commission shall inquire into the circumstances and may declare such person dismissed, or may return the name to the list of eligibles for certification to another department. Immediately prior to the expiration of the probationary period, the appointing officer shall report to the civil service commission as to the competence of the probationer for the position, and, if competent, shall recommend permanent appointment.

### COMPENSATION, INSURANCE PAYMENTS.

Section 172. The benefit provisions of the workmen's compensation insurance and safety law of the State of California as they affect the benefits provided for or payable to or on account of officers and employees, including teachers of the city and county, shall be administered exclusively by the retirement board, provided that the retirement board shall determine whether the city and county, through the retirement system, shall assume the risks under the said law, in whole or in part, or whether it shall reinsure such risks, in whole or in part, with the state compensation insurance fund. Benefits under such risks as may be assumed by the city and county, and premiums under such risks as may be re-insured shall be paid by the retirement system, and an amount equal to the total of such benefits and premiums, as determined by the actuary for any fiscal year, including the deficit brought forward from previous years, shall be paid during such fiscal year to the retirement system by the city and county.

Every patrol special officer, as referred to in Section 35 of this charter shall be entitled, under this section, to the benefits of such compensation law, if injured while performing regular city and county police duties, which shall include only duties performed while preventing the commission of a crime, or while apprehending the person or persons committing such crime, and shall not include duties of any character performed for private employers either on or off the premises of such employers, provided that no payments shall be made under this paragraph in the event that the patrol officer shall receive the benefits of such compensation law from any other source.

## Privilege of the Floor.

At the request of Supervisor Colman, Chief Administrative Officer Alfred J. Cleary was granted the privilege of the floor and addressed the Board, as follows:

MONDAY, JANUARY 25, 1937.

On Saturday Mayor Rossi and I called on General Simonds at his office in the Presidio to see what could be done to expedite the Funston avenue approach. We were thunderstruck at the statement of General Simonds that no permission would be given to connect up the existing roads of the Presidio with the Golden Gate Bridge. I do not wish your Board to act under a misconception today in making this appropriation. I want to have all the facts before you in order that you can determine the policy, so I addressed this letter to the Board:

CITY AND COUNTY OF SAN FRANCISCO  
OFFICE OF CHIEF ADMINISTRATIVE OFFICER

January 25, 1937.

Subject: Main Southerly (Funston Avenue) Approach,  
Golden Gate Bridge.

To the Honorable, the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am attaching hereto a copy of a letter addressed to your Honorable Board on December 2, 1936, by the President of the Golden Gate Bridge and Highway District, Mr. William P. Filmer.

To expedite construction of the Funston avenue approach, Mayor Rossi and I called upon General Simonds on Saturday, January 23rd. We were advised by General Simonds as follows:

No permit has been given to the Golden Gate Bridge and Highway District, nor to the State of California, for construction of the Funston avenue approach. A tentative route has been approved in principle only, but the War Department is awaiting the submission of detailed plans before any permit will be granted.

Pending the submission of these plans, no permission will be granted to connect the existing roads in the Presidio to the bridge structure. Moreover, no assurance could be obtained by Mayor Rossi or by me that the Army authorities would ever consent to connect the existing roads in the Presidio with the bridge proper. Commander James Reed, general manager of the Golden Gate Bridge and Highway District, advises me that he was given the information above noted on Friday, January 22, 1937.

This letter is directed to your Honorable Board to clear up any misconception that may have existed consequent on the receipt of Mr. Filmer's letter of December 2nd, and also to emphasize the fact that the Army authorities do not recognize the City officially in these negotiations, contending that the Golden Gate Bridge and Highway District is the party at interest and that all negotiations for the Funston avenue approach must be carried on by the Golden Gate Bridge and Highway District.

Respectfully yours,

ALFRED J. CLEARY,  
Chief Administrative Officer.

**Motion.**

After discussion of the motion to reconsider made by Supervisor McSheehy at the previous meeting, Supervisor Uhl moved that the matter remain on the calendar and that the President of the Board appoint a committee to attempt to get the entire amount necessary to construct the Funston avenue approach to the Golden Gate Bridge, through the Presidio, from the State.

*No action.*

**Reconsideration Refused.**

Whereupon, the roll was called on the motion to reconsider and *refused* by the following vote:

Ayes—Supervisors McSheehy, Reilly, Roncovieri, Uhl—4.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Schmidt, Shannon—7.

**Adopted.**

Thereupon, Resolution No. 3040, Approving Project Statement, Funston Avenue Bridge Approach, was announced *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—10.

**UNFINISHED BUSINESS.****Final Passage.**

The following matters, heretofore passed for second reading, were taken up:

**Reducing License Fee on Apartment Houses.**

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 1195, Ordinance No. 3.04166, as follows:

Amending Section 12 of Ordinance No. 5132 (New Series) as amended by Ordinance No. 3.04154, entitled "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco," in effect July 1, 1920, by reducing the license fee on apartment houses and repealing Section 2 of Bill No. 13, Ordinance No. 3.0412 entitled "Inspection Fee Ordinance," and repealing all ordinances and parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 12 of Ordinance No. 5132 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 12. Every person, firm, partnership or corporation maintaining, conducting or operating an apartment house shall pay an annual license fee as follows, to defray the cost of inspection and regulation by the Division of Housing Inspection of the Department of Public Health, Fire Prevention Bureau and Bureau of Licenses, and no permits of occupancy shall be issued by the Division of Housing Inspection therefor without said license first having been had and obtained.

Apartment houses of less than 20 rooms, \$4 per annum;

Apartment houses of 20 to 29 rooms, \$6 per annum;

Apartment houses of 30 to 39 rooms, \$8 per annum;

Apartment houses of 40 to 49 rooms, \$10 per annum;

Apartment houses of 50 rooms or over, \$12 per annum.

Said license fee for the fiscal year 1935-1936, shall be due and payable on the effective date of this ordinance and subsequent fiscal years shall be due and payable on the first day of October of each year. No deduction in the amount of said license fee herein provided for shall be allowed although the time for which it is paid is less than a full year.

This inspection and regulation shall be made by the Division of Housing Inspection of the Department of Public Health and the Fire Prevention Bureau at least once a year and as often thereafter as may be deemed necessary.

For the purpose of this ordinance an apartment house shall be deemed to be any building or portion thereof, more than one story in height, which is designed, built, rented, leased, let or hired out to be occupied, or which is occupied as the home or residence of four (4) or more families living independently of each other and doing their cooking in the said building. It is expressly provided by this ordinance that no license fee shall be charged, exacted or collected from any flat dwelling containing four (4) to six (6) flats, (inclusive) of one (1) family only to each flat dwelling.

An apartment is a kitchen and one or more contiguous rooms which are occupied or intended or designed to be occupied by one family for living and sleeping purposes in an apartment house.

A kitchen is any room used or intended or designed to be used for cooking and preparation of food.

A room is any legal, habitable space, between two floors, and a floor and roof, of an apartment house, and divided and separated by proper partitions and doors.

A family is one person living alone or a group of two or more persons living together in an apartment, whether related to each other by birth or not.

Section 2. Section 2 of Bill No. 13, Ordinance No. 3.0412, entitled "Inspection Fee Ordinance," and all ordinances and parts of ordinances in conflict herewith are hereby repealed.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

On recommendation of Finance Committee.

Bill No. 1224, Ordinance No. 9.051346, as follows:

Appropriating \$600 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 605.101.00, for the payment of salary of one part time Criminal Attorney, District Attorney's Office, for five months, at \$120 per month.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$600 is hereby set aside from Emergency Reserve, Appropriation No. 602.900.00, to the credit of Appropriation No. 605.101.00, Salaries, District Attorney's Office, for the payment of salary of one part time Criminal Attorney, for five months, at \$120 per month.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the appointment of an assistant to aid in the handling of an increased number of cases involving small children, which cases should be tried in the Juvenile Court

rather than in the Hall of Justice, and the District Attorney is without sufficient funds to provide therefor.

#### Re-referred to Finance Committee.

At the request of Supervisor Shannon, the following matter was *re-referred to the Finance Committee*:

#### An Ordinance Providing a Code of Fair Competition for the Cleaning and Dyeing Industry in the City and County of San Francisco and Providing a Penalty for the Violation of This Code.

(Code No. 5.49)

Bill No. 1227, Ordinance No. 5.491, as follows:

An ordinance providing a code of fair competition for the cleaning and dyeing industry in the City and County of San Francisco and providing a penalty for the violation of this code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A code of fair competition for the cleaning and dyeing industry in the City and County of San Francisco is hereby provided and set up in the words and figures following, namely:

"Code of Fair Competition" for the cleaning and dyeing industry in the City and County of San Francisco.

#### ARTICLE 1.

##### *Objects and Purposes.*

(a) This code is set up under and by virtue of and to effectuate the policies of Chapter 814 of Statutes of California, 1935, which is hereby referred to and made a part hereof and particularly for the purpose of increasing employment, establishing fair and adequate wages, effecting necessary reduction of hours, improving the standards of labor, and to eliminate unfair trade practices and ruinous price-cutting evils so that the cleaning and dyeing industry in the City and County of San Francisco may be rehabilitated and enabled to do its part toward establishing that balance of industries which is necessary to the restoration and maintenance of the highest practical degree of public welfare.

(b) It is the declared purpose of the cleaning and dyeing industry in the City and County of San Francisco to bring and maintain, in so far as may be practical, the rates of wages paid within the cleaning and dyeing industry to such levels as are necessary for the creation and maintenance of the highest practical standard of living, to restore the income of enterprises within the industry to levels which will make possible the payments of such wages, and to avoid a further depletion and destruction through impending bankruptcy of the greater part of this industry.

(c) It shall be the purpose of the industry in adherence to this code to improve the general sanitary and health conditions of the

cleaning and dyeing industry, to give the best possible service to the public at fair and standardized prices, to protect the public from fraudulent schemes in connection with the cleaning, dyeing and pressing of clothing, to disseminate information concerning modern cleaning methods and practices toward the end that the public may the better appreciate the care, consideration and attention now being given to the cleaning product, and to instill a spirit of co-operation among the members of such industry for the accomplishment of these objects and purposes.

(d) To disseminate knowledge among its members as to the use of scientific management, system and cost accounting, sound credit and collection methods, and to promote and assist in putting into effect the use thereof.

(e) To provide an impartial board of adjustment, through which any claims for damages to customer's goods may be considered.

(f) To provide a code authority consisting of an executive control committee of six, empowered to enforce the provisions of this code, as herein provided, said committee to consist of: Two wholesale plant owners, two retail plant owners, two retail cleaning store owners, as well as a chairman.

(g) This ordinance shall be known as the "Cleaning and Dyeing Code." It is the purpose of this industry to abide by the provisions of Chapter 814 of the Statutes of California, 1935.

## ARTICLE 2.

### *Territory.*

(a) The territory embraced within the confines of this industry is the boundaries of the City and County of San Francisco in the State of California.

### *Initiation.*

(a) No initiation or entrance fees shall be charged, but there shall be dues levied on the following basis:

### *Dues.*

Monthly dues for independently owned retail cleaning stores shall be \$1.50 per month per shop.

Monthly dues for any type of dry cleaning plant shall be based as follows:

Type No. 1. Monthly volume of business up to \$1,000 shall pay \$10 per month.

Type No. 2. Monthly volume of business between \$1,000 and \$3,000 shall pay \$20 per month.

Type No. 3. Monthly volume of business between \$3,000 and \$5,000 shall pay \$30 per month.

Type No. 4. Monthly volume of business between \$5,000 and \$10,000 shall pay \$40 per month.

Type No. 5. Monthly volume of business over \$10,000 shall pay \$100 per month.

## ARTICLE 3.

### *Participation and Voting.*

(a) Each member in good standing in the industry is to have only one vote, as herein provided.

(b) Participation in this code and any subsequent revision of or addition to this code shall be extended to any person, partnership or corporation engaged, in whole or in part, in the Cleaning and Dyeing Industry within the City and County of San Francisco.

## ARTICLE 4.

### *Administration.*

(a) The executive control committee, hereinabove provided for, shall be selected to represent said Cleaning and Dyeing Industry before the Board of Supervisors of the City and County of San Fran-

cisco, and before all governmental agencies, in any conference or conferences respecting this code of fair competition, and for all the other purposes hereof. The impartial chairman, selected by said executive control committee, shall be an ex officio member thereof but he shall have no vote excepting in case of a tie, in which event he shall cast the deciding vote. Two members of said committee shall be selected by each of said three groups specified in Paragraph (f) of Section 1 hereof, by ballot, at such time and place and manner as each of said three groups respectively shall decide at public meetings to be held by each of said groups for the purpose of selecting said members of said committee. All persons whose names and addresses can be ascertained by the exercise of reasonable diligence shall be invited to attend and to participate in said meeting or meetings and they shall be given reasonable notice of the time and place thereof.

(b) It shall be the duty of said executive control committee to enforce the provisions of this code and, through agents or otherwise, to hear or adjust complaints, consider proposals for and exceptions to the provisions of this code and otherwise administer and enforce its provisions.

(c) The executive control committee shall arbitrate all controversies between members of this industry and/or any controversies between members and the industry at large, as provided herein. If any member or members of such committee is a party to controversy existing between two or more members, the impartial chairman shall temporarily appoint another member or members to the board, from the same group as those temporarily removed, to consider and determine such controversies.

(d) The executive control committee shall have full authority to investigate all controversies and may levy a fine against the offending member or members, as provided for herein, and may make its order that the offending member pay to the association said fine, which shall not be in excess of fifteen times the weekly value of business lost by the complaining competitor or competitors. In the event that the offending member or members continue to violate this code after said order has been made, and they have received notice thereof, a separate fine may be levied against such member or members for each day's violation for any of the provisions of this code, but such fine is not to exceed \$100 for each such daily violation.

(e) All controversies shall be reported in writing in duplicate, one copy to be filed with the chairman of the executive control committee and one copy with the secretary of such committee.

(f) It shall be the duty of all persons subject to the provisions hereof to comply with each and every provision hereunder and to cooperate with all other persons in so doing, and it shall be the duty of every person operating hereunder to refuse to transact any business in the Cleaning and Dyeing Industry with any other person who violates any provision hereof.

## ARTICLE 5.

### *Production Provisions.*

(a) No limitations shall be placed upon any member which might restrain such member from installing new machinery and equipment, opening new offices or entering any phase of this industry.

## ARTICLE 6.

### *Cost, Sales, Prices and Discount Provisions.*

(a) It shall be an unfair method of competition for any person engaged in the Cleaning and Dyeing Industry to sell below the minimum price set forth in the schedule of prices attached hereto.

(b) On and after the effective date of this code, the minimum net cost to the customer for all cleaning, pressing, dyeing, repairing, and/or alteration services shall be not less than that set forth in said attached schedule entitled Minimum Price Lists for Cleaning.

Pressing, Dyeing, Repairing, and/or Alteration Services, and all quotations and charges shall be made only on that basis. All advertising matter, whether by newspaper, radio, billboard, circular, dodger or any other means, shall use and quote prices not less than those given in the attached schedule and net prices arrived at after allowing any discount (where allowable) shall not be used, quoted, considered or printed in any manner whatsoever.

(c) No sales discounts, commissions, premiums, free work, secret rebates or any other special inducements of any kind shall be made, either directly or indirectly, excepting the following:

Hotels and apartments may be given a 10 per cent discount upon the gross amount of cleaning and dyeing work which they pay for, providing the work is picked up from one central point and delivered to the same place. An agency sign must be prominently displayed and the agency must be responsible to the industry member of the collection and full payment of such services.

#### ARTICLE 7.

##### *Provisions Respecting Unfair Practices.*

The following acts, whether done directly or indirectly, are specifically designated, made and agreed to as unfair trade practices:

(a) The giving of any sales discounts, commissions, secret rebates, cash checks, free work, trading stamps, premiums, tokens, credits or any other special inducement of any kind to any customer or employee of such customer or prospective customer.

(b) The giving of any week-end discount.

(c) Enticing away any employee of a competitor with the purpose and/or effect of hampering, injuring or embarrassing said competitor in his business.

(d) Any attempt to calculate or induce the breach of present or future existing contracts or orders between competitors and their customers by any means whatsoever, or interfering with or obstructing the performance of any such contractual duties or services by any such means, with the purpose or effect of unduly hampering, impeding, injuring or embarrassing competitors in their business.

(e) The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing or by other false statements, insinuations or imputations or by the false disparagement of the grade or quality of their products or service with the purpose of misleading or deceiving a customer or by injuriously affecting the business of such competitor.

(f) Enticing away an outside or commission driver of a competitor with the purpose or effect of hampering, injuring or causing loss of business or financial loss to said competitor.

(g) To secure, attempt to secure or use in any way any list or lists of customers of any other member.

(h) The solicitation of business, either directly or indirectly, by any driver, route man, outside man, solicitor or agent, or by any other person, of or among or from any list of customers or any customer whomsoever of any prior employer of such person; provided, however, that this shall not be construed to prevent in any way any "commission drivers" who own their own vehicles and who own the good will list of customers whom they serve and who guarantee the payment of the bills or indebtedness of said customers, from soliciting said customers for himself or for any person to whom such "commission driver," as aforesaid, may transfer his business.

(i) Performing any service for any retail cleaning store, agency or outside route man in violation of any contractual relation existing between said retail cleaning store, agency or outside route man and a member.

(j) To use, participate in, publish or broadcast any inaccurate, untrue, deceptive or misleading statement, representation or illustration or to make unfair competitive claims such as to advertise one's

dry cleaning or dyeing work as the best or the finest in an effort to sell such services.

(k) To pay a percentage or commission or to make a gift in any way to any organization, group or person not identified with the industry for its soliciting of cleaning or dyeing services.

(l) To give any lump estimates or bids to department stores, homes, hotels, clubs, theatres or others for quantities of work not based on a per capita basis.

#### ARTICLE 8.

##### *Statistics.*

In order to provide data necessary for the submittance of this code of fair competition and for its administration under the said above mentioned ordinance, the members of this industry agree to furnish all possible statistics and information as required by the executive control committee.

#### ARTICLE 9.

##### *General.*

(a) No provision in this code shall be interpreted or applied in such manner as to:

1. Promote monopolies.
2. Permit or encourage unfair competition.
3. Eliminate or oppress small enterprises.
4. Discriminate against small enterprises.
5. Prevent any retail cleaning store from doing business with any plant or changing the plant with which it is doing business.

(b) This code or any of its provisions may be canceled or modified to the extent necessary to conform to any action by the Board of Supervisors of the City and County of San Francisco, or by action of any duly constituted representatives of the Board of Supervisors of the City and County of San Francisco, or of said municipality, or to conform to any law of the State of California.

(c) Words, terms or phrases employed in this code or ordinance are to be construed according to the context on the approved usage of the English language in this community and technical words, terms and phrases as used in this code are to be construed according to the peculiar and appropriate meaning thereof, and of the definition thereof, in the cleaning and dyeing industry in the City and County of San Francisco.

(d) If any section, sub-section, sentence, clause, phrase or part of this ordinance or code is for any reason held to be invalid or unconstitutional or contrary to the Charter of the City and County of San Francisco, such decision shall not affect the validity of the remaining portions of this act. The signatories of said code and the Board of Supervisors of the City and County of San Francisco hereby declare that they and it, respectively, would have signed and passed said code and said ordinance and each section, sub-section, sentence, clause and part thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases or parts be declared invalid or unconstitutional.

(e) Amendments to this code may be adopted by an 80 per cent vote of the membership and shall be effective when approved by ordinance of the Board of Supervisors of the City and County of San Francisco.

(f) Violation by any member of any provision of this code or any approved rule issued thereunder or of agreed minimum prices is a violation of the code and is a misdemeanor and punishable as provided in Section 6 of the said Service Trade Act of 1935, known as Chapter 814 of the Statutes of California, 1935.

## ARTICLE 10.

*Wholesale Prices.*

The wholesale and retail prices shall be as set forth in the schedule of prices attached hereto and made a part hereof for all purposes.

## ARTICLE 11.

Each and all of the provisions hereof shall apply to and be equally binding upon all persons whomsoever who shall transact or attempt to transact, in whole or in part, within the boundaries of the City and County of San Francisco, any or part of any business herein defined, regulated or controlled, subject to the provisions hereof.

The fact that any such person shall have his principal place of business without the City and County of San Francisco, or shall have no place of business within the City and County of San Francisco, or shall be partly or principally engaged in any other business shall not exclude such person from the operation hereof.

## ARTICLE 12.

Section j. *Spotting.* Spotting is the operation of removing spots or stains which may remain in fabrics after any of the above mentioned cleaning processes.

Section k. *Finishing*. Finishing is the operation of pressing and/or re-shaping any fabric, fur or leather, either by hand or by machine through the use of heat, steam, air, or other means, with the shape, dimensions and contour of the article restored as nearly as possible to the condition in which the article was received.

Section l. *Hat Renovating*. Hat renovating is the process of cleaning, dyeing, bleaching, re-felting, re-blocking, re-shaping, re-trimming and re-modeling hats or any type of head covering.

Section m. *Hat Renovating Establishment*. A hat renovating establishment is one which practices the art of hat renovating, which sells either to wholesale or retail trade, and which is equipped to produce a standard job of hat renovating as defined by the hat renovator's division as set up in this code of fair practice.

Section n. *Retail Hat Renovating Establishment*. A retail hat renovating establishment is one which sells at least 75 per cent of its services to the ultimate consumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores or other kind of outlets.

Section o. *Wholesale Hat Renovating Establishment*. A wholesale hat renovating establishment is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section p. *Dyeing*. Dyeing is the process of coloring garments, household articles and other textiles by the immersion in, spraying on, or brushing in, either by hand or by machinery, in or with a dye liquor.

Section q. *Dyeing Plant*. A dyeing plant consists of machinery and equipment necessary to carry on the process of bleaching, and/or dyeing garments, household articles and other textiles.

Section r. *Retail Store*. Retail stores are defined as being any shop or agency which finishes by pressing and/or reshaping any fabric, either by hand or by machine, that has been dry cleaned; provided, however, that no retail store which is not wholly owned, operated and controlled by a wholesale or retail cleaning plant shall be considered or treated, in any manner, as an agency or branch store of such wholesale or retail cleaning plant.

Section s. *Agencies*. An agency is defined as any retail store, branch store, hotel, apartment house, club or other retail outlets which receives cleaning, pressing and/or dyeing work for customers, except dyeing and/or cleaning and/or retail cleaning stores as defined in Section b and Section g of Article 12.

Section t. *Routemen*. Routemen are defined as any person, partnership or corporation engaged in picking up and/or delivering cleaning, pressing and/or dyeing work.

Section u. *Inside Routemen*. Inside routemen are routemen employed by cleaners and/or dyers and/or retail cleaning store operators where the employer owns the good will (list of customers) and pays or does not pay the employee a guaranteed minimum wage with or without commission upon cash collections.

Section v. *Outside Routemen*. Outside routemen are defined as routemen who own their own good will (list of customers) and contract with a cleaner and/or dyer and/or retail cleaning store operator for the cleaning, pressing and/or dyeing of garments and/or household articles.

Section w. *Monthly Volume of Business*. Monthly volume of business is defined to mean the average total monthly volume of cleaning and/or pressing and/or dyeing business handled during any six months' period immediately preceding the date upon which dues are payable.

Section x. *Unduly Long Hours*. It shall be considered to be "unduly long hours" for any place of business whatsoever hereunder to

remain open for receiving and/or cleaning and/or dyeing and/or distributing to the public and/or to the industry any plant, branch store, office agency, retail store, retail cleaning store or retail cleaning establishment, or to operate any switchboard or telephone service therein and to operate any delivery vehicle between the hours of 6:30 p. m. and 7:30 a. m., or at any time whatsoever on any Sunday, Christmas Day, New Year's Day, Thanksgiving Day, Independence Day or Labor Day, and the doing of any such act shall be a violation of this code.

Section y. *Opening New Store.* No new or additional store, branch store or retail cleaning store hereunder shall be opened, set up or established within 500 feet of any established store, branch store, retail store or retail cleaning store, as herein defined, in said cleaning and dyeing industry in any commercial district in said City and County of San Francisco and/or within 1500 feet of any such store, branch store, retail store or retail cleaning store in said cleaning and dyeing industry in any residential district in said City and County of San Francisco; provided, that the terms "commercial district" and "residential district" shall be the same as such districts are defined by the City Planning Commission of the City and County of San Francisco, and as the same now appear on the official maps now on file in the office of said Commission in the City Hall of said City and County; provided, however, that if vacation of the premises occupied by a store, branch store or retail cleaning store is made necessary for reasons beyond the control of the owner of such store, branch store or retail cleaning store, then moving such business from one location to another within the same business district shall be deemed not in violation of this section.

#### ARTICLE 13.

Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$500 or by imprisonment in the City and County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment. Each and every day's continuance of such violation shall constitute a separate offense.

#### ARTICLE 14.

This ordinance is enacted under and by virtue of Chapter 814 of the Statutes of 1935 of the State of California, and all applicable provisions of said act are incorporated herein.

Passed:....., 1937.

**Adopted.**

The following recommendation of Streets Committee was taken up:

**Closing and Abandoning a Portion Certain Portions of Sloat Boulevard and Junipero Serra Boulevard at Their Intersection.**

(Code No. 12.0622)

Resolution No. 3045, as follows:

Whereas, on the 7th day of December, 1936, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 2967, Code No. 12.0621, which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 9th day of December, 1936, said resolution being in words and figures as follows:

*Intention to Close Certain Portions of Sloat Boulevard and Junipero Serra Boulevard at the Intersection for the Purpose of Realignment.*

(Code No. 12.0621)

Resolution No. 2967, as follows:

Resolved, That the public interest requires that the certain following described portion of Sloat and Junipero Serra boulevards be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Sloat and Junipero Serra boulevards more particularly described as follows, to-wit:

Commencing at a point on the southerly line of Sloat boulevard, distant thereon 656.30 feet easterly from the easterly line of Nineteenth avenue; thence easterly on an arc of a curve to the right, tangent to the southerly line of Sloat boulevard, radius 250 feet, central angle 7 degrees 15 minutes 08 seconds, a distance of 31.644 feet to the proposed southerly line of Sloat boulevard; said proposed southerly line being 2 feet at right angles southerly and parallel with the southerly line of Sloat boulevard, and the true point of beginning of this description; thence easterly and southeasterly on the same 250-foot radius curve, central angle 51 degrees 57 minutes 41 seconds, a distance of 226.724 feet; thence northwesterly and westerly on the arc of a curve to the left whose tangent deflects 159 degrees 57 minutes 22 seconds to the left from the tangent of the preceding curve, radius 150 feet, central angle 60 degrees 53 minutes 27 seconds, a distance of 182.974 feet to the proposed southerly line of Sloat boulevard; thence deflecting 9 degrees 22 minutes 00 seconds to the left from the tangent of the preceding curve and running westerly, a distance of 60.252 feet to the true point of beginning of this description.

Excepting therefrom a 32-foot Municipal Railway easement.

Said closing and abandonment of said portion of Sloat and Junipero

Serra boulevards shall be done and made in the manner and in accordance with the provisions of Section 107 of the Chapter of the City and County of San Francisco and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Sloat and Junipero Serra boulevards in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted* by the Board of Supervisors, San Francisco, December 7, 1936.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, December 9, 1936.

ANGELO J. ROSSI, Mayor.

And whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution, and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 2967, Code No. 12.0621; and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Sloat boulevard and Junipero Serra boulevard described in Resolution No. 2967, Code No. 12.0621, be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portions of Sloat boulevard and Junipero Serra boulevard specifically described and proposed in said Resolution No. 2967, Code No. 12.0621, be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portions of Sloat boulevard and Junipero Serra boulevard described in Resolution No. 2967, Code No. 12.0621, shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 2967, Code No. 12.0621; and be it

Further Resolved, That the said closing and abandonment of said portions of said streets described in Resolution No. 2967, Code No. 12.0621, shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Action Deferred.**

The following matter was taken up:

**Intention to Close and Abandon Portions of Mendell Street, Carroll Avenue, Empire Lane, Bancroft Avenue, Armstrong Avenue, Yosemite Avenue, Shoup Avenue and an Unnamed Street.**

(Code No. 12.0611)

Resolution No. 3046, as follows:

Resolved, That the public interest requires that the certain following described portions of Mendell street, Carroll avenue, Empire lane, Bancroft avenue, Armstrong avenue, Yosemite avenue, Shoup avenue and an unnamed street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all those portions of Mendell street, Carroll avenue, Empire lane, Bancroft avenue, Armstrong avenue, Yosemite avenue, Shoup avenue and an unnamed street, more particularly described as follows, to-wit:

*Mendell Street.*

Parcel 1. All that portion of Mendell street lying between the easterly line of Shoup avenue and the westerly line of a strip of land 60 feet in width deeded to the City and County of San Francisco for street purposes by the Southern Pacific Company, recorded February 28, 1905, in Book 2103 of Deeds, at page 194, Records of aforesaid City and County, said westerly line being also the easterly line of the Southern Pacific Company's right of way.

Excepting therefrom a 10-foot sewer easement lying 5 feet on each side of the center line of Mendell street.

Parcel 2. All that portion of Mendell street lying between the northeasterly line of Carroll avenue and a line parallel with and distant 60 feet at right angles westerly from the westerly line of Shoup avenue.

Excepting therefrom a 10-foot sewer easement lying 5 feet on each side of the center line of Mendell street.

*Carroll Avenue.*

Parcel 1. All that portion of Carroll avenue (as it exists for approximately 200 feet northwesterly from Shoup avenue) lying between the northwesterly terminal line of Carroll avenue and a line parallel with and 60 feet at right angles westerly from the westerly line of Shoup avenue.

Excepting therefrom a 10-foot sewer easement lying 5 feet on each side of the center line of Mendell street produced southwestwardly.

Parcel 2. All that portion of Carroll avenue lying between the southerly prolongation of the westerly line of Shoup avenue and the southerly prolongation of the westerly line of a strip of land 60 feet in width deeded to the City and County of San Francisco for street purposes by the Southern Pacific Company, recorded February 28, 1905, in Book 2013 of Deeds, at page 194, Records of aforesaid City and County, said last-named line being also the easterly line of the Southern Pacific Company's right of way.

*Empire Lane.*

Beginning at the point of intersection of the southwesterly line of Empire lane with the southeasterly terminal line of Empire lane; thence northeasterly along said southeasterly terminal line 31.79 feet to the northeasterly line of Empire lane; thence deflecting 162 degrees 45 minutes 16 seconds to the left and running southwesterly, 33.65 feet to the southwesterly line of Empire lane; thence deflecting 126 degrees 34 minutes 29 seconds to the left and running southeasterly along last-named line, 9.87 feet to the point of beginning.

*Bancroft Avenue.*

Parcel 1. All that portion of Bancroft avenue bounded on the northwest by the southeasterly line of Mendell street and the easterly line

of Shoup avenue and on the southeast by the westerly line of a strip of land 60 feet in width deeded to the City and County of San Francisco for street purposes by the Southern Pacific Company, recorded February 28, 1905, in Book 2013 of Deeds, at page 194, Records of aforesaid City and County, said westerly line being also the easterly line of the Southern Pacific Company's right of way.

Parcel 2. Supervisor McSheehy moved that his Honor, the Mayor, be requested to appoint a Citizens' Committee for the proper observance of Columbus Day, October 12, 1937.

*Motion carried.*

#### Adopted.

The following resolutions were *adopted*:

Endorsing State Legislation for Construction of New Buildings for Veterans' Home.

(Code No. 5.3)

Supervisor Reilly presented:

Resolution No. 3059, as follows:

Whereas, investigation by independent agencies, as well as the State Fire Marshal, confirm the long-claimed contention of Mr. John J. Sullivan, Chief of the Division of Veterans' Homes, to the effect that the Veterans' Home of California, at Napa, constitutes a serious fire hazard and a menace to the lives of the Veterans quartered there; and

Whereas, the Veterans' Home of the State of California was established about fifty years ago to care for California Veterans of all wars; and

Whereas, common decency, if not a sense of gratitude and patriotism, should prompt the people of the State of California to safely and adequately provide for these veterans, who, at the call to arms, forsook their all in the cause of this State and the Nation; and

Whereas, it would be in the interest of good government to make an expenditure at this time to provide new and safe quarters for the 1425 men now quartered at the Home, one-third of whom are San Franciscans, rather than to delay such expenditure to some future time, thus risking a holocaust with its attendant loss of sacred lives, the increased cost of reconstruction and the deserved criticism which would certainly follow; and

Whereas, there is now pending in the Legislature of the State of California, a bill proposing an appropriation sufficient to construct new buildings which are absolutely necessary to the safe conduct of the Veterans' Home; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the Legislature and does urge the passage of this bill; and be it

Further Resolved, That the San Francisco delegation in the State Legislature be and they are hereby requested to exert their best efforts to the end that this bill may be favorably acted upon, and to influence their colleagues to do likewise; and be it

Further Resolved, That copies of this resolution be forwarded to the San Francisco delegation in the Legislature as well as to Governor Merriam and Lieutenant-Governor Hatfield.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Commending Sunrise Breakfast Club for Its Caravan of San Francisco Children Across the Bay Bridge.**

(Code No. 19.072)

Supervisor Reilly presented:

Resolution No. 3060, as follows:

Whereas, on Saturday, January 23, 1937, the Sunrise Breakfast Club, at the instigation of its beloved President, Inspector Peter R. Maloney of the San Francisco Police Department, arranged and conducted a caravan of San Francisco children across the San Francisco-Oakland Bay Bridge, after providing the kiddies with entertainment and lunches; and

Whereas, the children who were privileged to experience this great adventure are those who through adverse financial circumstances would have been long delayed in knowing it, except for the generous gesture from the Sunrise Breakfast Club; and

Whereas, the childish wonder, the unbounded enthusiasm and the complete joy of these children, who, for the first time, experienced the happy thrill of traversing this great bridge, was a sight to gladden the eye and inspire good will in the hearts of man; and

Whereas, because activities of this type are, due probably to the hustling impulse of modern life, all too few, and when discovered should be most highly commended, in an endeavor to cement a more healthy bond between grown-ups and a somewhat bewildered youth; now, therefore, be it

Resolved, That this Board of Supervisors takes this opportunity to express its gratitude to the Sunrise Breakfast Club for the laudable endeavor which was theirs in the transportation of approximately two thousand children across the Bridge; and be it

Further Resolved, That the wives of the members of the South of Market Boys share in these expressions for their part of the work involved in preparing the lunches for the kiddies.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Inquiry as to Cost of Bringing 1929 O'Shaughnessy Report on Street  
Railway Transportation Requirements Down to Date.**

(Code No. 15.091)

Supervisor Uhl presented:

Resolution No. 3061, as follows:

Whereas, there is much talk of unification of the street railway lines in San Francisco, and

Whereas, it seems desirable in order to avoid continuance of cut-throat competition by lines of the Municipal and the private company, as in the case of the Balboa Extension—Mr. Cahill informed the writer that municipal revenues fell off \$300,000 because of Balboa competition, and

Whereas, as far back as July 27, 1928, the then members of the Board of Supervisors appreciating the necessity of unified operation, passed Ordinance No. 8125 directing the Board of Works to have the City Engineer investigate and report to the Board of Supervisors upon the immediate and future street railway requirements of San Francisco and that portions of the existing privately-owned street railway systems should be acquired by the City for use in connection with the expansion of the Municipal Railway System in providing unified street railway service, and

Whereas, on page 177 of the M. M. O'Shaughnessy Report on street railway transportation requirements for San Francisco, under Recommendation No. II, there is set forth the following:

"II. That the City of San Francisco acquire, by purchase, the properties of the California Street Cable Railroad and the Market Street Railway Company, at the most advantageous figures possible to be arrived at through the negotiations authorized by Ordinance No. 8125," and

Whereas, it is now approximately eight years since said report was made, and

Whereas, during the interim of eight years there has been additional depreciation and extensions built; therefore, be it

Resolved, That it is most desirable at this time that today's value of the properties of the California Street Railway and Market Street Railway Company be known to the public; and be it

Further Resolved, That the Public Utilities Commission be requested to advise the Board of Supervisors what the cost of bringing said 1929 O'Shaughnessy's Report down to date.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Referred to Finance Committee.**

**Amendment—License Ordinance.**

(Code No. —)

Supervisor Shannon presented:

Bill No. —, Ordinance No. —, as follows:

Amending Section 34 of Ordinance No. 5132 (New Series), imposing License Taxes on certain businesses, callings, trades or employments within the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 34 of Ordinance No. 5132 (New Series), is hereby amended to read as follows:

Section 34. Every owner or lessee of a circus shall pay a license fee for each and every day any exhibition or performance is given therein, the sum of Five Hundred (\$500) Dollars for the first day and Three Hundred (\$300) Dollars for each subsequent day, and for each side

show in connection with or belonging to a circus, for which an admission fee is charged, a license of Ten (\$10) Dollars shall be paid for each and every day on which an exhibition or performance is given, and no additional license shall be required from such owner or lessee, for any team, wagon, truck, automobile, freight or passenger car or equipment that is a part of such circus and in actual use; provided, however, that in the event said exhibition or performance is given in and about the Municipal Auditorium located at the Civic Center and said auditorium is rented or leased at the regular rates usually charged therefor, the license fee shall be Fifty (\$50) Dollars per day, with no additional charges for side shows.

The term "circus" (except as hereinafter provided) shall be held to include any public exhibition or show for which an admission fee is charged, held in a space, tent, area of building where feats of horsemanship or acrobatic sports are exhibited or historic events portrayed, but shall not be held to include pictorial representations or theatrical performances.

Every owner or lessee of a company or troop giving open-air exhibitions, including wild animals or menagerie shows with a seating capacity of not more than 3500 persons shall pay a license for the first day of such exhibition in the sum of One Hundred (\$100) Dollars and for each subsequent day the sum of Seventy (\$70) Dollars, and for each side show in connection with said exhibition, for which an admission fee is charged, a license of Ten (\$10) Dollars shall be paid for each and every day on which an exhibition or performance is given.

The Tax Collector shall not issue a license under the provisions of this section unless the owner or lessee of said circus or exhibition shall obtain a permit to conduct the same from the Police Commission and present such permit duly certified by the Secretary of said Police Commission.

#### **Authorizing the Inclusion of Arguments With Sample Ballots.**

Supervisor McSheehy moved that the Registrar of Voters is authorized and directed to include with the sample ballots to be mailed to the voters at the special election to be held March 9, 1937, the following:

1. Affirmative arguments relating to Charter Amendment No. 1, Revenue Bonds; No. 2, Cash Reserve Fund and Temporary Loans; No. 6, Control of Harbor; No. 13, Power of Hearing, Inquiry and Subpoena; No. 16, Number, Compensation, Meetings of Supervisors; No. 17, Franchises; said arguments to be prepared by a Committee of the Board of Supervisors to be appointed by the President.

2. Affirmative arguments relating to other proposed Charter Amendments as may be presented to the Registrar of Voters by the sponsors of said proposed Charter Amendments.

3. Affirmative argument in favor of repeal of the anti-picketing ordinance, heretofore ordered submitted by the Board of Supervisors, said argument to be prepared and presented by the General Campaign Committee of Organized Labor.

All of said arguments shall be printed and delivered to the Registrar of Voters as prescribed by the Charter and the Clerk is instructed to transmit this motion to the Registrar of Voters.

*Motion carried.*

#### **Appointment.**

Whereupon, President Warren Shannon appointed for aforementioned committee, for preparation of arguments to be enclosed with sample ballots, Supervisors McSheehy, Reilly and Shannon.

#### **Committee for Pacific Cavalcades and Waldo Dedication.**

Supervisor Ratto presented invitation from the Golden Gate Bridge Fiesta, addressed to all members of the Board, to serve as members

of the Pacific Cavalcades and Waldo Dedication Committee, the first meeting of which was scheduled to take place at Petaluma, Tuesday, January 26, 1937, and moved that a committee be appointed to attend the meeting.

The roll was called and the motion was *carried* by the following vote:

Ayes—Supervisors Colman, McSheehy, Meyer, Ratto, Schmidt, Shannon—6.

Noes—Supervisors Reilly, Roncovieri, Uhl—3.

Absent—Supervisors Brown, Mead—2.

#### Appointment.

Whereupon, President Warren Shannon appointed Supervisor Ratto to represent the Board at the meeting in Petaluma.

### CONSIDERATION OF PROPOSED CHARTER AMENDMENTS.

#### CHARTER AMENDMENT No. 17.

##### FRANCHISES.

Describing and setting forth a proposal to the Qualified Electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by adding a new section thereto to be known as Section 9.1, relating to Franchises.

The Board of Supervisors of the City and County of San Francisco hereby submits to the Qualified Electors of the City and County at the Special Election to be held on the 9th day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth the Charter by adding thereto a new section to be known as Section 9.1, relating to Franchises.

##### FRANCHISES.

###### Section 9.1:

Subdivision (1). In addition to the franchises, permits or privileges which are authorized by the laws of the State of California to be granted by boards of supervisors of any county or city and county or by the legislative body thereof, the Board of Supervisors of the City and County of San Francisco may grant franchises, permits or privileges for the purpose of furnishing the City and its inhabitants with transportation, communication, terminal facilities, refrigeration, storage, including the operation of passenger, freight and express carrying busses, interurban or otherwise, irrespective of the method of locomotion, as well as franchises, permits or privileges for any means or methods for conveying letters, packages or articles by tubes or chutes or other conveyances, as well as for the method or means of the conveying or transmission of signals or alarms in or through the City and County of San Francisco, whenever any of such service or services shall be conducted on, over or under any public street, way, alley, lane or public park or place.

It shall be unlawful for any person, firm or corporation to carry on or engage in the business described in subdivision (1) hereof without obtaining a franchise, permit or privilege to so do from the Board of Supervisors of the City and County of San Francisco.

Subdivision (2). Full power and authority is hereby granted to the Board of Supervisors to issue and grant such franchises, permits or privileges under such terms and conditions as it may deem proper and said Board of Supervisors may by ordinance provide the conditions under which any franchise, or any of the permits or privileges hereinbefore mentioned may be applied for or granted, including such fees or considerations which shall be paid to the City and County of San Francisco for the exercise of any of the said franchises, permits or privileges above mentioned.

Supervisor Shannon, seconded by Supervisor Roncovieri, moved that the foregoing Charter Amendment be ordered submitted to the electors at the special election March 9, 1937.

**Ordered Submitted.**

Whereupon, Charter Amendment No. 17 was *ordered submitted* to the electors by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**CHARTER AMENDMENT No. 12.**

**Motion to Rescind Action.**

Supervisor Colman, seconded by Supervisor Brown, moved that the Board rescind its action in ordering submitted to the electors the police amendment, Charter Amendment No. 12, that was ordered submitted by the Board on January 18, 1937.

**Point of Order.**

Supervisor McSheehy raised the point of order, that the motion to rescind the previous action of the Board was out of order, inasmuch as no notice of the motion to rescind had been given at a previous meeting of the Board, or in the call for the present meeting. He also raised the further point of order that when something had already been done as a result of the action of the Board, then the action of the Board could not be rescinded.

The Chair ruled the point of order not well taken.

**Privilege of the Floor.**

Hon. William J. Quinn, Chief of Police, was granted the privilege of the floor. He urged the submission of the amendment as originally proposed by the Police Survey Committee.

**Motion.**

On motion by Supervisor McSheehy, the question of Charter Amendment No. 12 was taken into the hands of the Board.

**Motion.**

Supervisor Uhl, seconded by Supervisor McSheehy, moved that no charter amendments would be considered except those already in the Clerk's hands.

*Motion carried.*

**Communications Read.**

Communications from his Honor, the Mayor, and from the Chamber of Commerce, urging the submission of the Charter Amendment as originally presented, were read by the Clerk.

**Motion to Recess.**

Supervisor Colman, seconded by Supervisor Meyer, moved that the Board recess at 6:30 p. m., to re-convene at 8 p. m., if necessary.

*Motion carried.*

**In Hands of the Board.**

On motion by Supervisor McSheehy, the Board took into its own hands, motion previously made by Supervisor Colman, that the Board rescind its action whereby Charter Amendment No. 12 had been ordered submitted to the electors.

## Communications.

The following communications were read by the Clerk:

## CITY AND COUNTY OF SAN FRANCISCO.

January 21, 1937.

MAYOR'S OFFICE,  
200 City Hall.

The Honorable Board of Supervisors, City Hall, San Francisco.  
Gentlemen:

I am addressing you in reference to one of the Charter amendments to be submitted to the people at the coming special election. I refer to the amendment having to do with Police Department reorganization. In this connection, may I be permitted to outline to your Honorable Board certain points regarding this amendment as I see them after considerable study. In order to place the matter fully before your Honorable Board, I shall go into some detail regarding the origin and development of the Police Department survey, from which came the suggestion for a Charter amendment.

The survey group of the Police Department was requested by the Board of Police Commissioners and was approved by me as the best means by which could be established a reorganization of the department. It was my thought that this survey should be carried on by disinterested parties and accordingly I asked Controller Leonard S. Leavy to assume charge of the survey. At the same time, I requested the Civil Service Commission to assign Mr. Wm. L. Henderson, Personnel Expert of the Commission, to the work and the Police Commission assigned Captain Chas. Skelly, Commission Secretary and Chief Clerk of the Department, to participate in the study of eastern police departments. Mr. Wm. H. Nanry, director of the Bureau of Governmental Research, also became a member of the survey group and later Mr. Bruce Smith who is acknowledged to be the outstanding authority on police administration in the United States, joined the group as a consultant.

You know these gentlemen and know their qualifications, and, therefore, there is no necessity for me to dwell on that phase of the question at length. Suffice it to say that the survey group as finally constituted was able to bring to the problem the expert knowledge of the outstanding police authority in the United States as well as an intimate knowledge of the local organization.

The survey included studies of the police organizations of Chicago, New York, Boston, and Detroit, which departments are generally conceded to be model organizations, and also a thorough examination of organization procedure and personnel of the San Francisco Police Department. The work continued over a four months' period and on the basis of all the facts obtained and after full consideration, the survey group prepared its tentative report and outlined its recommendations for reorganization. These were discussed at length with the President and Secretary of the Police Commission, the Chief of Police, and me. During the course of these discussions, amendments to the report as originally prepared were suggested, some of which, after consideration, were adopted by the committee and incorporated in the report as finally submitted. Therefore, the report represented a complete accord of all parties concerned in the survey as well as the Police Commission and the Chief of Police, who represent in San Francisco the constituted authority for police administration.

Like some members of the Board of Supervisors, I at first questioned the validity of some of the conclusions of the survey group but after all consideration of the extensive data collected and offered in support of its conclusions, I found them well founded and based on experience both here and in other cities. I might say that that also was the case with Chief Quinn and Mr. Roche.

Even more important, I came to realize that the recommendations constituted a comprehensive and integrated program of reorganization and that each item was a carefully considered and important part of the plan as a whole. The Charter amendment incorporating the changes necessary to put the reorganization into effect was thereupon approved and submitted for the approval of the President of the Board of Police Commissioners and was forwarded to the Mayor's Committee on Charter Amendment and Conflicting Legislation with the endorsement of the Chief of Police and the Board of Police Commissioners.

Certain changes were made by the Mayor's Committee, which were not in accord with the final conclusions and recommendations contained in the report of the survey, and further changes were made by your Honorable Board in the amendment ordered submitted on last Tuesday for the election. Some of these changes are fundamental and will, in the opinion of those who conducted the survey, defeat the purposes of the reorganization. This opinion is concurred in by Chief of Police Quinn and Mr. Theodore J. Roche, President of the Board of Police Commissioners.

I realize that the consideration of this particular amendment by your Honorable Board did not take place until it had devoted a full day and night to the many other propositions which were placed on the special election ballot. Also, unfortunately, the report was not completed until two weeks ago, and for that reason I realize that your Honorable Board did not have time to carefully study the proposal in all of its complex phases before being obliged to act on it in the form of the proposed Charter amendment.

I am confident that the recommendations of the survey group as incorporated in the original Charter amendment are sound and offer a practical basis for needed reorganization of the department. I know that existing rights and status of members of the department are adequately protected and safeguarded but that personalities in the department and special interests were not considered by the survey group in formulating the recommendations. This is right and proper. The welfare of the department and the City must be placed above the interests of any individual or group of individuals in the department.

It is my thought that the people have a right to pass upon the proposals made by the survey group after a thorough and unprejudiced study. With this in mind, may I, therefore, respectfully request your Honorable Board, in view of the postponement of the election to March 9, to reconsider this particular proposition and to submit it to the people in the form originally proposed by the survey group. In only this way, as I see it, can the people be given an opportunity to pass upon the work so carefully and thoroughly performed by the survey group and its expert consultant.

Very truly yours,

ANGELO J. ROSSI,  
Mayor.

POLICE DEPARTMENT OF THE CITY OF SAN FRANCISCO,  
STATE OF CALIFORNIA,

OFFICE OF THE COMMISSIONERS, HALL OF JUSTICE,

January 23, 1937.

Honorable Board of Supervisors, City and County of San Francisco.  
State of California.

Gentlemen:

The Board of Police Commissioners respectfully requests that you reconsider the action taken by you on Monday last with respect to the proposed Charter provision relating to the reorganization of the

San Francisco Police Department, and that after such reconsideration you adopt for submission to the electorate of San Francisco, the Charter amendment as proposed by the survey group, and approved by Mayor Rossi, the Police Commission, and the Chief of Police.

A number of months ago the Police Commission deemed it advisable to effect a reorganization of the Police Department in order that the set-up of the department as well as its various units, would be in accord with that of law enforcement units of metropolitan cities, including the possession of modernized equipment and facilities necessary to enable a police department to successfully cope with present-day conditions. Subsequently a survey was made by a group which included as a consultant, Mr. Bruce Smith of New York, who is nationally recognized as an authority on police organization and administration. After the survey had been tentatively completed, its details were given intensive study and subjected to considerable discussion. During these discussions amendments to the proposals as made were suggested, some of which were adopted by the survey group and included in its final report.

The members of the survey group as well as the members of the Police Commission and the Chief of Police, were unanimously of the opinion that in the event a reorganization of the Police Department was effected in accord with the report as finally prepared, many of the problems with which the Police Department has had to contend in the past would be overcome and the high standard of efficiency which has heretofore been attained by the department as a law enforcement and crime prevention unit, would be considerably enhanced. It was also believed that the department as thus reorganized, would give to the people of San Francisco, greater police protection, and this without incurring a corresponding increase in the maintenance cost of the department.

While it is possible that some imperfections may exist in the proposed set-up when made applicable to San Francisco, any such defects can readily be ascertained within the next two years, and rectified if deemed necessary, by Charter amendment. In this connection we might state, as you have probably already been informed, that the proposed Charter amendment only relates to certain phases of the contemplated reorganization, the remaining phases of which can be made effective without the necessity of any further change in the organic law of San Francisco.

The Police Commission realizes that the necessity for the holding of an election at any early date to pass upon proposed Charter amendments has prevented you from giving the proposed reorganization of the Police Department the study and attention that would otherwise have been accorded to it by you, and that the action heretofore taken by you may be traceable to this situation. In view of the fact, however, that the set-up as proposed reflects months of study and consideration by those directly interested in the reorganization, it is our belief that the interests of the department and the people of San Francisco, will be best subserved by adopting the Charter amendment as originally proposed, thus empowering the Police Commission to make effective the reorganization as described in the report.

For your information, we believe it proper to state that our understanding is that the members of the entire Police Department, the commissioned officers as well as its rank and file, after further reflection, have acquiesced in the request here made.

Very truly yours,

THE BOARD OF POLICE COMMISSIONERS,

By THEO. J. ROCHE, President.

## CITY AND COUNTY OF SAN FRANCISCO.

Civil Service Commission  
City Hall.

January 25, 1937.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen:

It has occurred to me that, inasmuch as some phases of the Police Department reorganization amendment relate to civil service and the merit system, it would not be inappropriate for me to present the thoughts of the Civil Service Commission regarding these matters. In sending you this letter, we are, therefore, carrying out our policy of advising the Board of Supervisors as fully as we may regarding matters relating to civil service.

In the first place, may I say that the duties and responsibilities attached to the proposed new major administrative posts in the police reorganization are not similar or comparable to the duties of a captain of police. Five of the proposed new positions involve duties and responsibilities that do not exist at the present time. There is no rule or law or precedent to substantiate a claim that dissimilar duties and responsibilities shall attach to an existing classification. On the other hand, the Charter specifically provides that separate classifications shall be established in such instances in order that only those positions involving similar duties and responsibilities shall be classified in the same classification. Therefore, under our Charter, it would be incumbent on the Civil Service Commission to classify separately these proposed new positions and we cannot under our law allocate these positions to the captains of police.

Under these conditions, the method of filling the positions would be governed by law as incorporated in the amendment to be submitted. The original proposal of the survey group was that these positions be filled from certain designated ranks in the department—in three cases from any rank of lieutenant or higher, and in one case from the rank of captain—and considered as assignments, such assignments to be made by the Chief of Police, subject to the approval of the Board of Police Commissioners. Please note that captains were in no case eliminated from consideration but simply that in seven cases the Chief of Police, at his discretion, could, with the approval of the Police Commission, select from designated lower ranks. The amendment as changed by your Honorable Board provided that most of the positions must be filled from the rank of captain only.

The original proposal of the survey group is not in any sense contrary to the policies or the principles of civil service. On the contrary, may I point out to you that we already have in our municipal government under our Charter an exact parallel and precedent for the proposal of the survey group. I refer to the provisions governing the appointment of bureau heads under the Public Utilities Commission. As you know, the Manager of Utilities is selected and appointed by the Public Utilities Commission and this appointment is exempt from civil service. The Manager of Utilities, in turn, under Section 124 of the Charter, is given the authority to appoint the heads of the various departments and bureaus under the commission and these appointments are exempt from civil service and are not filled by assignment from the next lower rank. The Charter provision is as follows:

"Subject to the approval of the commission, he shall appoint or remove the heads of departments and bureaus under the commission, exclusive of the civil service provisions of this Charter."

You will see, therefore, that the proposal of the survey group regarding the filling of these administrative positions in the Police Department is in accord with the existing charter provisions governing the appointment of the major administrative posts in the Utilities Commission. In fact, the survey group's proposal is more restrictive

MONDAY, JANUARY 25, 1937.

than the provision governing the appointment of bureau heads in the Public Utilities Commission. In the Utilities Commission, the persons appointed to those major administrative positions need not be taken from the ranks of civil service employees. Under the survey group's recommendations regarding Police Department positions, appointments must be made from designated ranks in the department.

May I point out to you further that the charter now recognizes that civil service procedures for the Police Department must be different from those governing in other departments and special provisions governing the Police Department are now incorporated in our charter. This is because the police service is different and, therefore, different conditions must apply. For instance, in the transfer of disabled employees, Section 156 of the charter sets up one provision for general employments but excludes the Police and Fire Departments from the operation of that provision. Again, under the disciplinary provisions, Sections 154 and 155 of the charter, employees of the general departments may appeal to the Civil Service Commission when dismissed but, under the provisions governing police and fire disciplinary procedure, employees of these departments do not have the right of appeal to the Civil Service Commission. The charter provisions governing promotional examinations, Section 146, provide different procedures for the Police and Fire Departments. I mention these things in order to point out to your Honorable Board that there must be adaptations and modifications in so far as the Police and Fire Departments are concerned and that these modifications and adaptations now exist in our charter provisions.

In closing, may I urge your Honorable Board to give your favorable consideration to the police reorganization amendment as originally submitted by the survey group.

Yours very truly,

HARRY K. WOLFF,  
President, Civil Service Commission.

SAN FRANCISCO CHAMBER OF COMMERCE  
451 CALIFORNIA STREET

January 21, 1937.

The Honorable Board of Supervisors City and County of San Francisco,  
City Hall, San Francisco, California.

Gentlemen: By unanimous vote of the Board of Directors of the San Francisco Chamber of Commerce, the writer was instructed today to urgently request of the Board of Supervisors that the recommendations contained in the survey of the San Francisco Police Department, recently presented to your Board by a group especially appointed by the Mayor of San Francisco, be adopted in full and without change, and that the amendments and modifications which were effected at your last meeting be immediately rescinded.

The purpose of the survey, and the appointment of an impartial and thoroughly qualified committee to direct its studies, was primarily to bring about an intelligent reorganization of our Police Department under circumstances which would insure its efficient and economical administration, and the recommendations which were finally submitted to you were based upon exhaustive studies of other departments in Eastern cities. These included the services of Mr. Bruce Smith of the Institute of Public Administration of New York City, a nationally recognized authority on police administration, who was brought to San Francisco in an advisory capacity by our Chamber of Commerce. The report of this group had the unqualified approval of Mayor Rossi, the Board of Police Commissioners and the Chief of Police. It reflected the welfare, not only of the Department, but of the Community that it is set up to serve, and it ignored, without exception, the interests and ambitions of any individuals or groups.

It is the conviction of the San Francisco Chamber of Commerce that the changes in the report, which were instituted by your Board

at the solicitation of persons who were actuated by definitely selfish motives, would in fact leave the Department in a condition which would be little, if any, better than that which has prevailed in the past.

We believe that the efficiency and the modernization of our Police Department transcends in importance any other consideration, and that it is a moral obligation of the Board of Supervisors to accept the recommendations of those who were qualified to make them.

Very truly yours,

CHARLES PAGE,  
Executive Vice President.

### Action Rescinded.

The roll was called, and motion to rescind its previous action was *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Reilly, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Meyer, Ratto, Shannon—4.

Absent—Supervisor Mead—1.

### Presentation of Charter Amendment as Originally Proposed by Police Survey Committee.

Supervisor Colman, seconded by Supervisor Brown, presented Charter amendment for reorganization of Police Department as originally proposed by the Police Survey Committee and moved that it be ordered submitted to the electors at the election on March 9, 1937.

### Objection.

Whereupon, Supervisor McSheehy objected to consideration thereof, and requested that proposed amendment be referred to the Judiciary Committee.

### Motion to Refer.

Thereupon, Supervisor Colman, seconded by Supervisor Uhl, moved that the proposed amendment be referred to the Judiciary Committee and that the Committee be ordered to report it back to the Board at 8 p. m.

### Discussion.

After discussion on motion to refer, the chair ruled that previous motion by Supervisor Colman to order the amendment submitted was in order, and that the proposed amendment could be considered by the Board without reference to Committee.

### RECESS.

In accordance with motion previously carried, the Board, at the hour of 6:30 p. m., recessed to reconvene at 8 p. m.

J. S. DUNNIGAN, Clerk.

## MONDAY, JANUARY 25, 1937, 8 P. M.

The Board of Supervisors reconvened at 8 p. m. pursuant to recess.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Mead—2.

Supervisor Brown who had previously been excused until later in the evening was noted present at 10:15 p. m.

Supervisor Mead was noted present at 8:30 p. m.

### Discussion.

Supervisor Roncovieri suggested that the Board take up Charter Amendment No. 12, as previously ordered submitted, by paragraph, and that Mr. William Henderson, representing the Police Survey Committee, point out changes desired therein to make amendment conform to that originally proposed.

*No objection.*

Whereupon, the Clerk read the first paragraph of amendment.

### Amendment Offered.

Supervisor Uhl presented the following as amendment to paragraphs 1 and 2 of Section 35.

Section 1 of proposed amendment.

Section 35. The Police Department shall consist of a police commission, who shall serve in an advisory capacity. The police commission shall be appointed by the Mayor, and each of whom shall receive an annual compensation of twelve hundred dollars (\$1200). The term of each commissioner shall be four (4) years, commencing at 12 o'clock noon on the 15th day of January of the year 1938, 1940 and 1941, respectively. The incumbents serving as members of the commission at the effective date of the amendment shall continue to hold their respective positions, subject to the provisions of the Charter for the remainder of the term for which they have been respectively appointed; a chief of police who shall be appointed by the Mayor, and said chief shall hold office at the pleasure of the Mayor.

In addition to his other duties the chief of police shall have power to regulate traffic, including the location and use of traffic control devices for that purpose.

### Amendment Lost.

The roll was called and the amendment was *lost* by the following vote:

Ayes—Supervisors Schmidt, Uhl—2.

Noes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—8.

Absent—Supervisor Brown—1.

### Paragraph 1, Section 35, Approved.

Thereupon, the roll was called and paragraph 1, Section 35, was *approved* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Brown—1.

### Paragraph 2, Section 35, Approved.

After reading by the Clerk, paragraph 2, Section 35, was *approved* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—8.

Noes—Supervisors Schmidt, Uhl—2.

Absent—Supervisor Brown—1.

### Paragraphs 3, 4, 5 and 6, Section 35, Approved.

Paragraphs 3, 4, 5 and 6 were *approved* as read.

### Amendments, Paragraph 7.

Supervisor Uhl moved to amend by striking out the words "to designate a deputy chief of police," in the fourth line.

*No action.*

**Amendments Approved.**

At the request of William Henderson and, on motion by Supervisor Roncovieri, the following amendments were *approved*:

After the words "deputy chief of police," delete the words "from the rank of captain."

Ayes—Supervisors Brown, Colman, McSheehy, Ratto, Reilly, Roncovieri, Schmidt—7.

Noes—Supervisors Mead, Meyer, Shannon, Uhl—4.

Also, after the words "department secretary", delete the words "from the rank of captain".

Ayes—Supervisors Brown, Colman, McSheehy, Reilly, Roncovieri, Schmidt—6.

Noes—Supervisors Mead, Meyer, Ratto, Shannon, Uhl—5.

Also, after the words "and a director, bureau of special services", delete the words "from the rank of sergeant or higher, a superintendent of the division of identification and an assistant superintendent of the division of identification".

Ayes—Supervisors Brown, Colman, McSheehy, Reilly, Roncovieri, Schmidt—6.

Noes—Supervisors Mead, Meyer, Ratto, Shannon, Uhl—5.

Also, after the words "and captain of traffic", delete the words "and the superintendent of the division of identification".

Ayes—Supervisors Brown, Colman, Ratto, Reilly, Roncovieri, Schmidt, Uhl—7.

Noes—Supervisors McSheehy, Mead, Meyer, Shannon—4.

**Amendment Failed.**

Supervisor Uhl moved the adoption of an amendment to provide for the selection of the director of the bureau of personnel from officers holding the rank of captain.

*No second.*

**Paragraph 7, as Amended, Approved.**

Whereupon, paragraph 7, as amended, was *approved*.

**Paragraph 8, Approved.**

Paragraph 8 was *approved* as read.

**Ninth Paragraph.**

Delete after words "bureau of special services", the words, "the superintendent of the division of identification", and the eighth line, after the word "inspectors", delete the words, "and assistant superintendent of the division of identification" in order to conform with deletions in paragraph 7.

Ayes—Supervisors Brown, Colman, Reilly, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Shannon—5.

**Pay for Police Officers During Formal Training Period.**

Supervisor Colman, seconded by Supervisor Brown, moved that at the end of the ninth paragraph, there be added the words: "provided, that police officers during an initial formal training period of not to exceed three months, during which period they are not assigned to active police duty, shall be paid at the rate of \$150 per month".

**Amendment Withdrawn.**

After discussion of above proposed amendment, Supervisor Colman, with the consent of his second, Supervisor Brown, requested that amendment be withdrawn.

*So ordered.*

**Paragraphs 10, 11 and 12 Approved.**

Paragraphs 10, 11 and 12 were *approved* as read.

**Paragraph 13, as Amended, Approved.**

At the suggestion of William Henderson, the words "special police", or "police" were inserted in all places where the words "patrol officers" or "patrol special officers" appeared, to make the phrases read "patrol special police officers".

Whereupon, the paragraph was *approved*.

**Paragraphs 14 and 15 Approved.**

Paragraphs 14 and 15 were *approved* as read.

**Sections 146 and 148 Approved.**

Sections 146 and 148 were *approved* as read.

**Section 172, Paragraph 2, Approved as Amended.**

At the further suggestion of William Henderson, to make the paragraph conform with paragraph 13 of Section 35, the words "special police", or "police" were inserted in all places where the words "patrol officers" or "patrol special officers" appeared, to make the phrases read "patrol special police officers".

**Amendment, Entrance Limits for Entrance Into Police Department Lost.**

Supervisor Shannon moved that Section 145 of the Charter, fixing age limits for entrance into the uniformed forces of police and fire departments be amended by reducing the maximum age limits into said departments to 30 years, with a proviso that men on the present Civil Service eligible lists would not be affected thereby.

The roll was called and the amendment was *defeated* by the following vote:

Ayes—Supervisors Roncovieri, Schmidt, Shannon, Uhl—4.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly—7.

**Explanation of Vote.**

Before the roll was called on submission to the electors, Supervisor Uhl explained his vote, stating that he was not in sympathy with many of the sections of the proposed amendment, nevertheless would vote to submit same to the electors.

**Ordered Submitted.**

Whereupon, the roll was called and Charter Amendment No. 12, as amended, was *ordered submitted* to the voters by the following vote:

**CHARTER AMENDMENT No. 12****POLICE DEPARTMENT.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, by amending Sections 35, 146, 148, and 172 thereof, relating to the Police Department and Patrol Special Police Officers.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at a special election to be held on the 9th day of March, 1937, in the City and County of San Francisco, a proposal to amend as herein set forth

he Charter by amending Sections 35, 146, 148, and 172 thereof, relating to the Police Department and Patrol Special Police Officers.

### POLICE DEPARTMENT.

Section 35. The police department shall consist of a police commission, a chief of police, a police force and such clerks and employees as shall be necessary and appointed pursuant to the provisions of this charter, and shall be under the management of a police commission consisting of three members, who shall be appointed by the mayor, and each of whom shall receive an annual compensation of twelve hundred dollars (\$1,200). The term of each commissioner shall be four years, commencing at twelve o'clock noon on the 15th day of January in the years 1938, 1940 and 1941, respectively. The incumbents serving as members of the commission on the effective date of this amendment shall continue to hold their respective positions, subject to the provisions of the charter, for the remainder of the terms for which they have been respectively appointed. The commission shall appoint a chief of police who shall hold office at its pleasure.

The police commissioners shall be the successors in office of the police commissioners holding office in the city and county at the time this amendment shall become effective, and shall have all the powers and duties thereof except as in this charter otherwise provided. They shall have power to regulate traffic, including the location and use of traffic control devices for that purpose.

All positions in the police department legally authorized shall be continued, and incumbents therein legally appointed thereto shall be continued as officers and employees of the department under the conditions governing their respective appointments and except as otherwise provided in this charter.

The rank of corporal is hereby abolished, effective on the last day of the month during which this amendment shall become effective, and members of the department having the rank and pay of corporal shall from the first day of the next ensuing month have the rank and pay of sergeant, and members of the department on a civil service commission list of those eligible for appointment as corporal shall during the life of such list be eligible for appointment as sergeant.

Each member of the department holding the position of inspector on the effective date of this amendment, and who has held such position for one year continuously prior thereto, is hereby declared permanently appointed thereto. The chief of police may detail from time to time other members of the department for performance of duty in the bureau of inspectors who shall be known as assistant inspectors, and who may be removed from such detail by order of the chief of police. An appointment as inspector shall not be subject to competitive examination, but in case of vacancy in said rank of inspector, the appointment shall be made by the chief of police from among those assistant inspectors who have been detailed to, and who have actually served with the bureau of inspectors for at least five years prior to such appointment. Inspectors and assistant inspectors shall have the same rights as other members of the department to take competitive examinations from their respective civil service ranks. An inspector, guilty of any offense

or violation of the rules and regulations of the police department shall be subject to punishment as provided in Section 155 of this charter.

The chief of police, in addition to the inspectors above provided for, shall detail any member of the department to serve as inspector of school traffic patrols who shall have the rank and pay of inspector, subject to the provisions of this section.

Subject to the provisions of Section 20 of this charter governing the appointment and removal of non-civil service appointees, and without competitive examination, the chief of police shall have power to appoint a police surgeon; to designate a deputy chief of police, a department secretary, and a director, bureau of special services, from any rank in the department; to designate a director, bureau of criminal information, from among the members of the department having the rank of sergeant or higher; to designate a captain of inspectors, a captain of traffic, and a director, bureau of personnel, from among the members of the department holding rank of lieutenant or higher, and to designate a supervising captain of districts from among the members of the department holding the rank of captain. Provided, that the captain of inspectors and captain of traffic, who shall be holding said positions at the effective date of this amendment, shall, if they have held the said positions continuously for one year next before said date, be continued in their respective positions as if they had been appointed thereto after civil service examination and certification. The department secretary or other suitable member of the department shall be assigned by the chief of police to serve also as secretary to the police commission without extra compensation. The officer holding the position of property clerk at the effective date of this amendment and who has held such position for one year prior thereto shall have the rank and pay of captain, as long as he legally holds such position, provided that when a successor to such position is assigned thereto by the chief of police from among the members of the department, such assignment shall be made at the rank and pay of the member so assigned.

When any member of the department, detailed to any of the positions above mentioned, shall be removed from said detail or position, he shall be returned to his civil service rank and position, unless removed from the department pursuant to the provisions of Section 155 of this charter.

The police force of the city and county shall not exceed one police officer for each five hundred inhabitants thereof. The annual compensations for the several ranks in the department shall be as follows: chief of police, \$7,200; deputy chief of police, \$5,400; captain of inspectors, \$5,000; department secretary, \$4,800; captain of traffic, director, bureau of criminal information; director, bureau of personnel, and supervising captain of districts, each \$4,000; captains, \$3,600; lieutenants, and director, bureau of special services, each \$3,000; inspectors, \$2,760; sergeants, \$2,640; police surgeon, police officers, police patrol drivers and women protective officers, each \$2,400; criminologist, \$3,600; photographer, \$2,700.

The chief of police may refuse to issue any permit that is subject to police department investigation and issuance, if it shall appear that

the character of the business or the applicant requesting such permit does not warrant the issuance thereof, or he may revoke any such permit as soon as it shall appear that the business or calling of the person to whom it was granted is conducted in a disorderly or improper manner, or that the place in which the business is conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling.

In the suppression of any riot, public tumult, disturbance of the public peace or organized resistance against the laws or public authority, the chief of police, in the lawful exercise of his functions, shall have all the powers that are now or that may be conferred on the Sheriff by the laws of this State.

The supervisors shall provide in the annual budget an amount not to exceed in any one fiscal year the sum of \$10,000, to be known as the contingent fund of the chief of police. The chief of police may from time to time disburse such sums for contingent expenses of the department as in his judgment shall be for the best interests of the city and county, and the police commission shall allow and order paid out of such contingent fund, upon orders signed by the chief of police, such amounts as may be required.

At his discretion or upon the petition of any person, firm or corporation, the chief of police may appoint, and at his pleasure remove special police officers. Such officers shall be subject to all the rules and regulations of the department.

The police commission may appoint patrol special police officers and for cause may suspend or dismiss said patrol special police officers after a hearing on charges duly filed with the commission and after a fair and impartial trial. Each patrol special police officer shall be at the time of his appointment not less than twenty-one years of age nor more than forty years of age and must possess such physical qualifications as may be required by the commission. Age qualifications shall not apply to present patrol special police officers acting as such at the time of the effective date of this amendment nor to their reappointment. Patrol special police officers who are designated by the police commission as the owners of a certain beat or territory as may be fixed from time to time by said commission or the legal heirs or representatives of said owners, may dispose of their interest in said beat or territory to a person of good moral character, approved by the police commission and eligible for appointment as a patrol special police officer.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance.

The chief of police shall have power, by regulation, to provide for the care and restitution of property that may come into possession of the department or into the possession of any officer or employee thereof, and the sale at public auction of all such unclaimed property, as well as the disposition of such property as shall consist of weapons or articles used or that may be used in the commission of crime, or the sale or disposition of which is prohibited by law.

## PROMOTIONS.

Section 146. Whenever it deems it to be practicable, the civil service commission shall provide for promotion in the service on the basis of such examinations and tests as the commission may deem appropriate, and shall, in addition, give consideration to ascertained merit and records of city and county service of applicants. The commission shall announce in the examination scope circular the next lower rank or rank from which the promotion may be made. All promotions in the uniformed forces of the police and fire departments, respectively, shall be made from the next lower rank on the basis of examinations and tests, seniority of service and meritorious public service being considered, provided that in the police department a minimum of two years' service in the lower rank shall be a requirement for promotive appointment to the next higher rank. Not more than 5 per cent of the total credits obtainable under any promotive examination shall be allowed for seniority of service; and the civil service commission shall determine the manner in which said credits shall be distributed.

## REQUISITION, CERTIFICATION AND APPOINTMENT.

Section 148. Whenever a position controlled by the civil service provisions of this charter is to be filled, the appointing officer shall make a requisition to the civil service commission for a person to fill it. Thereupon, the commission shall certify to the appointing officer the name and address of the person standing highest on the list of eligibles for such position. In case the position is promotive, the commission shall certify the name of the person standing highest on such list. In making such certification, sex shall be disregarded except when a statute, a rule of the commission or the appointing officer specifies sex.

From the requisition of the appointing officer or otherwise, the commission shall determine whether the position is, in character, temporary, seasonal or permanent, and shall notify the candidate in accordance therewith to the end that the candidate may have knowledge of the probable duration of employment. The commission shall provide for such waiver of temporary or seasonal employment as it may deem just to candidates.

Any appointment to a position declared permanent by the civil service commission shall be on probation for a period of six months, provided that the probationary period for entrance positions in the uniformed rank of the police department shall be for one year. At any time during the probationary period the appointing officer may terminate the appointment. The civil service commission shall inquire into the circumstances and may declare such person dismissed, or may return the name to the list of eligibles for certification to another department. Immediately prior to the expiration of the probationary period, the appointing officer shall report to the civil service commission as to the competence of the probationer for the position, and, if competent, shall recommend permanent appointment.

## COMPENSATION INSURANCE PAYMENTS.

Section 172. The benefit provisions of the workmen's compensation, insurance and safety law of the State of California as they affect the

benefits provided for or payable to or on account of officers and employees, including teachers of the city and county, shall be administered exclusively by the retirement board, provided that the retirement board shall determine whether the city and county, through the retirement system, shall assume the risks under the said law, in whole or in part, or whether it shall reinsure such risks, in whole or in part, with the state compensation insurance fund. Benefits under such risks as may be assumed by the city and county, and premiums under such risks as may be re-insured shall be paid by the retirement system, and an amount equal to the total of such benefits and premiums, as determined by the actuary for any fiscal year, including the deficit brought forward from previous years, shall be paid during such fiscal year to the retirement system by the city and county.

Every patrol special police officer, as referred to in Section 35 of this charter shall be entitled, under this section, to the benefits of such compensation law, if injured while performing regular city and county police duties, which shall include only duties performed while preventing the commission of a crime, or while apprehending the person or persons committing such crime, and shall not include duties of any character performed for private employers either on or off the premises of such employers, provided that no payments shall be made under this paragraph in the event that the patrol special police officer shall receive the benefits of such compensation law from any other source.

**Ordered Submitted**—Board of Supervisors, San Francisco, January 25, 1937.

**Ayes:** Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Tilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### **CHARTER AMENDMENT No. 18.**

##### **APPROPRIATIONS TO MEET UTILITY DEFICITS.**

Supervisor Meyer, seconded by Supervisor Brown, presented the following proposed Charter amendment, and moved that it be submitted to the electors:

##### **APPROPRIATIONS TO MEET UTILITY DEFICITS.**

Describing and setting forth a proposal to qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, relating to appropriations to meet utility deficits.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the charter of the City and County as follows:

##### **APPROPRIATIONS TO MEET UTILITY DEFICITS.**

Section 74. In the event the public utilities commission shall propose a budget estimate for any utility which will exceed the estimated revenue of such utility, it shall require a vote of two-thirds of all members of the board of supervisors to approve such budget estimate, and to appropriate the funds necessary to provide for the deficiency. Provided that if said proposed deficiency shall include proposed expenditures for additions, extensions or other capital costs, the total annual amount which may be appropriated from sources other than the revenue of each utility to all municipally owned utilities for additions, extensions and other capital costs shall not exceed \$500,-

000.00; provided further that there shall be no limitation as to the amount which may be appropriated to any utility for additions, extensions or other capital costs when the appropriation therefor is made from the earnings or surplus of said utility.

#### Amendments Approved.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that after the words "which may be appropriated from", the words "sources other than the revenue of each utility" be stricken out and the words "tax funds" substituted therefor. The amendment was *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—10.

No—Supervisor Roncovieri—1.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that after the words "appropriated to any", there be added the words, "of the existing", and immediately following, the word "utility" be changed to read "utilities". The amendment was *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—8.

Noes—Supervisors Reilly, Roncovieri, Shannon—3.

#### Amendment Defeated.

Supervisor Shannon moved that the amount "\$500,000.00", be changed to read "\$150,000.00". The roll was called and the amendment was *defeated* by the following vote:

Ayes—Supervisors Schmidt, Shannon—2.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Uhl—9.

#### Ordered Submitted.

Whereupon Charter Amendment No. 18, as follows, was *ordered submitted*, by the following vote:

### CHARTER AMENDMENT No. 18.

#### APPROPRIATIONS TO MEET UTILITY DEFICITS.

Describing and setting forth a proposal to qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco, relating to appropriations to meet utility deficits.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the said City and County at the special election to be held on the 9th day of March, 1937, a proposal to amend the charter of the City and County as follows:

#### APPROPRIATIONS TO MEET UTILITY DEFICITS.

Section 74. In the event the public utilities commission shall propose a budget estimate for any utility which will exceed the estimated revenue of such utility, it shall require a vote of two-thirds of all members of the board of supervisors to approve such budget estimate, and to appropriate the funds necessary to provide for the deficiency. Provided that if said proposed deficiency shall include proposed expenditures for additions, extensions or other capital costs, the total annual amount which may be appropriated from tax funds to all municipally owned utilities for additions, extensions and other capital costs shall not exceed \$500,000.00; provided further that there shall be no limitation as to the amount which may be appropriated to any of the existing utilities for additions, extensions or other capital costs when the appropriation therefor is made from the earnings or surplus of said utility.

**Explanation of Vote.**

Before the above roll was called, Supervisor Reilly explained his vote as follows:

This allows for necessary services in outlying districts in the event that a utility does not earn a sufficient amount to do so. I believe this is truly a public ownership measure. The board has a check on the expenditures because all such appropriations are subject to a two-thirds vote of this board. It does not take any power from the board, but allows our utilities to operate in a more efficient manner.

*Ordered submitted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

No—Supervisor Shannon—1.

**ADJOURNMENT.**

There being no further business, the Board, at the hour of 11:45 P. M., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors February 1, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

**Authorizing Payment of Damage Claim of \$2,500 to Mark Levy.**

(Code No. 6.0222)

Also, Bill No. 1230, Ordinance No. 6.022224, as follows:

Authorizing the payment of twenty-five hundred (\$2,500) dollars to Mark Levy in settlement of claim and suit for damages against the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having, in writing, recommended the settlement and adjustment for the sum of Twenty-five Hundred (\$2500) Dollars action No. 260,120 in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled "Mark Levy, plaintiff, v. City and County of San Francisco, etc., et al., defendants", wherein suit was brought against said City and County of San Francisco for the sum of \$53,781, by reason of Mark Levy falling into an open and unbarricaded excavation in the sidewalk opposite No. 318 Arguello boulevard, in which accident said Mark Levy sustained severe injuries as set forth in his said complaint; and

It appearing that the said offer of compromise is fair, just and reasonable, and should be accepted by the city, the City Attorney is hereby authorized to fully compromise and settle all claims of said Mark Levy against the City and County of San Francisco, et al., for

the sum of Twenty-five Hundred (\$2500) Dollars, and the Controller is hereby authorized to draw his warrant in said sum in full payment of the release and discharge of all claims of every kind and character of said Mark Levy against the City and County of San Francisco, payable from Appropriation No. 648.918.00.

#### Final Passage.

The following matter was taken up:

#### Amendment of Section 34 of License Ordinance, Levying Tax on Circus Exhibitions in Municipal Auditorium.

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 1331, Ordinance No. 3.04167, as follows:

Amending Section 34 of Ordinance No. 5132 (New Series)—imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco, and declaring an emergency under the provisions of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 34 of Ordinance No. 5132 (New Series) is hereby amended to read as follows:

Section 34. Every owner or lessee of a circus shall pay a license fee for each and every day any exhibition or performance is given therein the sum of five hundred (\$500) dollars for the first day and three hundred (\$300) dollars for each subsequent day, and for each side show in connection with or belonging to a circus, for which an admission fee is charged, a license of ten (\$10) dollars shall be paid for each and every day on which an exhibition or performance is given, and no additional license shall be required from such owner or lessee, for any team, wagon, truck, automobile, freight or passenger car or equipment that is a part of such circus and in actual use; provided, however, that in the event said exhibition or performance is given in and about the Municipal Auditorium located at the Civic Center and said auditorium is rented or leased at the regular rates usually charged therefor, the license fee shall be fifty (\$50) dollars per day, with no additional charges for side shows.

The term "circus" (except as hereinafter provided) shall be held to include any public exhibition or show for which an admission fee is charged, held in a space, tent, area of building where feats of horsemanship or acrobatic sports are exhibited or historic events portrayed, but shall not be held to include pictorial representations or theatrical performances.

Every owner or lessee of a company or troop giving open-air exhibitions, including wild animals or menagerie shows with a seating capacity of not more than 3,500 persons shall pay a license for the first day of such exhibition in the sum of one hundred (\$100) dollars and for each subsequent day the sum of seventy (\$70) dollars, and for each side show in connection with said exhibition, for which an admission fee is charged, a license of ten (\$10) dollars shall be paid for each and every day on which an exhibition or performance is given.

The Tax Collector shall not issue a license under the provisions of this section unless the owner or lessee of said circus or exhibition shall obtain a permit to conduct the same from the Police Commission and present such permit duly certified by the Secretary of said Police Commission.

Section 2. This ordinance is passed as an emergency ordinance for the reason that the same must become effective forthwith, and the

Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists—the nature of the emergency being a limitation of time in that unless the ordinance is passed forthwith the Municipal Auditorium cannot be rented for a nine day period as requested by the operators of the Shrine Circus.

**Spur Track for Coffin-Redington Company, on Beale Street at  
Harrison Street.**

(Code No. 12.20)

Bill No. 1332, Ordinance No. 12.2019, as follows:

Granting permission, revocable at will of the Board of Supervisors, to Coffin-Redington Company, to lay down, construct, maintain and operate a standard gauge spur track upon and along Beale street at Harrison street as hereinafter described.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Coffin-Redington Company, to lay down, construct, maintain and operate a standard gauge spur track along and upon Beale street at Harrison street, said location being more particularly described as follows, to-wit:

Beginning at a point in existing track in Beale street approximately 64 feet southeasterly from the southeasterly line of Harrison street produced; thence northwesterly and crossing a portion of Beale street and under the Harrison street viaduct to a point in the southwesterly line of Beale street approximately 29 feet northwesterly from the northwesterly line of Harrison street; thence into private property.

BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

Requesting the Mayor to Declare Week of March 1 to 7 "San Francisco Health Week" and Requesting the Mayor to Appoint a Citizens' Committee to Arrange a Suitable Program.

(Code No. 5.93)

Supervisor Schmidt presented:

Resolution No. 3065, as follows:

Whereas, the health of its citizens is of vital importance to the City and County of San Francisco and in conservation of and protection of the health of its citizens the City and County of San Francisco expends millions of dollars annually; and

Whereas, there is at the present time a virtual epidemic of influenza, and ignorance of simple rules to be followed in order to escape contagion of this and other prevailing ailments has led to much needless sickness that might otherwise have been avoided; and

Whereas, there is being conducted throughout the United States an educational campaign intended to inform the public regarding the prevalence of, the dangers of contagion, and the possibility of the cure of that dread—and hitherto unmentionable malady, syphilis—

which campaign is sponsored by no less an illustrious personage than the President of the United States, and which campaign is being ably and effectively promoted by the Scripps-Howard newspapers and especially the San Francisco News in San Francisco; and

Whereas, great benefit to all of the citizens of the City and County of San Francisco would accrue from observance of a "San Francisco Health Week," during which period a program of education and instruction would be offered at meetings, in the public press and over the air so that citizens would be widely informed and great public benefit accrue therefrom; therefore, be it

Resolved, That His Honor, Mayor Angelo J. Rossi, be requested to declare the week beginning Monday, March 1, 1937, to be "San Francisco Health Week," and further, that His Honor the Mayor appoint an appropriate Citizens' Committee to prepare and present a proper program of education and instruction for the citizens of the City and County of San Francisco during such "San Francisco Health Week" to the end that much needless sickness may be avoided and the general health of the community be thereby safeguarded and improved.

## UNFINISHED BUSINESS.

The following matters were taken up:

**Appropriation \$600 From Emergency Reserve Fund for Appointment Part-Time Criminal Attorney for District Attorney's Office.**

(Code No. 9.051)

Bill No. 1224, Ordinance No. 9.051346, as follows:

Appropriating \$600 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 605.101.00, for the payment of salary of one part time Criminal Attorney, District Attorney's Office, for five months, at \$120 per month.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$600 is hereby set aside from Emergency Reserve, Appropriation No. 602.900.00, to the credit of Appropriation No. 605.101.00, Salaries, District Attorney's Office, for the payment of salary of one part time Criminal Attorney, for five months, at \$120 per month.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the appointment of an assis-

tant to aid in the handling of an increased number of cases involving small children, which cases should be tried in the Juvenile Court rather than in the Hall of Justice, and the District Attorney is without sufficient funds to provide therefor.

### Motion.

On motion of Supervisor McSheehy the foregoing ordinance was amended by striking out in the second line of the second section the words "the appointment of an assistant" and inserting in lieu thereof the word "assistance," and, as amended, the ordinance *failed of passage* by the following vote:

Ayes—Supervisors Brown, McSheehy, Reilly, Roncovieri, Schmidt, Uhl—6.

Francisco (except those portions required by law to be kept in order by the railroad company having tracks thereon), said roadways having been paved with asphaltic concrete, and are in good condition throughout, and have sewers, gas and water pipes laid therein, to-wit: Colby street, between Silver avenue and Sweeny street, including the curbs.

#### Final Passage.

The following emergency ordinance was taken up:

#### Spur Track for Coffin-Redington Co. on Beale Street at Harrison Street (an Emergency Ordinance).

(Code No. 12.20)

On recommendation of Streets Committee.

Bill No. 1239, Ordinance No. 12.2020, as follows:

Granting permission, revocable at will of the Board of Supervisors, to Coffin-Redington Company, to lay down, construct, maintain and operate a standard gauge spur track upon and along Beale street at Harrison street as hereinafter described, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to Coffin-Redington Company, to lay down, construct, maintain and operate a standard gauge spur track along and upon Beale street at Harrison street, said location being more particularly described as follows, to-wit:

Beginning at a point in existing track in Beale street approximately 64 feet southeasterly from the southeasterly line of Harrison street produced; thence northwesterly and crossing a portion of Beale street and under the Harrison street viaduct to a point in the southwesterly line of Beale street approximately 29 feet northwesterly from the northwesterly line of Harrison street; thence into private property.

Provided that all work is to be done in accordance with blue print entitled "Southern Pacific Company, San Francisco, proposed spur to serve Coffin-Redington Co.," and that any interference with the natural drainage of the above mentioned streets caused by the installation of the spur track shall be corrected by the Coffin-Redington Company to the satisfaction of the Department of Public Works.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, hereby declare that an actual emergency exists which necessitates this ordinance becoming effective at once, for the reason that Beale street is now being widened and reconstructed and it is prudent and necessary to install this spur track while the street work is being done.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Colman, Meyer—2.

**Passed for Second Reading.**

The following recommendation of the Streets Committee was taken up:

**Ordering the Construction of a Sewer in Silver Avenue and Conkling Street (Protest).**

(Code No. 12.0611)

Bill No. 1220, Ordinance No. 12.061170, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors December 21, 1936, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of Conkling street northerly from Silver avenue and of Silver avenue between Scotia avenue and Layton street, by the construction of sewers and appurtenances. The construction will consist of the following items:

- | Item No. | Item                                |
|----------|-------------------------------------|
| 1.       | Brick manholes, complete.           |

**Recommendations of Chief Administrative Officer Cleary Re McClintock Traffic Report.**

The following report from Chief Administrative Officer and his recommendations pursuant to McClintock report, was made a *Special Order of Business for 4 P. M., February 15, 1937.*

OFFICE OF  
CHIEF ADMINISTRATIVE OFFICER

February 8, 1937.

To the Honorable, the Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: When the San Francisco Bay Bridge was under construction, your Honorable Board, realizing the necessity for adequate approaches thereto, proposed a bond issue in the amount of \$2,100,000 for the widening and reconditioning of various streets and boulevards to conform with the approaches to the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge.

The bond issue election was held on November 7, 1933. The proposition failed to secure the two-thirds vote necessary for its approval. Immediately thereafter; namely, on December 8, 1933, Mayor Rossi left for Washington to solicit Federal Funds for a street widening program, and despite the failure of the electorate to approve the bond issue, the following streets south of Market have been widened or are in the course of alteration for the relief of traffic congestion:

*South of Market Streets Widening or in the Course of Alteration.***New pavement:**

Steuart street, Mission street to Embarcadero.  
Spear street, Howard street to Embarcadero.  
Battery street, California street to Embarcadero.

**Widening and reconstruction:**

\*Beale street, Market street to Embarcadero.  
Fremont street, Market street to Harrison street.  
First street, Market street to Harrison street.  
Fifth street, Mission street to Townsend street.  
\*Sixth street, Market street to Townsend street.  
Eighth street, Market street to Townsend street.  
Tenth street, Market street to Potrero avenue.  
\*Folsom street, Embarcadero to Tenth street.  
Harrison street, Embarcadero to Tenth street.  
Bryant street, Second street to Tenth street.  
Brannan street, Embarcadero to Potrero avenue.  
Potrero avenue, Tenth street to Bay Shore boulevard.

\*Taylor street, Market street to Post street.

Fell street, Market street to Van Ness avenue.

\* Projects so marked are under construction.

*Work in Progress on Golden Gate Bridge Approaches.*

Richardson avenue—Lombard and Broderick streets to Lyon and Bay streets.

Lyon street—Bay to Lombard street.

Marina boulevard—Lyon street approximately 200 feet easterly.

Richardson avenue approach—Structure in Presidio, involving grade separations, Lyon street westerly to main bridge ramp.

Van Ness avenue—Market street to Aquatic Park.

Bay street—Fillmore street to Embarcadero.

Nineteenth avenue—Property purchases in progress.

New road across Golden Gate Park.

Park-Presidio roadway—Plans under way, Fulton street to Presidio.

New road in Presidio—Bridge approach from Park-Presidio roadway. Plans under way by State of California. City's contribution approximately \$500,000.

As I have repeatedly stated to your Honorable Board, one of the principal advantages that will accrue to San Francisco from the construction of the Trans-Bay Bridge and the Golden Gate Bridge will be the bringing of our suburban population into closer contact with our retail merchants in San Francisco.

To utilize to the fullest the two bridges as sources of income to San Francisco, we must provide the best and most rapid means for suburban residents to reach our down town shopping district.

This subject is closely interrelated with the studies on rapid transit that have been made by the Public Utilities Commission and its consultants, Mr. Robert Ridgway and Mr. Alfred Brahdy. The importance of providing ready access to the down town area from our outlying districts within the County is fully as urgent as cross down town arteries. It is, moreover, self-evident that the volume of traffic on various sections of Market street is an important factor in determining which particular location should be chosen for immediate construction in order to make our retail district most accessible to suburban residents.

The report of Dr. Miller McClintock of December, 1936, recommends the construction of some nine new thoroughfares to provide for rapid vehicular traffic from the San Francisco-Oakland Bay Bridge to the retail shopping district. In this recommendation, Dr. McClintock is looking a long time into the future, as he states in his report, but we are confronted with the more urgent problem of providing a thoroughfare that will take care of our immediate needs.

Dr. McClintock is a traffic expert with extensive specialized experience and the recommendation contained on page 33 of his report, wherein he lists the Fifth street extension as being the first thoroughfare that should be undertaken, he doubtless based this proposal on the assumption that the Market Street Railway tracks on Fifth street, between Mission and Market streets, must necessarily be removed to provide increased vehicular traffic capacity. Otherwise, to provide a new street on the north of Market opposite Fifth street would have little or no effect on the congestion at the Fifth and Market street dead-end. This fact is self-evident, and must be borne in mind in the analyses that follow.

Of the nine proposals contained in Dr. McClintock's report, the most important of which were enumerated in the preliminary report of City Engineer John J. Casey of August, 1936, the two that most immediately affect the down town shopping district are:

1. The prolongation of Fifth street across Market to the intersection of Eddy and Mason streets, and

2. The construction of a new street between Third and Fourth streets, Market to Bryant street.

I am confining my present consideration to the two recommendations and the comparison of their relative merits because I believe that for financial reasons we should limit ourselves to the best available thoroughfare, and in unison concentrate on the immediate construction thereof. In his nine recommendations, Dr. McClintock lists Fifth street and the proposed new street as No. 1 and 2 in the order of importance.

#### *Fifth Street.*

Presupposing that arrangements can be made for the removal of the Market Street Railway tracks on Fifth street, between Mission and Market streets, the following advantages would be gained by developing this thoroughfare as proposed by Dr. McClintock, across Market street to the intersection of Eddy and Mason streets:

First, the main terminal for the Trans-Bay Bridge is on Fifth street;

Second, once started, construction work on this proposed route could be completed most rapidly;

Third, the cost would be considerably less than the alternative route—approximately 40 per cent of the cost of the alternative thoroughfare;

Fourth, the route between Market street and the bridge terminal would be the shortest and most direct;

Fifth, less property need be acquired for right-of-way;

Sixth, maintenance costs would be slightly less;

Seventh, only right hand turns would be necessary from Mason street to the triangular shopping district.

#### *Advantages of New Street Between Third and Fourth Streets.*

First, would afford the most rapid approach to the center of the retail shopping district;

Second, would offer less interference to north and south bound vehicular traffic on Market street;

Third, would offer less interference to pedestrian traffic on Market street;

Fourth, would result in greater enhancement to property values south of Market street;

Fifth, would connect the bridge terminal directly to Grant avenue, the widest street in the retail shopping district;

Sixth, would cause less traffic congestion in the triangular district proper;

Seventh, the new street would afford a fire barrier in the thickly congested South of Market District;

Eighth, the new street would afford a greater convenience to peninsular traffic. Peninsular population increased 120 per cent between 1920 and 1930 as against 36 per cent increase in East Bay population.

A preliminary estimate, by City Engineer John J. Casey, of the cost of the above projects is as follows:

#### FIFTH STREET EXTENSION.

##### *Market to Eddy and Mason Streets.*

Property . . . . .	\$1,668,000
Construction and incidentals . . . . .	169,000
Total . . . . .	<u>\$1,837,000</u>

##### *New Street Between Third and Fourth Streets.*

##### *(Market to Brannan Street)*

Property . . . . .	\$3,927,000
Construction and incidentals . . . . .	589,300
Total . . . . .	<u>\$4,516,300</u>

On pages 1 and 2 of his report of December 18, 1936, Dr. McClintock states:

"The bridge traffic has unquestionably added to the problem of traffic congestion in San Francisco though to a much lesser degree than was apprehended by some. As bridge volume increases this congestive influence will also increase and the utility of the bridge structure will be limited thereby.

"The essential problem goes back far beyond the bridge, which has merely served to aggravate street faults which are as old as San Francisco itself. This problem may be stated as the Market street crossing problem.

"The conclusions and recommendations contained in this report would have been entirely valid if there had been no San Francisco-Oakland Bay Bridge."

If your Honorable Board is seeking a temporary expedient only, and if you can promptly negotiate with the Market Street Railway Company for the removal of its dead-end street car terminal at Fifth and Market streets, due consideration should be given by you to the prolongation of Fifth street for the reasons above enumerated.

If, however, it is impossible promptly to accomplish the removal of the Fifth street dead-end tracks, or if you desire to construct first a thoroughfare that will prove of more lasting benefit to the shopping area as well as the entire South of Market Street District, I recommend that the new street opposite Grant avenue, extending from Market street to Brannan street, be immediately undertaken.

There are six ways in which either of these projects can be financed:

First, by a bond issue;

Second, by an assessment district;

Third, partially by bond issue, partially by assessment district;

Fourth, by allocation of funds from the gas tax receipts subject to reallocation and revision by your Honorable Board of commitments which you have already made for a period of subsequent years;

Fifth, by direct tax included in several annual budgets, subject to Charter and State law restrictions;

Sixth, by combination of alternatives 1 and 5, 2 and 5, or 3 and 5.

Acquisition of the property of the United States Government, or a portion thereof, now occupied by the Mint, and Mint street might be an important factor in the removal of the tracks from Fifth street. With this in view, correspondence has been carried on between the Clerk of your Board, John S. Dunnigan, and the authorities at Washington. Copies of this correspondence are appended hereto.

I have also discussed the subject with Mr. Samuel Kahn, president of the Market Street Railway Company, and the report of our negotiations is likewise appended hereto.

However, preliminary failure of such negotiations, especially with the Market Street Railway Company, I do not regard as necessarily final, for I believe that the said company would be amenable to a change of attitude if it can be shown that there is unanimous public sentiment, or possibly a preponderance of public sentiment, in favor thereof.

Respectfully submitted,

ALFRED J. CLEARY,  
Chief Administrative Officer.

(Supervisor Uhl requested the Board of Supervisors be furnished a report of negotiations with Samuel Kahn of the Market Street Railway Company mentioned in the next to last paragraph.)

*So ordered.*

Also, that the Chief Administrative Officer furnish the Board of Supervisors a report on what would be involved—cost, etc.—of extending Mason street on an arc to Fifth and Harrison streets.

*So ordered.*

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, FEBRUARY 15, 1937, 2 P. M.

In Board of Supervisors, San Francisco, Monday, February 15, 1937,  
2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:  
Supervisors Colman, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, McSheehy, Meyer—3.

Supervisors Brown and McSheehy on leave in Washington on official business.

Supervisor Meyer excused on account of illness.

Quorum present.

President Shannon presiding.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of February 8, 1937, was considered read and approved.

## SPECIAL ORDER—3 P. M.

### Rapid Transit.

The following motions of Supervisor Meyer numbered one to three, which heretofore on December 18 and 21, 1937, were approved by the Board of Supervisors, were, by direction of the President, read by the Clerk:

No. 1. I move that this Board go on record as favoring the provision of an adequate system of rapid transit for the citizens of San Francisco.

*Adopted December 18, 1936.*

No. 2. I move that this Board go on record as favoring subways as against elevated railways for the trunk lines of a rapid transit system.

*Adopted December 21, 1936.*

No. 3. I move that this Board go on record as favoring a two-track subway as recommended by the Public Utilities Commission rather than a four-track subway (Supervisor Uhl's plan), on Market street.

*Adopted December 21, 1936.*

Thereupon, the next motion of Supervisor Meyer, No. 4, was taken up, to-wit:

No. 4. I move that this Board go on record as favoring a general obligation bond issue which would in the final analysis be paid off by increases in property values brought about by the improvement in transportation to finance the rapid transit construction.

*Action deferred temporarily.*

Whereupon, the following motion by Supervisor Meyer was, by direction of the President, read by the Clerk; to-wit:

No. 5. I move you that the Clerk of the Board of Supervisors be directed to inquire of the Public Utilities Commission as to two things: (1) Whether the possibilities of the City purchasing the Market Street Railway should be permitted to delay submission of a rapid transit bond issue to the people, and (2) when the Commission would advise submitting the transit proposal to the voters.

#### Amendment.

Supervisor Roncovieri moved as an addition to Supervisor Meyer's Motion No. 5 that the Clerk be requested to ask the Public Utilities Commission what effect the opening of dead-end streets on Market Street, as recommended by Dr. Miller McClintock, would have on the general plan of rapid transit. Also, what effect the opening of a new street opposite Grant Avenue would have on the general proposition as recommended by Chief Administrative Officer Alfred J. Cleary, also the opening of a new street opposite Mason street.

Motion as amended was *carried*.

Supervisor Uhl also requested information as to how much time can be saved by synchronizing traffic signals in the downtown area, said information to be obtained from Chief Administrative Officer Cleary and Chief, Department of Electricity, Ralph W. Wiley.

Therefore, the foregoing motion, as amended, *was adopted*.

Henry P. Coustette, of 3233 Scott street, was granted the privilege of the floor displaying two maps showing the problem created in traffic congestion at the bridgehead at Fifth and Harrison streets by interfering traffic. He suggested a contest for the solution of San Francisco's traffic problem in which all interested engineers and citizens might submit their ideas which will then be submitted to a committee of judges for award as to the best solution.

Chief Administrative Officer Alfred J. Cleary, speaking as to the relief that might be expected from synchronizing signals in the downtown area, said that it was possible and that the Chief, Department of Electricity, Ralph W. Wiley, had some very definite recommendations to make for two different machines, one for the north of Market, one for the south of Market, and one for the control of traffic on Market street itself. An appropriation for this work is in Wiley's budget for the coming fiscal year.

#### Action Deferred.

Whereupon, further consideration of Rapid Transit was *laid over until Tuesday, February 23, 1937, and made a Special Order of Business for that day at 3:30 p. m.*

#### SPECIAL ORDER—4 P. M.

##### Chief Officer Cleary's Report on Dr. Miller McClintock's Traffic Recommendations.

The report of Chief Administrative Officer Cleary's recommending the extension of certain streets across Market street was taken up.

#### Privilege of the Floor.

D. V. Nicholson, representing the Triangle District, read a statement in support of the desire of the merchants of that district for the carrying out of the McClintock Report with respect to traffic in that district.

Robert Graham, manager, Rapid Transit and Traffic Association, was also heard with respect to the importance of a quick solution of the rapid transit problem and the opening of new streets or the extension of present streets across Market, but that all these matters should be considered as only parts of a comprehensive plan that will benefit all San Francisco.

John Wright, of Alameda, was heard; also Alfred J. Cleary, Chief Administrative Officer; Clive Schaffer and Mr. Russell Carpenter, representing the Triangle Merchants, were also heard on the pending question.

### Motions.

Thereupon, Supervisor Colman, seconded by Supervisor Mead, moved that the Finance Committee of the Board of Supervisors, in conjunction with any other public officials it deems necessary, make a study of the financing of the proposal to cut through Fifth street and make a report and recommendation to this Board as to the best method of bringing about this improvement.

Supervisor Roncovieri, seconded by Supervisor Reilly, moved that the question of a street between Third and Fourth streets, as recommended by the Chief Administrative Officer, be also included in this study.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that the question of a new street from Mason street on an arc to Fifth and Harrison, be also included in this study.

Supervisor Uhl, seconded by Supervisor Colman, moved that such studies are made with the understanding that the Finance Committee report show separate estimates for each different project.

Amendments agreed to and motion *carried*.

### Action Deferred.

Whereupon, further consideration of the foregoing was *continued until next meeting*.

## UNFINISHED BUSINESS.

### Final Passage.

The following matters, heretofore passed for second reading, were taken up:

#### Amendment of Salary Ordinance of Health Department.

(Code No. 9.053)

On recommendation of Finance Committee.

The following matter was taken up:

**An Ordinance Providing a Code of Fair Competition for the Cleaning and Dyeing Industry in the City and County of San Francisco and Providing a Penalty for the Violation of This Code.**

(Code No. 5.49)

On recommendation of Finance Committee.

Bill No. 1227, Ordinance No. 5.491, as follows:

An ordinance providing a code of fair competition for the cleaning and dyeing industry in the City and County of San Francisco and providing a penalty for the violation of this code.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A code of fair competition for the cleaning and dyeing industry in the City and County of San Francisco is hereby provided and set up in the words and figures following, namely:

"Code of Fair Competition" for the cleaning and dyeing industry in the City and County of San Francisco.

## ARTICLE 1.

*Objects and Purposes.*

(a) This code is set up under and by virtue of and to effectuate the policies of Chapter 814 of Statutes of California, 1935, which is hereby referred to and made a part hereof and particularly for the purpose of increasing employment, establishing fair and adequate wages, effecting necessary reduction of hours, improving the standards of labor, and to eliminate unfair trade practices and ruinous price-cutting evils so that the cleaning and dyeing industry in the City and County of San Francisco may be rehabilitated and enabled to do its part toward establishing that balance of industries which is necessary to the restoration and maintenance of the highest practical degree of public welfare.

(b) It is the declared purpose of the cleaning and dyeing industry in the City and County of San Francisco to bring and maintain, in so far as may be practical, the rates of wages paid within the cleaning and dyeing industry to such levels as are necessary for the creation and maintenance of the highest practical standard of living, to restore the income of enterprises within the industry to levels which will make possible the payments of such wages, and to avoid a further depletion and destruction through impending bankruptcy of the greater part of this industry.

(c) It shall be the purpose of the industry in adherence to this code to improve the general sanitary and health conditions of the cleaning and dyeing industry, to give the best possible service to the public at fair and standardized prices, to protect the public from fraudulent schemes in connection with the cleaning, dyeing and pressing of clothing, to disseminate information concerning modern cleaning methods and practices toward the end that the public may the better appreciate the care, consideration and attention now being given to the cleaning product, and to instill a spirit of co-operation among the members of such industry for the accomplishment of these objects and purposes.

(d) To disseminate knowledge among its members as to the use of scientific management, system and cost accounting, sound credit and collection methods, and to promote and assist in putting into effect the use thereof.

(e) To provide an impartial board of adjustment, through which any claims for damages to customer's goods may be considered.

(f) To provide a code authority consisting of an executive control committee of six, empowered to enforce the provisions of this code, as herein provided, said committee to consist of: Two wholesale plant owners, two retail plant owners, two retail cleaning store owners, as well as a chairman.

(g) This ordinance shall be known as the "Cleaning and Dyeing Code." It is the purpose of this industry to abide by the provisions of Chapter 814 of the Statutes of California, 1935.

## ARTICLE 2.

*Territory.*

(a) The territory embraced within the confines of this industry is the boundaries of the City and County of San Francisco in the State of California.

*Initiation.*

(a) No initiation or entrance fees shall be charged, but there shall be dues levied on the following basis:

*Dues.*

Monthly dues for independently owned retail cleaning stores shall be \$1.50 per month per shop.

Monthly dues for any type of dry cleaning plant shall be based as follows:

Type No. 1. Monthly volume of business up to \$1,000 shall pay \$10 per month.

Type No. 2. Monthly volume of business between \$1,000 and \$3,000 shall pay \$20 per month.

Type No. 3. Monthly volume of business between \$3,000 and \$5,000 shall pay \$30 per month.

Type No. 4. Monthly volume of business between \$5,000 and \$10,000 shall pay \$40 per month.

Type No. 5. Monthly volume of business over \$10,000 shall pay \$100 per month.

### ARTICLE 3.

#### *Participation and Voting.*

(a) Each member in good standing in the industry is to have only one vote, as herein provided.

(b) Participation in this code and any subsequent revision of or addition to this code shall be extended to any person, partnership or corporation engaged, in whole or in part, in the Cleaning and Dyeing Industry within the City and County of San Francisco.

### ARTICLE 4.

#### *Administration.*

(a) The executive control committee, hereinabove provided for, shall be selected to represent said Cleaning and Dyeing Industry before the Board of Supervisors of the City and County of San Francisco, and before all governmental agencies, in any conference or conferences respecting this code of fair competition, and for all the other purposes hereof. The impartial chairman, selected by said executive control committee, shall be an ex officio member thereof but he shall have no vote excepting in case of a tie, in which event he shall cast the deciding vote. Two members of said committee shall be selected by each of said three groups specified in Paragraph (f) of Section 1 hereof, by ballot, at such time and place and manner as each of said three groups respectively shall decide at public meetings to be held by each of said groups for the purpose of selecting said members of said committee. All persons whose names and addresses can be ascertained by the exercise of reasonable diligence shall be invited to attend and to participate in said meeting or meetings and they shall be given reasonable notice of the time and place thereof.

(b) It shall be the duty of said executive control committee to enforce the provisions of this code and, through agents or otherwise, to hear or adjust complaints, consider proposals for and exceptions to the provisions of this code and otherwise administer and enforce its provisions.

(c) The executive control committee shall arbitrate all controversies between members of this industry and/or any controversies between members and the industry at large, as provided herein. If any member or members of such committee is a party to controversy existing between two or more members, the impartial chairman shall temporarily appoint another member or members to the board, from the same group as those temporarily removed, to consider and determine such controversies.

(d) The executive control committee shall have full authority to investigate all controversies and may levy a fine against the offending member or members, as provided for herein, and may make its order that the offending member pay to the association said fine, which shall not be in excess of fifteen times the weekly value of business lost by the complaining competitor or competitors. In the event that the offending member or members continue to violate this code after said order has been made, and they have received notice thereof, a separate fine may be levied against such member or members for each day's violation for any of the provisions of this code, but such fine is not to exceed \$100 for each such daily violation.

(e) All controversies shall be reported in writing in duplicate, one copy to be filed with the chairman of the executive control committee and one copy with the secretary of such committee.

(f) It shall be the duty of all persons subject to the provisions hereof to comply with each and every provision hereunder and to cooperate with all other persons in so doing, and it shall be the duty of every person operating hereunder to refuse to transact any business in the Cleaning and Dyeing Industry with any other person who violates any provision hereof.

#### ARTICLE 5.

##### *Production Provisions.*

(a) No limitations shall be placed upon any member which might restrain such member from installing new machinery and equipment, opening new offices or entering any phase of this industry.

#### ARTICLE 6.

##### *Cost, Sales, Prices and Discount Provisions.*

(a) It shall be an unfair method of competition for any person engaged in the Cleaning and Dyeing Industry to sell below the minimum price set forth in the schedule of prices attached hereto.

(b) On and after the effective date of this code, the minimum net cost to the customer for all cleaning, pressing, dyeing, repairing, and/or alteration services shall be not less than that set forth in said attached schedule entitled Minimum Price Lists for Cleaning, Pressing, Dyeing, Repairing, and/or Alteration Services, and all quotations and charges shall be made only on that basis. All advertising matter, whether by newspaper, radio, billboard, circular, dodger or any other means, shall use and quote prices not less than those given in the attached schedule and net prices arrived at after allowing any discount (where allowable) shall not be used, quoted, considered or printed in any manner whatsoever.

(c) No sales discounts, commissions, premiums, free work, secret rebates or any other special inducements of any kind shall be made, either directly or indirectly, excepting the following:

Hotels and apartments may be given a 10 per cent discount upon the gross amount of cleaning and dyeing work which they pay for, providing the work is picked up from one central point and delivered to the same place. An agency sign must be prominently displayed and the agency must be responsible to the industry member of the collection and full payment of such services.

#### ARTICLE 7.

##### *Provisions Respecting Unfair Practices.*

The following acts, whether done directly or indirectly, are specifically designated, made and agreed to as unfair trade practices:

(a) The giving of any sales discounts, commissions, secret rebates, cash checks, free work, trading stamps, premiums, tokens, credits or any other special inducement of any kind to any customer or employee of such customer or prospective customer.

(b) The giving of any week-end discount.

(c) Enticing away any employee of a competitor with the purpose and/or effect of hampering, injuring or embarrassing said competitor in his business.

(d) Any attempt to calculate or induce the breach of present or future existing contracts or orders between competitors and their customers by any means whatsoever, or interfering with or obstructing the performance of any such contractual duties or services by any such means, with the purpose or effect of unduly hampering, impeding, injuring or embarrassing competitors in their business.

(e) The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable

credit standing or by other false statements, insinuations or imputations or by the false disparagement of the grade or quality of their products or service with the purpose of misleading or deceiving a customer or by injuriously affecting the business of such competitor.

(f) Enticing away an outside or commission driver of a competitor with the purpose or effect of hampering, injuring or causing loss of business or financial loss to said competitor.

(g) To secure, attempt to secure or use in any way any list or lists of customers of any other member.

(h) The solicitation of business, either directly or indirectly, by any driver, route man, outside man, solicitor or agent, or by any other person, of or among or from any list of customers or any customer whomsoever of any prior employer of such person; provided, however, that this shall not be construed to prevent in any way any "commission drivers" who own their own vehicles and who own the good will list of customers whom they serve and who guarantee the payment of the bills or indebtedness of said customers, from soliciting said customers for himself or for any person to whom such "commission driver," as aforesaid, may transfer his business.

(i) Performing any service for any retail cleaning store, agency or outside route man in violation of any contractual relation existing between said retail cleaning store, agency or outside route man and a member.

(j) To use, participate in, publish or broadcast any inaccurate, untrue, deceptive or misleading statement, representation or illustration or to make unfair competitive claims such as to advertise one's dry cleaning or dyeing work as the best or the finest in an effort to sell such services.

(k) To pay a percentage or commission or to make a gift in any way to any organization, group or person not identified with the industry for its soliciting of cleaning or dyeing services.

(l) To give any lump estimates or bids to department stores, homes, hotels, clubs, theatres or others for quantities of work not based on a per capita basis.

## ARTICLE 8.

### *Statistics.*

In order to provide data necessary for the submittance of this code of fair competition and for its administration under the said above mentioned ordinance, the members of this industry agree to furnish all possible statistics and information as required by the executive control committee.

## ARTICLE 9.

### *General.*

(a) No provision in this code shall be interpreted or applied in such manner as to:

1. Promote monopolies.
2. Permit or encourage unfair competition.
3. Eliminate or oppress small enterprises.
4. Discriminate against small enterprises.
5. Prevent any retail cleaning store from doing business with any plant or changing the plant with which it is doing business.

(b) This code or any of its provisions may be canceled or modified to the extent necessary to conform to any action by the Board of Supervisors of the City and County of San Francisco, or by action of any duly constituted representatives of the Board of Supervisors of the City and County of San Francisco, or of said municipality, or to conform to any law of the State of California.

(c) Words, terms or phrases employed in this code or ordinance

are to be construed according to the context on the approved usage of the English language in this community and technical words, terms and phrases as used in this code are to be construed according to the peculiar and appropriate meaning thereof, and of the definition thereof, in the cleaning and dyeing industry in the City and County of San Francisco.

(d) If any section, sub-section, sentence, clause, phrase or part of this ordinance or code is for any reason held to be invalid or unconstitutional or contrary to the Charter of the City and County of San Francisco, such decision shall not affect the validity of the remaining portions of this act. The signatories of said code and the Board of Supervisors of the City and County of San Francisco hereby declare that they and it, respectively, would have signed and passed said code and said ordinance and each section, sub-section, sentence, clause and part thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases or parts be declared invalid or unconstitutional.

(e) Amendments to this code may be adopted by an 80 per cent vote of the membership and shall be effective when approved by ordinance of the Board of Supervisors of the City and County of San Francisco.

(f) Violation by any member of any provision of this code or any approved rule issued thereunder or of agreed minimum prices is a violation of the code and is a misdemeanor and punishable as provided in Section 6 of the said Service Trade Act of 1935, known as Chapter 814 of the Statutes of California, 1935.

#### ARTICLE 10.

##### *Wholesale Prices.*

The wholesale and retail prices shall be as set forth in the schedule of prices attached hereto and made a part hereof for all purposes.

#### ARTICLE 11.

Each and all of the provisions hereof shall apply to and be equally binding upon all persons whomsoever who shall transact or attempt to transact, in whole or in part, within the boundaries of the City and County of San Francisco, any or part of any business herein defined, regulated or controlled, subject to the provisions hereof.

The fact that any such person shall have his principal place of business without the City and County of San Francisco, or shall have no place of business within the City and County of San Francisco, or shall be partly or principally engaged in any other business shall not exclude such person from the operation hereof.

#### ARTICLE 12.

##### *Definitions.*

Section a. *Cleaning and Dyeing Industry.* The term cleaning and dyeing industry as used herein is defined to include any and all cleaning and dyeing establishments.

Section b. *Cleaning and Dyeing Establishment.* The term cleaning and dyeing establishment as used herein is defined to include any place where any article of wearing apparel, household furnishings, or fabrics, furs and leather of any kind whatsoever, are dry-cleaned, spotted, wet-cleaned, processed and/or finished for hire, and/or such service is offered for sale. Nothing included herein shall prevent an individual from pursuing the vocation of manual labor.

Section c. *Cleaning Plant.* A cleaning plant consists of equipment for cleaning garments and/or household articles by immersion in volatile moisture-free solvents of petroleum distillate type, coal tar distillate type, or chlorinated hydro-carbon type.

Section d. *Retail Cleaning Plant.* A retail cleannig plant is one which sells at least 75 per cent of its services to the ultimate con-

sumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores, or other kinds of outlets.

Section e. *Wholesale Cleaning Plant.* A wholesale cleaning plant is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section f. *Branch Store.* A branch store is a retail outlet owned and operated by a plant.

Section g. *Retail Cleaning Store.* A retail cleaning store is any retail tailor and press shop not owned by a plant, and which purchases cleaning, dyeing and hat renovating service from a plant and distributes it to the consumer under the retail cleaning store's own name.

Section h. *Route Salesman.* A route salesman is any person employed, either on a salary or commission basis or both, by a cleaning and/or dyeing and/or hat renovating establishment to call for, solicit and deliver their services and/or collect for same.

Section i. *Dry-cleaning.* Dry-cleaning is the process of cleaning garments or household articles by the immersion and agitation of these articles in volatile moisture-free solvents, such as those of the petroleum distillate type, the coal tar distillate type, or the chlorinated hydro-carbon type, and processes incidental thereto, such as spotting, wet-cleaning, finishing, etc.

Section j. *Spotting.* Spotting is the operation of removing spots or stains which may remain in fabrics after any of the above mentioned cleaning processes.

Section k. *Finishing.* Finishing is the operation of pressing and/or re-shaping any fabric, fur or leather, either by hand or by machine through the use of heat, steam, air, or other means, with the shape, dimensions and contour of the article restored as nearly as possible to the condition in which the article was received.

Section l. *Hat Renovating.* Hat renovating is the process of cleaning, dyeing, bleaching, re-felting, re-blocking, re-shaping, re-trimming and re-modeling hats or any type of head covering.

Section m. *Hat Renovating Establishment.* A hat renovating establishment is one which practices the art of hat renovating, which sells either to wholesale or retail trade, and which is equipped to produce a standard job of hat renovating as defined by the hat renovator's division as set up in this code of fair practice.

Section n. *Retail Hat Renovating Establishment.* A retail hat renovating establishment is one which sells at least 75 per cent of its services to the ultimate consumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores or other kind of outlets.

Section o. *Wholesale Hat Renovating Establishment.* A wholesale hat renovating establishment is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section p. *Dyeing.* Dyeing is the process of coloring garments, household articles and other textiles by the immersion in, spraying on, or brushing in, either by hand or by machinery, in or with a dye liquor.

Section q. *Dyeing Plant.* A dyeing plant consists of machinery and equipment necessary to carry on the process of bleaching, and/or dyeing garments, household articles and other textiles.

Section r. *Retail Store.* Retail stores are defined as being any shop or agency which finishes by pressing and/or reshaping any fabric, either by hand or by machine, that has been dry cleaned; provided, however, that no retail store which is not wholly owned, operated and controlled by a wholesale or retail cleaning plant shall be

considered or treated, in any manner, as an agency or branch store of such wholesale or retail cleaning plant.

Section s. *Agencies*. An agency is defined as any retail store, branch store, hotel, apartment house, club or other retail outlets which receives cleaning, pressing and/or dyeing work for customers, except dyeing and/or cleaning and/or retail cleaning stores as defined in Section b and Section g of Article 12.

Section t. *Routemen*. Routemen are defined as any person, partnership or corporation engaged in picking up and/or delivering cleaning, pressing and/or dyeing work.

Section u. *Inside Routemen*. Inside routemen are routemen employed by cleaners and/or dyers and/or retail cleaning store operators where the employer owns the good will (list of customers) and pays or does not pay the employee a guaranteed minimum wage with or without commission upon cash collections.

Section v. *Outside Routemen*. Outside routemen are defined as routemen who own their own good will (list of customers) and contract with a cleaner and/or dyer and/or retail cleaning store operator for the cleaning, pressing and/or dyeing of garments and/or household articles.

Section w. *Monthly Volume of Business*. Monthly volume of business is defined to mean the average total monthly volume of cleaning and/or pressing and/or dyeing business handled during any six months' period immediately preceding the date upon which dues are payable.

Section x. *Unduly Long Hours*. It shall be considered to be "unduly long hours" for any place of business whatsoever hereunder to remain open for receiving and/or cleaning and/or dyeing and/or distributing to the public and/or to the industry any plant, branch store, office agency, retail store, retail cleaning store or retail cleaning establishment, or to operate any switchboard or telephone service therein and to operate any delivery vehicle between the hours of 6:30 p. m. and 7:30 a. m., or at any time whatsoever on any Sunday, Christmas Day, New Year's Day, Thanksgiving Day, Independence Day or Labor Day, and the doing of any such act shall be a violation of this code.

Section y. *Opening New Store*. No new or additional store, branch store or retail cleaning store hereunder shall be opened, set up or established within 500 feet of any established store, branch store, retail store or retail cleaning store, as herein defined, in said cleaning and dyeing industry in any commercial district in said City and County of San Francisco and/or within 1500 feet of any such store, branch store, retail store or retail cleaning store in said cleaning and dyeing industry in any residential district in said City and County of San Francisco; provided, that the terms "commercial district" and "residential district" shall be the same as such districts are defined by the City Planning Commission of the City and County of San Francisco, and as the same now appear on the official maps now on file in the office of said Commission in the City Hall of said City and County; provided, however, that if vacation of the premises occupied by a store, branch store or retail cleaning store is made necessary for reasons beyond the control of the owner of such store, branch store or retail cleaning store, then moving such business from one location to another within the same business district shall be deemed not in violation of this section.

#### ARTICLE 13.

Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$500 or by imprisonment in the City and County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment. Each and every day's continuance of such violation shall constitute a separate offense.

## Privilege of the Floor.

Walter McGovern, representing Dyeing and Cleaning Industry, was heard at length in explanation of the Dyers & Cleaners Code of Fair Competition, advanced his reasons for believing in its enactment as necessary for the preservation of this industry in San Francisco which under present conditions is suffering heavy losses, and earnestly urged its adoption by the Board of Supervisors.

I. Goldberg, president of Plant Owners' Association, Dyers & Cleaners Industry, was also heard as to the urgency of the proposed legislation if the industry is to be saved for San Francisco.

J. A. Vaughn, chairman of Allied Retail Cleaners of San Francisco, favored the legislation in general but opposed and asked the elimination of several provisions and the amendment of several others.

**Amendment.**

On motion of Supervisor Colman Section *y* was *stricken out*.

On motion of Supervisor Uhl Section *r* was *amended* by adding the following language:

" . . . provided, however, that a retail clothing store or retail clothing department of a department store, wherein or in connection therewith there is performed pressing and/or alteration of clothing in connection with the sale thereof, shall not be deemed to be a 'retail store' as defined herein."

**Passed for Second Reading.**

Whereupon, the foregoing bill as amended was *passed for second reading* by the following vote:

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

**Authorizing the City and County to Surrender to the Roman Catholic Archbishop of San Francisco Part of a Certain Easement Heretofore Acquired by the Spring Valley Water Company Over and Through Holy Cross Cemetery.**

(Code No. 15.0242)

Bill No. 1235, Ordinance No. 15.02425, as follows:

Authorizing the City and County to surrender to the Roman Catholic Archbishop of San Francisco part of a certain easement heretofore acquired by the Spring Valley Water Company over and through Holy Cross Cemetery.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City and County of San Francisco does hereby surrender to the Roman Catholic Archbishop of San Francisco, a corporation sole, all of its right, title and interest in and to a portion of an easement heretofore granted and enjoyed by the Spring Valley Water Company, the predecessor in interest of the City and County of San Francisco, over certain lands comprising a part of Holy Cross Cemetery in San Mateo County, California, which real property and portion of easement is more particularly described as follows:

Beginning at a point in the center line of the 30-inch water main from San Andreas Reservoir in San Mateo County to San Francisco, which point is located south 50 degrees 13 minutes west, 47.52 feet along the center line of Central avenue in Holy Cross Cemetery and north 20 degrees 40 minutes west, 99.34 feet along the center line of said pipe line from a cut in the bronze doorstep of the main entrance to the mausoleum; thence along a line north 20 degrees 40 minutes west to a point on said line 243.73 feet from the point of beginning. Being that strip of land indicated by the line marked "Old Right of Way" on the plat hereto annexed and hereby made a part hereof.

Section 2. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute and deliver the necessary deeds or other instruments surrendering the said easement and lands hereinbefore mentioned.

*Finally passed* by the following vote:

The following recommendations of Streets Committee were taken up:

**Ordering the Construction of a Sewer in Silver Avenue and Conkling Street (Protest).**

(Code No. 12.0611)

Bill No. 1220, Ordinance No. 12.061170, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors December 21, 1936, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Im-

provement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of Conkling street northerly from Silver avenue and of Silver avenue between Scotia avenue and Layton street, by the construction of sewers and appurtenances. The construction will consist of the following items:

## NEW BUSINESS.

### Final Passage.

The following recommendation of Finance Committee was taken up:

**Authorizing a Supplemental Appropriation of \$5,000 for the Purpose of Paying Expenses Necessary in Connection With Appeal in "One-Man Car" Cases; an Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1245, Ordinance No. 9.051353, as follows:

Authorizing a supplemental appropriation of \$5,000 out of the Emergency Reserve Fund to the credit of Appropriation No. 604.201.00, for the purpose of paying expenses necessary in connection with appeal in "one-man car" cases, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$5,000 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 604.201.00, for the purpose of paying expenses necessary in connection with appeal in "one-man car" cases.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, hereby declare that an actual emergency exists which necessitates this ordinance becoming effective at once, for the reason that the City Attorney is without sufficient funds to continue the operations of his department in connection with appeal in "one-man car" cases.

Recommended by Jno. J. O'Toole, City Attorney.

Approved as to funds available by Leonard S. Leavy, Controller.

Approved by Angelo J. Rossi, Mayor.

*Finally passed* by the following vote:

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

**Empowering Department of Public Works to Issue Permits for Use of Grove Street in Front of Civic Auditorium.**

(Code No. 12.01)

Supervisor Uhl presented:

Bill No. 1256, Ordinance No. 12.011, as follows:

Authorizing and empowering the Department of Public Works to issue permits to persons, firms or corporations for the exclusive use of Grove street in front of the Municipal Auditorium; for the erection of fences or barricades across said Grove street while occupying said building; and declaring an emergency in regard thereto. An Emergency Ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Department of Public Works is hereby authorized and empowered to issue permits for the exclusive use of Grove street, between Polk and Larkin streets, for a period of not to exceed eleven (11) days to any person, firm or corporation, whenever said person, firm or corporation shall have leased or rented the Municipal Auditorium at the regular rates usually charged therefor, for at least nine (9) consecutive days, provided that access to regular occupants of the said building shall be allowed at all times.

Said Department of Public Works is further authorized and empowered to permit the construction of a fence or barricade across Grove street at Polk street and across Grove street at Larkin street whenever permits for said exclusive use are issued.

Section 2. This ordinance shall remain in effect only until April 1, 1937.

Section 3. This ordinance is passed as an emergency ordinance for the reason that the same must become effective forthwith, and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists; the nature of said emergency being a limitation of time in that unless the ordinance is passed forthwith the Municipal Auditorium cannot be rented for a nine (9) day period commencing March 13, 1937, as requested by the operators of the Shrine Circus.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

**City Attorney to Intervene Before State Railroad Commission re  
Ferry Rates to Marin County.**

(Code No. 12.11)

Supervisor Reilly presented:

Resolution No. 3110, as follows:

Whereas, when the reduction in tolls upon the San Francisco-Oakland Bay Bridge was effected, the Southern Pacific Company not only found itself in a position to offer competitive prices but voluntarily requested the Railroad Commission of the State of California to establish a one-way rate for automobile transportation across the bay at thirty cents; and

Whereas, negotiations are now being conducted between the Railroad Commission and the Southern Pacific Company looking to the establishment of ferry fares for those ferry services competing with the San Francisco-Oakland Bay Bridge, as well as rates of fare for ferry service in general, upon San Francisco Bay; now therefore, be it

Resolved, That this Board of Supervisors does hereby authorize and request the City Attorney to intervene in said negotiations and to press for the adoption of rates, on those ferry services which will operate in competition with the Golden Gate Bridge, upon its opening, equal with those which shall be established for ferry services between San Francisco and East Bay points; and be it

Further Resolved, That a copy of this resolution be forwarded immediately to the Railroad Commission of the State of California.

**Prohibiting Construction or Erection of Grandstands in or About  
Area Known as the Civic Center and Providing a Penalty  
Therefor.**

(Code No. 11.08)

Supervisor Schmidt presented:

Bill No. 1255, Ordinance No. 11.0822, as follows:

Prohibiting the construction or erection of grandstands in or about the area known as the Civic Center and providing a penalty therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation, organization or association to construct, erect, build or maintain stands or grandstands in or about the area known and designated as the Civic Center, and situate, lying and being between the following boundaries: From Leavenworth street west on McAllister street to Franklin street; south on Franklin street to Grove street; east on Grove street to Hyde street; north on Hyde street to Fulton street; east on Fulton street

to Leavenworth street; and north on Leavenworth street to McAllister street; and it shall be unlawful for any officer, board or commission to issue a permit therefor, save and except that a review stand may be constructed or built in front of the steps of the City Hall, a permit for such erection having first been obtained from the Department of Public Works.

Section 2. Any person, firm, corporation, association or organization which shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be punishable by a fine not to exceed five hundred dollars (\$500) or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Section 3. This ordinance shall take effect and be in force immediately.

### Requiring Lights on Standing Vehicles.

(Code No. —)

Supervisor Mead presented:

Bill No. —, Ordinance No. —, as follows:

Requiring lights on standing vehicles under certain conditions; defining certain terms used herein and fixing a penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions. "Vehicle." For the purposes of this ordinance a "vehicle" is hereby defined to be any device in, upon, or by which any person or property may be transported or drawn.

"Thoroughfare" is hereby defined to be any boulevard, highway, street, avenue, lane, court, place or public way, including the sidewalks thereon.

Section 2. It shall be unlawful for any person, firm or corporation owning or having custody or control of any vehicle as herein defined, to stand or permit such vehicle to stand upon any thoroughfare within the City and County of San Francisco at any time when there is not sufficient light to render said vehicle clearly discernible at a distance of 200 feet in either direction along the line of travel in said thoroughfare, unless said vehicle shall be equipped with a light or lights so attached thereto as to be visible to the operators of approaching vehicles, from either direction, for a distance of 200 feet. Said light or lights shall be so affixed to said vehicle as to define the extremity of said vehicle which is outermost from the property lines in said thoroughfare so as to permit of a line of vehicular travel on both sides thereof, then said vehicle shall carry a light or lights so attached as to be visible to the operators of approaching vehicles for a distance of 200 feet and so affixed to said vehicle as to define that extremity of said vehicle which is nearest to the vehicular approach on its right.

Section 3. Nothing in this ordinance shall be construed as permitting the parking or standing of vehicles where or when otherwise prohibited by any other ordinance of the City and County of San Francisco.

Section 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

**In Memoriam—Police Officer Albert W. Argens.**

(Code No. 5.91)

Supervisor Shannon presented:

Resolution No. 3106:

Whereas, the Board of Supervisors learns with profound sorrow of the passing of Patrolman Albert W. Argens of the San Francisco Police Department; and

Whereas, the bravery in line of duty exemplified by Officer Argens typifies the spirit of the department in which he served and the fidelity to a cause for the proper observance of law and order; and

Whereas, this youthful officer possessed a record in the Police Department which indicated that he was destined for recognition and advancement in the ranks wherein he labored; now, therefore, be it

Resolved, That the Board of Supervisors does hereby pay tribute in solemn reverence to the memory of Patrolman Albert W. Argens, who was fatally wounded in the discharge of his duty; and be it

Further Resolved, That the Clerk transmit a copy of this resolution to the bereaved family of the late Officer Argens; and be it

Further Resolved, That when the Board of Supervisors adjourns this day it does so in respect to the memory of Police Officer Albert W. Argens.

*Adopted* unanimously by a rising vote.

**Report of Welfare Committee on Maritime Riot.**

The following was presented and read by the Clerk:

San Francisco, California,

February 19, 1937.

To the Honorable, The Board of Supervisors, City and County of San Francisco.

Gentlemen:

The matter of the protest of Henry Schmidt, President of the International Longshoremen's Association, that disturbances of the public peace are being incited by the representatives of Lee Holman's organization to the detriment of the peaceful conditions at the Waterfront resulting from the recent maritime strike settlement, which matter was, no motion of Supervisor Colman, referred to this committee, begs leave to report that it has heard both parties in interest in the matter and has come to the conclusion that inasmuch as there are laws on the statute books of the State of California and in the ordinances of the City and County of San Francisco amply covering this situation, the matter is not one that calls for legislative action.

Wherefore, your committee respectfully recommends that the same be referred to the proper administrative officials of the government for their consideration.

Respectfully submitted,

PUBLIC WELFARE COMMITTEE,

By Adolph Uhl, Chairman.

Adolph Schmidt, Member.

**City Attorney to Advise as to Power of the Board of Supervisors to Regulate Closing Hours of Taverns.**

Supervisor Roncovieri, seconded by Supervisor Colman, moved that the City Attorney, in view of the controversy which exists between local police authorities and the Board of Equalization of the State of California on the subject of closing hours for those places dispensing liquor, be requested to furnish this Board with his opinion as to whether this Board has the authority under the police power to regulate the closing hours of such places, by ordinance.

**Passed for Second Reading.**

The following recommendation of Finance Committee was taken up:

**Authorizing Exchange of Certain Easements of Right of Way With  
Department of Public Works of the State of California.**  
(Code No. 15.0243)

Bill No. 1257, Ordinance No. 15.02434, as follows:

Authorizing exchange of certain easements of right of way with Department of Public Works of the State of California.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to a resolution passed by the Public Utilities

Commission and for the purpose of realigning certain portions of State Highway Route IV in San Mateo County through property under the control of the Water Department and owned by the City and County of San Francisco, the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed on behalf of the City and County of San Francisco conveying a right of way easement for highway purposes to the hereinafter described property.

Section 2. The right of way easement for highway purposes is over the following described parcels of land situated in the County of San Mateo, State of California:

Being portions of that certain 44.67-acre tract of land known as Belmont Pump Lot, numbered Parcel 35 San Mateo County Lands in deed from Spring Valley Water Company to City and County of San Francisco, dated March 3, 1930, and recorded March 3, 1930, in Volume 491 of Official Records, page 1, San Mateo County Records; more particularly described as follows, to-wit:

PARCEL 1. Commencing at the point of intersection of the southeasterly line of said tract of land with the northeasterly line of the existing State highway, designated as Road IV, San Mateo County, Route 2, Section B; said intersection being the most westerly corner of that certain piece or parcel of land conveyed by Asa E. Hull to Smack Beverage Company, Inc., a corporation, by deed dated January 28, 1927, and recorded February 4, 1927, in Volume 264, Official Records, page 450, San Mateo County Records; thence along the southeasterly line of said 44.67-acre tract of land, north 49 degrees 04 minutes 30 seconds east, 17.25 feet to Station "W" 234+21.06 P. O. C. on the center line of the survey for the relocation of said State highway; thence continuing north 49 degrees 04 minutes 30 seconds east, 50.06 feet to a point on a curve concentric with and 50 feet northeasterly from the center line of said relocation survey; thence along said curve to the right, from a tangent bearing north 43 degrees 47 minutes 55 seconds west, with a radius of 2950 feet, through an angle of 8 degrees 04 minutes 25 seconds, a distance of 415.69 feet; thence north 35 degrees 43 minutes 30 seconds west, 236.75 feet to a point on said northeasterly line of the existing State highway; thence along said northeasterly line south 16 degrees 56 minutes east, 78.19 feet; thence tangent to the last-named course, along a curve to the left, with a radius of 967 feet, through an angle of 35 degrees 06 minutes 24 seconds, a distance of 592.51 feet to the point of commencement; containing 0.939 of an acre, more or less.

PARCEL 2. Commencing at the point of intersection of the southeasterly line of "F" street, being the northwesterly line of said 44.67-acre tract of land, with the southeasterly prolongation of the southwesterly line of Fifth avenue, as said street and avenue are shown upon that certain map entitled, "Sunny Slope Belmont," filed for record May 4, 1889, in Book "A" of Original Maps, page 5, San Mateo County Records; distant, along the northwesterly line of said 44.67-acre tract of land, south 49 degrees 04 minutes 30 seconds west, 56.26 feet from Station "W" 227+54.0 P. O. T. on the center line of said relocation survey; thence along the northwesterly line of said tract of land north 49 degrees 04 minutes 30 seconds east, 39.38 feet to a point in the southwesterly line of the existing State highway; thence along said southwesterly line south 16 degrees 56 minutes east, 64.76 feet; thence tangent to the last-named course, along a curve to the left, with a radius of 1033 feet; through an angle of 2 degrees 15 minutes 16 seconds, a distance of 40.65 feet to a point in a line parallel to and 50 feet southwesterly, at right angles, from the center line of said relocation survey; thence along said parallel line north 35 degrees 43 minutes 30 seconds west, 67.15 feet to a point on said southeasterly prolongation of the southwesterly line of Fifth avenue; thence along said southeasterly prolongation, north 47 degrees 20 minutes 30 sec-

onds west, 29.94 feet to the point of commencement; containing 0.038 of an acre, more or less.

**PARCEL 3.** Being a portion of that certain unnumbered lot in Block 7, known as San Carlos Park Lot, as said lot and block are shown upon that certain map entitled, "Re-subdivision of a Portion of the Town of San Carlos, San Mateo County, California," filed for record May 20, 1921, in Book 10 of Maps, pages 39 and 40, San Mateo County Records; and being numbered Parcel 36 San Mateo County Lands in hereinbefore mentioned deed from Spring Valley Water Company to City and County of San Francisco; and more particularly described as follows, to-wit:

Commencing at the most northerly corner of said Block 7; thence along the northwesterly line of said Block 7, south 49 degrees 10 minutes west (shown on said map as south 49 degrees 01 minutes 30 seconds west), 22.14 feet to Station "W" 240+89.26 P. O. T. on the center line of said relocation survey; thence continuing south 49 degrees 10 minutes west, 7.86 feet; thence in a southeasterly direction 20 feet; thence at right angles in a northeasterly direction 30.9 feet to a point on the northeasterly line of said Block 7, being the southwesterly line of the existing State highway; thence along said northeasterly line north 43 degrees 36 minutes 30 seconds west, 20.0 feet to the point of commencement; containing 0.014 of an acre, more or less.

The conveyance of right of way over Parcels 1 and 2 shall be a conveyance of surface rights only and nothing in the grant shall be construed so as to deprive the City of the use of the land beneath the surface of said right of way. Said conveyance shall be made subject to the following terms and conditions:

(a) The City hereby expressly reserves from the terms of this grant, the land beneath the surface of the land hereinbefore described in the descriptions of Parcels 1 and 2 and nothing in this grant is to be construed so as to deprive the City of the use of said land beneath the surface of Parcels 1 and 2; provided that the City, before commencing any operation within the scope of said rights so reserved shall notify the department of the fact and the nature of the work intended to be done, in order that the department may suggest changes therein or may make other recommendations in connection therewith; said suggestions or recommendations shall be advisory only and shall not bind the City. Any paving or surfacing of said highway removed or damaged in any construction or repair work by the City shall be replaced by the City at its own expense in the same condition as it was in prior to such construction or repair work.

(b) The Department of Public Works shall, at its own expense, construct and maintain a public road or highway over and along the above right of way and shall hold the City free from any obligation, liability or expense in connection with the construction, reconstruction, maintenance, or repair of said road or highway, the necessity for which construction, reconstruction, maintenance, or repair shall result from any cause whatsoever, except from the City's exercise of the rights herein reserved.

(c) The Department of Public Works shall, at its own expense, properly protect the City's existing and future pipe lines and other structures constructed across the hereinbefore described property against damage from the construction, maintenance, repair and/or use of said road or highway.

(d) The Department of Public Works shall not construct any subsurface drainage, culverts or other permanent structures on the lands herein described in such manner or location that said subsurface drainage, culverts or structures shall interfere with the free and unobstructed exercise of the rights herein reserved to the City.

(e) The Department shall hold and save harmless the City from any and all responsibility due directly or indirectly to the construction, maintenance and/or use of said highway across the City's land and structures.

Section 3. The above conveyance shall only have effect when the California Highway Commission shall execute a good and sufficient conveyance to the City and County of San Francisco abandoning the existing highway contiguous to the hereinabove described property vesting title of the abandoned highway in the City and County of San Francisco.

**Confirming Sale of School Land on Eighteenth Avenue to Marian Furey.**

(Code No. 12.1722)

Also, Resolution No. 3122, as follows:

Whereas, pursuant to Ordinance No. 12.17227, Bill No. 1181, the Director of Property advertised in the official newspaper that bids would be received by him on January 20, 1937, for the sale of the

following described City-owned land situated in the City and County of San Francisco, State of California:

Commencing at a point on the westerly line of Eighteenth avenue, distant northerly thereon 275 feet from the northerly line of Taraval street; running thence northerly along the westerly line of Eighteenth avenue, 50 feet; thence at a right angle westerly 110 feet; thence at a right angle southerly 50 feet; thence at a right angle easterly 110 feet to the westerly line of Eighteenth avenue and the point of commencement.

Being part of Outside Land Block No. 1120.

Whereas, in response to said advertisement, St. George Holden offered to purchase said land for the sum of \$2,500 cash, no higher bids having been made or received; and

Whereas, said sum of \$2,500 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$2,500; and

Whereas, St. George Holden has paid the sum of \$50 to the Director of Property as a deposit in connection with this transaction, and has requested that the property be conveyed to Marian Furey, a single woman; and

Whereas, the Board of Education has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to Marian Furey, a single woman. The buyer must pay the balance of the purchase price within 30 days after approval of this resolution. The Director of Property shall deliver the deed to the grantee upon receipt of the balance of the consideration.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Opposing A. B. 1177 Allocating Relief Funds.**

(Code No. 19.07)

Supervisor Roncovieri presented:

Resolution No. 3126, as follows:

Whereas, the Relief and Legislative Committees of the Association of County Supervisors of California, which Committees were given at the association's December 30th, 1936, meeting in San Francisco full authority to act, have gone on record as sponsoring A. B. No. 1177 as originally introduced on January 30, 1937; and

Whereas, through its Relief and Legislative Committees in joint session in Sacramento on Friday, February 26, 1937, adopted an amendment to section 18 of said bill respecting the method of allocating the cost of relief; and

Whereas, said plan is generally as follows:

a. The counties to pay 100 per cent of the cost of the combined total of the normal county indigent burden and SRA burden within the counties, until the county has paid an amount equal to five cents in its tax rate.

b. Thereafter the county and the State will share the cost of the combined case load on a 50/50 basis until the county has borne an amount equivalent to 16 cents in its tax rate.

c. All relief beyond this maximum limit to be borne 100 per cent by the State.

Whereas, such a plan if carried out would be very favorable to a few counties and would adversely affect most of the counties of the State for the reasons set forth in minority report presented by Mr. Leavy to the Relief Committee meeting in Sacramento on February 26, a copy of which report is attached hereto and made a part hereof; and

Whereas, the City and County of San Francisco and practically all of the northern and rural counties of the State would be adversely affected if this proposed plan went into effect and was carried out; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby goes on record as being opposed to the said proposed plan to amend Section 18 of A. B. 1177 as being opposed to the best interests of the taxpayers of the City and County of San Francisco as well as practically every northern and rural county of the State; and be it

Further Resolved, That the Supervisors of each county that would be adversely affected by this proposed plan for the amendment of Section 18 of A. B. 1177 be notified of the action of this Board by the Clerk thereof and a copy of this resolution, as well as a copy of the minority report of Leonard S. Leavy, Controller of the City and County of San Francisco, together with such other pertinent data as may be developed, be forwarded with and attached thereto; and be it

Further Resolved, That this program be brought before the Supervisors at the Annual Convention of the Association of County Supervisors of California to be held in Sacramento March 17-20, 1937; and be it

Further Resolved, That a copy of this resolution, together with copy of Mr. Leavy's minority report, be transmitted to the members of the Legislature from San Francisco.

*Adopted* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

#### Motion.

Upon the adoption of the foregoing resolution, Supervisor Roncovieri moved that the Controller be requested and authorized to prepare statements to be printed and to be sent to the northern counties, and that the Finance and Judiciary committees of the Board work thereon with the Controller.

*Motion carried.*

#### Use of Motorcycles by Police Officers.

(Code No. 11.01)

Supervisor Ratto presented:

Resolution No. 3125, as follows:

Whereas, it has come to the attention of this Board that one police officer has been killed and several others have been injured while operating motorcycles on the late watch; and

Whereas, these most unfortunate occurrences have come about by reason of the fact that the streets during this time of the night are covered with moisture, making the surface of the roadways exceedingly slippery, and the additional fact that the motorists operating over the streets during the early morning hours travel at very high rates of speed; and

Whereas, these conditions under which motorcycle officers are required to operate on the late watch are most hazardous and endanger the lives of said officers as well as impair the efficiency of their operations; now, therefore, be it

Resolved, That the attention of the Mayor be respectfully called to this situation and that he be requested to communicate with the Police Commission to the end that the use of motorcycles during the late

watch shall be discontinued and that the officers assigned to that duty shall be provided with automobiles.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

### **Cleaning and Dyeing Code.**

On motion by Supervisor Colman, ordinance to provide a Code of Fair Competition for Cleaners and Dyers was made a Special Order of Business for 2:30 p. m., March 8, 1937. All interested parties, including the San Francisco Labor Council, Building Trades Council, Chamber of Commerce, Down Town Association, Retailers associations, Housewives League, San Francisco Women's Center, and the proponents of the measure were instructed to be so notified.

### **Motions—In Memoriam.**

Supervisor Colman moved that the Clerk send to the family of the late J. P. Rettenmeyer, the proper expression of sincere sympathy of the members of the Board, and that the Board adjourn out of respect to his memory.

*Motion carried by unanimous rising vote.*

Supervisor McSheehy moved that the Clerk be instructed to forward to the family of the late Thomas Doyle, secretary of the Building Trades Council, a letter of condolence, and that the Board adjourn out of respect to his memory.

*Motion carried by unanimous rising vote.*

Supervisor Ratto moved that the Clerk send to the family of the late Louise A. Osterloh, the sincere sympathy of the members of the Board, and that the Board adjourn out of respect to her memory.

### **Citizens' Committee for Observance of Memorial Day.**

Supervisor McSheehy, seconded by Supervisor Uhl, moved that his Honor, the Mayor, be requested to appoint a Citizens' Committee for the proper observance of Memorial Day, May 30, 1937.

*Motion carried.*

### **Hetch Hetchy Electric Power Distribution.**

The following, address by Representative Franck R. Havenner, was presented by Supervisor McSheehy, read by the Clerk, and *ordered printed in full in the Journal of Proceedings.*

### **A Challenge to Congress.**

*Extension of Remarks of Hon. Franck R. Havenner of California, in the House of Representatives, Tuesday, February 16, 1937.*

MR. HAVENNER. Mr. Speaker, on March 9, 1937, a proposal to authorize an issue of revenue bonds for the acquisition of a municipal electric distribution system will be submitted to the voters of the city and county of San Francisco.

The opponents of this proposal have raised an issue which challenges the attention of the Congress.

More than two decades ago Congress passed an act granting to the city and county of San Francisco the right to develop a municipal water supply in Hetch Hetchy Valley in the Yosemite National Park of California. This act was introduced and sponsored by the late John E. Raker, then Representative from the First Congressional District of California, and is commonly known as the Raker Act.

The Raker Act required the city and county of San Francisco to develop hydroelectric energy in connection with the Hetch Hetchy water-supply system, and specifically provided that none of the electric energy so developed should ever be let or sold to any private individual or corporation for resale.

The city and county of San Francisco has expended nearly a hundred and fifty million dollars in the development of the Hetch Hetchy water and power system. It has constructed what is known as the Moccasin Creek power-house on the line of the Hetch Hetchy aqueduct, and for the past 12 years has been engaged in the production of hydroelectric energy in this power plant. Ever since this power-house was completed and put into operation its entire output of electric energy has been delivered to the Pacific Gas & Electric Co., a privately owned public utility corporation, under the terms of a so-called agency contract, whereby the Pacific Gas & Electric Co. purports to act as the agent of the city and county of San Francisco in the distribution of this electric energy to the people of San Francisco.

The Raker Act designates the Secretary of the Interior as the Federal officer responsible for the proper fulfillment of the terms and conditions of the Hetch Hetchy grant. Every Secretary of the Interior who has held office since the Moccasin Creek power-house was put into operation has at least inferentially indicated to the officials of the city and county of San Francisco that he doubted whether the so-called agency contract with the Pacific Gas & Electric Co. was in compliance with the provisions of the Raker Act. In 1935 Hon. Harold L. Ickes, the present Secretary of the Interior, issued an official opinion holding that the delivery of the Hetch Hetchy electric energy to the Pacific Gas & Electric Co. under the terms of the so-called agency agreement constituted an outright sale of the electricity to a private corporation for resale in violation of the provisions of the Federal law. Secretary Ickes served notice upon the city and county of San Francisco that it must, within a reasonable period of time, make arrangements to dispose of its Hetch Hetchy electricity in accordance with the law.

In the summary of his official opinion Secretary Ickes said:

"The legislative history of the Raker Act clearly shows that the purpose of section 6 was to prevent the water or power developed on the Hetch Hetchy project from ever falling into the hands of a private corporation or monopoly. From the facts it appears that the power developed on the Hetch Hetchy project has fallen into the hands of just such a corporation or monopoly."

The only practical way in which San Francisco can now legally dispose of its Hetch Hetchy electricity, in accordance with the ruling of the Secretary of the Interior, is to acquire a municipally-owned distribution system and sell the electricity direct to its people.

This is the proposal which will be submitted to the voters of San Francisco at the municipal election on March 9, 1937.

The opponents of municipal distribution of electricity are urging the voters of San Francisco to defeat this proposal at the polls, and then make demand upon Congress for an amendment of the Raker Act which will legalize the sale of the Hetch Hetchy power to the private corporation. They are advising the people to pursue this defeatist policy, notwithstanding the fact that the carefully prepared estimates of the public utilities commission of San Francisco show that the proposed plan for municipal distribution will enable San Francisco to make an immediate reduction of 10 per cent in its current rates for electricity, and earn an annual net profit of \$4,000,000, as compared with the average annual income of \$2,000,000, which the city and county now receives from the sale of electricity to the Pacific Gas & Electric Co.

I am bringing these facts to the attention of Congress now, so that if the costly and misleading propaganda now being broadcast by the

enemies of municipal ownership and distribution of electricity should deceive the people of San Francisco into voting down the pending proposal, the members may be familiar with the history and the background of the inevitable demand that the Hetch Hetchy grant be amended to permit the sale of this publicly-developed electric energy to a private corporation.

Following the reading of the foregoing, Supervisor Colman was granted the privilege of replying. Supervisor Colman stated that the matter of the issuance of revenue bonds for distribution of Hetch Hetchy electric power is of concern only to the people of San Francisco, and is no concern of the federal government. He stated further that no Secretary of the Interior, prior to the present Secretary, has ever rendered an opinion that the contract is in violation of the terms of the Raker Act.

#### Golden Gate Bridge Opening Celebration.

Supervisor McSheehy reported in reference to invitation to President Roosevelt to attend the Golden Gate Bridge opening celebration, and stated that the President regretted that it would be impossible for him to be present, but that he would send his daughter, Mrs. Anna B. ——— of Seattle, as his personal representative.

#### State Legislation.

President Shannon called the Board's attention to the fact that during the session of the Legislature, matters often come up with which members of the Board, who may not be on the Judiciary Committee, are conversant, and he requested authorization to attend to matters in Sacramento that are urgent.

#### Motion.

Whereupon, Supervisor Roncovieri moved that the President be authorized to name any member of the Board, or as many as he deems proper, to attend the Legislature.

*Motion carried.*

#### Test Runs to and from Bay Bridge Head.

Supervisor Roncovieri announced that Chief Administrative Officer Alfred J. Cleary had invited members of the Board to go over the various routes in connection with the study of dead-end streets, to ascertain the time required for travel between various points and the bridge head, and moved that members of the Board, who could make the trips, meet at Mr. Cleary's office at 2 p. m., March 2, 1937.

*So ordered.*

#### Communication from Central Valley Project Association.

Supervisor Shannon presented letter from Central Valley Project Association, transmitting copy of resolution adopted by the association, requesting an appropriation of \$5,000 from the publicity and advertising fund as a contribution to the necessary expenditures for promoting the early construction of the project.

*Referred to Chief Administrative Officer.*

#### Communication from San Francisco Aerie No. 5, Fraternal Order of Eagles

At the request of Supervisor Shannon, the following communication was read by the Clerk and *ordered printed in full in the Journal of Proceedings*:

February 23, 1937.

Hon. Warren Shannon,  
President, Board of Supervisors,  
San Francisco, Calif.

Friend Warren:

I understand that a petition has been sent to your honorable Board by the "Citizens' Committee of San Francisco" in reference to Charter Amendment No. 19.

Our name "San Francisco Aerie No. 5, Fraternal Order of Eagles, John F. McGowan, Sec'y," appears on their stationery, but I am here-with advising you that this was done without our sanction and approval, and we are not in any way connected with or affiliated with this Citizens' Committee, and have not endorsed any petition sent by them, therefore I am writing you in order that you may be acquainted with our stand in reference to this committee.

Thanking you for your consideration, I remain,

Very truly yours,

(Signed) John F. McGowan,

Secretary, S. F. Aerie No. 5, F. O. E.

### SPECIAL ORDER—2:30 P. M.

An Ordinance Providing a Code of Fair Competition for the  
Cleaning and Dyeing Industry in the City and County of San  
Francisco and Providing a Penalty for the Violation of This Code.

(Code No. 5.49)

On recommendation of Finance Committee.

Bill No. 1227, Ordinance No. 5.491, as follows:

An ordinance providing a code of fair competition for the cleaning  
and dyeing industry in the City and County of San Francisco and  
providing a penalty for the violation of this code.

Be it ordained by the People of the City and County of San Fran-  
cisco, as follows:

Section 1. A code of fair competition for the cleaning and dyeing industry in the City and County of San Francisco is hereby provided and set up in the words and figures following, namely:

"Code of Fair Competition" for the cleaning and dyeing industry in the City and County of San Francisco.

#### ARTICLE 1.

##### *Objects and Purposes.*

(a) This code is set up under and by virtue of and to effectuate the policies of Chapter 814 of Statutes of California, 1935, which is hereby referred to and made a part hereof and particularly for the purpose of increasing employment, establishing fair and adequate wages, effecting necessary reduction of hours, improving the standards of labor, and to eliminate unfair trade practices and ruinous price-cutting evils so that the cleaning and dyeing industry in the City and County of San Francisco may be rehabilitated and enabled to do its part toward establishing that balance of industries which is necessary to the restoration and maintenance of the highest practical degree of public welfare.

(b) It is the declared purpose of the cleaning and dyeing industry in the City and County of San Francisco to bring and maintain, in so far as may be practical, the rates of wages paid within the cleaning and dyeing industry to such levels as are necessary for the creation and maintenance of the highest practical standard of living, to restore the income of enterprises within the industry to levels which will make possible the payments of such wages, and to avoid a further depletion and destruction through impending bankruptcy of the greater part of this industry.

(c) It shall be the purpose of the industry in adherence to this code to improve the general sanitary and health conditions of the cleaning and dyeing industry, to give the best possible service to the public at fair and standardized prices, to protect the public from fraudulent schemes in connection with the cleaning, dyeing and pressing of clothing, to disseminate information concerning modern cleaning methods and practices toward the end that the public may the better appreciate the care, consideration and attention now being given to the cleaning product, and to instill a spirit of co-operation among the members of such industry for the accomplishment of these objects and purposes.

(d) To disseminate knowledge among its members as to the use of scientific management, system and cost accounting, sound credit and collection methods, and to promote and assist in putting into effect the use thereof.

(e) To provide an impartial board of adjustment, through which any claims for damages to customer's goods may be considered.

(f) To provide a code authority consisting of an executive control committee of six, empowered to enforce the provisions of this code, as herein provided, said committee to consist of: Two wholesale plant owners, two retail plant owners, two retail cleaning store owners, as well as a chairman.

(g) This ordinance shall be known as the "Cleaning and Dyeing Code." It is the purpose of this industry to abide by the provisions of Chapter 814 of the Statutes of California, 1935.

#### ARTICLE 2.

##### *Territory.*

(a) The territory embraced within the confines of this industry is the boundaries of the City and County of San Francisco in the State of California.

##### *Initiation.*

(a) No initiation or entrance fees shall be charged, but there shall be dues levied on the following basis:

*Dues.*

Monthly dues for independently owned retail cleaning stores shall be \$1.50 per month per shop.

Monthly dues for any type of dry cleaning plant shall be based as follows:

Type No. 1. Monthly volume of business up to \$1,000 shall pay \$10 per month.

Type No. 2. Monthly volume of business between \$1,000 and \$3,000 shall pay \$20 per month.

Type No. 3. Monthly volume of business between \$3,000 and \$5,000 shall pay \$30 per month.

Type No. 4. Monthly volume of business between \$5,000 and \$10,000 shall pay \$40 per month.

Type No. 5. Monthly volume of business over \$10,000 shall pay \$100 per month.

## ARTICLE 3.

*Participation and Voting.*

(a) Each member in good standing in the industry is to have only one vote, as herein provided.

(b) Participation in this code and any subsequent revision of or addition to this code shall be extended to any person, partnership or corporation engaged, in whole or in part, in the Cleaning and Dyeing Industry within the City and County of San Francisco.

## ARTICLE 4.

*Administration.*

(a) The executive control committee, hereinabove provided for, shall be selected to represent said Cleaning and Dyeing Industry before the Board of Supervisors of the City and County of San Francisco, and before all governmental agencies, in any conference or conferences respecting this code of fair competition, and for all the other purposes hereof. The impartial chairman, selected by said executive control committee, shall be an ex officio member thereof but he shall have no vote excepting in case of a tie, in which event he shall cast the deciding vote. Two members of said committee shall be selected by each of said three groups specified in Paragraph (f) of Section 1 hereof, by ballot, at such time and place and manner as each of said three groups respectively shall decide at public meetings to be held by each of said groups for the purpose of selecting said members of said committee. All persons whose names and addresses can be ascertained by the exercise of reasonable diligence shall be invited to attend and to participate in said meeting or meetings and they shall be given reasonable notice of the time and place thereof.

(b) It shall be the duty of said executive control committee to enforce the provisions of this code and, through agents or otherwise, to hear or adjust complaints, consider proposals for and exceptions to the provisions of this code and otherwise administer and enforce its provisions.

(c) The executive control committee shall arbitrate all controversies between members of this industry and/or any controversies between members and the industry at large, as provided herein. If any member or members of such committee is a party to controversy existing between two or more members, the impartial chairman shall temporarily appoint another member or members to the board, from the same group as those temporarily removed, to consider and determine such controversies.

(d) The executive control committee shall have full authority to investigate all controversies and may levy a fine against the offending member or members, as provided for herein, and may make

its order that the offending member pay to the association said fine, which shall not be in excess of fifteen times the weekly value of business lost by the complaining competitor or competitors. In the event that the offending member or members continue to violate this code after said order has been made, and they have received notice thereof, a separate fine may be levied against such member or members for each day's violation for any of the provisions of this code, but such fine is not to exceed \$100 for each such daily violation.

(e) All controversies shall be reported in writing in duplicate, one copy to be filed with the chairman of the executive control committee and one copy with the secretary of such committee.

(f) It shall be the duty of all persons subject to the provisions hereof to comply with each and every provision hereunder and to cooperate with all other persons in so doing, and it shall be the duty of every person operating hereunder to refuse to transact any business in the Cleaning and Dyeing Industry with any other person who violates any provision hereof.

#### ARTICLE 5.

##### *Production Provisions.*

(a) No limitations shall be placed upon any member which might restrain such member from installing new machinery and equipment, opening new offices or entering any phase of this industry.

#### ARTICLE 6.

##### *Cost, Sales, Prices and Discount Provisions.*

(a) It shall be an unfair method of competition for any person engaged in the Cleaning and Dyeing Industry to sell below the minimum price set forth in the schedule of prices attached hereto.

(b) On and after the effective date of this code, the minimum net cost to the customer for all cleaning, pressing, dyeing, repairing, and/or alteration services shall be not less than that set forth in said attached schedule entitled Minimum Price Lists for Cleaning, Pressing, Dyeing, Repairing, and/or Alteration Services, and all quotations and charges shall be made only on that basis. All advertising matter, whether by newspaper, radio, billboard, circular, dodger or any other means, shall use and quote prices not less than those given in the attached schedule and net prices arrived at after allowing any discount (where allowable) shall not be used, quoted, considered or printed in any manner whatsoever.

(c) No sales discounts, commissions, premiums, free work, secret rebates or any other special inducements of any kind shall be made, either directly or indirectly, excepting the following:

Hotels and apartments may be given a 10 per cent discount upon the gross amount of cleaning and dyeing work which they pay for, providing the work is picked up from one central point and delivered to the same place. An agency sign must be prominently displayed and the agency must be responsible to the industry member of the collection and full payment of such services.

#### ARTICLE 7.

##### *Provisions Respecting Unfair Practices.*

The following acts, whether done directly or indirectly, are specifically designated, made and agreed to as unfair trade practices:

(a) The giving of any sales discounts, commissions, secret rebates, cash checks, free work, trading stamps, premiums, tokens, credits or any other special inducement of any kind to any customer or employee of such customer or prospective customer.

(b) The giving of any week-end discount.

(c) Enticing away any employee of a competitor with the purpose and/or effect of hampering, injuring or embarrassing said competitor in his business.

(d) Any attempt to calculate or induce the breach of present or future existing contracts or orders between competitors and their customers by any means whatsoever, or interfering with or obstructing the performance of any such contractual duties or services by any such means, with the purpose or effect of unduly hampering, impeding, injuring or embarrassing competitors in their business.

(e) The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing or by other false statements, insinuations or imputations or by the false disparagement of the grade or quality of their products or service with the purpose of misleading or deceiving a customer or by injuriously affecting the business of such competitor.

(f) Enticing away an outside or commission driver of a competitor with the purpose or effect of hampering, injuring or causing loss of business or financial loss to said competitor.

(g) To secure, attempt to secure or use in any way any list or lists of customers of any other member.

(h) The solicitation of business, either directly or indirectly, by any driver, route man, outside man, solicitor or agent, or by any other person, of or among or from any list of customers or any customer whomsoever of any prior employer of such person; provided, however, that this shall not be construed to prevent in any way any "commission drivers" who own their own vehicles and who own the good will list of customers whom they serve and who guarantee the payment of the bills or indebtedness of said customers, from soliciting said customers for himself or for any person to whom such "commission driver," as aforesaid, may transfer his business.

(i) Performing any service for any retail cleaning store, agency or outside route man in violation of any contractual relation existing between said retail cleaning store, agency or outside route man and a member.

(j) To use, participate in, publish or broadcast any inaccurate, untrue, deceptive or misleading statement, representation or illustration or to make unfair competitive claims such as to advertise one's dry cleaning or dyeing work as the best or the finest in an effort to sell such services.

(k) To pay a percentage or commission or to make a gift in any way to any organization, group or person not identified with the industry for its soliciting of cleaning or dyeing services.

(l) To give any lump estimates or bids to department stores, homes, hotels, clubs, theatres or others for quantities of work not based on a per capita basis.

## ARTICLE 8.

### *Statistics.*

In order to provide data necessary for the submittance of this code of fair competition and for its administration under the said above mentioned ordinance, the members of this industry agree to furnish all possible statistics and information as required by the executive control committee.

## ARTICLE 9.

### *General.*

(a) No provision in this code shall be interpreted or applied in such manner as to:

1. Promote monopolies.
2. Permit or encourage unfair competition.
3. Eliminate or oppress small enterprises.
4. Discriminate against small enterprises.
5. Prevent any retail cleaning store from doing business with any plant or changing the plant with which it is doing business.

(b) This code or any of its provisions may be canceled or modified to the extent necessary to conform to any action by the Board of Supervisors of the City and County of San Francisco, or by action of any duly constituted representatives of the Board of Supervisors of the City and County of San Francisco, or of said municipality, or to conform to any law of the State of California.

(c) Words, terms or phrases employed in this code or ordinance are to be construed according to the context on the approved usage of the English language in this community and technical words, terms and phrases as used in this code are to be construed according to the peculiar and appropriate meaning thereof, and of the definition thereof, in the cleaning and dyeing industry in the City and County of San Francisco.

(d) If any section, sub-section, sentence, clause, phrase or part of this ordinance or code is for any reason held to be invalid or unconstitutional or contrary to the Charter of the City and County of San Francisco, such decision shall not affect the validity of the remaining portions of this act. The signatories of said code and the Board of Supervisors of the City and County of San Francisco hereby declare that they and it, respectively, would have signed and passed said code and said ordinance and each section, sub-section, sentence, clause and part thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases or parts be declared invalid or unconstitutional.

(e) Amendments to this code may be adopted by an 80 per cent vote of the membership and shall be effective when approved by ordinance of the Board of Supervisors of the City and County of San Francisco.

(f) Violation by any member of any provision of this code or any approved rule issued thereunder or of agreed minimum prices is a violation of the code and is a misdemeanor and punishable as provided in Section 6 of the said Service Trade Act of 1935, known as Chapter 814 of the Statutes of California, 1935.

#### ARTICLE 10.

##### *Wholesale Prices.*

The wholesale and retail prices shall be as set forth in the schedule of prices attached hereto and made a part hereof for all purposes.

#### ARTICLE 11.

Each and all of the provisions hereof shall apply to and be equally binding upon all persons whomsoever who shall transact or attempt to transact, in whole or in part, within the boundaries of the City and County of San Francisco, any or part of any business herein defined, regulated or controlled, subject to the provisions hereof.

The fact that any such person shall have his principal place of business without the City and County of San Francisco, or shall have no place of business within the City and County of San Francisco, or shall be partly or principally engaged in any other business shall not exclude such person from the operation hereof.

#### ARTICLE 12.

##### *Definitions.*

Section a. *Cleaning and Dyeing Industry.* The term cleaning and dyeing industry as used herein is defined to include any and all cleaning and dyeing establishments.

Section b. *Cleaning and Dyeing Establishment.* The term cleaning and dyeing establishment as used herein is defined to include any place where any article of wearing apparel, household furnishings, or fabrics, furs and leather of any kind whatsoever, are dry-cleaned, spotted, wet-cleaned, processed and/or finished for hire, and/or such service is offered for sale. Nothing included herein shall prevent an individual from pursuing the vocation of manual labor.

Section c. *Cleaning Plant*. A cleaning plant consists of equipment for cleaning garments and/or household articles by immersion in volatile moisture-free solvents of petroleum distillate type, coal tar distillate type, or chlorinated hydro-carbon type.

Section d. *Retail Cleaning Plant*. A retail cleannig plant is one which sells at least 75 per cent of its services to the ultimate consumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores, or other kinds of outlets.

Section e. *Wholesale Cleaning Plant*. A wholesale cleaning plant is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section f. *Branch Store*. A branch store is a retail outlet owned and operated by a plant.

Section g. *Retail Cleaning Store*. A retail cleaning store is any retail tailor and press shop not owned by a plant, and which purchases cleaning, dyeing and hat renovating service from a plant and distributes it to the consumer under the retail cleaning store's own name.

Section h. *Route Salesman*. A route salesman is any person employed, either on a salary or commission basis or both, by a cleaning and/or dyeing and/or hat renovating establishment to call for, solicit and deliver their services and/or collect for same.

Section i. *Dry-cleaning*. Dry-cleaning is the process of cleaning garments or household articles by the immersion and agitation of these articles in volatile moisture-free solvents, such as those of the petroleum distillate type, the coal tar distillate type, or the chlorinated hydro-carbon type, and processes incidental thereto, such as spotting, wet-cleaning, finishing, etc.

Section j. *Spotting*. Spotting is the operation of removing spots or stains which may remain in fabrics after any of the above mentioned cleaning processes.

Section k. *Finishing*. Finishing is the operation of pressing and/or re-shaping any fabric, fur or leather, either by hand or by machine through the use of heat, steam, air, or other means, with the shape, dimensions and contour of the article restored as nearly as possible to the condition in which the article was received.

Section l. *Hat Renovating*. Hat renovating is the process of cleaning, dyeing, bleaching, re-felting, re-blocking, re-shaping, re-trimming and re-modeling hats or any type of head covering.

Section m. *Hat Renovating Establishment*. A hat renovating establishment is one which practices the art of hat renovating, which sells either to wholesale or retail trade, and which is equipped to produce a standard job of hat renovating as defined by the hat renovator's division as set up in this code of fair practice.

Section n. *Retail Hat Renovating Establishment*. A retail hat renovating establishment is one which sells at least 75 per cent of its services to the ultimate consumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores or other kind of outlets.

Section o. *Wholesale Hat Renovating Establishment*. A wholesale hat renovating establishment is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section p. *Dyeing*. Dyeing is the process of coloring garments, household articles and other textiles by the immersion in, spraying on, or brushing in, either by hand or by machinery, in or with a dye liquor.

Section q. *Dyeing Plant*. A dyeing plant consists of machinery and equipment necessary to carry on the process of bleaching, and/or dyeing garments, household articles and other textiles.

Section r. *Retail Store.* Retail stores are defined as being any shop or agency which finishes by pressing and/or reshaping any fabric, either by hand or by machine, that has been dry cleaned; provided, however, that no retail store which is not wholly owned, operated and controlled by a wholesale or retail cleaning plant shall be considered or treated, in any manner, as an agency or branch store of such wholesale or retail cleaning plant, provided, however, that a retail clothing store or retail clothing department of a department store, wherein or in connection therewith there is performed pressing and/or alteration of clothing in connection with the sale thereof, shall not be deemed to be a "retail store" as defined herein.

Section s. *Agencies.* An agency is defined as any retail store, branch store, hotel, apartment house, club or other retail outlets which receives cleaning, pressing and/or dyeing work for customers, except dyeing and/or cleaning and/or retail cleaning stores as defined in Section b and Section g of Article 12.

Section t. *Routemen.* Routemen are defined as any person, partnership or corporation engaged in picking up and/or delivering cleaning, pressing and/or dyeing work.

Section u. *Inside Routemen.* Inside routemen are routemen employed by cleaners and/or dyers and/or retail cleaning store operators where the employer owns the good will (list of customers) and pays or does not pay the employee a guaranteed minimum wage with or without commission upon cash collections.

Section v. *Outside Routemen.* Outside routemen are defined as routemen who own their own good will (list of customers) and contract with a cleaner and/or dyer and/or retail cleaning store operator for the cleaning, pressing and/or dyeing of garments and/or household articles.

Section w. *Monthly Volume of Business.* Monthly volume of business is defined to mean the average total monthly volume of cleaning and/or pressing and/or dyeing business handled during any six months' period immediately preceding the date upon which dues are payable.

Section x. *Unduly Long Hours.* It shall be considered to be "unduly long hours" for any place of business whatsoever hereunder to remain open for receiving and/or cleaning and/or dyeing and/or distributing to the public and/or to the industry any plant, branch store, office agency, retail store, retail cleaning store or retail cleaning establishment, or to operate any switchboard or telephone service therein and to operate any delivery vehicle between the hours of 6:30 p. m. and 7:30 a. m., or at any time whatsoever on any Sunday, Christmas Day, New Year's Day, Thanksgiving Day, Independence Day or Labor Day, and the doing of any such act shall be a violation of this code.

#### ARTICLE 13.

Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$500 or by imprisonment in the City and County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment. Each and every day's continuance of such violation shall constitute a separate offense.

### Privilege of the Floor.

Francis V. Meeker, representing the Housewives' League, was heard in opposition to the bill, until all interested parties had a hearing on it.

Walter McGovern, attorney for Dyers & Cleaners, was also heard as to the legal aspects of the bill.

Laurence J. Kruger, attorney for San Francisco Retail Fur Merchants Association, objected to the inclusion of retail fur stores in bill and asked for its amendment excluding them. M. Merryman, representing Retail Merchants, was heard in opposition.

### Motion.

Supervisor Reilly moved that it be the sense of the Board in the event of the passage of the Dyers and Cleaners Code that at a later meeting the Board of Supervisors would pass the amendment eliminating the fur trade from the code.

*Motion carried.*

### Finally Passed.

Whereupon, the foregoing bill was *finally* passed by the following vote:

Ayes—Supervisors Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

Noes—Supervisors Colman, McSheehy—2.

Absent—Supervisor Brown—1.

### Motion to Reconsider.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from *No* to *Aye* and moved for reconsideration at next meeting.

### Explanation of Vote.

SUPERVISOR COLMAN: I would like to explain my vote. The longer the discussion has continued the more certain I am that this ordinance should not be passed. In the first place, I don't know whether to be flattered or not, but no one has seen fit to answer the very fundamental objection I have raised to the passage of this ordinance. I have stated here as a member of this Board that this ordinance will definitely not accomplish either of the two results claimed for it; that it will not increase the volume of business, and will not tend towards the payment of higher wages; and further, I made the statement that judged from past history of the nation, that any kind of legislation of this sort has the reverse effect, of tending to reduce volume, and therefore reducing wages; and I pointed to the fact that the history of every industry shows conclusively that it is only through superior management, and attention to detail, devising ways and means of making the prices more reasonable, that makes for greater volume, and that makes for higher wages, and for greater receipts and greater profits—

THE PRESIDENT: Supervisor Colman, couldn't you state that your reason for voting no is as per the speech you originally made? You are only repeating what you stated in the early stages of this discussion.

SUPERVISOR COLMAN: I think I have that right.

THE PRESIDENT: Yes, you have that right, but it is a repetition.

SUPERVISOR COLMAN: That is true, but I think the repetition is so important—

THE PRESIDENT: Proceed, Supervisor Colman.

SUPERVISOR COLMAN: Sometimes by repetition more attention is given to something that I feel very keenly is correct. I feel it is proved by every possible reference. I am familiar with conditions

existing in the City of Seattle where a similar condition exists, and I am familiar with the laundry interests in that city, and I have found out where the prices have been raised there, in accordance with the desire of the Mayor, and others there, and I don't want to involve, nor will I, any of the merchants up there in these particular lines, but the result has been told to me on unquestioned authority that the housewives or the sender keeps out enough articles from his laundry to more than offset the general receipts of the laundry, and that by raising the price it hasn't increased receipts, but has rather diminished receipts; and should that condition continue to exist it will nullify the very object for which it was passed. Furthermore, the other policy that is followed—and I am not impugning anybody's motives—the other principle is altogether wrong, that because the prices are low in an establishment it necessarily means that wages are low, when as a matter of fact the reverse is the case. Take the four leading motor cars, the Chevrolet, the Plymouth, and the others, who are trying all the time to produce the cheapest article in price in accordance with good value, and are continually reducing the price with the result of the increased amount of business, increases in wages, increases in sales; and that is true with other commodities, it is true with cigars, true with cigarettes—it is true with the barbers that I have discussed the matter with. I have given the matter a good deal of thought in the last two weeks, and the barbers with whom I have talked tell me that after the hair cut was reduced to 50 cents their business increased because formerly their customers waited a week, ten days, or two weeks before getting a haircut; but now, because of the 15 cent cut, they are getting their haircuts back—

SUPERVISOR UHL: Would you mind an interruption right there?

SUPERVISOR COLMAN: No, I don't want to be interrupted, I am making the statement right now.

Now, Mr. President, I am interested in this problem, and I am interested in the good of San Francisco as much as anyone, although I am not talking about it so much. My record as an employer along those lines speaks for itself very clearly, and in every way mine has been one of action and not much of conversation on the matter.

I am sure we are making a serious mistake, and I urge the Board to think about it very carefully. You can not violate every law of economics; it is against the history of every industry in the United States, and it won't work. There must be something—there are a certain number of clothes to be pressed, suits to be cleaned, and you ought to go about increasing the business, and not decreasing it. You ought to get more customers to give you more clothes, and you could pay better wages, and earn more money. I am forced to vote "no" on the ordinance.

SUPERVISOR UHL: I would like to ask the Supervisor a question, through the Chair.

THE PRESIDENT: Supervisor Colman, will you yield to a question from Supervisor Uhl?

SUPERVISOR COLMAN: Well, not a speech.

SUPERVISOR UHL: You made the statement that the barbers were glad when the haircut was reduced from 65 to 50 cents, that they could go back. Now would they have known that if they had not tried it?

SUPERVISOR COLMAN: I am pointing out to you that if you want to do something that everyone else concerned—that all experience shows is wrong, that is all right. I am pointing out that the past experience, the whole history of America proves that this theory is wrong.

SUPERVISOR UHL: No, the same situation exists where the Railroad Commission fixes the prices for hauling, and that is the price that is paid.

SUPERVISOR MCSHEEHY: May I particularly address myself to Supervisor Uhl—

THE PRESIDENT: So the Chair will be straight, is this an explanation of your vote?

SUPERVISOR McSHEEHY: I have a privilege of the floor.

THE PRESIDENT: Well, you had it.

SUPERVISOR McSHEEHY: I am going to explain my vote, and address myself to Supervisor Uhl particularly.

THE PRESIDENT: That is the question I wished to ask. If it is an explanation of your vote, my hands are tied, but as far as argument, those who desired the floor have exceeded their time under Rule 17.

SUPERVISOR McSHEEHY: I have the desire, and only one desire, and that is the desire for a postponement at this time. I am in accordance with the resolution, but I am not in accordance with it as written. Supervisor Uhl is not in accordance with it as written, and so stated a minute ago. Now if Supervisor Uhl should take it upon himself to move reconsideration I have an idea that he will get six votes, and in getting six votes he can correct the condition that he spoke about a minute ago. I think Supervisor Uhl should be consistent. I don't think that he should attempt in one breath to make one statement, and in another to vote another way. I am calling his attention to the fact that we all make mistakes, but he feels I think that a certain amendment should be added, particularly the amendment as suggested by Attorney Kaufman, representing the Furriers.

SUPERVISOR UHL: That is a different matter, that is coming up separately.

SUPERVISOR McSHEEHY: That is not another matter, and you can't tell the attorney, and you can't tell the Furriers, or anyone else, what this Board will do tomorrow. You might think you can, but you can not.

SUPERVISOR UHL: I never attempted to.

SUPERVISOR McSHEEHY: Now, members, if I am forced to vote "no," I will vote "no," and in explanation I want to say that I am voting "no," because labor is not represented in this ordinance. A minimum rate of wages should be fixed. Therefore, I am going to vote "no," and for no other reason. I have my rights, as a member of this Board, and I don't want to be misunderstood. I am forced to vote "no." I wish a postponement could be had, but if a postponement will not take place I am forced to vote "no." We are passing an ordinance that it has taken the cleaners and dyers something like two years to draw up, being represented by one of the cleverest attorneys in San Francisco, and the delay of one week will not mean anything. However, because labor is not represented, and is not present, I intend to vote "no" for those reasons, and I want the record to so show.

THE PRESIDENT: Supervisor Reilly.

SUPERVISOR REILLY: I am going to vote in favor of the ordinance because labor is requesting the ordinance, and because labor is satisfied with the ordinance, and the ordinance has been read by the labor representatives in accordance with the letter read by Senator McGovern. If labor were not in favor of this ordinance, and were not asking its passage my attitude would probably be different, because no one is more in favor of the workingman than I am.

One more point in explaining my vote. Supervisor Colman very wisely spoke about another section of the country entirely. I want to say that one of the main reasons I offered this ordinance is to keep out the racketeer who in the East preys upon the various industries and legitimate business men, forcing them to pay tribute, and this Board is not going to permit that to be done in San Francisco. If something should come up, and we feel the ordinance should be changed, we will do it; but this amendment will do much to keep out the racketeer as we have seen it in the East. You were told where you could go in business, and how much tribute you had to pay. I think this ordinance will prevent that; and for that reason, and

because labor is for it, and because labor has expressed themselves in favor of it, I am going to vote for the ordinance.

### SPECIAL ORDER—3 P. M.

The following matter, called out of Streets and Finance Committee by Supervisor Schmidt, was taken up:

#### Providing for 25c Toll on S. F.-Oakland Bay Bridge.

(Code No. —)

Resolution No. 3018, as follows:

Whereas, it is only fair and equitable that posterity bear some part of the financial burden of the cost of the San Francisco-Oakland Bay Bridge, and, in pursuance of that thought, the San Francisco Chronicle has proposed a refinancing plan whereby the present tolls may be reduced from sixty-five cents to twenty-five cents on each passenger automobile; and

Whereas, the San Francisco-Oakland Bay Bridge is only another great unit connecting up the State system of highways it is proposed that it be financed out of gas tax funds in the same manner as those other great highway projects of the State of California, the Redwood Highway and the Feather River Canyon Highway, by an allocation of gas tax funds for the amortization of the bonds; and

Whereas, it is deemed practical that this may be done on the basis proposed, to-wit: that the annual \$2,000,000 bond amortization charges be guaranteed from gas tax funds and that the maintenance charges be met, as now, from gas tax supplied highway maintenance funds, and that the \$2,000,000 annual interest charges on the bonds be met from the proposed twenty-five cent toll certain to be sufficient because of the increased traffic anticipated; now, therefore, be it

Resolved, That the Board of Supervisors of San Francisco goes on record as heartily in favor of the plan proposed by the San Francisco Chronicle and urges that the State Highway Commission proceed at once to put it into effect.

#### Motion.

Supervisor Colman moved that the Toll Bridge Authority be requested to send representatives here to discuss the question; also that some authority be here to tell us the condition of the Gas Tax funds.

*So ordered.*

#### Action Deferred.

Whereupon, the foregoing matter was *laid over for hearing until March 22, 1937, and made a Special Order of Business for 2:30 p. m.*

### UNFINISHED BUSINESS.

#### Final Passage.

The following matters, heretofore passed for second reading were taken up:

**Authorizing a Supplemental Appropriation of \$3,030 for the Purchase of Property in Laguna Honda Boulevard, Between Balceta and Vasquez, Necessary for Street Purposes.**

(Code No. 9.051)

On recommendation of Finance Committee.

**Ordering the Improvement of Williams Avenue, Between Third and Newhall Streets.**

(Code No. 12.0611)

On recommendation of Streets Committee.

Bill No. 1251, Ordinance No. 12.061171, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors, February 2, 1937, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of Williams avenue, between Third street and

#### **Authorizing Exchange of Lands With Catherine Dunne Company.**

(Code No. 12.1749)

Also, Bill No. 1270, Ordinance No. 12.17491, as follows:

Authorizing exchange of lands with Catherine Dunne Company.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City-

owned lands hereinafter referred to as Parcels 1, 2, 3, 4, 5, 6 and 7, to Catherine Dunne Company in exchange for Parcel "A" hereinafter described.

Section 2. Said Parcels 1, 2, 3, 4, 5, 6 and 7 are those certain tracts of land situated in the City and County of San Francisco, State of California, and more particularly described in Bill No. 1217, Ordinance No. 12.17297, approved by the Mayor of San Francisco on February 2, 1937, which parcels were proposed to be sold under the provisions of said Ordinance No. 12.17297.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of the parcels to be traded to Catherine Dunne Company to be equal to the value of Parcel "A" to be acquired by the City and County of San Francisco.

Section 4. Parcel "A" hereinbefore referred to, is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Parcel "A". Beginning at a point bearing north  $71\frac{1}{2}$  degrees west, and distant 3113 feet from a point on the westerly line of Schwerin street, distant thereon 293 feet,  $\frac{1}{2}$  of an inch southerly from the intersection of the southerly line of Sunnysdale avenue (formerly Tobin street) with the westerly line of Schwerin street; thence north  $71\frac{1}{2}$  degrees west 572 feet; thence at a right angle southerly 324 feet,  $\frac{3}{4}$  of an inch; thence at a right angle easterly 572 feet, and thence at a right angle northerly 324 feet  $\frac{3}{4}$  of an inch to the point of beginning.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of said Parcels 1, 2, 3, 4, 5, 6 and 7 to Catherine Dunne Company or its assignee. The Director of Property shall deliver said conveyance to the grantee upon receipt of the necessary deed to Parcel "A", and shall record the latter deed.

 Third street, between Howard and Market streets.  
 Thirteenth street, between Mission and Bryant streets.

Further Resolved, That copies of this resolution be sent to the State Department of Public Works and to Colonel John H. Skeggs, Division Engineer thereof.

#### Proposed Amendment.

Supervisor Roncovieri moved to include Turk street from Van Ness avenue to Divisadero street.

#### Action Deferred.

Whereupon, the foregoing matter was *laid over one week*.

#### Adopted.

The following recommendation of the Streets Committee was taken up:

#### Reorganization of Joint Highway District No. 10 to Conform to the Provisions of the 1931 Joint Highway District Act.

(Code No. 12.05)

Resolution No. 3132, as follows:

Whereas, the Board of Directors of Joint Highway District No. 10, at its regular meeting on February 2, 1937, adopted Resolution No. 134, being "Resolution of Intention to Reorganize Joint Highway District No. 10 to Conform to the Provisions of the 1931 Joint Highway District Act;" now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, being one of the counties comprising this district, hereby consents to such reorganization to enable said Joint Highway District No. 10 to come under the provisions of the 1931 Joint Highway District Act.

**Legislative Bills Approved and Disapproved.**

The following recommendation of Revenue and Taxation Committee was taken up:

February 24, 1937.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your Board by the Revenue and Taxation Committee:

**NOT IN FAVOR OF ENACTMENT OF:**

Assembly Bill 17 (Hunt). An act relating to foods, to provide for the public health and safety by licensing places where food is prepared for human consumption, to be consumed on the premises, providing regulations and restrictions, etc.

(Action based on report from Dr. J. C. Geiger, to the effect that this legislation, if enacted, would eliminate the control exercised by the Department of Public Health over the operation and maintenance of public eating places in San Francisco, which control is exercised through the medium of Public Eating Place Ordinance passed by the Board of Supervisors, November 22, 1932.)

Assembly Bill 51 (Heisinger). An act to amend the Political Code relating to admission to county hospitals.

(Action based on report from Controller to the effect that such a State mandate would compel counties to compete with private institutions and would tax the facilities of the several county hospitals to such an extent that they could not perform the functions for which said facilities were initially provided.)

Assembly Bill 59 (King). An act to provide for the conveyance and transfer of property to and by the State Food Administrator and for the relief of the unemployed and destitute of this State.

(Action based on report from Controller to the effect that many of the provisions are vague as to extent and effect and, further, that the bill is contrary to the policy of unification of State welfare, which

policy is now generally conceded by local and State officials to be both desirable and essential.)

Assembly Bill 125 (Garland). An act to add a section to the Political Code, relating to the recordation of registration cards issued under the Social Security Act of the Federal Government.

(Action based on report from Recorder to the effect that the procedure provided for in this Act would constitute a duplication of existing functions and the maintenance of such records would involve additional expenditures.)

Assembly Bill 237 (Flint). An act to repeal an act entitled "An act to provide for the acquisition of the Sears Point toll road by the State, and the inclusion thereof in the State Highway System, and making an appropriation therefor," approved May 16, 1933.

(Committee recommends automatic opposition to this bill and suggests that such opposition be brought to the attention of the Golden Gate Bridge and Highway District.)

Assembly Bill 462 (Boyle, Tenney, Reaves and Hunt). An act relating to the operation of motor vehicles used in unemployment co-operative relief work.

(This act proposes to exempt from payment registration fees of motor vehicles used exclusively in unemployment co-operative relief work. Action based on report from Controller to the effect that the bill is deemed inadvisable for the following reasons: Concept of exemption is contrary to the underlying premise of all unemployment relief, that is, on the basis of need; does not provide that "need be shown," and may tend to establish a precedent for future exemption of any and all other fees on the same or like grounds. It was the consensus of the committee that deserving unemployed persons will not suffer from the lack of the passage of this bill.)

Assembly Bill 660 (Tenney). An act to amend Workmen's Compensation Insurance and Safety Act of 1917, defining relief workers and persons receiving sustenance from religious, charitable or relief organizations as employees.

(This bill is designed to cover persons on relief who are working on unemployment work relief projects. Action based on information from Ralph Nelson, Secretary-Actuary of Retirement System, that such an amendment was intentionally stricken out of the proposed law in the 1935 Legislature on the ground that it was unwarranted.)

Senate Bill 70 (Fletcher). An act to add a section to the Vehicle Code relating to illegal stopping, standing or parking of motor vehicles.

(Action based on report from Controller to the effect that he deemed it advisable to favor Assembly Bill 567 in preference to this bill. Assembly Bill 567 (establishing prima facie evidence in respect to parking), and recommended by Captain of Traffic Goff, was reported in letter of February 20, 1937.)

Senate Bill 318 (Westover). An act to amend Civil Code prescribing who may solemnize marriages.

(Action based on report from County Clerk to the effect that same would impose on him the duty of passing upon religious credentials of strangers, which duty he would not be qualified to perform, in view of the fact that he is a ministerial officer; that the bill opens the way to frauds and abuses should religious credentials fall into the wrong hands by theft or loss; and that there would seem to be no apparent necessity for additional persons authorized to solemnize marriages.)

Senate Bill 624 (Williams). An act to amend and add new sections to the Streets and Highways Code relating to expenditures by counties of highway funds received from the State.

(Action based on report from Controller, setting forth an analysis of the bill as follows: This bill would place County Road Fund directly under the jurisdiction of the State Department of Public Works and the counties could not expend moneys without prior approval of said department. Would make it mandatory for the Board of Super-

MONDAY, MARCH 8, 1937.

visors to submit a detailed budget, on forms satisfactory to the State Department of Public Works, showing estimated recommended expenditures. Would give State Department of Public Works authority to refuse approval of any such budget or any of the items thereof if proposed work deemed unnecessary or cost excessive. No expenditure of moneys by counties except for items specified in the budget as submitted to the State Department of Public Works or as approved by said department through amendment. Submission of plans, specifications and estimates of cost of construction or improvement of any highway to State Department of Public Works for approval before expenditure of funds. In addition to filing of annual report, would require completion report of each project within sixty days after said completion.

Respectfully submitted,

THELMA BENSON,

Secretary of Revenue and Taxation Committee.

February 20, 1937.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: Please be informed that the Revenue and Taxation Committee, authorized by Board of Supervisors Resolution No. 1338, and approved by His Honor, the Mayor, consisting of four members of the Board of Supervisors, Mayor, Controller, Chief Assistant Controller, City Attorney and Assessor, has held various meetings since January 1, 1937.

The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your honorable board:

#### IN FAVOR OF ENACTMENT OF:

Senate Bill 84 (Hollohan). An act relating to nursery stock, defining same and providing method of labeling.

(Action based on recommendation of the Agricultural Commissioner.)

Senate Bill 170 (McBride). An act to amend the Banking Act relating to deposits by order of court, permitting such deposits in national banks.

(Action based on recommendation of Public Administrator.)

Assembly Bill 585 (McMurray). Will create a "Divisional Highway" in the City and County of San Francisco, make same a part of the secondary highway system and place it under authority and control of the State Department of Public Works.

(This act is in accordance with a resolution passed by the San Francisco Board of Supervisors.)

Assembly Bill 642 (Laughlin). An act to amend Section 4041.21 of the Political Code, relating to the powers of boards of supervisors to buy, sell and rent property.

(Action based on report of Purchaser of Supplies as a confirmation of powers similarly conferred on the Purchaser of San Francisco by Charter and by previous action of the Board of Supervisors.)

Assembly Bill 1255 (Flint). An act to regulate location, construction, occupancy and operation of cleaning and dyeing establishments. Limits the quantity of gasoline on the premises of these establishments.

(Action based on recommendation of the Fire Marshal and Board of Fire Commissioners.)

Assembly Bill 1362 (Peek). An act to amend Section 4 of an act entitled, "An act authorizing the filing of notices of liens for internal revenue taxes payable to the United States of America and the discharges thereof in the office of the County Recorder, prescribing the manner of filing and indexing the same and fixing the compensation therefor.

(Action based on recommendation of the Recorder to the effect that these liens should not be regarded as official recordings and that he considers that the charging of a fee therefor is equitable.)

Senate Bill 1024 (Powers). An act to amend Section 4300c of the Political Code, relating to the fees of County Recorders.

Increases fee of administering oath from twenty-five cents to fifty cents.

(Recorder reports that fifty cents fee is in accordance with that charged by notaries for this type of work and will provide increased revenue.)

Assembly Bill 213 (Andreas). An act to add a section to the Agricultural Code relating to eggs, making it unlawful to sell any egg in this State which was produced outside of this State, unless the word "Storage" is conspicuously stamped thereon.

(Action based on recommendation of the Agricultural Commissioner.)

Assembly Bill 399 (Thorpe). An act to amend the Agricultural Code relating to produce dealers, specifying in Section C that the words "farm products" shall not include "milk or milk products."

(Action based on recommendation of the Agricultural Commissioner.)

Assembly Bill 567 (Yorty). Amendment to Vehicle Code, establishing prima facie evidence in respect to parking.

(Report from the Controller that the bill is designed to cover a technically weak point in the present law, which technical point materially retards the enforcement of the San Francisco Traffic Ordinance and that the enactment of this bill will relieve the traffic hazards on congested streets, correct a weak link in law enforcement and provide a method for the prosecution of violators, with a resultant increase in revenue. Captain of Traffic Charles Goff also recommends.)

Respectfully submitted,

THELMA BENSON,

Secretary of Revenue and Taxation Committee.

February 25, 1937.

The Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your Board by the Revenue and Taxation Committee:

#### IN FAVOR OF ENACTMENT OF:

Assembly Bill 291 (Dilworth). An act to add Section 1201.5 to the Penal Code, relating to motions after judgment.

(Action based on report of District Attorney who recommends same as an improvement in procedure.)

Senate Bill 124 (Phillips). An act to add Section 1208 to the Penal Code, relating to motions made subsequent to judgment.

(Similar to Assembly Bill 291 and recommended by the District Attorney for the same reason.)

Senate Bill 187 (Knowland). An act to add certain sections to the Penal Code relating to the attendance of witnesses without the State in criminal proceedings.

(Action based on report of approval from District Attorney to the effect that he considers this bill a desirable addition to the Penal Code.)

Senate Bill 215 (DeLap). An act to amend Section 1326 of the Penal Code, relating to the issuing of subpoenas for the attendance of witnesses in criminal prosecutions. This bill would give authority to District Attorneys to subpoena witnesses whose testimony was considered material for grand jury investigation.

(Action based on report from District Attorney that he heartily favors same. Statement to the effect that, in practice, district attorneys have always issued subpoenas to appear before Grand Juries and the

need for the amendment arose when a decision indicated that the statute had failed to contain the necessary provisions.)

Senate Bill 585 (Olson). An act to amend the Juvenile Court Act with regard to purchase and sale of liquor to minors.

(The Committee wishes to record itself as being in favor of the principle of this bill.)

Assembly Bill 1191 (Johnson). An act to amend the Juvenile Court Law, relating to care, custody and maintenance of minor persons.

(Action based on report of approval from Mr. R. R. Miller, Chief Probation Officer, to the effect that same is for purposes of clarification of language.)

Assembly Bill 1192 (Johnson). An act to amend the Juvenile Court law covering investigations.

(Action based on report of approval from Mr. R. R. Miller. Same reason as above.)

Assembly Bill 1425 (Hunt). An amendment to Political Code providing for collection of fees from State offices, Building and Loan Commissioners, Insurance Commissioners, Superintendents of Banks, etc., when acting with reference to private assets or obligations.

(Action based on report from the Recorder to the effect that enactment of this bill would provide greater revenues for his department and that he considers it equitable that fees be collected from the above officials when said officials are acting with reference to private assets or obligations under their charge by virtue of their respective offices.)

Assembly Bill 2609 (Williamson). An act to amend Code of Civil Procedure relating to attachment of real and personal property.

(Action based on report from Recorder, recommending same as a clarification of existing language.)

Assembly Bill 303 (Welsh). An act to amend Political Code relating to records of Assessor being open to inspection.

(Action based on verbal report from Mr. Harold J. Boyd, Chief Assistant Assessor, to the effect that this bill has for its purpose a clarification of what shall constitute a public record in so far as Assessors' Offices are concerned; that the purpose of the proposed amendment is to safeguard the working records of the County Assessors throughout the State against the tax racketeering groups who guarantee to secure reductions in assessed valuations or use information to the detriment of the financial structures. This bill would definitely set forth what constitutes a public record.)

Senate Bill 821 (Hayes). This bill prescribes revenue procedure for justice courts re issuance of receipts and posting of notices, etc.

(The Committee wishes to record itself as being in favor of the principle of this bill, based upon report of approval from Controller to the effect that it is founded on generally accepted accounting principles.)

Respectfully submitted,

THELMA BENSON,

Secretary of the Revenue and Taxation Committee.

February 25, 1937.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your board by the Revenue and Taxation Committee:

#### NOT IN FAVOR OF ENACTMENT OF:

Assembly Bill 292 (Stream). An act relating to the State prisons and the care and maintenance of prisoners therein; and to provide for reimbursement to the State on account thereof in certain cases.

(Action based on recommendation from the District Attorney. After discussion, the committee decided that while a system of reimburse-

ment by persons in penal institutions might have merit theoretically, adoption of same would be inadvisable. Supervisor Roncovieri dissenting.)

Assembly Bill 1298 (Miller). An act to amend the Political Code relating to the support and maintenance of orphans, half-orphans, etc.

(Action based on report of R. R. Miller, Chief Probation Officer, who disapproved of this bill on the ground that it would give the State Board of Control the power to award aid and compel county Boards of Supervisors to pay any amount awarded by the State.)

Assembly Bill 2054 (Waters). An act to amend Political Code relating to fees.

(Action based on report from Clerk of Municipal Court that the proposed amendment would reduce the revenues of that office by providing that fees could be collected only upon appearance, whereas the law now provides that fees may be collected for the filing of the first papers on behalf of any party other than plaintiff.)

Assembly Bill 932 (Voigt). An act to provide authorization for the State Department of Social Welfare to make monthly payments of \$50 to each parent of a needy child and \$15 to each child under sixteen years of age.

(Action based on report of disapproval from the Controller. Under the terms of this bill a man, wife and child would receive a total of \$115 per month as compared with \$54.21 now paid in San Francisco by Citizens' Emergency Relief Committee. The San Francisco standard of relief is admittedly high and, notwithstanding the fact that the cost of the bill would be borne by the State, the committee favored recommendations against same on the ground that it is not in line with the standards maintained by the State and the counties for other classes of relief.)

Assembly Bill 1686 (Redwine, etc.). This bill proposes to cancel the indebtedness of counties arising through State loans to counties under the Unemployment Relief Bond Act of 1933.

(Action based on report from Controller, in view of the fact that some of the counties have made payments on account of principal and interest of said indebtedness and the proposed bill does not make provision for refunding said payments to such counties.)

Respectfully submitted,

THELMA BENSON,  
Secretary of the Revenue and Taxation Committee.

### Adopted.

Supervisor Shannon moved that the recommendations of the Revenue and Taxation Committee be adopted.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Endorsing Application of Santa Fe Railroad for Certificate of Convenience, Etc.

(Code No. —)

Supervisor Mead presented:

Resolution No. 3142, as follows:

Whereas, the Atchison, Topeka and Santa Fe Railway Company has long served the City and County of San Francisco and in connection

with its passenger traffic now uses the ferry boat service of the Southern Pacific Company between San Francisco and the Oakland mole; and

Whereas, the Atchison, Topeka and Santa Fe Railway Company proposes to abandon the use of the Southern Pacific ferry boat service in connection with the handling of such traffic and to substitute therefor the use of motor buses and motor trucks operating between San Francisco and its Fortieth Street and San Pablo Avenue passenger station in Oakland (Emeryville) over the San Francisco-Oakland Bay Bridge to transport passengers, mail, baggage, express and property arriving or departing on its passenger trains; and

Whereas, in consideration of such service the Atchison, Topeka and Santa Fe Railway Company is now erecting a terminal in the heart of down town San Francisco adjacent to hotels and the shipping district, to and from which terminal said buses and trucks will operate; and

Whereas, said proposed service is modern and superior to the present service, more convenient to the traveling public and thereby beneficial to the City and County of San Francisco and the residents thereof and visitors thereto; now, therefore, be it

Resolved, That the applications pending before the Interstate Commerce Commission for certificates of public convenience and necessity to operate said service and to abandon the use of the Southern Pacific ferry facilities have the whole-hearted endorsement and approval of the Board of Supervisors of the City and County of San Francisco, who believe the public convenience and necessity will be best served by the proposed service; and be it

Further Resolved, That..... is hereby authorized to present a certified copy of this resolution and to appear and testify in support thereof at hearing to be held before the Interstate Commerce Commission in connection with said applications.

677.917.00	Walbridge street—Geneva to County Line.....	50,824
677.918.00	Franklin, McAllister to Grove .....	1,710
677.919.00	Point Lobos, Geary to Great Highway.....	4,478
677.920.00	Bay street, Van Ness to Fillmore.....	9,983

**\$174,836**

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is required as these moneys are necessary to continue the WPA program.

Recommended by W. H. Worden, Director of Public Works.

Approved as to form: John J. O'Toole, City Attorney.

Approved: Alfred J. Cleary, Chief Administrative Officer.

Approved: Leonard S. Leavy, Controller.

Approved: Angelo J. Rossi, Mayor.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Public Utilities Commission to Consider Contrivance for  
Raising Fenders.**

(Code No. —)

Supervisor Reilly presented:

Resolution No. 3143, as follows:

Whereas, many motormen and conductors, employees of the Municipal Railway, are admitted each year to the San Francisco Hospital to be operated upon for hernia and rupture; and

Whereas, this condition prevails because the motormen or conductors are required, at the terminals, to raise the awkward and heavy fenders on the cars and this is difficult and in such a position when lowered as to prevent the street car operators from putting themselves in a proper position for lifting; and

Whereas, such a condition is not conducive to the good health of the Municipal Railway motormen and conductors, and entails much unnecessary human suffering, as well as considerable expense to the City and County of San Francisco for hospitalization, medical expense and wages for said employees while incapacitated; now, therefore, be it

Resolved, That this Board hereby requests the Public Utilities Commission to give thought and study to this matter, to the end that some power operated contrivance may be installed upon our municipal cars which will dispense with the necessity for raising the fenders thereon by hand, thus protecting the health of the aforementioned employees and ultimately effecting a saving to the City and County of San Francisco; and be it

Further Resolved, That a copy of this resolution be forwarded to the Public Utilities Commission.

**Board of Supervisors Endorses Senate Bill No. 296, Increasing  
Judges of Superior Court of State of California, in and for the City  
and County of San Francisco, from Sixteen to Twenty.**

(Code No. —)

Supervisor Reilly presented:

Resolution No. 3141, as follows:

Whereas, Senate Bill No. 296, introduced by Senator Walter McGovern of San Francisco, provides for increasing the number of judges of the Superior Court of the State of California, in and for the City and County of San Francisco, from sixteen to twenty; and

Whereas, the last increase in the number of said judges occurred in the year 1914, at which time said number was increased from twelve to sixteen; and

Whereas, since the year 1914 the population of San Francisco has increased in excess of 50 per cent and the business of said Superior Court has increased in like proportion; and

Whereas, the additional judges provided for in said McGovern bill are necessary for the due and proper administration of justice in the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors favors the adoption of said Senate Bill No. 296 by the Legislature of the State of California, and that copies of this resolution be forwarded to the Senate and Assembly of the State of California.

**An Ordinance Providing a Code of Fair Competition for the  
Cleaning and Dyeing Industry in the City and County of San  
Francisco and Providing a Penalty for the Violation of This Code.**

(Code No. 5.49)

Bill No. 1227, Ordinance No. 5.491, as follows:

An ordinance providing a code of fair competition for the cleaning  
and dyeing industry in the City and County of San Francisco and  
providing a penalty for the violation of this code.

Be it ordained by the People of the City and County of San Fran-  
cisco, as follows:

Section 1. A code of fair competition for the cleaning and dyeing  
industry in the City and County of San Francisco is hereby provided  
and set up in the words and figures following, namely:

"Code of Fair Competition" for the cleaning and dyeing industry  
in the City and County of San Francisco.

## ARTICLE 1.

### *Objects and Purposes.*

(a) This code is set up under and by virtue of and to effectuate the  
policies of Chapter 814 of Statutes of California, 1935, which is hereby  
referred to and made a part hereof and particularly for the purpose  
of increasing employment, establishing fair and adequate wages, ef-  
fecting necessary reduction of hours, improving the standards of labor,

and to eliminate unfair trade practices and ruinous price-cutting evils so that the cleaning and dyeing industry in the City and County of San Francisco may be rehabilitated and enabled to do its part toward establishing that balance of industries which is necessary to the restoration and maintenance of the highest practical degree of public welfare.

(b) It is the declared purpose of the cleaning and dyeing industry in the City and County of San Francisco to bring and maintain, in so far as may be practical, the rates of wages paid within the cleaning and dyeing industry to such levels as are necessary for the creation and maintenance of the highest practical standard of living, to restore the income of enterprises within the industry to levels which will make possible the payments of such wages, and to avoid a further depletion and destruction through impending bankruptcy of the greater part of this industry.

(c) It shall be the purpose of the industry in adherence to this code to improve the general sanitary and health conditions of the cleaning and dyeing industry, to give the best possible service to the public at fair and standardized prices, to protect the public from fraudulent schemes in connection with the cleaning, dyeing and pressing of clothing, to disseminate information concerning modern cleaning methods and practices toward the end that the public may the better appreciate the care, consideration and attention now being given to the cleaning product, and to instill a spirit of co-operation among the members of such industry for the accomplishment of these objects and purposes.

(d) To disseminate knowledge among its members as to the use of scientific management, system and cost accounting, sound credit and collection methods, and to promote and assist in putting into effect the use thereof.

(e) To provide an impartial board of adjustment, through which any claims for damages to customer's goods may be considered.

(f) To provide a code authority consisting of an executive control committee of six, empowered to enforce the provisions of this code, as herein provided, said committee to consist of: Two wholesale plant owners, two retail plant owners, two retail cleaning store owners, as well as a chairman.

(g) This ordinance shall be known as the "Cleaning and Dyeing Code." It is the purpose of this industry to abide by the provisions of Chapter 814 of the Statutes of California, 1935.

## ARTICLE 2.

### *Territory.*

(a) The territory embraced within the confines of this industry is the boundaries of the City and County of San Francisco in the State of California.

### *Initiation.*

(a) No initiation or entrance fees shall be charged, but there shall be dues levied on the following basis:

### *Dues.*

Monthly dues for independently owned retail cleaning stores shall be \$1.50 per month per shop.

Monthly dues for any type of dry cleaning plant shall be based as follows:

Type No. 1. Monthly volume of business up to \$1,000 shall pay \$10 per month.

Type No. 2. Monthly volume of business between \$1,000 and \$3,000 shall pay \$20 per month.

Type No. 3. Monthly volume of business between \$3,000 and \$5,000 shall pay \$30 per month.

Type No. 4. Monthly volume of business between \$5,000 and \$10,000 shall pay \$40 per month.

Type No. 5. Monthly volume of business over \$10,000 shall pay \$100 per month.

### ARTICLE 3.

#### *Participation and Voting.*

(a) Each member in good standing in the industry is to have only one vote, as herein provided.

(b) Participation in this code and any subsequent revision of or addition to this code shall be extended to any person, partnership or corporation engaged, in whole or in part, in the Cleaning and Dyeing Industry within the City and County of San Francisco.

### ARTICLE 4.

#### *Administration.*

(a) The executive control committee, hereinabove provided for, shall be selected to represent said Cleaning and Dyeing Industry before the Board of Supervisors of the City and County of San Francisco, and before all governmental agencies, in any conference or conferences respecting this code of fair competition, and for all the other purposes hereof. The impartial chairman, selected by said executive control committee, shall be an ex officio member thereof but he shall have no vote excepting in case of a tie, in which event he shall cast the deciding vote. Two members of said committee shall be selected by each of said three groups specified in Paragraph (f) of Section 1 hereof, by ballot, at such time and place and manner as each of said three groups respectively shall decide at public meetings to be held by each of said groups for the purpose of selecting said members of said committee. All persons whose names and addresses can be ascertained by the exercise of reasonable diligence shall be invited to attend and to participate in said meeting or meetings and they shall be given reasonable notice of the time and place thereof.

(b) It shall be the duty of said executive control committee to enforce the provisions of this code and, through agents or otherwise, to hear or adjust complaints, consider proposals for and exceptions to the provisions of this code and otherwise administer and enforce its provisions.

(c) The executive control committee shall arbitrate all controversies between members of this industry and/or any controversies between members and the industry at large, as provided herein. If any member or members of such committee is a party to controversy existing between two or more members, the impartial chairman shall temporarily appoint another member or members to the board, from the same group as those temporarily removed, to consider and determine such controversies.

(d) The executive control committee shall have full authority to investigate all controversies and may levy a fine against the offending member or members, as provided for herein, and may make its order that the offending member pay to the association said fine, which shall not be in excess of fifteen times the weekly value of business lost by the complaining competitor or competitors. In the event that the offending member or members continue to violate this code after said order has been made, and they have received notice thereof, a separate fine may be levied against such member or members for each day's violation for any of the provisions of this code, but such fine is not to exceed \$100 for each such daily violation.

(e) All controversies shall be reported in writing in duplicate, one copy to be filed with the chairman of the executive control committee and one copy with the secretary of such committee.

(f) It shall be the duty of all persons subject to the provisions

hereof to comply with each and every provision hereunder and to cooperate with all other persons in so doing, and it shall be the duty of every person operating hereunder to refuse to transact any business in the Cleaning and Dyeing Industry with any other person who violates any provision hereof.

#### ARTICLE 5.

##### *Production Provisions.*

(a) No limitations shall be placed upon any member which might restrain such member from installing new machinery and equipment, opening new offices or entering any phase of this industry.

#### ARTICLE 6.

##### *Cost, Sales, Prices and Discount Provisions.*

(a) It shall be an unfair method of competition for any person engaged in the Cleaning and Dyeing Industry to sell below the minimum price set forth in the schedule of prices attached hereto.

(b) On and after the effective date of this code, the minimum net cost to the customer for all cleaning, pressing, dyeing, repairing, and/or alteration services shall be not less than that set forth in said attached schedule entitled Minimum Price Lists for Cleaning, Pressing, Dyeing, Repairing, and/or Alteration Services, and all quotations and charges shall be made only on that basis. All advertising matter, whether by newspaper, radio, billboard, circular, dodger or any other means, shall use and quote prices not less than those given in the attached schedule and net prices arrived at after allowing any discount (where allowable) shall not be used, quoted, considered or printed in any manner whatsoever.

(c) No sales discounts, commissions, premiums, free work, secret rebates or any other special inducements of any kind shall be made, either directly or indirectly, excepting the following:

Hotels and apartments may be given a 10 per cent discount upon the gross amount of cleaning and dyeing work which they pay for, providing the work is picked up from one central point and delivered to the same place. An agency sign must be prominently displayed and the agency must be responsible to the industry member of the collection and full payment of such services.

#### ARTICLE 7.

##### *Provisions Respecting Unfair Practices.*

The following acts, whether done directly or indirectly, are specifically designated, made and agreed to as unfair trade practices:

(a) The giving of any sales discounts, commissions, secret rebates, cash checks, free work, trading stamps, premiums, tokens, credits or any other special inducement of any kind to any customer or employee of such customer or prospective customer.

(b) The giving of any week-end discount.

(c) Enticing away any employee of a competitor with the purpose and/or effect of hampering, injuring or embarrassing said competitor in his business.

(d) Any attempt to calculate or induce the breach of present or future existing contracts or orders between competitors and their customers by any means whatsoever, or interfering with or obstructing the performance of any such contractual duties or services by any such means, with the purpose or effect of unduly hampering, impeding, injuring or embarrassing competitors in their business.

(e) The defamation of competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing or by other false statements, insinuations or imputations or by the false disparagement of the grade or quality of their products or service with the purpose of misleading or deceiving a customer or by injuriously affecting the business of such competitor.

(f) Enticing away an outside or commission driver of a competitor with the purpose or effect of hampering, injuring or causing loss of business or financial loss to said competitor.

(g) To secure, attempt to secure or use in any way any list or lists of customers of any other member.

(h) The solicitation of business, either directly or indirectly, by any driver, route man, outside man, solicitor or agent, or by any other person, of or among or from any list of customers or any customer whomsoever of any prior employer of such person; provided, however, that this shall not be construed to prevent in any way any "commission drivers" who own their own vehicles and who own the good will list of customers whom they serve and who guarantee the payment of the bills or indebtedness of said customers, from soliciting said customers for himself or for any person to whom such "commission driver," as aforesaid, may transfer his business.

(i) Performing any service for any retail cleaning store, agency or outside route man in violation of any contractual relation existing between said retail cleaning store, agency or outside route man and a member.

(j) To use, participate in, publish or broadcast any inaccurate, untrue, deceptive or misleading statement, representation or illustration or to make unfair competitive claims such as to advertise one's dry cleaning or dyeing work as the best or the finest in an effort to sell such services.

(k) To pay a percentage or commission or to make a gift in any way to any organization, group or person not identified with the industry for its soliciting of cleaning or dyeing services.

(l) To give any lump estimates or bids to department stores, homes, hotels, clubs, theatres or others for quantities of work not based on a per capita basis.

## ARTICLE 8.

### *Statistics.*

In order to provide data necessary for the submittance of this code of fair competition and for its administration under the said above mentioned ordinance, the members of this industry agree to furnish all possible statistics and information as required by the executive control committee.

## ARTICLE 9.

### *General.*

(a) No provision in this code shall be interpreted or applied in such manner as to:

1. Promote monopolies.
2. Permit or encourage unfair competition.
3. Eliminate or oppress small enterprises.
4. Discriminate against small enterprises.
5. Prevent any retail cleaning store from doing business with any plant or changing the plant with which it is doing business.

(b) This code or any of its provisions may be canceled or modified to the extent necessary to conform to any action by the Board of Supervisors of the City and County of San Francisco, or by action of any duly constituted representatives of the Board of Supervisors of the City and County of San Francisco, or of said municipality, or to conform to any law of the State of California.

(c) Words, terms or phrases employed in this code or ordinance are to be construed according to the context on the approved usage of the English language in this community and technical words, terms and phrases as used in this code are to be construed according to the peculiar and appropriate meaning thereof, and of the definition thereof,

in the cleaning and dyeing industry in the City and County of San Francisco.

(d) If any section, sub-section, sentence, clause, phrase or part of this ordinance or code is for any reason held to be invalid or unconstitutional or contrary to the Charter of the City and County of San Francisco, such decision shall not affect the validity of the remaining portions of this act. The signatories of said code and the Board of Supervisors of the City and County of San Francisco hereby declare that they and it, respectively, would have signed and passed said code and said ordinance and each section, sub-section, sentence, clause and part thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses, phrases or parts be declared invalid or unconstitutional.

(e) Amendments to this code may be adopted by an 80 per cent vote of the membership and shall be effective when approved by ordinance of the Board of Supervisors of the City and County of San Francisco.

(f) Violation by any member of any provision of this code or any approved rule issued thereunder or of agreed minimum prices is a violation of the code and is a misdemeanor and punishable as provided in Section 6 of the said Service Trade Act of 1935, known as Chapter 814 of the Statutes of California, 1935.

#### ARTICLE 10.

##### *Wholesale Prices.*

The wholesale and retail prices shall be as set forth in the schedule of prices attached hereto and made a part hereof for all purposes.

#### ARTICLE 11.

Each and all of the provisions hereof shall apply to and be equally binding upon all persons whomsoever who shall transact or attempt to transact, in whole or in part, within the boundaries of the City and County of San Francisco, any or part of any business herein defined, regulated or controlled, subject to the provisions hereof.

The fact that any such person shall have his principal place of business without the City and County of San Francisco, or shall have no place of business within the City and County of San Francisco, or shall be partly or principally engaged in any other business shall not exclude such person from the operation hereof.

#### ARTICLE 12.

##### *Definitions.*

Section a. *Cleaning and Dyeing Industry.* The term cleaning and dyeing industry as used herein is defined to include any and all cleaning and dyeing establishments.

Section b. *Cleaning and Dyeing Establishment.* The term cleaning and dyeing establishment as used herein is defined to include any place where any article of wearing apparel, household furnishings, or fabrics, furs and leather of any kind whatsoever, are dry-cleaned, spotted, wet-cleaned, processed and/or finished for hire, and/or such service is offered for sale. Nothing included herein shall prevent an individual from pursuing the vocation of manual labor.

Section c. *Cleaning Plant.* A cleaning plant consists of equipment for cleaning garments and/or household articles by immersion in volatile moisture-free solvents of petroleum distillate type, coal tar distillate type, or chlorinated hydro-carbon type.

Section d. *Retail Cleaning Plant.* A retail cleaning plant is one which sells at least 75 per cent of its services to the ultimate con-

sumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores, or other kinds of outlets.

Section e. *Wholesale Cleaning Plant.* A wholesale cleaning plant is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section f. *Branch Store.* A branch store is a retail outlet owned and operated by a plant.

Section g. *Retail Cleaning Store.* A retail cleaning store is any retail tailor and press shop not owned by a plant, and which purchases cleaning, dyeing and hat renovating service from a plant and distributes it to the consumer under the retail cleaning store's own name.

Section h. *Route Salesman.* A route salesman is any person employed, either on a salary or commission basis or both, by a cleaning and/or dyeing and/or hat renovating establishment to call for, solicit and deliver their services and/or collect for same.

Section i. *Dry-cleaning.* Dry-cleaning is the process of cleaning garments or household articles by the immersion and agitation of these articles in volatile moisture-free solvents, such as those of the petroleum distillate type, the coal tar distillate type, or the chlorinated hydro-carbon type, and processes incidental thereto, such as spotting, wet-cleaning, finishing, etc.

Section j. *Spotting.* Spotting is the operation of removing spots or stains which may remain in fabrics after any of the above mentioned cleaning processes.

Section k. *Finishing.* Finishing is the operation of pressing and/or re-shaping any fabric, fur or leather, either by hand or by machine through the use of heat, steam, air, or other means, with the shape, dimensions and contour of the article restored as nearly as possible to the condition in which the article was received.

Section l. *Hat Renovating.* Hat renovating is the process of cleaning, dyeing, bleaching, re-felting, re-blocking, re-shaping, re-trimming and re-modeling hats or any type of head covering.

Section m. *Hat Renovating Establishment.* A hat renovating establishment is one which practices the art of hat renovating, which sells either to wholesale or retail trade, and which is equipped to produce a standard job of hat renovating as defined by the hat renovator's division as set up in this code of fair practice.

Section n. *Retail Hat Renovating Establishment.* A retail hat renovating establishment is one which sells at least 75 per cent of its services to the ultimate consumer through sales outlets directly controlled by it, whether such outlets be truck delivery routes, branch stores or other kind of outlets.

Section o. *Wholesale Hat Renovating Establishment.* A wholesale hat renovating establishment is one which sells more than 75 per cent of its services to a retailer at a wholesale price for re-sale by the retailer to the ultimate consumer under the retailer's own name.

Section p. *Dyeing.* Dyeing is the process of coloring garments, household articles and other textiles by the immersion in, spraying on, or brushing in, either by hand or by machinery, in or with a dye liquor.

Section q. *Dyeing Plant.* A dyeing plant consists of machinery and equipment necessary to carry on the process of bleaching, and/or dyeing garments, household articles and other textiles.

Section r. *Retail Store.* Retail stores are defined as being any shop or agency which finishes by pressing and/or reshaping any fabric, either by hand or by machine, that has been dry cleaned; provided, however, that no retail store which is not wholly owned, oper-

ated and controlled by a wholesale or retail cleaning plant shall be considered or treated, in any manner, as an agency or branch store of such wholesale or retail cleaning plant, provided, however, that a retail clothing store or retail clothing department of a department store, wherein or in connection therewith there is performed pressing and/or alteration of clothing in connection with the sale thereof, shall not be deemed to be a "retail store" as defined herein.

Section s. *Agencies.* An agency is defined as any retail store, branch store, hotel, apartment house, club or other retail outlets which receives cleaning, pressing and/or dyeing work for customers, except dyeing and/or cleaning and/or retail cleaning stores as defined in Section b and Section g of Article 12.

Section t. *Routemen.* Routemen are defined as any person, partnership or corporation engaged in picking up and/or delivering cleaning, pressing and/or dyeing work.

Section u. *Inside Routemen.* Inside routemen are routemen employed by cleaners and/or dyers and/or retail cleaning store operators where the employer owns the good will (list of customers) and pays or does not pay the employee a guaranteed minimum wage with or without commission upon cash collections.

Section v. *Outside Routemen.* Outside routemen are defined as routemen who own their own good will (list of customers) and contract with a cleaner and/or dyer and/or retail cleaning store operator for the cleaning, pressing and/or dyeing of garments and/or household articles.

Section w. *Monthly Volume of Business.* Monthly volume of business is defined to mean the average total monthly volume of cleaning and/or pressing and/or dyeing business handled during any six months' period immediately preceding the date upon which dues are payable.

Section x. *Unduly Long Hours.* It shall be considered to be "unduly long hours" for any place of business whatsoever hereunder to remain open for receiving and/or cleaning and/or dyeing and/or distributing to the public and/or to the industry any plant, branch store, office agency, retail store, retail cleaning store or retail cleaning establishment, or to operate any switchboard or telephone service therein and to operate any delivery vehicle between the hours of 6:30 p. m. and 7:30 a. m., or at any time whatsoever on any Sunday, Christmas Day, New Year's Day, Thanksgiving Day, Independence Day or Labor Day, and the doing of any such act shall be a violation of this code.

#### ARTICLE 13.

Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$500 or by imprisonment in the City and County Jail for a period not exceeding six (6) months, or by both such fine and imprisonment. Each and every day's continuance of such violation shall constitute a separate offense.

#### ARTICLE 14.

*Refused reconsideration by the following vote:*

Aye—Supervisor McSheehy—1.

Noes—Supervisors Mead, Meyer, Reilly, Schmidt, Shannon, Uhl—6.

Absent—Supervisors Brown, Colman, Ratto, Roncovieri—4.

**SPECIAL ORDER—3 P. M.****Rapid Transit.****Motion.**

Supervisor Meyer, seconded by Supervisor Mead, renewed his motion No. 6, to-wit:

That the Public Utilities Commission's subway and rapid transit proposal be submitted to the voters in the form of a bond proposition, and that the Board go on record favoring its ratification by the voters.

Wm. J. Varley, on motion of Supervisor Mead, was granted the privilege of the floor. He said that he represented the Greater Mission Rapid Transit League and that his organization was studying a plan for an increased car fare which would enable the financing of a rapid transit system without expensive bond issues.

**Action Deferred.**

Thereupon, on motion of Supervisor McSheehy, the further consideration of Supervisor Meyer's motion was *continued until tomorrow at 2 p. m.*

**SPECIAL ORDER—4 P. M.****City Attorney to Render Opinion as to Validity of Franchises Under Which P. G. and E. Is Distributing Gas and Electricity in San Francisco.**

(Code No. 15.031)

Resolution No. 3140, as follows:

Resolved, That the City Attorney is hereby requested to render his opinion at the earliest possible moment as to the validity of franchises under which the Pacific Gas and Electric Company is distributing gas and electricity in San Francisco.

**Minority Report.**

The following was presented and read by Supervisor McSheehy:

March 4, 1937.

To the Honorable the Board of Supervisors.

Gentlemen:

**Colman Amendment.**

Resolved, That the City Attorney is hereby requested to render his opinion at the earliest possible moment as to the validity of franchises under which the Pacific Gas and Electric Company is distributing gas and electricity in San Francisco.

In connection with the above resolution I respectfully submit my minority report for the obvious reasons contained in my original resolution set forth below:

**McSheehy Resolution.**

Whereas, on March 9 of this year an election will be held calling for the issuance of revenue bonds to purchase the electric distributing system of the Pacific Gas and Electric Company as outlined by the Public Utilities Commission; and

Whereas, a special committee was appointed by this Board to devise ways and means of purchasing the electric distributing system of the Pacific Gas and Electric Company in San Francisco and to negotiate with that company for the acquisition of its electric distributing system; and

Whereas, this Board of Supervisors has requested the City Attorney to make a report to the Board upon the following questions:

Has the Pacific Gas and Electric Company a franchise which authorizes it to sell gas in San Francisco for power, heating and cooking purposes?

Has the Pacific Gas and Electric Company a franchise which authorizes it to sell electricity in San Francisco for power, heating and cooking purposes?

Resolved, That the Public Utilities Commission and the City Attorney are hereby authorized and directed to take immediate steps by conference with appropriate officials of the Pacific Gas and Electric Company to determine the attitude of that company toward the sale of their electric distributing properties in San Francisco at a fair price to the people of the City and County of San Francisco and to the stock and bond holders of the Pacific Gas and Electric Company, as well as to determine the attitude of that company in the matter of franchise rights in San Francisco; and be it

Further Resolved, That the City Attorney is hereby requested to render his opinion at the earliest possible moment as to the validity of franchises under which the Pacific Gas and Electric Company is distributing gas and electricity in San Francisco.

Respectfully submitted,

JAMES B. MCSHEEHY, Supervisor.

**Motion.**

Supervisor McSheehy, thereupon, moved that the minority resolution be substituted for the majority report.

**Action Deferred.**

Whereupon, further consideration of the foregoing matter was *made a Special Order of Business for 4 p. m. next Monday and in the meantime re-referred to the Special Hetch Hetchy Committee.*

**UNFINISHED BUSINESS.****Final Passage.**

The following recommendations of Finance Committee were taken up:

**Authorizing Exchange of Certain Easements of Right of Way With Department of Public Works of the State of California.**

(Code No. 15.0243)

Bill No. 1257, Ordinance No. 15.02434, as follows:

Authorizing exchange of certain easements of right of way with Department of Public Works of the State of California.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to a resolution passed by the Public Utilities Commission and for the purpose of realigning certain portions of State Highway Route IV in San Mateo County through property under the control of the Water Department and owned by the City and County of San Francisco, the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed on behalf of the City and County of San Francisco conveying a right of way easement for highway purposes to the hereinafter described property.

Section 2. The right of way easement for highway purposes is over the following described parcels of land situated in the County of San Mateo, State of California:

Being portions of that certain 44.67-acre tract of land known as Belmont Pump Lot, numbered Parcel 35 San Mateo County Lands in deed from Spring Valley Water Company to City and County of San Francisco, dated March 3, 1930, and recorded March 3, 1930, in Volume 491 of Official Records, page 1, San Mateo County Records; more particularly described as follows, to-wit:

PARCEL 1. Commencing at the point of intersection of the southeasterly line of said tract of land with the northeasterly line of the existing State highway, designated as Road IV, San Mateo County, Route 2, Section B; said intersection being the most westerly corner of that certain piece or parcel of land conveyed by Asa E. Hull to Smack Beverage Company, Inc., a corporation, by deed dated January 28, 1927, and recorded February 4, 1927, in Volume 264, Official Records, page 450, San Mateo County Records; thence along the southeasterly line of said 44.67-acre tract of land, north 49 degrees 04 minutes 30 seconds east, 17.25 feet to Station "W" 234+21.06 P. O. C. on the center line of the survey for the relocation of said State highway; thence continuing north 49 degrees 04 minutes 30 seconds east, 50.06 feet to a point on a curve concentric with and 50 feet northeasterly from the center line of said relocation survey; thence along said curve to the right, from a tangent bearing north 43 degrees 47 minutes 55 seconds west, with a radius of 2950 feet, through an angle of 8 degrees 04 minutes 25 seconds, a distance of 415.69 feet; thence north 35 degrees 43 minutes 30 seconds west, 236.75 feet to a point on said northeasterly line of the existing State highway; thence along said northeasterly line south 16 degrees 56 minutes east, 78.19 feet; thence

tangent to the last-named course, along a curve to the left, with a radius of 967 feet, through an angle of 35 degrees 06 minutes 24 seconds, a distance of 592.51 feet to the point of commencement; containing 0.939 of an acre, more or less.

PARCEL 2. Commencing at the point of intersection of the southeasterly line of "F" street, being the northwesterly line of said 44.67-acre tract of land, with the southeasterly prolongation of the southwesterly line of Fifth avenue, as said street and avenue are shown upon that certain map entitled, "Sunny Slope Belmont," filed for record May 4, 1889, in Book "A" of Original Maps, page 5, San Mateo County Records; distant, along the northwesterly line of said 44.67-acre tract of land, south 49 degrees 04 minutes 30 seconds west, 56.26 feet from Station "W" 227+54.0 P. O. T. on the center line of said relocation survey; thence along the northwesterly line of said tract of land north 49 degrees 04 minutes 30 seconds east, 39.38 feet to a point in the southwesterly line of the existing State highway; thence along said southwesterly line south 16 degrees 56 minutes east, 64.76 feet; thence tangent to the last-named course, along a curve to the left, with a radius of 1033 feet; through an angle of 2 degrees 15 minutes 16 seconds, a distance of 40.65 feet to a point in a line parallel to and 50 feet southwesterly, at right angles, from the center line of said relocation survey; thence along said parallel line north 35 degrees 43 minutes 30 seconds west, 67.15 feet to a point on said southeasterly prolongation of the southwesterly line of Fifth avenue; thence along said southeasterly prolongation, north 47 degrees 20 minutes 30 seconds west, 29.94 feet to the point of commencement; containing 0.038 of an acre, more or less.

PARCEL 3. Being a portion of that certain unnumbered lot in Block 7, known as San Carlos Park Lot, as said lot and block are shown upon that certain map entitled, "Re-subdivision of a Portion of the Town of San Carlos, San Mateo County, California," filed for record May 20, 1921, in Book 10 of Maps, pages 39 and 40, San Mateo County Records; and being numbered Parcel 36 San Mateo County Lands in hereinbefore mentioned deed from Spring Valley Water Company to City and County of San Francisco; and more particularly described as follows, to-wit:

Commencing at the most northerly corner of said Block 7; thence along the northwesterly line of said Block 7, south 49 degrees 10 minutes west (shown on said map as south 49 degrees 01 minutes 30 seconds west), 22.14 feet to Station "W" 240+89.26 P. O. T. on the center line of said relocation survey; thence continuing south 49 degrees 10 minutes west, 7.86 feet; thence in a southeasterly direction 20 feet; thence at right angles in a northeasterly direction 30.9 feet to a point on the northeasterly line of said Block 7, being the southwesterly line of the existing State highway; thence along said northeasterly line north 43 degrees 36 minutes 30 seconds west, 20.0 feet to the point of commencement; containing 0.014 of an acre, more or less.

The conveyance of right of way over Parcels 1 and 2 shall be a conveyance of surface rights only and nothing in the grant shall be construed so as to deprive the City of the use of the land beneath the surface of said right of way. Said conveyance shall be made subject to the following terms and conditions:

(a) The City hereby expressly reserves from the terms of this grant, the land beneath the surface of the land hereinbefore described in the descriptions of Parcels 1 and 2 and nothing in this grant is to be construed so as to deprive the City of the use of said land beneath the surface of Parcels 1 and 2; provided that the City, before commencing any operation within the scope of said rights so reserved shall notify the department of the fact and the nature of the work intended to be done, in order that the department may suggest changes therein or may make other recommendations in connection therewith; said suggestions or recommendations shall be advisory only and shall

not bind the City. Any paving or surfacing of said highway removed or damaged in any construction or repair work by the City shall be replaced by the City at its own expense in the same condition as it was in prior to such construction or repair work.

(b) The Department of Public Works shall, at its own expense, construct and maintain a public road or highway over and along the above right of way and shall hold the City free from any obligation, liability or expense in connection with the construction, reconstruction, maintenance, or repair of said road or highway, the necessity for which construction, reconstruction, maintenance, or repair shall result from any cause whatsoever, except from the City's exercise of the rights herein reserved.

(c) The Department of Public Works shall, at its own expense, properly protect the City's existing and future pipe lines and other structures constructed across the hereinbefore described property against damage from the construction, maintenance, repair and/or use of said road or highway.

(d) The Department of Public Works shall not construct any subsurface drainage, culverts or other permanent structures on the lands herein described in such manner or location that said subsurface drainage, culverts or structures shall interfere with the free and unobstructed exercise of the rights herein reserved to the City.

(e) The Department shall hold and save harmless the City from any and all responsibility due directly or indirectly to the construction, maintenance and/or use of said highway across the City's land and structures.

Section 3. The above conveyance shall only have effect when the California Highway Commission shall execute a good and sufficient conveyance to the City and County of San Francisco abandoning the existing highway contiguous to the hereinabove described property vesting title of the abandoned highway in the City and County of San Francisco.

*Finally passed by the following vote:*

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—8.

The following recommendation of the Finance Committee was *laid over and made a Special Order of Business for 4 P. M., March 29, 1937*:

#### Approving and Endorsing Joint Highway District No. 9.

(Code No. 12.05)

Resolution No. 3151, as follows:

Whereas, the Joint Highway District No. 9 has been formed by the Counties of Santa Cruz, San Mateo and the City and County of San Francisco for the purpose of constructing the Ocean Shore boulevard; and

Whereas, the State Highway Commission has cooperated and partici-

pated financially in the construction of said Ocean Shore boulevard; and

Whereas, the State Highway Commission has requested an expression of approval and endorsement by the Board of Supervisors of each county; now therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, State of California, does hereby approve and endorse the project for construction work as proposed by the Joint Highway District No. 9, and does hereby express willingness to cooperate in meeting annual assessments and in furthering the plans of the said Joint Highway District No. 9.

**Adopted.**

The following recommendation of Judiciary and Finance Committee was taken up:

**Board of Supervisors Endorses Senate Bill No. 296, Increasing Judges of Superior Court of State of California From Sixteen to Twenty.**

(Code No. 7.01)

Resolution No. 3141, as follows:

Whereas, Senate Bill No. 296, introduced by Senator Walter McGovern of San Francisco, provides for increasing the number of judges of the Superior Court of the State of California, in and for the City and County of San Francisco, from sixteen to twenty; and

Whereas, the last increase in the number of said judges occurred in the year 1914, at which time said number was increased from twelve to sixteen; and

Whereas, since the year 1914 the population of San Francisco has increased in excess of 50 per cent and the business of said Superior Court has increased in like proportion; and

Whereas, the additional judges provided for in said McGovern bill are necessary for the due and proper administration of justice in the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors favors the adoption of said Senate Bill No. 296 by the Legislature of the State of California, and that copies of this resolution be forwarded to the Senate and Assembly of the State of California.

*Adopted by the following vote:*

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Colman—2.

**Explanation of Vote.**

Supervisor Uhl explained his vote as follows:

"This is a matter I am not familiar with at all. I must be guided by the judges and president of the Bar Association. I know nothing at all of existing conditions and appreciate the interest these gentlemen have in the matter, therefore, I am going to vote for the measure.

**Adopted.**

The following recommendation of Public Utilities Committee was taken up:

**Approving Application of Benjamin Franklin Line, Inc., for Certificate of Public Convenience and Necessity, Stage Service Between San Francisco and Seattle.**

(Code No. 5.2)

Resolution No. 3107, as follows:

Resolved, That the Board of Supervisors does hereby approve the application of Benjamin Franklin Line, Inc., before the Interstate Commerce Commission for a certificate of public convenience and necessity authorizing it to engage in the interstate transportation of

passengers by stage upon the public highways between San Francisco, California; Portland, Oregon, and Seattle, Washington, and intermediate points; and be it

Further Resolved, That the City Attorney be and is hereby authorized and requested to file with the Interstate Commerce Commission the intervening petition of this Board in support of said application, and to appear in the proceedings before the Commission and present suitable and proper evidence as to the interest of the City and County of San Francisco in the matter of said application.

Harry A. Fialer, representing the Benjamin Franklin Line, Inc., was heard in explanation of proposed route of bus line and location of terminal.

#### Amendment.

Supervisor Schmidt moved that the resolution be amended by adding the following language, to-wit:

"That said consent to the granting of the permit be subject to the right of the proper authorities of San Francisco to regulate the route in San Francisco to be used by said buses and where the terminus of the same may be maintained in San Francisco.

Amendment agreed to and it was *so ordered*.

#### Adopted.

Whereupon, the foregoing resolution as amended was *adopted* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Colman—2.

#### Adopted.

The following recommendation of the Public Utilities Committee was taken up:

#### Board of Supervisors Endorses Bus Application of Santa Fe for Certificate of Convenience and Necessity.

(Code No. 15.09)

Resolution No. 3142, as follows:

Whereas, the Atchison, Topeka & Santa Fe Railway Company has long served the City and County of San Francisco and in connection with its passenger traffic now uses the ferry boat service of the Southern Pacific Company between San Francisco and the Oakland mole; and

Whereas, the Atchison, Topeka & Santa Fe Railway Company proposes to abandon the use of the Southern Pacific ferry boat service in connection with the handling of such traffic and to substitute therefor the use of motor buses and motor trucks operating between San Francisco and its Fortieth street and San Pablo avenue passenger station in Oakland (Emeryville) over the San Francisco-Oakland Bay Bridge to transport passengers, mail, baggage, express and property arriving or departing on its passenger trains; and

Whereas, in consideration of such service the Atchison, Topeka & Santa Fe Railway Company is now erecting a terminal in the heart of downtown San Francisco adjacent to hotels and the shipping district, to and from which terminal said buses and trucks will operate; and

Whereas, said proposed service is modern and superior to the present service, more convenient to the traveling public and thereby beneficial to the City and County of San Francisco and the residents thereof and visitors thereto; now, therefore, be it

Resolved, That the applications pending before the Interstate Commerce Commission for certificates of public convenience and necessity to operate said service and to abandon the use of the Southern Pacific

ferry facilities have the whole-hearted endorsement and approval of the Board of Supervisors of the City and County of San Francisco, who believe the public convenience and necessity will be best served by the proposed service; and be it

Further Resolved, That City Attorney John J. O'Toole is hereby authorized to present a certified copy of this resolution and to appear and testify in support thereof at hearing to be held before the Interstate Commerce Commission in connection with said applications.

*Adopted by the following vote:*

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Colman—2.

**Letter from Harold J. Ickes, Secretary of the Interior, Relative to  
Defeat of Revenue Bond Amendment for Distribution of Hetch  
Hetchy Power.**

The following was presented and read by the Clerk:

March 11, 1937.

The Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: I have been advised that on March 9 the electors of San Francisco rejected Charter Amendment No. 1 which was designed to authorize the issuance of revenue bonds for the acquisition and operation of a municipally owned electric distribution system. It is my understanding that had their Charter amendment been enacted the City and County of San Francisco would have undertaken a program for the distribution of electric energy generated on the Hetch Hetchy project in accordance with the requirements of Section 6 of the Raker Act.

I have already advised you of my determination that San Francisco is now and for many years past has been violating the provisions of Section 6 of the Raker Act by selling Hetch Hetchy energy to the Pacific Gas and Electric Company for distribution to consumers. Unless definite assurance can be given to me within fifteen days after receipt of this letter that San Francisco will cease its violation of the provisions of the Raker Act, I shall refer this matter to the Attorney General of the United States, with my request that appropriate action be taken in the courts to effectuate the provisions of the statute.

Sincerely yours,

HAROLD L. ICKES,  
Secretary of the Interior.

Copy to:

Hon. Angelo J. Rossi, Mayor of San Francisco, City Hall, San Francisco.

John J. O'Toole, Esq., City Attorney for the City and County of San Francisco, City Hall, San Francisco, California.

Thereupon, on motion duly made and carried, the Clerk was directed to send the following answer to Secretary Ickes' letter:

Hon. Harold L. Ickes, Secretary of the Interior, Washington, D. C.

Dear Mr. Secretary: Your letter, March 11, 1937, re: Distribution of Power Produced on the Hetch Hetchy Project, received March 15, 1937, and presented to the Board of Supervisors on that date.

The Board of Supervisors informs you that earnest and immediate attention will be given to the letter and you will be informed of the results at the earliest moment.

Respectfully,

BOARD OF SUPERVISORS, San Francisco.  
J. S. DUNNIGAN, Clerk.

**Wage Increase for WPA Workers.**

Supervisor Mead presented a resolution offered by a committee for A. F. G. E. Lodge No. 236 and Workers Alliance, expressing support of the Board for a 10 per cent increase in wages for San Francisco WPA workers and requesting assurance that no quota reductions shall take place in San Francisco before June 30, 1937.

*Referred to Public Welfare Committee.*

**Reception to Senator Patrick A. McCarran.**

Supervisor Reilly moved that the Board extend a welcome to Senator Patrick A. McCarran, from Nevada, St. Patrick's Day orator, who

arrives in San Francisco today, and that the President appoint a committee to meet the senator.

President Shannon appointed Supervisors Reilly and McSheehy.

#### **Traffic Signals on Potrero Avenue.**

Supervisor Uhl presented petition from residents in the vicinity of Potrero avenue and Twenty-first street, for installation of traffic signals along Potrero avenue.

*Referred to Streets Committee.*

#### **Public Utilities Committee to Get Price for Purchase of the Market Street Railway.**

Supervisor Uhl moved that the Public Utilities Committee, within the next ten days, contact, without commitment, the officials of the Market Street Railway, and ascertain whether they are willing to set a price at which the City can purchase the property of the railway system.

#### **Supervisor Reilly Appointed Member of the Special Hetch Hetchy Committee, Vice Franck R. Havenner.**

At the suggestion of Supervisor McSheehy, President Shannon appointed Supervisor Reilly as a member of the Special Hetch Hetchy Committee, in the place of former Supervisor Havenner.

#### **RECESS.**

Whereupon, the Board at 5:50 p. m. took a recess until tomorrow at 2 p. m. to give consideration to the question of rapid transit.

J. S. DUNNIGAN, Clerk.

#### **TUESDAY, MARCH 16, 1937, 2 P. M.**

In Board of Supervisors Tuesday, March 16, 1937, 2 p. m.

The Board of Supervisors met pursuant to recess of March 15, 1937, for the purpose of considering further the question of rapid transit.

#### **CALLING THE ROLL.**

The roll was called and the following Supervisors were noted present: Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

Absent on Leave—Supervisors Brown, Colman—2.

Absent to Attend Golden Gate Bridge Meeting—Supervisor Shannon—1.

Quorum present.

Supervisor Ratto was elected to preside in the absence of President Shannon.

#### **Supervisor Meyer's Motion No. 6.**

The question being on Supervisor Meyer's Motion No. 6, to-wit:

That the Public Utilities Commission's subway and rapid transit proposal be submitted to the voters in the form of a bond proposition, and that the Board go on record favoring its ratification by the voters.

Supervisor Uhl read into the record the following:

#### **PUBLIC UTILITIES COMMISSION.**

#### **CITY AND COUNTY OF SAN FRANCISCO.**

February 24, 1937.

To the Honorable, the Board of Supervisors, 235 City Hall, San Francisco, California.

Attention Mr. J. S. Dunnigan, Clerk.

Gentlemen: Your honorable Board has inquired of the Public Utili-

ties Commission as to four matters. I am authorized by the Public Utilities Commission to reply as follows:

1—Whether the possibility of the City purchasing the Market Street Railway should be permitted to delay the submission of the rapid transit bond issue to the people.

*Answer:* No. Rapid Transit and railway consolidation are two separate and distinct propositions. While the Public Utilities Commission believes that the consolidation of the railway companies in San Francisco is desirable, it would not add one foot of new track and would not in any way lend itself to speedier transportation. Increased capacity and faster service are the fundamental necessities at this time. Rapid transit must be provided at an early date and under any circumstances. The early construction of the subway lines proposed by the Public Utilities Commission will in no way hinder or prevent the consideration or consummation of plans for the consolidation.

2—When would the Commission advise submitting the rapid transit proposal to the voters?

*Answer:* No general election is scheduled before November. The cost of a special election cannot be justified. Therefore, it is recommended that the matter be placed before the voters at the general election in November. This would secure a more representative vote than could be had at a special election.

3—What effect will the opening of the streets which dead-end on Market street, as recommended by Dr. Miller McClintock, have on the general plan of rapid transit?

4—What effect the opening of a new street opposite Grant avenue would have on the general proposition, as recommended by Chief Administrative Officer Alfred J. Cleary?

*Answer:* The answers to the above two questions are the same. The opening of additional crossings on Market street would all be for the benefit of surface traffic. The subway beneath the surface would not be affected in any way by the opening of one or several new cross streets.

Respectfully submitted,

E. G. CAHILL,  
Manager of Utilities.

#### Privilege of the Floor.

Thos. Carr, address 112B Lyon street, representing himself, was heard in explanation of his plan for grade separation of pedestrian, auto and street car traffic, claiming that it would meet every requirement for safety and uninterrupted flow of traffic and provide additional parking space as well.

Supervisor McSheehy moved that Mr. Carr's plan be referred to the Public Utilities Commission for investigation and report.

George Gerhardt, secretary of the Civic League of Improvement Clubs, suggested that unification of the City's two street car lines and the construction of four tunnels in outlying residential districts to speed crosstown traffic, would be a cheap and perhaps more than temporary measure.

Supervisor Adolph Uhl argued that the City should buy the Market Street Railway and speed up trolley travel with express service rather than spend \$52,700,000 for a proposed subway system. He believed the taxpayers would never vote such costly subway bonds.

E. G. Cahill, Manager of Utilities, declared a subway system is the only solution to San Francisco's lack of rapid transit.

Wm. J. Varley, representing the Greater Mission Transportation Club, was also heard.

No definite action was taken and the Board agreed to take up the matter again next week. No hearing date was set.

**Target Range for Police.**

(Code No. —)

Supervisor Reilly presented:

Resolution No. 3156, as follows:

Resolved, That in the interest of efficiency and protection to the public, it is hereby declared the policy of this Board of Supervisors to, at the time of the consideration of the Appropriation Ordinance for the fiscal year 1937-1938, provide therein a sum sufficient for the establishment of a target range together with all the necessary appurtenances, in accordance with the general recommendation of the Chief of Police.

*Referred to Fire, Safety and Police Committee.***Re-Submission of Revenue Bond Amendment.**

Supervisor McSheehy presented resolution providing for re-submission of a revenue bond Charter amendment for power distribution which was read by the Clerk.

**Motion.**

Supervisor Meyer moved that the McSheehy report on re-submission of revenue bonds be taken up on Monday, March 22, 1937, as a Special Order of Business for 4 p. m.

*So ordered.***ADJOURNMENT.**

Whereupon, the Board of Supervisors at 4:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

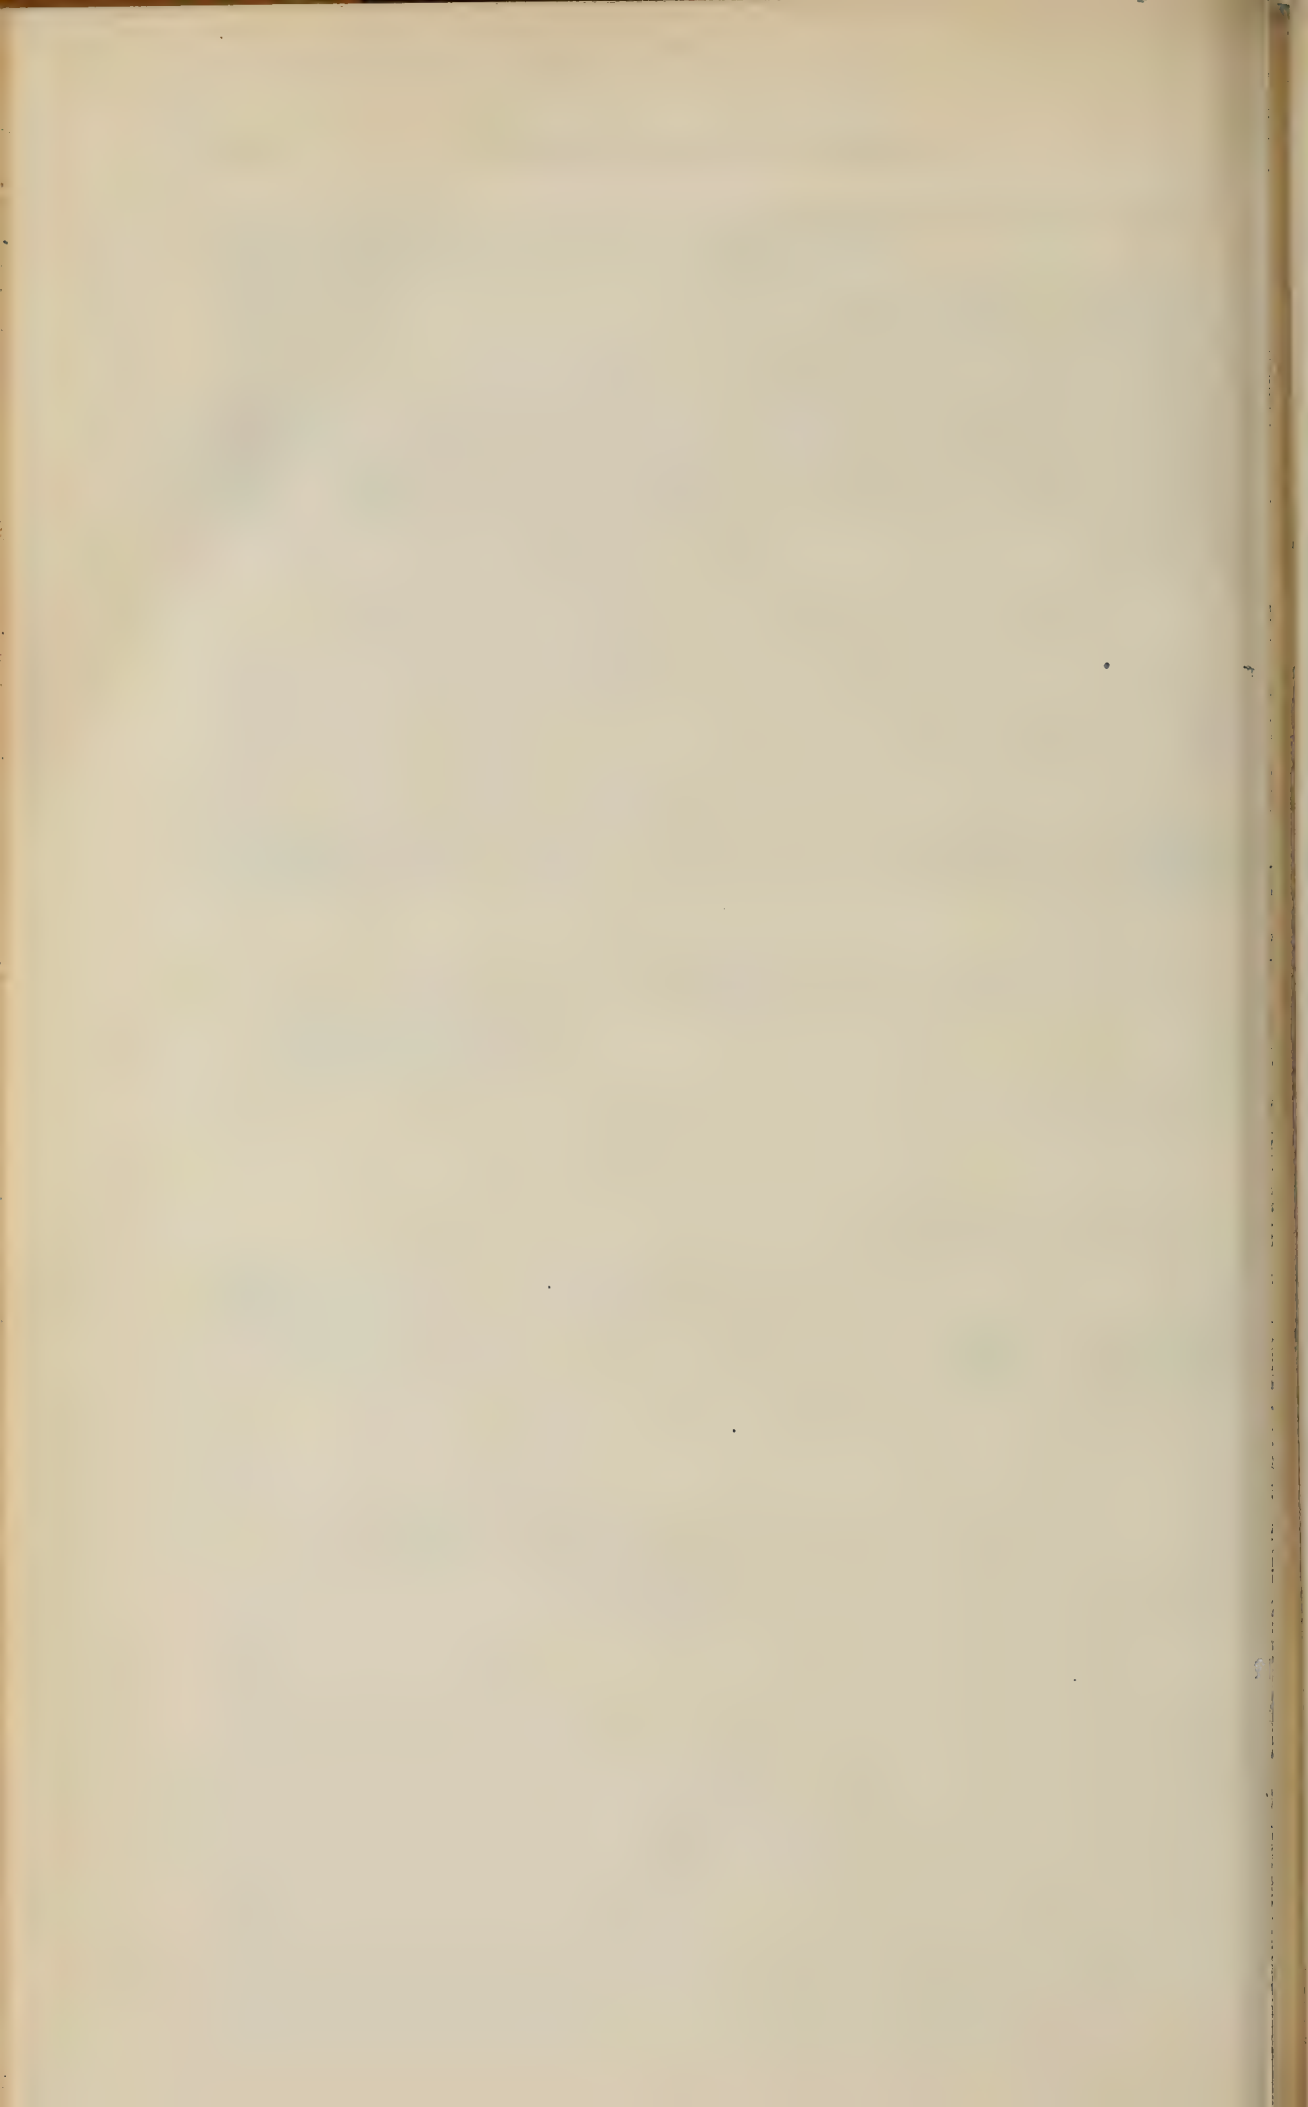

Approved by the Board of Supervisors, March 22, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

# JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MARCH 22, 1937, 2 P. M.

In Board of Supervisors, San Francisco, Monday, March 22, 1937,  
2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly,  
Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Shannon presiding.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of March 15 and 16,  
1937, were considered read and approved.

## SPECIAL ORDER—2 P. M.

The Clerk announced hearing of protests of all persons against assessment for costs and expenses of the work or improvements on Peralto avenue from south line of Mullen avenue to the existing pavement on Florida street by paving and certain other work as described in resolution of intention of the Board of Public Works.

There being no response, the Clerk was directed to notify the Department of Public Works that no protest had been made.

## SPECIAL ORDER—2:30 P. M.

### Action Deferred.

On motion of Supervisor Brown the following matter was *re-referred to the Streets and Finance Committee with instruction to report back in four weeks*:

**Providing for 25c Toll on S. F.-Oakland Bay Bridge.**

(Code No. —)

Resolution No. 3018, as follows:

Whereas, it is only fair and equitable that posterity bear some part of the financial burden of the cost of the San Francisco-Oakland Bay Bridge, and, in pursuance of that thought, the San Francisco Chronicle has proposed a refinancing plan whereby the present tolls may be reduced from sixty-five cents to twenty-five cents on each passenger automobile; and

Whereas, the San Francisco-Oakland Bay Bridge is only another great unit connecting up the State system of highways it is proposed that it be financed out of gas tax funds in the same manner as those other great highway projects of the State of California, the Redwood Highway and the Feather River Canyon Highway, by an allocation of gas tax funds for the amortization of the bonds; and

Whereas, it is deemed practical that this may be done on the basis proposed, to-wit: that the annual \$2,000,000 bond amortization charges

be guaranteed from gas tax funds and that the maintenance charges be met, as now, from gas tax supplied highway maintenance funds, and that the \$2,000,000 annual interest charges on the bonds be met from the proposed twenty-five cent toll certain to be sufficient because of the increased traffic anticipated; now, therefore, be it

Resolved, That the Board of Supervisors of San Francisco goes on record as heartily in favor of the plan proposed by the San Francisco Chronicle and urges that the State Highway Commission proceed at once to put it into effect.

#### SPECIAL ORDER—2:30 P. M.

The following bill was taken up:

#### Calvary Cemetery Removal.

(Code No. 17.19)

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the City and County will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the

public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

#### Notice of Hearing on Ordinances for Removal of Laurel Hill and Calvary Cemeteries.

President Shannon read the following:

Notice is hereby given that the Board of Supervisors will meet Monday, March 22, 1937, 2:30 p. m., in the Chambers of the Board of Supervisors, City Hall, to hear all interested persons in reference to Bill No. 937, Ordinance No. 17.194, declaring that further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the people, and ordering and demanding the disinterring and removal of human bodies from said cemetery; and also Bill No. 938,

Ordinance No. 17.195, declaring that further maintenance of Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the people, and ordering and demanding the disinterring and removal of human bodies from said cemetery.

Said Board will sit in Committee of the Whole for the purpose of this hearing. All persons interested either for or against the passage of said ordinances will be given a hearing.

By order of the Board of Supervisors, San Francisco, January 4, 1937.

J. S. DUNNIGAN, Clerk.

#### Committee of the Whole.

On motion of Supervisor Uhl, seconded by Supervisor Schmidt, the Board of Supervisors resolved itself into a Committee of the Whole for the purpose of hearing all interested.

President Shannon in the chair.

All members heretofore noted being present.

#### Privilege of the Floor.

Thereupon, the following were granted the privilege of the floor and heard at length:

Mme. Grosjean, 70 Rica Way, opposed Calvary Cemetery removal.

Miss Annie Scanlon, Ed. Kenny, Roy Pratt, president of the Park Presidio Improvement Club; Jos. Tiesen, vice-president of Park Presidio Improvement Club; M. J. Kelly, representing Divisadero Street Merchants; E. W. Bender, representing himself and Owners and Lessees Apartment House Association, were heard favoring removal of Calvary Cemetery.

Geo. Staley, representing City Engineer John Casey, was heard in explanation of plan for street construction through Calvary Cemetery.

#### Committee of the Whole Arises.

Whereupon, on motion of Supervisor McSheehy, the Committee of the Whole arose, and reported in favor of the passage of the ordinance providing for the removal of Calvary Cemetery.

Supervisor Reilly declared that he would like a postponement of action for two weeks in order that he, as a new member, could familiarize himself with the bill.

*No second.*

Thereupon, Supervisor Uhl, seconded by Supervisor Schmidt, moved that Bill No. 938 providing for the removal of Calvary Cemetery be passed for second reading.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### Explanation of Vote.

Supervisors McSheehy, Meyer, Reilly and Roncovieri qualified their vote by saying that they were voting in favor of the bill on passage for second reading, but were in no way binding themselves to vote for it on final passage if circumstances warranted.

#### Laurel Hill Cemetery Removal.

The following bill was taken up:

(Code No. 17.19)

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of

the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate of said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

#### Committee of the Whole.

On motion of Supervisor Uhl, the Board of Supervisors proceeded to sit as a Committee of the Whole for the purpose of hearing all persons interested in Laurel Hill Cemetery, agreeing to rise and report at 4 p. m. President Shannon presiding and all members heretofore noted be present:

#### Privilege of the Floor.

The following were granted the privilege of the floor and heard at length:

Geo. Skaller urged the passage of Bill No. 937, otherwise nothing could be done looking to the development of the land as a memorial park.

Frank Deering, secretary Laurel Hill Cemetery, argued for a postponement of two months to determine what Laurel Hill lot owners will do. He said that he had sent 600 letters, but some had not yet expressed themselves. Many of the answers received favored the memorial park and but few objected. If the bill is passed now, he said, there will be no gift.

Mark Jorgensen, secretary of the City Planning Commission, read the following in explanation of the stand of the City Planning Com-

mission regarding ordinance proposing removal of Laurel Hill Cemetery:

March 22, 1937.

Honorable Board of Supervisors, City and County of San Francisco.

Honorable Sirs: For many years this Commission has advocated the conversion of Laurel Hill Cemetery into a memorial park dedicated to the memory of the early pioneers of San Francisco and, to this end, suggested to the Cemetery Association that the plot owners donate the property to the City and County of San Francisco for this purpose.

This Commission has on many occasions been in communication with Frank P. Deering, representative of the Cemetery Association. The latest communication, copy of which is hereto attached, indicates that the plot owners are in accord with the suggestion of this Commission and have in turn asked to be shown some survey indicating what avenues are to be constructed through this area. Tentative plans for such avenues, parking, etc., are now being developed.

This Commission respectfully suggests that your Honorable Board take no action on this matter today, but recommend that you refer same to the City Planning Commission so we may hold conferences with representatives of the Laurel Hill Cemetery Association, following which studies will be made to determine the best plan for the development of this area as a memorial park. The plan thus developed, together with a recommendation from this Commission and with the approval of the Cemetery Association, would then be presented to you for your consideration.

Very truly yours,

MARK JORGENSEN,  
City Planning Commission.

San Francisco, California,  
March 11, 1937.

Mr. Mark Jorgensen, Secretary, City Planning Commission, Room 252  
City Hall, San Francisco.

My dear Mr. Jorgensen: Yours of the 10th, with copy of letter which you wrote to Mr. Uhl, is received.

We have mailed 620 copies of our questionnaire to lot holders. A majority of the answers received are in favor of donating the cemetery property to the City. Many of them, however, are asking definite information as to where the proposed avenues are to run and a survey of such avenues by the City Engineering Department will be necessary in order to reply to questions asked.

Very truly yours,

FRANK P. DEERING.

Edw. Kenny, Geo. Skaller and Geo. Gearhardt, secretary of the Civic League, were heard in opposition to any delay in passing the bill for the removal of Laurel Hill Cemetery.

Rev. F. A. Doane and Mme. Grosjean were heard in opposition to the proposed legislation.

#### Committee of the Whole Arises.

Whereupon, on motion of Supervisor McSheehy, the Committee of the Whole arose and reported to the Board. All members heretofore noted being present and Supervisor Shannon in the Chair.

#### Motion.

Thereupon, Supervisor McSheehy moved that we postpone action until June 21, 1937, at 3 p. m., and that the City Engineer, the City

Planning Commission and the Laurel Hill Cemetery Association get together and agree upon a plan of memorial park on that date.

Motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Roncovieri—2.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

#### Passed for Second Reading.

Whereupon, on motion of Supervisor Uhl, seconded by Supervisor Schmidt, the roll was called on Bill No. 937, providing for the removal of Laurel Hill Cemetery and the motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

Noes—Supervisors McSheehy, Roncovieri—2.

#### Explanation of Vote.

Supervisor McSheehy explained his vote as follows: "I am going to vote *no* on passage for second reading. I don't think you should treat Laurel Hill the same as the other. I think it imprudent to pass this today."

Supervisor Roncovieri explained his vote as follows: "I, too, am going to vote *no* for the reason that I believe, sincerely, that a compromise could be effected between the Laurel Hill Cemetery Association and the City—a compromise that would be agreeable to both sides—a give and take proposition. Perhaps we can't get everything we want, but we can see what is proposed. Compromise is the order of the day. No harm can come by postponing three months, and I believe the City could gain some advantage—perhaps a playground or park for the use of the City. I hesitate to vote *yes*, although I would like to vote *yes* with you."

#### SPECIAL ORDER—3 P. M.

The following matter was taken up:

**Appropriation of \$600 From Emergency Reserve Fund for Appointment of Part-Time Criminal Attorney for District Attorney's Office for Five Months.**

(Code No. 9.051)

Bill No. 1224, Ordinance No. 9.051346, as follows:

Appropriating \$600 from Emergency Reserve Appropriation No. 602.900.00 to the credit of Appropriation No. 605.101.00, for the payment of salary of one part-time criminal attorney, District Attorney's office, for five months, at \$120 per month.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$600 is hereby set aside from Emergency Reserve, Appropriation No. 602.900.00, to the credit of Appropriation No. 605.101.00, salaries, District Attorney's office, for the payment of salary of one part-time criminal attorney, for five months, at \$120 per month.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the appointment of an Assistant District Attorney, whose duties will include work incidental to the investigation and trial of cases involving children, assembling of data and records, the briefing of law and the interviewing of witnesses and other work in the preparation of trial in such cases, and the keeping of records and statistics thereof, and to assist in the Domestic Relations Department in legal matters.

### Amendment.

Supervisor McSheehy moved as an amendment that the bill be amended by reducing amount from \$600 to \$360 and the time from five months to three months.

No objection and so ordered.

### Privilege of the Floor.

Mrs. Jos. E. Markham, president Parent-Teachers' Association, declared that her organization had taken no official action.

Mrs. Harry Thomas, director of P.-T. A.; Annie Scanlon, Rose N. Finucchi and Mrs. G. A. Shafter were heard on the pending question.

### Passed for Second Reading.

Whereupon, the foregoing bill, as amended and in words and figures following, was *passed for second reading* by the following vote:

**Appropriation of \$360 From Emergency Reserve Fund for Appointment of Part-Time Criminal Attorney for District Attorney's Office for Three Months.**

(Code No. 9.051)

Bill No. 1224, Ordinance No. 9.051346, as follows:

SPECIAL ORDER—4 P. M.

The following recommendation of the Special Hetch Hetchy Power Distribution Committee offered in lieu of Supervisor Colman's resolution and Supervisor McSheehy's minority report of last week was taken up:

Declaration of Policy Concerning Distribution of Power.

(Code No. 15.032)

Resolution No. 3157, as follows:

Whereas, the Secretary of the Interior has requested the City to make known its policy concerning the distribution of electric energy produced at the Moccasin Power Plant in Tuolumne County; now, therefore, be it

Resolved, That the Board of Supervisors hereby declares its policy to be that it will submit to the voters of the City and County of San Francisco a Charter Amendment identical or similar to Amendment No. 1 submitted at the election held in the City and County of San Francisco on March 9, 1937, when assurance has been received from His Honor the Mayor and the Controller that there are sufficient funds not otherwise appropriated, available to defray the cost of a special election for the purpose stated, which election shall be held at the earliest date permitted under the law.

Discussion.

SUPERVISOR MCSHEEHY: Members of the Board: You have a

special order here on your calendar that I have waited patiently for, and did not attempt to carry through—

THE PRESIDENT: What page is it on?

SUPERVISOR McSHEEHY: It is on page five, declaring policy concerning the situation with regard to power.

That resolution as written here was prepared by our City Attorney, and concurred in by the special power committee. Since then a number of things have happened. First, I spoke to the City Attorney today, and I spoke today to Mr. Leavy, and I don't know whether money can be found to present it to the public, to the people, some time during the month of May. So I am introducing here a resolution. Now I have not had a chance—this resolution has just been prepared by me today, and it was impossible for me to call my committee together, and I am presenting it, it is my resolution you might say, and has not been concurred in by the committee. If the committee sees fit I will gladly substitute this resolution for the one on the calendar. I will have the clerk read the resolution, and you have the one on the calendar—

SUPERVISOR UHL: I will move that it go to committee—I don't know what it is, but I will so move.

SUPERVISOR McSHEEHY: All right, but let's hear it first.

SUPERVISOR UHL: I have no objection to that, but I say to you, I have not heard it and I am going to move it go to committee.

SUPERVISOR McSHEEHY: You have that right.

#### *Resolution*

THE CLERK (reading resolution): "Resolution 3169.

"Whereas, the Secretary of the Interior has indicated he intends to institute action against the city which may deprive it of \$2,000,000 in revenue from the sale of Hetch Hetchy power to the Pacific Gas and Electric Company;

"Whereas, such action if successful would increase the tax rate by approximately 27 cents per \$100 of assessed value of all real and personal property in San Francisco;

"Whereas, the Board of Supervisors initiated the proposal on the March 9th ballot under which it would have been possible for the city to live up to the Secretary's interpretation of the Raker Act which was rejected by the electorate; now, therefore, be it

"Resolved, That this Board of Supervisors hereby declaring that it is the city's policy to distribute Hetch Hetchy power, calls upon the Mayor to outline through the Public Utilities Commission and initiate and propose a definite plan or plans for distribution of Hetch Hetchy power acceptable to the Federal government, and recommends its submission to the people at the earliest possible date; and be it

"Further resolved, that in the event of failure on the part of the administration, to make such recommendation, it is the sense of this Board that the administrative branch of the government should be held responsible for the consequences and whatever increase in taxes may be necessary."

SUPERVISOR McSHEEHY: Now, Members of the Board, I am presenting that resolution and Supervisor Uhl has just told you that he is going to ask that it go to the special power committee. Of course, there it has to go according to our own rules.

May I at this time also say to the members of this Board, that the Senate as now convened in Sacramento, has passed what is known as the revenue bond act, and this Board I think ought to go on record endorsing their action; and this Board ought to send a committee to Sacramento advising and requesting the Assembly to do likewise. If both of these bodies pass this measure, and the Governor sees fit to sign it, we could then—this Board could, if in its wisdom it saw fit, authorize the issuance of revenue bonds. Now the Senate of this state has thought enough of this measure—and they passed it by a very large vote, I think—only two or three dissenting

votes—I can't give you the exact figures, because I haven't them; but I think this Board should go on record endorsing that action.

Now at this time I will call a meeting of the special power committee—I am sorry Supervisor Colman is going to be out of town, but I can't help that, and this matter must be acted on—I will call a meeting for Thursday afternoon at three o'clock. I can't call it tomorrow—

SUPERVISOR UHL: To consider what, Supervisor McSheehy?

SUPERVISOR MCSHEEHY: To consider the resolution that I have just presented, and to consider ways and means of helping out in reference to the passing of the bill that is in Sacramento that the Senate of our State Legislature already has seen fit to pass. I am sorry the hour is so late, or Mr. O'Toole would have been here, and able to give you a lot of data with reference to that matter, because he has an attorney in Sacramento all the time, but he could not be here at this time. Therefore, under those conditions I will call this meeting.

SUPERVISOR COLMAN: Mr. President?

THE PRESIDENT: Supervisor Colman?

SUPERVISOR COLMAN: I would like to state that to my regret I was not present at the meeting of the special Hetch Hetchy committee that was held during the past week. Had I been present—

SUPERVISOR MCSHEEHY: Pardon me just a moment, Supervisor. Mr. Reilly has just called my attention to the fact that he will be in Sacramento Thursday and he has asked me if I could call the meeting Wednesday at two o'clock, and I will call it Wednesday at two o'clock.

SUPERVISOR COLMAN: I was going to say that if I had been present I would certainly have protested, and I do now vigorously oppose the suggested action on the special order for four p. m. I want to call the attention of the Board to the fact that once more the people have spoken on this issue, and have defeated a proposal to issue revenue bonds with which to embark in the retail distribution of power.

SUPERVISOR MCSHEEHY: Well, pardon me, Supervisor, the hour is too late—

SUPERVISOR COLMAN: I am not going to speak long, but it is a matter on which I want to be emphatically on record without any interruption, if you please.

SUPERVISOR MCSHEEHY: All right, Supervisor.

SUPERVISOR COLMAN: Now, Mr. President, and members of the Board, the situation has not changed one particle. The situation is briefly this: The Secretary of the Interior has rendered an opinion that San Francisco is not reasonably complying with the Raker Act. His recourse is not to cancel the entire grant and take it away as some of my opponents have suggested; nor is it to cancel the contract; but it is to go before the attorney general and ask that proceedings be started by which the legal compliance of San Francisco with the Raker Act will be thoroughly tested. As I have stated repeatedly during the campaign—and I took a prominent part in the campaign against the revenue bonds, practically all over town, and twice on the radio—I would welcome such a decision. I think it would be wise, and I think the Board of Supervisors should have it. Let's find out once and for all whether or not we are reasonably complying with the terms of the Raker Act. Once that is done the atmosphere will be clear, and no longer will the question of whether we go into the power business or not become a political football, which it is now.

I am opposed to again presenting this to the people, because I think now rapid transit should be given the right of way. That was the agreement made, technically, when we spoke before. It was stated,

and I believe the record will show it, that I think it was Supervisor Havenner who said he would not be opposed to submitting rapid transit after we submitted the power bonds, and it was generally agreed by all members of the Board that the submission of both on the same ballot would be out of the question.

However, that is a little off the question. The point is, there is nothing at all, in my opinion, to give us any concern, because the question has not changed one particle in the last 12 years. In my sincere and honest opinion we are reasonably complying with the terms of the Raker Act; and this opinion is shared by competent legal authority. The City Attorney himself presented a very strong brief, logical and clear, which convinced me that we are legally complying with the terms of the Raker Act.

So I want to go on record here and now as being opposed to the submission of this project again, and as favoring a friendly determination by a proper authority as to whether or not we are legally complying with the terms of the Raker Act.

Now, Mr. President, let me call the attention of the Board of Supervisors to the fact that the voters spoke very emphatically, in my opinion, at the last election, and once again defeated the project of revenue bonds by a majority vote, and the proposition of going into the power business. That does not indicate that this Board of Supervisors, representing the people of San Francisco, should go to the senate and commend their action which would allow this Board of Supervisors alone to issue revenue bonds, or bonds of any kind, without going to the people, when the voters have once again refused that right to a majority of themselves. It is neither logical nor proper to assume that they would give that authority to six members of this Board of Supervisors.

Now, I regret I will be absent again, but I have to go to Portland, and I will be back Sunday, and be here Monday, so I will not be at the committee meeting to voice my view on this, but I will be here to present them on Monday. I don't know whether they are of any value to any of the other members of the committee. If not, that is too bad, but they are my views, and I feel all the more strongly because since we met before the voters have spoken and have supported my view most emphatically.

SUPERVISOR McSHEEHY: Mr. Chairman?

THE PRESIDENT: Supervisor McSheehy?

SUPERVISOR McSHEEHY: I am not going to attempt to enter into a controversy with Supervisor Colman. I think he is assuming a great deal in placing an interpretation on various matters that are sent to this Board. Now he assumes to place a direct interpretation on just what the letter from Secretary Ickes means, as to just what the Attorney General might do. I wish I had his vision. If I had, I don't think I would be a member of this Board, because I would be a very valuable asset to some banking concern—a very valuable asset, if I had such vision. But the situation is here, and of course his stand on the Raker Act is one that he has been consistent in for 15 years. I won't attempt to go into detail, but I just merely want to tell him this: That the Pacific Gas and Electric Company collected for the year 1936 the huge sum of a little over \$24,000,000 from the City and County of San Francisco for gas and electricity, and they have not paid one five cent piece as a franchise tax—and all the other corporations using our streets pay a franchise tax; and also to tell him that their permit to issue gas, or sell gas and electricity has not been given to them only under certain condition.

Now there is a lot to it. I won't take the time to debate it at this time, and I haven't your wonderful vision to know just what interpretation might be placed on the letter from Secretary Ickes—

SUPERVISOR UHL: Mr. President?

THE PRESIDENT: Supervisor Uhl?

SUPERVISOR UHL: I think an explanation should be made to Supervisor Colman as to how this happens to come on the calendar today. You will recall last Monday there was a matter on the calendar submitted by Supervisor Colman. It was the last paragraph of the resolution submitted by Supervisor McSheehy, and you said it was not in proper form. Do you recall that?

THE PRESIDENT: I thought that was the other matter that we disposed of.

SUPERVISOR UHL: When?

THE PRESIDENT: Earlier this afternoon

SUPERVISOR UHL: Which one is it, then? Is it shown on the calendar?

THE PRESIDENT: The matter of the Market Street Railway.

SUPERVISOR UHL: No.

THE PRESIDENT: Isn't that it?

SUPERVISOR UHL: No, it is this. Now it was agreed last week by Supervisor McSheehy that the resolution—you deleted five paragraphs, you will recall, Supervisor Colman, asking an opinion from the City Attorney, and you struck out five of those paragraphs, and left one, the last one, and that was on our calendar last Monday; and Supervisor Shannon suggested that Supervisor McSheehy bring it back on this week's calendar, the entire resolution. Isn't that correct?

SUPERVISOR MCSHEEHY: Yes.

SUPERVISOR UHL: Now instead of that comes this new resolution. I am going to ask Supervisor McSheehy when he gave notice of the meeting—did you have a committee meeting?

SUPERVISOR MCSHEEHY: The committee reported it in.

SUPERVISOR UHL: Was there a meeting of the committee?

SUPERVISOR MCSHEEHY: Yes, we had it in Mr. Cahill's office.

SUPERVISOR UHL: Anyhow, that is how it got on the calendar.

THE CLERK: Announcement was made last Monday that the special committee was to meet.

SUPERVISOR UHL: Yes, but I understood it was to bring back the resolution of Supervisor McSheehy. Now this was on the calendar. I would like to ask what is the parliamentary situation on this special order for four p. m.?

THE PRESIDENT: That is the motion that is before you on the calendar.

SUPERVISOR UHL: Then it is before the Board at this time?

THE PRESIDENT: Yes.

SUPERVISOR MCSHEEHY: That is before the Board at this time, and I would suggest that it be re-referred back to the special committee.

THE PRESIDENT: Is there any objection?

SUPERVISOR UHL: No objection.

THE PRESIDENT: So ordered.

#### SPECIAL ORDER—4 P. M.

##### Rapid Transit.

The question of rapid transit was on motion of Supervisor McSheehy laid over one week and made a Special Order for 2:30 p. m.

In this connection Supervisor McSheehy declared that Manager Cahill had refused to consider the plan submitted by W. J. Corr, he moved that the Clerk write to Mr. Cahill, asking that Mr. Corr be given hearing.

So ordered.

**Authorizing Exchange of Lands With Catherine Dunne Company.**  
(Code No. 12.1749)

Also, Bill No. 1270, Ordinance No. 12.17491, as follows:

Authorizing exchange of lands with Catherine Dunne Company.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City-owned lands hereinafter referred to as Parcels 1, 2, 3, 4, 5, 6 and 7, to Catherine Dunne Company in exchange for Parcel "A" hereinafter described.

Section 2. Said Parcels 1, 2, 3, 4, 5, 6 and 7 are those certain tracts of land situated in the City and County of San Francisco, State of California, and more particularly described in Bill No. 1217, Ordinance No. 12.17297, approved by the Mayor of San Francisco on February 2, 1937, which parcels were proposed to be sold under the provisions of said Ordinance No. 12.17297.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of the parcels to be traded to Catherine Dunne Company to be equal to the value of Parcel "A" to be acquired by the City and County of San Francisco.

Section 4. Parcel "A" hereinbefore referred to, is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Parcel "A". Beginning at a point bearing north  $71\frac{1}{2}$  degrees west, and distant 3113 feet from a point on the westerly line of Schwerin street, distant thereon 293 feet,  $\frac{1}{2}$  of an inch southerly from the intersection of the southerly line of Sunnydale avenue (formerly Tobin street) with the westerly line of Schwerin street; thence north  $71\frac{1}{2}$  degrees west 572 feet; thence at a right angle southerly 324 feet,  $\frac{3}{4}$  of an inch; thence at a right angle easterly 572 feet, and thence at a right angle northerly 324 feet  $\frac{3}{4}$  of an inch to the point of beginning.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of said Parcels 1, 2, 3, 4, 5, 6 and 7 to Catherine Dunne Company or its assignee. The Director of Property shall deliver said conveyance to the grantee upon receipt of the necessary deed to Parcel "A", and shall record the latter deed.

S.), in effect January 6, 1932."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 7 of Ordinance No. 9.0871, the title of which is recited above, is hereby amended to read as follows:

"Section 7. Appropriate City and County Departments may file sealed bids for the execution of any work to be performed under a contract and shall not be required to furnish security or submit information relative to financial qualifications as provided in this ordinance. Any bid submitted by a department of the City and County, if

it is the lowest bid, must be approved by the Controller before the award of contract. If the bid of a City and County Department, as investigated and approved by the Controller, is the lowest, the contract shall be awarded to the department and accurate unit costs shall be kept of all direct and indirect charges incurred by the department under any such contract, which unit costs shall be reported to and audited by the Controller monthly and on completion of the work.

"Provided that in the execution and performance of any contract awarded to a city department under the provisions of Section 95 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution in effect at the time of the award of said contract shall be paid to employees performing work under such contract."

**Amending Section 36 of Ordinance Licensing Roller and Ice Skating Rinks.**

(Code No. 3.041)

Also, Bill No. 1275, Ordinance No. 3.04168, as follows:

Amending Section 36, Ordinance No. 5132 (New Series), as amended by Ordinance No. 7285 (New Series), approved October 27, 1926.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 36, Ordinance No. 5132 (New Series), as amended by Ordinance No. 7285, approved October 27, 1926, is hereby amended to read as follows:

Section 36. Every person, firm or corporation maintaining or conducting any public roller or ice skating rink shall pay therefor a license of ten (10) dollars per day or fifteen (15) dollars per quarter.

Every person, firm or corporation maintaining or conducting any revolving wheel, chute, toboggan slide or other mechanical contrivance where a fee or sum of money is charged to carry any person thereon, whose total receipts amount to fifteen hundred (1500) dollars or more per quarter shall pay a license of one hundred (100) dollars per quarter. If such total receipts are less than fifteen hundred (1500) dollars per quarter such person, firm or corporation shall pay a license of forty (40) dollars per quarter.

Every person, firm or corporation maintaining or conducting any merry-go-round or swing where a fee or sum of money is charged to carry any person thereon, shall pay a license fee of twenty (20) dollars per quarter.

Every person, firm or corporation maintaining or conducting any museum, panorama or cyclorama where an admission fee is charged, or phonograph parlor, or any collection of machines operated for the entertainment or amusement of the public, shall pay a license of fifty (50) dollars per quarter.

The Tax Collector shall not issue a license to any person, firm or corporation to conduct a public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, moving picture exhibition, panorama, cyclorama or any mechanical contrivance used to carry passengers, under the provisions of this section, unless the applicant therefor shall have first obtained from the Board of Police Commissioners a permit to conduct such public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, panorama, cyclorama or mechanical contrivance; such permits shall be issued annually, and may be revoked at any time by the Board of Police Commissioners, and upon the revocation of such permit such license issued thereon shall immediately terminate and expire.

The Board of Police Commissioners shall not issue any permit and the Tax Collector shall not issue any license to any person, firm or corporation to conduct a public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, moving picture exhibition, panorama or cyclorama, or any mechanical contrivance used to carry passengers, within a distance of two hundred (200) feet from the front line of any church or school, or within one hundred (100) feet of the property line on the sides or rear of any church, school lot, or children's playground; provided, however, that this restriction shall not apply to buildings already erected or in course of erection, and especially designed to be used for any of the above purposes.

**Legislative Bills Approved and Disapproved.**

The following recommendation of Revenue and Taxation Committee was taken up:

March 11, 1937.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your Board by the Revenue and Taxation Committee:

**NOT IN FAVOR OF ENACTMENT OF:**

Assembly Bill 180 (Pelletier). An act to amend the Code of Civil Procedure relating to Small Claims Courts.

(Action based on report from the Clerk of the Municipal Court to the effect that this measure proposes to increase the jurisdiction of the Small Claims Court from \$50 to \$100, and that such action would materially reduce the revenues of said department.)

Assembly Bill 693 (Desmond). An act to amend the Probate Code relating to the handling of decedents money by the Public Administrator.

(Action based on report from the Attorney for the Public Administrator to the effect that he deems this measure "an heir hunter bill authorizing non-resident heirs to nominate administrators in the State of California whose right to letters of administration would be prior to that of the Public Administrator." The report further states that not only is the legislation considered dangerous, but it would materially reduce the revenues of the Public Administrator's office.)

Assembly Bill 1061 (Clark, et al.). An act to amend and add to the Code of Civil Procedure relating to Small Claims Court and actions of forcible entry, forcible detainer, and unlawful detainer.

(Action based on report from the Clerk of the Municipal Court to the effect that the measure conflicts with Assembly Bill 2004. Proposes to increase the jurisdiction of the Small Claims Court to include actions of forcible entry and unlawful detainer and would result in a loss of revenue of \$3 for each suit filed.)

Assembly Bill 2228 (Cottrell and Beene). An act to amend the Penal Code, adding a new section providing for the payment of fees of jurors in Coroner's Jury inquests.

(Action based on report from the Coroner to the effect that he deems the adoption of such a measure inadvisable for the reason that the payment of a jury fee for this particular service might sub-

ject San Francisco to constant solicitation by a type of person not suitable for the work; that the Coroner's Jury personnel in San Francisco has always been comprised of a high type of the citizenry and entirely without payment of fees; further, that the measure would entail additional expenditure by the city.)

Respectfully submitted,

THELMA BENSON,  
Secretary of the Revenue and Taxation Committee.

March 11, 1937.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your Board by the Revenue and Taxation Committee:

IN FAVOR OF ENACTMENT OF:

Assembly Bill 2280 (Cronin, Dawson, Maloney, et al.). An act to add a new section to the Penal Code relating to destruction of records in the Municipal Court, Justices' Court and Police Court.

(Action based on report from the Clerk of the Municipal Court to the effect that the adoption of such measure will provide greater efficiency for the department in that needed floor space will be made available and the necessity of additional file equipment eliminated.)

Assembly Bill 2284 (Cronin, Dawson, Maloney, et al.). An act to amend Code of Civil Procedure relating to destruction of records in Municipal Court and Justices' Court.

(Action based on report from Clerk of the Municipal Court. Same explanation as that for Assembly Bill 2280 reported above.)

Assembly Bill 2281 (Cronin, Dawson, Maloney, et al.). An act to amend the Vehicle Code relating to suspension of license and registration while judgment unsatisfied and until giving of proof of ability to respond in damages.

(Action based on report from the Clerk of the Municipal Court to the effect that the measure will provide increased revenue.)

Assembly Bill 2282 (Cronin, Dawson, Maloney, et al.). An act to amend Political Code relating to official service without fee.

(Action based on report from Clerk of the Municipal Court to the effect that under the present system, hundreds of official suits are filed by State and county officials without cost; that this measure would permit costs of Court to be collected and paid where judgment was obtained, and that the revenue of all courts would be increased thereby.)

Assembly Bill 2505 (Donihue). An act to amend an act entitled "An act authorizing and requiring boards or commissions having the management and control of paid fire departments to grant the members thereof yearly vacations," approved March 26, 1895, relating to vacations of members of fire departments.

(Action based on report from the Secretary of the Fire Commission to the effect that the Chief Engineer and the Fire Marshal gave study to this bill and approval of same.)

Respectfully submitted,

THELMA BENSON,  
Secretary of the Revenue and Taxation Committee.

**Limiting Tenure of Office of Mayor to Two Terms of Four Years.**

(Code No. —)

Supervisor Schmidt presented:

Resolution No. 3163, as follows:

Whereas, an unduly prolonged tenure of office of an elective Chief Executive is contrary to the spirit of democratic government and leads to the intrenchment of selfish groups and factions, and to the formation of political dynasties which become overbearing and dictatorial in nature; and

Whereas, an outstanding precedent regarding tenure of office in governmental executive positions was established by the illustrious George Washington when he refused a third term; and

Whereas, it appears that the civic interests of the community will best be served if the same individual cannot hold the office of Mayor for longer than two terms of four years each; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco draft a Charter Amendment for presentation to the electorate of San Francisco at the next municipal election which will limit the occupancy of the office of Mayor by the same individual to two terms of four years each.

*Referred to Judiciary Committee.***Limiting Tenure of Office of Police Commissioner to Six Years.**

Supervisor Schmidt presented:

Resolution No. 3164, as follows:

Whereas, the police activities of any community are so interwoven with the well being, liberties, rights and protection of the public; and

Whereas, all police power and police activities should be wielded for the good of the public at large; and

Whereas, any usurpation of police power by politically intrenched groups is inimical to the welfare and well being of the citizens of the community; and

Whereas, it appears obvious from the standpoint of human nature and experience that any man holding the office of Police Commissioner over a prolonged period of time is apt to become biased, arrogant and dictatorial in his attitude toward public sentiment and public desires; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco draft a Charter Amendment for presentation to the electorate at the next municipal election limiting the tenure of office of a Police Commissioner to one term of six (6) years; and be it

Further Resolved, That upon the adoption of such Charter Amendment by the people, any Police Commissioner who has held office for a period of six (6) years prior to the adoption of such Charter Amendment shall be automatically dropped from said Police Commission.

(Code No. —)

Supervisor Shannon presented:

Resolution No. 3165, as follows:

Whereas, in the town of New London, Texas, on March 18 of this year, occurred what was probably the most appalling catastrophe in the history of any American city, in which the lives of upwards of five hundred innocent school children with fourteen of their teachers were snuffed out without warning in the twinkling of an eye, when

the New London Consolidated School was destroyed by a terrific gas explosion, reducing this once peaceful and prosperous community to a condition of profound and abject sorrow, depriving nearly every home of some beloved child, and spreading desolation and misery in this once happy community; now, therefore, be it

Resolved, That this Board of Supervisors, on behalf of the people of the City and County of San Francisco, extends to the Mayor and to the people of the town of New London, our heartfelt sympathy in the awful calamity that has befallen them, commiserating with them in their terrible suffering and sorrow, and praying that the Almighty Father will assuage the overpowering grief which is theirs.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### **Shoppers' Subways.**

(Code No. —)

Supervisor Uhl presented:

Resolution No. 3166, as follows:

Whereas, traffic congestion in downtown San Francisco has become intolerable; and

Whereas, the San Francisco Call-Bulletin has proposed that "shoppers' subways" be constructed under Market street; and

Whereas, such subways would afford increased safety to women and children crossing Market street with its four car tracks, and lessen congestion and delay; and

Whereas, rapid transit and other proposals designed to improve the traffic situation cannot be completed for several years at the least, although congestion even today is getting progressively worse; now, therefore, be it

Resolved, That this Board of Supervisors investigate the feasibility of the construction of at least one such tunnel under a crowded Market street intersection to be designated by the City Engineer; and be it

Further Resolved, That the Board ask the City Engineer for a report on the advisability of constructing such a tunnel at an early date, and to furnish preliminary cost estimates therefor.

### **Free Motor Travel Between Marina and Richmond Over Golden Gate Bridge Approach.**

(Code No. —)

Supervisor Ratto presented:

Resolution No. 3167, as follows:

Whereas, the Golden Gate Bridge is rapidly nearing completion and will soon be open to traffic; and

Whereas, use of the Marina and Funston avenue approaches would constitute a saving both in time and expense to motorists traveling from the Marina to the Richmond and vice versa; and

Whereas, the City and County of San Francisco has paid 85 per cent of the preliminary expenses for the Golden Gate Bridge; \$40,000 for construction of the Marina approach within the Presidio, and is pledged to pay one-third of the cost of the Funston avenue approach; now, therefore, be it

Resolved, That this Board of Supervisors does hereby memorialize the Board of Directors of the Golden Gate Bridge and Highway District and does urge that arrangements be made to permit of motor travel between the Richmond and the Marina, over the approaches to the Golden Gate Bridge, without expense to such traffic.

**Leave of Absence—Supervisor Jesse C. Colman.**

(Code No. 4.053)

Resolution No. 3168, as follows:

Resolved, That in accordance with the recommendation of His Honor the Mayor, Hon. Jesse C. Colman, member of the Board of Supervisors, is hereby granted a leave of absence for a period of one week, commencing March 24, 1937, with permission to leave the State.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Congratulations to Mrs. Anita Day Hubbard.**

(Code No. —)

Supervisor McSheehy presented:

Resolution No. 3170, as follows:

Whereas, the San Francisco Examiner has added to its staff of feature writers, Anita Day Hubbard, well known in the newspaper world, and more especially for her recent work as Director of the San Francisco Bay Bridge Celebration; and

Whereas, Mrs. Hubbard will conduct the "Good Neighbor" column of the San Francisco Examiner for the benefit of the citizens of this City; now, therefore, be it

Resolved, That this Board of Supervisors wishes her success in her new venture and that the San Francisco Examiner be congratulated on adding to its staff such a wonderful writer as Mrs. Anita Day Hubbard.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Report on Unemployment Relief Legislation.**

Supervisors Shannon and Roncovieri reported on visits to Sacramento re legislation regarding relief, and that by the adoption of legislation by the State Legislature, as recommended, San Francisco's tax rate will be increased by seven cents, to provide for relief.

**Report of Supervisor Brown on His Trip to Washington, D. C.**

Supervisor Brown reported on his trip to Washington, D. C., in behalf of the Golden Gate Bridge opening fiesta. He moved, as an amendment to motion previously made (February 8, 1937), that transportation of Supervisor McSheehy to Washington, D. C., and return, be paid by the City and County of San Francisco.

*Motion carried.***Scroll Commemorating Santa Clara Broncos Victory Over Louisiana State University.**

Supervisor Brown moved that a suitable scroll, relative to the great victory and splendid advertising received as the result of the Santa Clara Broncos' victory over the Louisiana State University at New Orleans, on New Year's Day, be prepared and signed by the various members of the City and County government.

*Motion carried.***Death of Chief Building Inspector Erle L. Cope.**

Supervisor Ratto moved that the Board adjourn out of respect to the memory of Erle L. Cope, and that suitable expressions of the sympathy of the Board be extended to his family.

Protest filed by W. H. Gillham was withdrawn.

Whereupon, the Clerk was directed to notify the Department of Public Works that hearing was had and no protest made.

### SPECIAL ORDER—2:30 P. M.

#### Rapid Transit.

Question being on Supervisor Meyer's No. 6 motion, to-wit:

That the Public Utilities Commission's subway and rapid transit proposal to be submitted to the voters in the form of a bond proposition, and that the Board go on record favoring its ratification by the voters.

#### Proposed Amendments.

Supervisor Uhl, seconded by Supervisor Schmidt, moved to delete the words "and that the Board go on record favoring its ratification by the voters."

Amendment *lost* by the following vote:

Ayes—Supervisors Brown, Roncovieri, Schmidt, Uhl—4.

Noes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Shannon—7.

Supervisor McSheehy moved that this entire matter be postponed for a week and be made a Special Order of Business for 3 p. m. next

Monday and in the interim he (McSheehy) will bring in an amendment of this report in reference to bus transportation in San Francisco.

*No second.*

#### Motion Adopted.

Whereupon, the roll was called on Supervisor Meyer's motion and the same *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

No—Supervisor McSheehy—1.

SUPERVISOR MCSHEEHY: I want the record to show that I wanted to change my vote from *no* to *aye* in order to move for a reconsideration, but that the Chair ruled me out of order.

#### Explanation of Vote.

THE PRESIDENT: The question is now on the original motion made by Supervisor Meyer—Supervisor Brown.

SUPERVISOR BROWN: Mr. Chairman, in explaining my vote on this matter, I would like to make a few brief statements, and I would like also that they be included in the record, because I expect to refer to them later on.

In the first place, the question before us today is a question of policy. It does not specifically offer to the people, to vote on, the \$52,000,000 bond issue. It states that the Board of Supervisors is in favor of submitting such a proposal to the people. With that I can have very little argument. I am in favor of submitting a rapid transit proposal to the people. I think, with Supervisor Colman, that rapid transit is probably the most important question before the City and County of San Francisco at the present time, bar no others.

However, what we have before us does not give us any option as to whether one plan or the other is more desirable. It merely asks us point blank whether we propose to submit this particular plan or not. I think that the submission of the \$52,000,000 proposal to the voters at this time is, so far as any tangible results are concerned, an idle act, because I am inclined to believe that the bond issue will inevitably be defeated in its present form; but from the standpoint of getting the people of San Francisco to think about the rapid transit question, perhaps the gesture is not an idle one. Unless the people have forcibly presented to them the whole rapid transit question, and unless they are given an opportunity to think it over, to study it, and to come to their own conclusions on rapid transit, they will not appreciate that it is the important issue that does confront us today.

The reasons that I am not in sympathy with the \$52,000,000 proposal are these: First, it deals with a portion of a car riding public at present estimated at 25 per cent of the total travel, and which, under the most favorable estimate of results to be secured from it in the future, estimated as 50 per cent of the total volume of traffic. I am inclined to disagree with the 50 per cent figure—although I am perfectly willing for the purpose of this argument to admit that it was given to us by Mr. Cahill as merely a tentative estimate. However, I disagree with the 50 per cent figure for the reason that I do not think the Municipal lines as at present constituted, or as proposed to be set up in the bond issue proposal, will serve 50 per cent of the people of San Francisco. Secondly, I don't think that the subways will have the material effect in speeding up traffic that is claimed for them, at any other time of the day than the peak hour. I don't think that there is any material criticism of the street car service now in San Francisco at any time except between the hours of seven-thirty and nine in the morning, and the hours of four to six in the afternoon. During the rest of the day we probably have as good

street car service here as any other city in the United States. For that reason I do not think that the 50 per cent estimate will be reached, because people are not going to walk any great distance, except during the peak hours, to get the benefit of the subway system.

A third reason I do not believe the \$52,000,000 bond issue is the best proposal for the city is because it does not afford any relief in downtown San Francisco from the present cross-town traffic congestion. It does not propose to eliminate from Market street the surface lines, but merely eliminates some of them. The conditions that cause congestion on Market street will still prevail, and I don't believe that there will be any relief afforded to traffic either on Market street or across Market street. The fourth reason I am opposed to the \$52,000,000 expenditure is because the effect of the bridge traffic has not yet been felt, and can only be conjectured, and in any event will not be felt for years to come in its full effect.

The first item we must consider is that the fare per single ride will be still 5 cents—at least on the Municipal cars—as against the rate of transbay travel which will be about 12 cents on commute ticket and 21 cents for a single ride; and that is a very considerable item of cost that must be considered when we start moving any material number of people across the Bay. Furthermore, I am reliably informed, and have never heard this contradicted, that there will not be simply the process of getting in the train and riding across the Bay—that that is not what is contemplated. But, as a matter of fact, it is proposed to operate lightweight specially constructed cars to a junction terminal to the east end of the bridge at which point it will be necessary to change cars, and go in the existing rolling stock of the Key Route and the Southern Pacific System from that transfer point to their destination. So that not at least for years to come, until the present rolling stock has worn out, will there be any change in the transportation system. If I am mistaken in that statement I would like to have it corrected, because that was the last information I got on the subject.

With all these things considered, I still think it would be a step forward for this board to go on record as favoring rapid transit, and since the only form of rapid transit we have before us is the Cahill plan, then we should go on record as favoring the submission of that plan to the people, in the hope that the people will thereby be awakened to the problem, and be compelled to make a study of it for their own personal information. As I said before, I am not at all satisfied with the proposal. I think it leaves out the main part of the issue, which is the service of the major part of our people—but it is the only one before us, the only one that will make a start in the right direction, and for that reason I am not going to oppose submission—I will vote for it as it is before the board.

SUPERVISOR RONCOVIERI: Mr. Chairman?

THE PRESIDENT: Supervisor Roncovieri.

SUPERVISOR RONCOVIERI: Is it your interpretation of the motion that is before us that we are voting in favor of a \$53,000,000 bond issue?

THE PRESIDENT: No.

SUPERVISOR RONCOVIERI: There is some mention, I know, of that amount, but in voting for this are we binding ourselves individually to vote when it comes up later—because it must come up later—for a \$53,000,000 bond issue, or could the amount be changed?

THE PRESIDENT: I feel that the amount could be changed.

THE CLERK: That is correct.

SUPERVISOR RONCOVIERI: Well, if that is the understanding, I am willing to vote for it; but I want to call your attention that we can not—these are some of the obligations placed upon us, and upon the Public Utilities Commission before we can vote a specific sum for a bond issue.

(Charter section read.)

SUPERVISOR RONCOVIERI: I take it from that that the estimated revenues must be given to us; that the entire job as proposed must be analyzed and that we must have plans before us before we can legally submit a bond issue. I know also somewhere in the charter that it is provided that no bond issue shall be submitted with less than eight votes.

THE CLERK: That is the state law and the constitution.

SUPERVISOR RONCOVIERI: The state law and the constitution. And also that the amounts, dates of redemption, all the financial details must be worked out before it is submitted to the people, so that later on, those who buy the bonds may expect to know when they will have them redeemed—the interest rates and all that sort of thing.

I believe, as the Chairman does, that this does not involve a fixed amount, but involves simply a policy that later on, when all the figures are given to us, we may or may not vote for what is proposed then on the financial side solely. I wish to say in explanation of my vote that I recognize the great need of rapid transit. This is one of the major needs of the city, and we know something must be done, and this being the only feasible plan as given to us by our engineers I feel like voting for it—I am voting for it, but as to the amount that it will take, and whether it shall be done in small units at a lesser cost to the people at large is another question. I don't know what I will do when that comes before us, but at the present I will vote for it.

THE PRESIDENT: Doctor Schmidt?

SUPERVISOR SCHMIDT: Just in explanation of my vote. I am sorry that the Board did not see fit to delete the last part of the proposal that is before us. I am going to do this time what I have done many times in the past, and not stand in the way of presentation. I am not in favor of all parts of this proposal—I want that distinctly understood. I am merely in favor of presenting it to the people without giving my approval to all parts of it; because I can't see any reason, in the light of what Supervisor Roncovieri has said, why we should not divide this up. But apparently that is not the wish of the utilities commission, and they want the people of San Francisco to swallow the entire pill, which I don't think they will do. Another point I think the people should know at the time this is brought up—I think the people should be given to understand that two tracks are going to remain on the surface on Market street. The people often say, why don't you give us a proposal in such a manner that we know exactly what we are voting for? I don't think anything should be kept from the people, and if this is going to be put on the ballot they should understand that two surface tracks are going to remain. Personally, I am in favor of the four track subway if you are going to have any. On the other hand, I quite agree with what Supervisor McSheehy said, that in Manhattan Island all the surface lines have been removed with the exception of the 42nd street line, and you do have rapid transit in New York.

What I don't like about this is that when we discussed it being constructed, the question was asked: What are the people of San Francisco generally going to do in the next five years while this is being done? We need it now as well as in five years from now—and the answer was, well, they will probably have to suffer along in the meantime. I think we ought to get busy on the surface right away, and not wait until five years from now. While we are waiting for this proposal to be brought before the people, which will doubtless be voted down, although there are parts of it that have merit—I think the most congested part, if the people see fit to vote a subway, probably should be done along Market street, to give those people who go down there to work a chance to get home rapidly. Then the surface lines should be taken into consideration. I think Supervisor McSheehy is right along those lines.

Now, as I say, we still have more time to think this matter over. I am not going to object to having the thing presented to the people, but I want the people to realize all the points with regard to this matter, and especially that surface transportation is not being taken into consideration at the present time and immediately, and secondly that two surface lines are going to remain on Market street. I think that should be given to the people.

THE PRESIDENT: Supervisor Ratto?

SUPERVISOR McSHEEHY: I just want to ask a question of Supervisor Schmidt.

SUPERVISOR RATTO: I will yield to a question.

SUPERVISOR McSHEEHY: I have a right to ask him a question. Doctor, just for the sake of the record, do I understand you to say that you believe the people will vote down the proposition?

SUPERVISOR SCHMIDT: I have a feeling that they will, yes.

SUPERVISOR McSHEEHY: And yet you are going to vote to submit it to them. All right, I just wanted to get your attitude for the record.

SUPERVISOR SCHMIDT: My answer to you is this: A large number of people want this, and in the past a large number of people have come in here with propositions that they want submitted, and my personal opinion may have been opposed, but I am not going to stand in the way of any large representative group who want a proposition put on the ballot. The final decision remains with the people. I think it will be a mighty good thing to bring it before the people, so we know where we stand. They will have to do something about transportation, and apparently there is a feeling that they want to tackle this transportation problem. I am also giving you the answer that surface transportation can not wait, and they ought to be at it now, rearranging the service, substituting buses, various ways they can attend to that, and we ought to have it now; it has to be done anyway.

THE PRESIDENT: Call the roll—Supervisor Ratto?

SUPERVISOR RATTO: I am going to vote for submission to the people, but I want to be on record as not being in favor of all the subways and everything else in the plan set up by Mr. Cahill.

THE PRESIDENT: Supervisor McSheehy?

SUPERVISOR McSHEEHY: If there is no other member that wishes to be heard I want to call your attention to a few things. I want to read to you—especially addressing myself somewhat to Supervisor Roncovieri, because I served under the Supervisor as an employee, and the Supervisor is well versed in English, and knows the meaning of every word—in fact, he is somewhat of an authority—I want to read to him particularly, this is the motion: “I move that the Public Utilities Commission’s subway and rapid transit proposal be submitted to the voters in the form of a bond proposition; and that the Board go on record favoring its ratification by the voters.” It is very short, but there is a punch in every word. There is the plan. You have been told that this plan will cost \$52,700,000, and that is of record. Therefore, you have the record, and you have the cost. Some of the members of the Board feel that perhaps this is not the best plan. Now what position do we find ourselves in? We are declaring a policy here this afternoon, and if eight members of this Board vote later on to submit, and it will come to them, this particular bond issue will be on the November ballot. Some members of this Board state they do not feel the people will approve it. Doctor Schmidt agrees with me that possibly bus transportation would be best, and he was in New York last year. Every member seems to have some reason or other for not submitting it, so why submit it? You will cloud the issue, nothing will be done until November, and in my opinion the majority of the people will vote the bond issue down in November. So, if you feel that way about it, why submit it?

I have been bold, and come out point blank and told you, Have you

a substitute, and I said, yes, I have a substitute. It has taken me some time to think the substitute over, and I offer it to you. I think the substitute will cover just what we are trying to cover, to give the people rapid transportation. How will you give it to them? I say you can give it to them in the most modern method possible, which is bus transportation. We have one of the steepest hills in San Francisco, known as the 33 line, and that is giving wonderful transportation to the people. Throughout the entire city perhaps one-tenth will require the trackless trolley. The other nine-tenths will be quite properly served by bus transportation, because the cars will not require a trackless trolley.

So I say to you, members of the Board, that I think—and I am only thinking now—I think the entire system, and taking the figures Mr. Cahill gave us—he told us there was about one thousand cars traversing our city streets in San Francisco, about one thousand covering the Municipal Railroad, of which the Market Street had 75 per cent and the Municipal 25 per cent, in other words 250 Municipal, 750 Market Street; and he made an estimate on that of about \$20,000 a car, which would make \$20,000,000. You have no cost whatsoever of trackage, no cost for maintenance and you are confronted here, members of this Board, with a raise in your tax rate—I mean a raise in your car fare to 7 cents, or tokens 6 for a quarter, and I believe in my heart that the Railroad Commission will grant that, because I think the company can show positive figures showing that the raise is due them, and I think the Railroad Commission will grant that.

Now do you think you are wise in passing this resolution this afternoon? Do you think so? I do not. I can not present to you a substitute for it at this particular time, because I have not properly laid one out, but if you wanted to delay this matter for one week, and I can get a second, I will propose to you a substitute for this proposition, and I will propose that one week from today—if I can get a second.

SUPERVISOR UHL: Will you yield to a question?

SUPERVISOR McSHEEHY: Yes.

SUPERVISOR UHL: Must that emanate from the Public Utilities Commission, or the Board of Supervisors?

SUPERVISOR MEYER: From the commission.

SUPERVISOR UHL: That is what I thought. Then that is out.

SUPERVISOR McSHEEHY: Just a minute. I can't understand Supervisor Meyer—

SUPERVISOR MEYER: We have heard all the arguments you have made, and we know we have got to take something from the utilities commission before we can act, and we have got to submit it to the people before we can do anything else, and all this killing of a lot of time doesn't get us anywhere.

SUPERVISOR McSHEEHY: I am sorry I am killing time. I didn't know your time was so precious.

But I will say to the members of the Board that I can't take that for granted at all, the statement made by Supervisor Meyer. I am a member of this Board, and I have a right to submit to this Board any resolution that I see fit, and this Board in return will send it to some committee of this board, and that committee will send it to some department. I know I am in order in submitting a resolution along those lines, and I know the machinery that it would have to go through before it comes back to the Board. It will be reported on by a committee, a committee of this Board of which the Supervisor to my right is chairman, and of which I happen to be a member, and that committee will ask information from the Utilities Commission, and they will receive a report accordingly. So I say to you—

SUPERVISOR MEYER: What will they do?

SUPERVISOR McSHEEHY: I don't know what they will do.

SUPERVISOR MEYER: They are on record. This is not a trifling matter.

THE PRESIDENT: This is all out of order, Supervisor McSheehy.

SUPERVISOR McSHEEHY: I am talking entirely on the motion.

THE PRESIDENT: No; you are talking about what you propose to do if you can receive a second.

SUPERVISOR McSHEEHY: If I can receive a second I will move that this entire matter be postponed for one week, remain on the calendar, be made a special order of business at 3 o'clock next Monday, and during that interim I will bring in an amendment to this report in reference to bus transportation in San Francisco over the streets of our city. If I can receive a second?

THE PRESIDENT: Is there a second to Supervisor McSheehy's motion? It fails for want of a second.

SUPERVISOR McSHEEHY: That is all right. I have made my motion. I have nothing further to say.

THE PRESIDENT: Supervisor Colman.

SUPERVISOR COLMAN: In explaining my vote, I am voting for this because I honestly feel it is the proper thing to do, and also because I believe it has an even chance of success, with intelligent presentation to the people. I think the Board has every reason to feel confident that it will receive a two-thirds vote. With due respect to our colleague, he is a builder. It is true that he did go to New York and visit the great metropolis, and no doubt he did ride uptown in the buses from Harlem to the central district; but we have the additional authority upon the plan, namely the opinion of Mr. Ridgeway, who lives in New York, and is more familiar with the circumstances and conditions in New York than is our colleague. I think that is a fair statement.

SUPERVISOR McSHEEHY: This plan was submitted to Mr. Ridgeway and no other plan. He passed on this and nothing else.

SUPERVISOR COLMAN: Mr. Ridgeway has the additional advantage of having built all of the subways in New York, and of having made a minute study of this particular question, which I think it is fair to state gives his opinion a higher rating—with no disrespect to Supervisor McSheehy—than the opinion of Supervisor McSheehy based on his 24 or 48-hour visit to New York, admitting that he did take the bus uptown from Harlem into the central district. It also has the benefit of study and agreement of another world-famed engineer, Mr. ...., and both of them are thoroughly agreed. Now, the members of the Utilities Commission considered the point that Supervisor McSheehy brought out, and I would feel more confident in view of their training, and additional familiarity with the subject, in backing the judgment of these two engineers and the Utilities Commission, with no disrespect, than to take the opinion of Supervisor McSheehy on this particular matter.

Now there is no question in my mind, and I think no question in the minds of any members of the Board as to the necessity of this thing. I don't want to go into the details again, and I agree with Supervisor Roncovieri that the definite amount has not yet been figured, and I would like to reserve the right to appear before the Finance Committee to discuss the \$6,000,000 saving mentioned at the time, which is a saving of \$6,000,000. That will come later on, but today we are adopting a policy of submitting the question of rapid transit to the voters. This is rapid transit definitely. Let the Market Street Railroad alone at the present time. I have a feeling—I don't know whether it is true or not, that we may be, by continually interjecting the question of the purchase of the Market Street Railway, be unwittingly playing into the hands of that corporation. Let the line alone. We are told, and it is true, that the purchase of the Market Street Railway will not give us one more mile of trackage, or one more car. Let it alone, I say. It might result in a curtailment of service, and that is not what we are looking for. We are considering the question of rapid transit; it is before us, and should be presented

to the people, and I am going to vote for it in all sincerity, and with the sincere hope that it will carry.

SUPERVISOR UHL: Mr. President?

THE PRESIDENT: Supervisor Uhl.

SUPERVISOR UHL: I want to explain my vote. I have taken the position on this Board that I am elected by the people, and that when a representative group desire a matter submitted to the people I am perfectly willing to submit the same, although I may be personally opposed to it as in this particular instance now; and I want this made a part of the record, if you please, in our Journal, that I am willing to vote that this matter of policy shall be adopted, but that I am not obligating myself to approve the rapid transit plan as submitted by the Public Utilities Commission.

SUPERVISOR McSHEEHY: Mr. President?

THE PRESIDENT: Supervisor McSheehy.

SUPERVISOR McSHEEHY: Supervisor Colman used my name in comparing Mr. Ridgeway with myself. The comparison is not fair. This was the plan that was submitted to him by Mr. Cahill, in reference to the subway construction. Mr. Ridgeway—and I have met the gentleman several times—is an authority on subway construction. He is employed the year around by the City of New York, and he is an authority on subway construction, and passed on that entirely, and without any reference to the purchase of the Market street line and the unification of both lines, or a unified bus transportation—that matter was never submitted to him. Therefore, the comparison, using his name with mine, is not fair. I don't know whether Supervisor Colman did it unintentionally, or unwittingly, but I don't think there is any comparison, because Mr. Ridgeway passed on nothing but subway construction.

THE PRESIDENT: Call the roll.

THE CLERK: Supervisor Brown?

SUPERVISOR BROWN: Aye.

THE CLERK: Supervisor Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Supervisor McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: Aye.

THE CLERK: Supervisor Meyer?

SUPERVISOR MEYER: Aye.

THE CLERK: Supervisor Ratto?

SUPERVISOR RATTO: Aye.

THE CLERK: Supervisor Reilly?

SUPERVISOR REILLY: Aye.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Supervisor Schmidt?

SUPERVISOR SCHMIDT: Aye.

THE CLERK: Supervisor Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: Ten "Ayes"; one "No."

THE PRESIDENT: The motion is carried——

SUPERVISOR McSHEEHY: Just a moment. I wish to change my vote from "No" to "Aye", and give notice of reconsideration.

THE PRESIDENT: This is only a motion, Supervisor McSheehy.

SUPERVISOR McSHEEHY: I am making the motion, Mr. President.

THE PRESIDENT: I will rule it out of order.

SUPERVISOR McSHEEHY: All right; that is your privilege. I want the record to so show.

In connection with the foregoing Supervisor Uhl called attention to new stream-lined cars now used in Los Angeles. He requested that the Clerk communicate with Los Angeles Railway Corporation requesting information as to cost of new stream-lined car, weight of cars and blueprint of construction.

### **A Policy Respecting the Acquisition of Privately-Owned Toll Bridges.**

(Code No. 12.11)

Resolution No. 3171, as follows:

Whereas, there are five toll bridges on San Francisco Bay; namely, The San Francisco-Oakland Trans-Bay Bridge, the Golden Gate Bridge—both of which are publicly owned—and the Dumbarton Bridge, the San Mateo Bridge and the Carquinez Straits Bridge, which three are privately owned; and

Whereas, there is a well-defined movement to have the State of California purchase the privately-owned Carquinez Straits Bridge; and

Whereas, the Golden Gate Bridge is a publicly-owned public utility secured by the taxable property of San Francisco, Marin, Napa, Sonoma, Mendocino and Del Norte counties; now, therefore, be it

Resolved, That it shall be and is hereby declared to be the policy of this Board that purchase of the Carquinez Straits Bridge or any of the above-named privately-owned bridges by the State of California be opposed until such time as the State of California has made all necessary arrangements to take over the operation and control of the publicly-owned Golden Gate Bridge; and be it

Further Resolved, That a copy of this resolution be forwarded to the Boards of Supervisors of Marin, Napa, Sonoma, Mendocino and Del Norte counties; to the Governor of the State of California, the San Francisco delegation in the State Legislature and the California State Highway Commission.

The following recommendation of the Streets Committee was taken up:

**Closing and Abandoning a Portion of the Southwesterly Side of Villa Terrace.**

(Code No. 12.0622)

Resolution No. 3172, as follows:

Whereas, on the 8th day of February, 1937, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 3047, Code No. 12.0621, which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 9th day of February, 1937, said resolution being in words and figures as follows:

*Intention to Close and Abandon a Portion of the Southwesterly Side of Villa Terrace.*

(Code No. 12.0611)

Resolution No. 3047, as follows:

Resolved, That the public interest requires that the certain following described portion of Villa terrace, at Pemberton place, be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Villa terrace more particularly described as follows, to-wit:

Beginning at the point of intersection of the southwesterly line of Villa terrace and the southeasterly line of Pemberton place; thence southeasterly along said line of Villa terrace, 57.119 feet to an angle point therein; thence deflecting 160 degrees 30 minutes to the left and running northwesterly along the southwesterly line of Villa terrace produced northwesterly, 44.936 feet to a line parallel with and distant 15 feet at right angles northeasterly from the southwesterly line of Villa terrace; thence deflecting 19 degrees 30 minutes to the left and running northwesterly 14.760 feet to the southeasterly line of Pemberton place produced northeasterly; thence at right angles southwesterly along last-named line, 15 feet to the point of beginning.

Said closing and abandonment of said portion of Villa terrace shall be done and made in the manner and in accordance with the provisions of Section 107 of the charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Villa

terrace in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

*Adopted*—Board of Supervisors, San Francisco, February 8, 1937.

Ayes: Supervisors McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl.

Absent: Supervisors Brown, Colman, Meyer.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved San Francisco, Feb. 9, 1937.

ANGELO J. ROSSI, Mayor.

And whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, The public interest and convenience requires said improvement to be done as specifically described in Resolution No. 3047, Code No. 12.0621; and

Whereas, The Supervisors have acquired jurisdiction to order that the portion of Villa terrace described in Resolution No. 3047, Code No. 12.0621 be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portion of Villa terrace specifically described and proposed in said Resolution No. 3047, Code No. 12.0621, be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said portion of Villa terrace described in Resolution No. 3047, Code No. 12.0621, shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 3047, Code No. 12.0621; and be it

Further Resolved, That the said closing and abandonment of said portion of said street described in Resolution No. 3047, Code No. 12.0621, shall be done in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

The following recommendations of Committee on Revenue and Taxation Committee were *approved and adopted* by the following vote:

### CITY AND COUNTY OF SAN FRANCISCO

Office of Controller

March 23, 1937.

The Honorable the Board of Supervisors,  
City and County of San Francisco

Gentlemen: The following report of recommendations, in connection with bills now pending before the State Legislature, is submitted for the consideration of your Board by the Revenue and Taxation Committee:

#### *In Favor of Enactment of:*

*Assembly Bill 1310—Hawkins.* An Act to amend Political Code, authorizing notations of revenue stamps by county recorders and the affixing of said stamps by registrar of land titles.

Action based on report from the Recorder to the effect that the measure will permit recorders to affix revenue stamps to instruments subsequent to recordation and will legalize an act that, according to the Attorney General, is not permissible under the present law.

*Assembly Bill 1311—Hawkins.* An Act to add a section to the Political Code relating to filing and recording of instruments, documents and notices pertaining to registered lands.

Action based on report from Recorder to the effect that this bill aims to prevent duplicate notice which obtains under the present law.

Respectfully submitted,

THELMA BENSON,

Secretary of the Revenue and Taxation Committee.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

#### Report of Special Committee on Distribution of Hetch Hetchy Power.

Supervisor McSheehy presented and the Clerk read:

San Francisco,  
March 24, 1937.

To the Honorable, The Board of Supervisors, City and County of San Francisco.

Gentlemen: At a meeting of the Hetch Hetchy Power Committee Wednesday, March 24, 1937, at 2:30 P. M., in the Chambers of the

Board, at which were present, Supervisors McSheehy and Reilly, for the Committee, and Supervisors Roncovieri and Uhl, for the remaining members of the Board, after discussion of the following matters, same were submitted to the Board of Supervisors for immediate attention:

1. From City Attorney, resolution requesting the Secretary of the Interior to take no further action relative to distribution of Hetch Hetchy power until the electors of the City and County of San Francisco have another opportunity to approve a revenue bond issue, either as an amendment to the charter, or to authorize the issuance of revenue bonds under the state law.

2. From City Attorney, resolution memorializing the Assembly and Senate of the State of California to pass Senate Bill No. 200, known as the "Garrison" Bill, enabling the City and County of San Francisco to issue bonds or other evidences of indebtedness for the purpose of financing the acquisition or extension of a utility for the purpose of distributing its hydro-electric power generated on the Hetch Hetchy project, said bonds or other evidences of indebtedness to be payable solely out of the revenue of said utility; and that the President of the Board of Supervisors appoint a committee composed of members of this Board, and other officials, to urge the passage of said bill by said Assembly and the approval of same by the Governor.

3. Read and filed a report by the Public Utilities Commission approving Plan 7 for the distribution of Hetch Hetchy power and recommending issuance of revenue bonds through a charter amendment, general obligation bond issue, or by revenue bond issue authorized under state law.

Respectfully submitted,  
HETCH HETCHY POWER COMMITTEE,

By JAS. B. MCSHEEHY, Chairman.  
GEORGE REILLY, Member.

Resolution No. —, as follows:

(Code No. —)

Whereas, this Board of Supervisors on the 15th day of March, 1937, received from Honorable Harold L. Ickes, Secretary of the Interior of the United States, a notice to the effect that the present method of the distribution of the electric power generated on the Hetch Hetchy system was in violation of Section 6 of the Raker Act, and that if said method of distribution was not changed so as to comply with said provision of the Raker Act within fifteen days from the date of the receipt of said notice by this Board of Supervisors, that said Secretary of the Interior would refer the alleged violation of the provisions of said Act by the City and County of San Francisco, to the Attorney-General of the United States for action; and

Whereas, if the City should be prevented from disposing of the hydro-electric power generated on the Hetch Hetchy project until it can acquire a system for the direct distribution of said power to the inhabitants of the City, the City will sustain a great financial loss; and

Whereas, there is now pending in the Legislature of the State of California, a certain bill or measure which and if approved will permit the City and County of San Francisco by a majority vote of its electors to issue revenue bonds from the proceeds of which a distribution system for the distribution of its hydro-electric power could be acquired or constructed; and

Whereas, this Board of Supervisors has by resolution urged the Assembly of the State of California to pass said measure and the Governor of said State to approve the same; and

Whereas, if the same is passed and approved it will become effec-

tive at the expiration of ninety (90) days after the final adjournment of the Legislature; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that if the said revenue bond measure should become a law of the State of California, that the question of the issuance of revenue bonds for the purpose of acquiring a distribution system for the hydro-electric power generated on the Hetch Hetchy project should be submitted to the electors of the City and County of San Francisco at the earliest possible date after said measure becomes effective; be it

Further Resolved, That the Clerk of this Board of Supervisors, be and he is hereby directed to forthwith transmit a copy of this resolution to Honorable Harold L. Ickes, Secretary of the Interior, and to request that no action be taken by him relative to the distribution of the Hetch Hetchy power until the electors of the City and County of San Francisco shall have another opportunity to approve a revenue bond measure, either as an amendment to the Charter or to authorize the issuance of revenue bonds under the State law.

Resolution No. 3184, as follows:

(Code No. 5.35)

Whereas, Senate Bill No. 200 introduced in the present session of the Legislature of the State of California by Senators Garrison, Jespersen, Metzger, Westover, Wagy, Biggar, Olson, Seawell, Williams, Hollister, Holohan, Powers, Parkman, Crittenden, Schottky, Allen, McColl, Slater, Pierovich, Phillips, Law, Keough, McCormack, Keating and McGovern has been approved by the Senate Committee on Municipal Corporations and has passed the Senate of the State of California and is now pending before the California State Assembly; and

Whereas, said bill, if passed by the Assembly and approved by the Governor of the State of California, will enable the City and County of San Francisco to issue bonds or other evidences of indebtedness for the purpose of financing the acquisition or extension of a utility for the purpose of distributing its hydro-electric power generated on the Hetch Hetchy project, and said bonds or other evidences of indebtedness will be payable solely out of the revenue of said utility; and

Whereas, said bonds can be issued only upon a majority vote of the electors of the City and County of San Francisco voting on the proposition of authorizing the issuance of the same, and, therefore, the electors of the City and County of San Francisco will have a direct voice as to whether or not said bonds should be issued; and

Whereas, the Secretary of the Interior, Honorable Harold L. Ickes, has notified this Board of Supervisors that, in his opinion, the existing agreement between the Pacific Gas and Electric Company and the City and County of San Francisco relative to the distribution of Hetch Hetchy power is a violation of Section 6 of the Raker Act; and

Whereas, it is the desire of this Board of Supervisors that all provisions of the said Raker Act be complied with; and

Whereas, the Public Utilities Commission of the City and County of San Francisco has submitted to this Board of Supervisors a plan for the distribution of Hetch Hetchy power which can be financed by revenue bonds. Now, therefore, be it

Resolved, That this Board of Supervisors urge the Assembly of the State of California to approve and pass said Senate Bill No. 200, and when the same is passed by the Assembly and endorsed, that this Board of Supervisors urge the Governor of the State of California to forthwith approve said Bill to the end that the same may become a law of the State of California. It is further

Resolved, That a copy of this resolution be sent to the Governor of the State of California and to the Speaker of the Assembly and

to each of the representatives in said Assembly from the City and County of San Francisco, and that the President of this Board appoint a committee composed of members of this Board, and other officials of the City and County of San Francisco, to urge the passage of said Bill by said Assembly and the approval of the same by the Governor.

PUBLIC UTILITIES COMMISSION,  
City and County of San Francisco.

Resolution No. 1884, as follows:

Whereas, Resolution No. 3169 has been presented to the Board of Supervisors, referred to the special Hetch Hetchy Power Committee of the Board and is now under consideration by that Committee; and

Whereas, Resolution No. 3169, if approved, would call upon the Public Utilities Commission to propose a definite plan or plans for distribution of Hetch Hetchy power acceptable to the Federal Government; and

Whereas, heretofore at the request of the Board of Supervisors, engineers of Public Utilities Commission have prepared ten plans under which power generated by the Hetch Hetchy project could be distributed to the people of San Francisco; and

Whereas, all ten of these plans have been submitted to Honorable Harold L. Ickes, Secretary of the Interior, with the request that he determine whether or not such plans comply with his interpretation of the requirements of the Hetch Hetchy grant known as the Raker Act, and the Secretary of the Interior has officially stated that the proposal known as Plan No. 7 meets with his approval as being in full compliance with the requirements of said act; and

Whereas, this Commission has heretofore officially recommended to the Board of Supervisors that it approve Plan No. 7 as the most profitable and practical plan presented which is in compliance with the Raker Act as interpreted by the Secretary of the Interior; and

Whereas, the Secretary of the Interior in a letter under date of March 11, 1937, received by the Board of Supervisors on March 15, 1937, requested definite assurance within fifteen days after receipt of his letter that San Francisco will cease violation of the provisions of the Raker Act as interpreted by him, and stated that failure to receive such assurance would cause him to refer the matter to the Attorney-General of the United States with the request that appropriate action be taken in the courts to effectuate the provisions of the statute; and

Whereas, after a careful consideration of all proposals for distribution of electricity generated by the Hetch Hetchy project the Public Utilities Commission remains of the opinion that Plan No. 7 is the most effective and profitable proposal for municipal distribution of this electric power; and

Whereas, it appears that the Board of Supervisors may again request submission of a plan for such distribution by the Public Utilities Commission; and

Whereas, the shortness of the period allowed by the Secretary of the Interior within which definite assurance may be given him that San Francisco will comply with his interpretation of the Raker Act makes it imperative at this time that a recommendation of the Public Utilities Commission be submitted to the Board of Supervisors, which is the policy-making body of the City and County of San Francisco, in order that the Board of Supervisors may have an opportunity to act upon such recommendation, in accordance with the powers and duties given the Board of Supervisors by the Charter of San Francisco, prior to the expiration of the fifteen-day period on March 30, 1937; and

Whereas, it would be possible and practical for Plan No. 7 for municipal distribution of electric power to be financed through a charter amendment authorizing revenue bonds, by a general obliga-

tion bond issue or by a revenue bond issue authorized under State laws in the event the Legislature now in session approves revenue bond acts pending before it and such acts are approved by the Governor; now, therefore, be it

Resolved, That the Public Utilities Commission hereby approves and recommends the report of the Manager of Utilities for municipal distribution of electricity, known as Plan No. 7, and hereby directs its Secretary to transmit this resolution immediately, together with Plan No. 7, to the Board of Supervisors.

*March 24, 1937—Read before Hetch Hetchy Power Committee and ordered filed. Made part of committee report to Board of Supervisors, March 29, 1937.*

#### Telegram.

Supervisor Shannon moved as a substitute for Supervisor McSheehy's report that the following telegram be sent to the Secretary of the Interior:

San Francisco, California, March 29, 1937.

Honorable Harold L. Ickes, Secretary of the Interior, Washington, D.C.

Dear Sir: Referring to your letter March eleventh received by Board of Supervisors of San Francisco March fifteenth nineteen thirty-seven re: alleged violation of Section six of Raker Act by disposing of Hetch Hetchy energy through Pacific Gas and Electric Company for distribution to consumers and advising that unless San Francisco does not cease this method of power distribution you will refer matter to Attorney-General of United States with request that appropriate action be taken in court to determine whether provisions of Raker Act are being violated. Board of Supervisors of San Francisco does hereby request you to proceed to lay matter before the Attorney-General with understanding that the City of San Francisco will be given opportunity to present its case before him. This Board believes that the agency contract under which City is now acting is fully in accord with the Raker Act and believes that the long pending controversy can best be determined by the Attorney-General or by the court. This message is sent you with the hope that a final conclusion may be reached as to San Francisco's position with regard to its compliance with the terms of the Raker Act.

BOARD OF SUPERVISORS,  
City and County of San Francisco.

By WARREN SHANNON,  
President of the Board.

#### Privilege of the Floor.

Sylvester McAtee, attorney representing the Down Town Association, was heard urging the adoption of Supervisor Shannon's substitute for Supervisor McSheehy's report that a telegram be sent to the Secretary of the Interior requesting that the question of San Francisco's alleged violation of the Raker Act be submitted to the Attorney-General for his opinion.

Mr. Merryman, representing the Chamber of Commerce, was also heard to the same effect.

Thereupon, Supervisor Shannon agreed to offer his motion as a substitute for Supervisor McSheehy's first resolution, which proposes that the Secretary of the Interior take no action relative to the alleged violation of the Raker Act until San Francisco has an opportunity to resubmit to the electors the question of Revenue Bonds.

He also offered no objection to Supervisor McSheehy's second resolution endorsing Senate Bill No. 200, which provides for issuance of revenue bonds by cities, cities and counties, etc., but agreed to vote for it.

**Substitute Adopted.**

Whereupon Supervisor Shannon's motion to substitute his telegram to the Secretary of the Interior for Supervisor McSheehy's report was *adopted* by the following vote:

Ayes—Supervisors Colman, Ratto, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes—Supervisors McSheehy, Mead, Meyer, Reilly—4.

Absent—Supervisor Brown—1.

**Adopted.**

Whereupon, the following resolution was *adopted* by the following vote:

(Code No. 5.35)

Resolution No. 3184, as follows:

Whereas, Senate Bill No. 200 introduced in the present session of the Legislature of the State of California by Senators Garrison, Jespersen, Metzger, Westover, Wagy, Biggar, Olson, Seawell, Williams, Hollister, Holohan, Powers, Parkman, Crittenden, Schottky, Allen, McColl, Slater, Pierovich, Phillips, Law, Keough, McCormack, Keating and McGovern has been approved by the Senate Committee on Municipal Corporations and has passed the Senate of the State of California and is now pending before the California State Assembly; and

Whereas, said bill, if passed by the Assembly and approved by the Governor of the State of California, will enable the City and County of San Francisco to issue bonds or other evidences of indebtedness for the purpose of financing the acquisition or extension of a utility for the purpose of distributing its hydro-electric power generated on the Hetch Hetchy project, and said bonds or other evidences of indebtedness will be payable solely out of the revenue of said utility; and

Whereas, said bonds can be issued only upon a majority vote of the electors of the City and County of San Francisco voting on the proposition of authorizing the issuance of the same, and, therefore, the electors of the City and County of San Francisco will have a direct voice as to whether or not said bonds should be issued; and

Whereas, the Secretary of the Interior, Honorable Harold L. Ickes, has notified this Board of Supervisors that, in his opinion, the existing agreement between the Pacific Gas and Electric Company and the City and County of San Francisco relative to the distribution of Hetch Hetchy power is a violation of Section 6 of the Raker Act; and

Whereas, it is the desire of this Board of Supervisors that all provisions of the said Raker Act be complied with; and

Whereas, the Public Utilities Commission of the City and County of San Francisco has submitted to this Board of Supervisors a plan for the distribution of Hetch Hetchy power which can be financed by revenue bonds. Now, therefore, be it

Resolved, That this Board of Supervisors urge the Assembly of the State of California to approve and pass said Senate Bill No. 200, and when the same is passed by the Assembly and endorsed, that this Board of Supervisors urge the Governor of the State of California to forthwith approve said Bill to the end that the same may become a law of the State of California. It is further

Resolved, That a copy of this resolution be sent to the Governor of the State of California and to the Speaker of the Assembly and to each of the representatives in said Assembly from the City and County of San Francisco, and that the President of this Board appoint a committee composed of members of this Board, and other officials of the City and County of San Francisco, to urge the passage of said bill by said Assembly and the approval of the same by the Governor.

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

No—Supervisor Colman—1.

Absent—Supervisor Brown—1.

**Mayor to Appoint Citizens' Committee for the Observance of  
Mother's Day.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 3182, as follows:

Resolved, That his Honor the Mayor be and is hereby requested to appoint a committee of citizens to arrange for the proper observance and celebration of Mother's Day at the National Memorial Grove in Golden Gate Park on Sunday, May 9, 1937.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Death of Father Patrick Joseph Diamond.**

(Code No. 5.91)

Supervisor Reilly presented:

Resolution No. 3183, as follows:

Whereas, Our Heavenly Father has summoned Father Patrick Joseph Diamond to his eternal reward; and

Whereas, in the depths of the profound sorrow which marks the passing of this holy man, it affords a brief respite from our grief to recall:

That Father Diamond was born in County Derry, Ireland, seventy-three years ago;

That he labored arduously and well, both here and abroad, spreading the Gospel of Christianity and lightening the burden of his fellow man;

That his own virtues and conduct were exemplary of Him whose cause he espoused;

That the fiftieth anniversary of his entry into the service of God was to have been celebrated next October;

That he was loved, honored and respected by all who knew him and that his spiritual influence was felt wherever he walked; now, therefore, be it

Resolved, That this Board of Supervisors notes with deep regret, the passing of Father Diamond and does hereby tender its heartfelt condolences to the members of his bereaved family and to the parishioners of Corpus Christi Church; and be it

Further Resolved, That when the Board of Supervisors adjourns this day, it does so out of respect to the memory of Father Diamond; and be it

Further Resolved, That a copy of this resolution be sent to the Clergy of Corpus Christi Church in San Francisco.

*Adopted unanimously* by rising vote.

**Communication from Anita Day Hubbard.**

Supervisor McSheehy presented:

Good Neighbor, 1205 Examiner Bldg.,

March 25, 1937

Board of Supervisors, City Hall, San Francisco, Calif.

Attention of Mr. Jas. B. McSheehy.

Gentlemen:

It was most gratifying to learn that your honorable body had passed a resolution commending my new work as "Good Neighbor" in the Examiner.

May I give you my earnest assurance that I shall approach this work in a sincere spirit of helpfulness to the citizenry of San Francisco, and in all humility I will try, in some small way to live up to the many

kind words of praise and encouragement which have been given to the Examiner and to me in this new public service.

Thank you most deeply for the honor you have conferred upon me.

Gratefully yours,

ANITA DAY HUBBARD.

### Report of Supervisor Brown on Trip to Washington As to Golden Gate Bridge Dedication Fiesta.

The following is a verbal report of Supervisor Brown made at meeting of March 22, 1937:

**SUPERVISOR BROWN:** Mr. President, and Members of the Board: I realize the hour is late, and I am not going to take up very much of your time. I would just like to say that Supervisor McSheehy and myself, as a committee of two, went back to Washington and called upon President Roosevelt. We were unsuccessful in persuading President Roosevelt to come to San Francisco for the Bridge Fiesta. We did, however, succeed in getting two concessions from him.

One was the very material assistance in bringing the fleet to San Francisco, of which more a little later; and second, we got from him a statement that he would prevail upon his daughter, Mrs. John Boettiger, to come to San Francisco in his stead, and represent the Roosevelt family during the Fiesta.

The afternoon of the same day Supervisor McSheehy and I called on the admiral in charge of naval operations, Admiral Leahy, and after a rather protracted conference with Admiral Leahy we got him to send the fleet here, the entire United States fleet, which will be in the Pacific Coast waters in the month of May, so that the fleet, numbering about 150 vessels, will all come to San Francisco, and I am happy to say that that achievement was the direct result of Supervisor McSheehy's and my being there, as the naval plans were already set for another disposition of the fleet after the annual maneuvers.

In the course of the 30 days that I was away from San Francisco, after I parted company with Supervisor McSheehy, I called upon the Mayors of Chicago and Washington—I should say in conjunction with Supervisor McSheehy—and the Mayors of Philadelphia, New York, Denver, Salt Lake, Spokane, Seattle and Portland; and in each of those cities contacted all the newspapers, and in each case was successful in getting stories about the Fiesta, and about San Francisco's bridges. The resulting publicity I am sure will be helpful in bringing to San Francisco a great number of people for the Fiesta—and furthermore, at least five or six of the Mayors have indicated their intention of being here at the time of the Fiesta, namely, the Mayor of New York City, Mayor La Guardia; and the Mayor of Seattle.

In the course of my wanderings, I spent 16 out of 29 nights on the Pullman, and I may say I was glad to get back to San Francisco.

Also on the subject of the Fiesta, last week I appeared before the Supervisors' Convention at Sacramento and outlined to them the program of the Fiesta and asked them only for their attendance in San Francisco—for no other contribution except such county participation in our celebration as was originally intended.

Just very briefly I would like to say that the plans for the Fiesta I found upon my return have been going along in excellent shape, and that we now are assured of having an outstanding show here, perhaps—I hope the best of its kind that San Francisco or the Pacific Coast has ever seen. Just for example, in addition to the fleet we will have a pageant of California history involving about 3000 participants, with the music and the script written by outstanding San Francisco artists. John Charles Thomas, the famous baritone, has signified his willingness to come here and sing the leading male role in the pageant. There will be several parades, a military parade, a day parade, and a night parade, and we will have here during the time of the Fiesta such

organization as the Canadian Royal Mounted Police, a delegation from Mexico, delegation from practically every state in the western half of the United States, including cowboys from Wyoming, a covered wagon party from Ogden, Utah, and so on and so forth, too numerous to mention.

The Fiesta will, of course, also be featured by an illumination nightly of the Golden Gate Bridge, together with a fireworks display on main nights during the seven nights' celebration.

I will gladly tell you more about the Fiesta as it develops, but I think you will all be proud of the show, and also we will be satisfied with the number of people that the show will bring to San Francisco during the six days of the Fiesta.

I would like to express my appreciation to Supervisor McSheehy for the part that he played in our Washington expedition. I know his presence was of material assistance in the success which we feel we got in Washington.

Incidentally I would like, Mr. Chairman, with the consent of the Board, to move an amendment to the resolution which I made at the time the delegation was sent to Washington. At that time the members may recall it was proposed that the delegation was to go to Washington by airplane supplied by the United Air Lines, but due to the unfortunate accident which took place immediately before our departure that part of the program was canceled. The Board in agreeing to pay Supervisor McSheehy's expenses on the trip to Washington neglected to include an allowance for his transportation, believing that that would be taken care of by the airplane company, but in the absence of the airplane it was necessary for Supervisor McSheehy and I likewise to go by train. I would like to move, therefore, if it is in order, with the consent of the Board, that the original motion be amended to include Supervisor McSheehy's transportation and expenses.

SUPERVISOR COLMAN: Second the motion.

THE PRESIDENT: Is there any objection? Such will be the order.

SUPERVISOR BROWN: Just one other matter. At the time of the return of the Santa Clara football team a committee was appointed to welcome the Santa Clara football team back and to celebrate their victory. The matter was rather perfunctory so far as the City and County was concerned, because the Santa Clara alumnae took things in charge. The committee, however, worked with the Santa Clara alumnae and decided that a scroll commemorating the achievement should be prepared and presented to the Santa Clara students in commemoration of their victory. I should like to move, therefore, that a suitable scroll be prepared and be sent to the Santa Clara University.

SUPERVISOR MEAD: Second the motion.

THE PRESIDENT: Is there any objection? (No response.) So ordered.

#### W. P. A. Employment—Special Order 2:30 p. m., April 5, 1937.

Supervisor Uhl requested that resolution previously submitted by the Workers' Alliance on W. P. A. employment and referred to the Public Welfare Committee, be referred back to the Board and made a special order of business for Monday, April 5, at 2:30 p. m., and that it be heard by the Committee of the Whole. State Director of W. P. A. to be here to answer questions.

*So ordered.*

#### In Memoriam—Frances Ann Phillips.

Supervisor Shannon moved that proper message of condolence be sent to the family of the late Frances Ann Phillips, mother of the Director of Property, and that the Board adjourn out of respect to her memory.

*Motion carried.*

**Meetings Announced.**

# JOURNAL OF PROCEEDINGS

## BOARD OF SUPERVISORS

MONDAY, APRIL 5, 1937, 2 P. M.

In Board of Supervisors, San Francisco, Monday, April 5, 1937,  
2 p. m.

The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors—Brown, Colman, Meyer, Ratto, Reilly, Roncovieri,  
Schmidt, Shannon, Uhl—9.

Absent—Supervisors McSheehy, Mead—2.

Supervisor McSheehy was noted present at 2:55 p. m.

Supervisor Mead was noted present at 2:35 p. m.

Quorum present.

President Shannon presiding.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of March 29, 1937, was  
considered read and approved.

### SPECIAL ORDER—2:30 P. M.

Supervisor Uhl moved that communication from committee for  
A. F. G. E. Lodge No. 236 and Workers' Alliance in support of a 10  
per cent increase in wages for all WPA workers be made a Special  
Order of Business for 2:30 this day and considered in Committee of  
the Whole.

### Privilege of the Floor.

A. F. Potter, 1746 Broadway, representing the American Federation  
of Government Employees No. 236; Alex Noral, 513 Fulton street,  
representing Worker's Alliance 320, 8 Market street; Percy Fry, 2142  
Twenty-third street, President of the A. F. G. E. No. 236; Mrs. J. S.  
Griffiths, member of A. F. G. E., were heard urging that the Board of  
Supervisors memorialize the President and the Congress not to reduce  
W. P. A. quotas until private enterprise can absorb unemployment and  
asking that a 10 per cent wage increase to meet increased cost of  
living be endorsed.

Request was also made that the Police Department be notified not  
to molest W. P. A. pickets, since anti-picketing ordinance has been  
repealed.

Mr. Day, representing W. P. A. Administrator Lawson, was heard  
declaring that he knew nothing officially of reduction in W. P. A.  
quotas, that in fact the quota for April had been increased.

### Motions.

Supervisor Uhl moved that the attention of our congressmen and  
senators be called to the situation complained of and that they do  
whatever may be necessary to bring about a 10 per cent increase in  
hours of employment in order that there may be a 10 per cent increase

in wages to cover increased cost of living, also that W. P. A. quotas be not reduced.

Supervisor Colman moved as an amendment that matter be referred to the Public Welfare Committee, that the officials of the W. P. A. be called in so that the exact situation may be found out, and that committee report back as soon as possible.

#### Substitute Motion.

Supervisor McSheehy moved as a substitute for the previous motion that when we recess we do so to meet again tomorrow, April 6, 1937, at 2 p. m., and that all persons involved be notified to attend.

Substitute motion *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—8.

Noes—Supervisors Brown, Colman—2.

Absent—Supervisor Roncovieri—1.

#### UNFINISHED BUSINESS.

##### Final Passage.

The following recommendations of Finance Committee were taken up:

#### **Appropriation of \$360 From Emergency Reserve Fund for Appointment of Part-Time Criminal Attorney for District Attorney's Office for Three Months.**

(Code No. 9.051)

Bill No. 1224, Ordinance No. 9.051346, as follows:

Appropriating \$360 from Emergency Reserve Appropriation No. 692.900.00 to the credit of Appropriation No. 605.101.00, for the payment of salary of one part-time criminal attorney, District Attorney's office, for three months, at \$120 per month.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$360 is hereby set aside from Emergency Reserve, Appropriation No. 602.900.00, to the credit of Appropriation No. 605.101.00, salaries, District Attorney's office, for the payment of salary of one part-time criminal attorney, for three months, at \$120 per month.

Section 2. This appropriation is made from the Emergency Reserve Fund, as it is necessary to provide for the appointment of an Assistant District Attorney, whose duties will include work incidental to the investigation and trial of cases involving children, assembling of data and records, the briefing of law and the interviewing of witnesses and other work in the preparation of trial in such cases, and the keeping of records and statistics thereof, and to assist in the Domestic Relations Department in legal matters.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors McSheehy, Mead—2.

Supervisors McSheehy and Mead, who appeared later, requested that the record show that had they been present they would have voted *aye* on the foregoing bill.

#### **Amending Section 69, Ordinance No. 5132 (N. S.), Fixing License Fees for Theaters.**

(Code No. 3.041)

Also, Bill No. 1280, Ordinance No. 3.04169, as follows:

Amending Section 69, Ordinance No. 5132 (New Series), as amended by Ordinance No. 5191 (New Series), approved July 1, 1920, fixing license fees for theaters.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 69, Ordinance No. 5132 (New Series), as amended by Ordinance No. 5191 (New Series), approved July 1, 1920, fixing license fees for theaters, is hereby amended to read as follows:

*Theaters.*

Section 69. First: Those seating one thousand nine hundred and ninety-nine persons or more shall pay a license, if issued for one year, of six hundred (600) dollars per annum; if for three months, two hundred (200) dollars per quarter; if for one month one hundred (100) dollars per month; if for one day, ten (10) dollars per day.

Second: Those seating not to exceed one thousand nine hundred and ninety-nine persons and more than five hundred persons, and free theaters, without reference to their seating capacity, shall pay a license for one year of three hundred (300) dollars; for three months, one hundred (100) dollars; for one month, seventy-five (75) dollars; for one day, ten (10) dollars.

Third: All theaters with a seating capacity of less than five hundred (500) persons shall pay a license of one hundred (100) dollars per annum.

One seat is twenty-two inches.

No license shall be required for exhibitions or entertainments given for the benefit of churches, schools or other charitable entertainments by an amateur dramatic association or literary society.

Ayes—Supervisors Brown, Colman, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors McSheehy, Mead—2.

**Action Deferred.**

The following recommendations of Public Welfare Committee were taken up and on motion of Supervisor Meyer *laid over two weeks and made a Special Order for 2:30 p. m.*

**Laurel Hill Cemetery Removal.**

(Code No. 17.19)

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human

dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and per-

formed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

### Calvary Cemetery Removal.

(Code No. 17.19)

Also, Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the City and County will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the

manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

### **Confirming Sale of Land at Corner of Roosevelt Way and Clifford Terrace.**

(Code No. 12.1721)

Also, Resolution No. 3191, as follows:

Whereas, pursuant to Ordinance No. 12.17219, Bill No. 1244, the Director of Property advertised in the official newspaper that bids would be received by him on March 20, 1937, for the sale of the following described City-owned land situated in the City and County of San Francisco, State of California:

Lots Nos. 56, 57 and 58, in Block "P," Park Lane Tract No. 5, as per map thereof filed September 22, 1891, and recorded in Liber "E" and "F" of Maps, page 157, in the office of the County Recorder of the City and County of San Francisco, State of California, excepting that portion of said lots now being used as part of Roosevelt way.

Whereas, in response to said advertisement, Fred L. Diefendorf and Elizabeth L. Diefendorf, his wife, offered to purchase said land for the sum of \$525 cash, no higher bids having been made or received; and

Whereas, said sum of \$525 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$525; and

Whereas, Fred L. Diefendorf has paid the sum of \$50 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Department of Public Works has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to Fred L. Diefendorf and Elizabeth L. Diefendorf. It is understood that improvements may only be constructed on the northwesterly twenty-five feet of said property. The buyers must pay the balance of the consideration within thirty days after approval of this resolution. The Director of Property shall deliver said deed to the grantees upon receipt of the balance of the purchase price.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Hearing Before State Railroad Commission on Proposed Increased Street Car Fare.

The following was presented and read by the Clerk:

Communication from John J. O'Toole, City Attorney, stating that he has been informally advised by the State Railroad Commission that the Market Street Railway Company has filed an application with that body for an increase in the fares now being charged by that company from five cents to seven cents, and requesting instructions as to whether San Francisco will participate in this proceeding and whether it should consent to or object to the proposed increase. Hearing is set for April 27.

*Referred to Public Utilities Committee.*

### Relative to Los Angeles Streamlined Street Cars.

The following was presented and read by the Clerk:

Communication from Lucius S. Stores, President, Los Angeles Railway Corporation, in reply to query regarding the new streamlined street cars of Los Angeles, stating that there are only two of these cars in service for demonstration purposes, and that it is too early yet to tell anything as to their efficiency as the rest of the cars are still being fabricated, changes and modifications may be made from time to time as the demonstration proceeds. Will be glad to supply information requested when available.

Ordered *filed*.

### WPA Strike.

The following was presented and read by the Clerk:

Communication from Inter-Professional Association, John D. Barry, chairman, presenting resolution adopted by its executive council, opposing reductions in WPA quotas and requesting ten per cent increase in wages to meet increased costs of living, and urging that the Board of Supervisors go on record in favor of the demands of WPA workers in order that the strike may be settled immediately.

Ordered *filed*.

### Golden Gate Bridge Directors Requested to Appropriate Funds for Widening of Lombard Street.

Supervisor Brown, under his name at Roll Call, made the following statement in part and offered the following motions:

"At the last meeting of the Golden Gate Bridge Directors an action was taken in which I am in thorough disagreement, and in which San Francisco is being done a rank injustice. I want the Board and the public to know about it. Here is the situation: ' . . . \$30,000 was appropriated for a street in Sausalito,' and San Francisco should have the same treatment with respect to Lombard street, which it is proposed to widen from the bridgehead to Van Ness avenue, at a cost of \$2,000,000. The northern counties are responsible for fifteen per cent of the cost of the bridge, and San Francisco is charged with eighty-five per cent of the cost. In case there is a deficit, it is well within the probability that San Francisco will pay eighty-five per cent of the cost of this new street for which \$30,000 was appropriated by the Bridge Directors in Sausalito."

"I, therefore, propose that a resolution be adopted by this Board calling upon the Golden Gate Bridge Directors to make an appropriation of \$30,000 for the widening of Lombard street, which amount is fifteen per cent of the \$2,000,000 that this work is estimated to cost.

Also, I propose a similar resolution requesting the Chief Administrative Officer to make a similar demand on the Golden Gate Bridge Directors."

#### **Discontinuance of Sam Browne Belt by Police Department.**

(Code No. —)

Supervisor Shannon presented:

Resolution No. 4000, as follows:

Whereas, the life of a member of the San Francisco Police Department was recently snuffed out through the use of the Sam Browne belt; and

Whereas, a similar tragedy has befallen the city of Cleveland, where two lives were taken and scores of others imperiled under similar circumstances; and

Whereas, such large cities as Chicago and Philadelphia have discontinued the use of the Sam Browne belt in the interest of public safety and New York, Minneapolis, Milwaukee and Cleveland have restricted its use to their mounted and/or motorcycle service; now, therefore, be it

Resolved, That the Board of Supervisors goes on record as urging the Mayor to forward the accompanying letters to the Board of Police Commissioners:

*Referred to Fire, Safety and Police Committee.*

#### **Removal of Tracks on Post Street.**

(Code No. 11.02)

Supervisor Uhl presented:

Resolution No. 3199, as follows:

Whereas, Post street constitutes one of our most important east-west streets, commencing in the very heart of the financial district; tapping the retail shopping district and terminating at the entrance to one of our greatest residential districts; and

Whereas, because of its readily accessible location; its lack of severe grades; and except for a relatively small portion, the absence of street car tracks thereon, it is used to its capacity by our motorists; and

Whereas, greater benefit could be derived from Post street if the car tracks were removed therefrom and the sidewalks narrowed thereon; now, therefore, be it

Resolved, That the Streets and Finance Committees of this Board be and are hereby authorized and directed to call a conference of the interested parties, including the Department of Public Works and the Market Street Railway Company, to discuss and determine upon a course of procedure with respect to the foregoing proposal; and be it

Further Resolved, That the report of said committee shall be in the hands of this Board sufficiently in advance of the time for passage of the Annual Appropriation Ordinance for the fiscal year 1937-1938, to give this Board an opportunity to consider it with a view to providing the necessary funds for the accomplishment of the purposes of this resolution, in said Appropriation Ordinance.

*Referred to Finance and Streets Committee.*

#### **Completion of Live Stock Building.**

Communication from Central Council of Civic Clubs requesting appropriation to complete Live Stock Pavilion in accordance with promise and pledge.

*Referred to Exposition Affairs and Commercial Development Committee.*

**Legislation Detrimental to City Milk Inspection Ordinances.**

Communication from Health Director Dr. Geiger, calling attention to legislation proposed by the Committee on Agriculture and Dairies known as the "Heisinger" Bill and the "Thorp" Bill which it is alleged will break down the milk inspection ordinances of San Francisco.

Supervisor Uhl moved that we follow Health Director's suggestion—that Clerk correspond with San Francisco Assemblymen and Senator requesting them to use their best endeavors to bring about defeat of measures.

**City Land Available for Picnic Grounds.**

Supervisor Uhl moved that Public Utilities Commission be requested to advise the Board of Supervisors if Water Department land at Junipero Serra boulevard and Alemany boulevard could not be used for picnic grounds.

## BOARD OF SUPERVISORS

TUESDAY, APRIL 6, 1937, 2 P. M.

The Board of Supervisors met pursuant to recess of Monday, April 5, 1937, for the purpose of continuing hearing on W. P. A. strike.

### CALLING THE ROLL.

The roll was called and the following members were noted present: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Uhl—8.

Absent—Supervisors Brown, Roncovieri, Shannon—3.

Also present, Eneas Kane, representing Mayor Angelo J. Rossi; W. R. Lawson, State W. P. A. Director.

### Communication.

The following matters were presented and read by the Clerk:

Communication from Committee of A. F. G. E. No. 236 and Workers' Alliance requesting Board of Supervisors to memorialize Congress that there be no layoff of W. P. A. workers until private enterprise can absorb those out of employment, also that request be made that hours of employment be increased 10 per cent in order that pay may be increased 10 per cent to meet increased cost of living.

### Communication.

The following was read by the Clerk:

April 6, 1937.

Mr. J. S. Dunnigan, Clerk, Board of Supervisors, City Hall.

Dear Mr. Dunnigan:

This will acknowledge receipt of your favor of the 5th, requesting the Mayor to be present at the meeting of the Board of Supervisors today.

Please be advised that Mayor Rossi, at the present time, is confined to his home, through illness, and, therefore, will be unable to be in attendance at the meeting.

Very truly yours,

MAURICE L. RAPHELD,  
Executive Secretary.

Eneas Kane, representing Mayor Rossi, was then presented to the Board and the Chairman declared that he would answer for the Mayor if called upon.

Also, communication from Inter Professional Association, transmitting resolution adopted April 5, 1937, by the Executive Council of said Association urging that the Board of Supervisors and Mayor use their office to the end that the W. P. A. strike be immediately settled by granting demands of workers that W. P. A. quotas be not reduced and that there be granted a 10 per cent increase in hours of employment in order that there may be a 10 per cent increase in pay to meet increased cost of living.

### Committee of the Whole.

On motion of Supervisor Uhl, the Board of Supervisors resolved itself into Committee of the Whole for the purpose of hearing all concerned. Supervisor McSheehy was elected to preside and all members heretofore noted were present.

### Privilege of the Floor.

A. F. Potter, 1746 Broadway, representing the American Federation of Government Employees No. 236; Alex Noral, 513 Fulton street, representing Workers' Alliance 320, 8 Market street; Percy Fry, 2142 Twenty-third street, President of the A. F. G. E. No. 236; Mrs. J. S. Griffiths, member of A. F. G. E., were heard urging that the Board of Supervisors memorialize the President and the Congress not to reduce W. P. A. quotas until private enterprise can absorb unemployment and asking that a 10 per cent wage increase to meet increased cost of living be endorsed.

Joseph Shelly, President of San Francisco Labor Council, was heard. He declared that the Executive Board of the Labor Council had endorsed the demands of the W. P. A. organization last night.

Lola Lebowyer requested that the Police Department be notified not to molest W. P. A. pickets, since anti-picketing ordinance has been repealed.

Mrs. Theone Armstrong, representing the Sewing Project and 1500 women at 450 Gough street, opposed the W. P. A. strike stating that the women she represented were satisfied with the present conditions of employment in view of all the circumstances and did not want to embarrass the government which was giving them employment when there was no employment for them elsewhere. "We are perfectly satisfied with conditions as they are," she told the Supervisors.

"These people want to work. If we were out of work where would we get \$13 a week for 4½ hours a day work just sitting down and trying to sew? More than 1400 of the 1500 people on the Sewing Project signed a petition stating that they wanted no strike, no dealings with the Workers' Alliance," Mrs. Armstrong said.

Marie Newman was also heard to the effect that the women employed in the Sewing Project at 450 Gough street were not in favor of the strike, but were satisfied with what the government was doing for the unemployed women under present conditions.

Annie Scanlon also addressed the Board advising women on Sewing Project against striking at this time.

W. R. Lawson, W. P. A. State Administrator, stated that he had asked Washington for the 10 per cent increase in wages but that it had been denied.

"It is the policy of the administration," he said, "not to grant increases of quotas for more than a month at a time. We felt that California should have an increase for April and it was granted. With our request for a wage increase turned down, it is not up to us to further press the matter at this time."

### Committee of the Whole Arises.

Thereupon, on motion of Supervisor Colman, the Committee of the Whole arose and reported to the Board. All members heretofore noted being present and Supervisor McSheehy in the chair.

### Motion.

Supervisor Uhl moved that the Board of Supervisors memorialize the President of the United States and the Congress of the United States as follows:

(1) That employment on W. P. A. projects be continued until June 30, 1937;

(2) That 10 per cent additional working hours be given W. P. A. workers in San Francisco at ruling wage to meet increased living cost when funds for same can be provided in future appropriations by Congress covering W. P. A. projects;

(3) That our own representatives in Congress be advised of the Board's action.

Motion seconded by Supervisor Reilly.

On motion of Supervisor Colman, the first item was amended by adding the words "until June 30, 1937."

### Motion Segregated.

Thereupon, on motion of Supervisor Colman the motion was segregated and voted upon as follows:

(1) That employment on W. P. A. projects be continued until June 30, 1937.

Motion *carried* by the following vote:

Ayes—Supervisors Colman, Mead, Meyer, Reilly, Schmidt, Uhl—6.

Noes—Supervisors McSheehy, Ratto—2.

Absent—Supervisors Brown, Roncovieri, Shannon—3.

Thereupon, the roll was called on (2) that 10 per cent additional working hours be given W. P. A. workers in San Francisco at ruling wage to meet increased living cost when funds for same can be provided in future appropriations by Congress covering W. P. A. projects.

Motion *carried* by the following vote:

Ayes—Supervisors Mead, Meyer, Reilly, Schmidt, Uhl—5.

Noes—Supervisors Colman, McSheehy, Ratto—3.

Absent—Supervisors Brown, Roncovieri, Shannon—3.

### Resolution Defeated.

Thereupon, Chairman McSheehy declared that the roll would be called on the motion in the form of a resolution, to-wit:

Resolved, That the Board of Supervisors memorialize the President of the United States and the Congress of the United States, as follows:

(1) That employment on W. P. A. projects be continued until June 30, 1937;

(2) That 10 per cent additional working hours be given W. P. A. workers in San Francisco at ruling wage to meet increased living cost when funds for same can be provided in future appropriations by Congress covering W. P. A. projects;

(3) That our own representatives in Congress be advised of the Board's action.

*Refused adoption* by the following vote:

Ayes—Supervisors Mead, Meyer, Reilly, Schmidt, Uhl—5.

Noes—Supervisors Colman, McSheehy, Ratto—3.

Chairman McSheehy declared that inasmuch as it was in the form of a resolution it required six votes.

### Motion to Reconsider.

Before the result was announced Supervisor Uhl changed his vote from *aye* to *no* and moved for reconsideration at next meeting.

### ADJOURNMENT.

Whereupon, the Board of Supervisors at the hour of 5 p. m. adjourned.

The following recommendations of the Finance Committee were taken up:

#### **Agreement for Removal of Tracks on Eighteenth Street.**

(Code No. 15.091)

Resolution No. 3201, as follows:

Whereas, the City and County of San Francisco, through its Director of Public Works, is at present engaged in the re-surfacing of Eighteenth street, from Guerrero street to Castro street; and

Whereas, it is necessary, in order to complete the re-paving of said

street, to remove certain abandoned rails of the railway tracks of the Market Street Railway Company on and along said street; and

Whereas, the Market Street Railway Company was heretofore given permission to remove its tracks over and on Eighteenth street, from Guerrero street to Danvers street, and over and on certain other streets; and

Whereas, for the purpose of serving the residents living adjacent to Eighteenth street, between Castro street and Danvers street, the said Market Street Railway Company is maintaining its said railway tracks notwithstanding the permission granted by this Board to abandon the same and to remove the same from said streets; and

Whereas, in order to maintain said tracks, the roadway between said tracks and for two feet on either side thereof must be repaired; now, therefore, be it

Resolved, That the City and County of San Francisco enter into an agreement with the Market Street Railway Company wherein and whereby it shall be agreed that the Market Street Railway Company will remove, all and singular, their railway tracks on Eighteenth street, between Guerrero street and Castro street, and take from the trenches left vacant by said removal all loose material; and that the City and County of San Francisco will fill said trenches and re-surface the same at the same time that it is re-surfacing the remainder of Eighteenth street, between Guerrero street and Castro street; and it shall be

Further agreed, between the City and said Market Street Railway Company that said company will repair the pavement, in a manner satisfactory to the Director of Public Works, between the tracks and for two feet on either side thereof on Eighteenth street, from Castro street to Danvers street; and be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof be, and they are hereby, authorized and directed to execute the aforesaid agreement for and on behalf of the City and County of San Francisco and to agree upon the terms thereof for the purpose of carrying out the intent of this resolution.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Report of Finance Committee and Resolution Approving Bond Issue for Through Streets at Market and Fifth Streets, Mason and Market and Grant Avenue and Market.**

The following was presented and read by the Clerk:

April 9, 1937.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

On February 15, 1937, your Honorable Body approved the following official motions in connection with the trans-Market street traffic problem:

1. Supervisor Colman, seconded by Supervisor Mead, moved that the Finance Committee of the Board of Supervisors, in conjunction with any other public officials it deems necessary, make a study of the financing of the proposal to cut through Fifth street and make a report and recommendation to this Board as to the best method of bringing about this improvement.

2. Supervisor Roncovieri, seconded by Supervisor Reilly, moved that the question of a street between Third and Fourth streets, as recommended by the Chief Administrative Officer, be also included in this study.

3. Supervisor Uhl, seconded by Supervisor Schmidt, moved that the question of a new street from Mason street on an arc to Fifth and Harrison be also included in this study.

4. Supervisor Uhl, seconded by Supervisor Colman, moved that such studies are made with the understanding that the Finance Committee report show separate prices for each different project.

Pursuant to these motions your Finance Committee has conferred with the city officials and departments concerned with the problem and has held a series of public hearings attended by interested taxpayers and representatives of civic groups. It has carefully studied the official reports dealing with the problem; has obtained and digested all available information pertinent to the various proposals and has exhaustively reviewed arguments presented in connection therewith. While recognizing the public demand for an immediate and satisfactory solution, your Committee has taken the necessary time to adequately study the entire problem before presenting its report for consideration by this Board.

Preliminary estimates of the cost of the various proposals, submitted by the City Engineer and the Director of Properties, are shown to be as follows:

Extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets.....	\$1,837,000
A new street between Third and Fourth streets, Market to Brannan streets, connecting with Grant avenue.....	4,516,300
A new street between Fifth and Sixth streets, Market to Brannan, connecting on an arc with the Bridge vehicular terminal at Fifth and Harrison streets and directly opposite the intersection of Turk and Mason streets.....	3,993,000
A new street between Fifth and Sixth streets, Market to Brannan street, connecting on an arc with the Bridge terminal at Fifth and Harrison and diagonally with Turk and Mason streets .....	3,513,000

In order to ascertain the immediate effect upon the assessment roll, it was deemed essential to obtain a comparison of present assessments of lands and improvements required for rights-of-way and the anticipated land values of properties given frontage on the proposed new streets.

The Director of Properties, following a two weeks' study, made the following report in this connection:

<i>Project</i>	<i>Present Assessed Valuations of Land and Improvements</i>	<i>Estimated Assessed Valuations of Land Following Improvement</i>	<i>Gain or Loss to Assessment Roll</i>
Fifth street extension....	\$ 739,760	\$ 951,150	\$211,390 gain
New street between Third and Fourth streets....	1,189,000	1,135,000	54,000 loss
New street between Fifth and Sixth streets (direct connection Mason-Turk streets) .....	1,083,000	748,000	335,000 loss
New street between Fifth and Sixth streets (diagonal connection Mason-Turk streets) .....	1,013,000	821,000	192,000 loss

Obviously, it would be impossible to anticipate the value of future improvements to be made on the new frontages and the above figures reflect immediate assessment roll gains or losses. A comparison of present assessed valuations of the land included within the limits of

the proposed extensions with the anticipated land values after the improvements have been completed, submitted by the Director of Properties, follows:

<i>Project</i>	<i>Present Assessed Valuations of Land</i>	<i>Estimated Assessment Valuations of Land</i>	<i>Gain</i>
Fifth street extension....	\$ 595,260	\$ 951,150	\$355,890
New street between Third and Fourth streets....	828,000	1,135,000	307,000
New street between Fifth and Sixth streets (di- rect connection Mason- Turk) .....	692,000	748,000	56,000
New street between Fifth and Sixth streets (diago- nal connection Mason- Turk) .....	722,000	821,000	99,000

Your Committee has carefully weighed these figures in its consideration of the fiscal phase of the problem. It studied all possible methods of financing and found almost unanimity of opinion among both city officials and taxpayers, in view of the city-wide benefits accruing and the time factor involved, that whichever street or streets were recommended, financing should be by bond issue. After consultation with the Chief Administrative Officer, Controller, Director of Public Works, City Engineer and the Director of Properties and a review of the facts, your Committee reached this decision as to financial policy.

At the outset of its deliberations, your Committee found a preponderance of official opinion recommending immediate action. Such an opinion was officially expressed by Dr. Miller McClintock in his report of December 18, 1936, and by Chief Administrative Officer A. J. Cleary in his recommendations filed with your Honorable Body under date of February 8, 1937. In a published letter, dated February 13, 1937, a similar opinion was voiced by C. H. Purcell, State Highway Engineer and Chief Engineer of the San Francisco-Oakland Bay Bridge. Public opinion in view of existing traffic congestion in the downtown area, both as reflected editorially by the four San Francisco newspapers and by important tax-paying groups, supported this conclusion.

Before reaching a similar decision, your Committee officially summoned before it Theodore M. Matson, resident engineer for Dr. McClintock, and the Chief Administrative Officer. These officials were questioned relative to the suggestion from the City Engineer that the present city-wide pedestrian and vehicular traffic survey might possibly develop additional pertinent information relative to the trans-Market Street problem. Mr. Matson definitely advised the Committee that the final report would not alter the recommendations made for Market street improvements in the McClintock report. Mr. Cleary reiterated his recommendation that action be taken immediately and not delayed until receipt of this report.

Your Committee found little or no official support for immediate consideration of either of the two proposed street plans between Fifth and Sixth streets. Dr. McClintock's report recommended immediate consideration of the Fifth street extension and the projection of Grant avenue to a new street between Third and Fourth streets in the order named. He lists a new street between Fifth and Sixth as sixth in importance. The report of the Chief Administrative Officer is confined entirely to consideration of the Fifth street and Grant avenue extensions as "the two that most immediately affect the down town shopping district." State Engineer Purcell, in his published letter likewise favored the Fifth and Grant avenue extensions, in the order named, if both cannot be done simultaneously. Preliminary findings of the City Engineer in August, 1936, indicated that of the possible new thoroughfares in the large blocks on the south side of Market street, the Grant avenue extension would be especially beneficial.

Major property owners, whose holdings would be required for rights-

of-way under either plan proposed for a new street between Fifth and Sixth streets, were unanimously and vigorously opposed. Public hearings developed the fact that under the plan to directly connect with Mason street, one piece of property required for the right-of-way was leased for a period of 25 years at \$125,000 per year. Under the second proposal a valuable theatre property advantageously leased for 99 years, was involved. Lengthy and expensive litigation and the possibility of a substantial upward revision of estimated costs in the courts were given consideration.

Comparison of the estimates for construction of the suggested new streets between Fifth and Sixth streets, connecting with Turk and Mason streets, with the more direct and convenient Fifth street extension shows:

1. A greater cost of \$2,156,000 in making the direct connection and of \$1,676,000 in constructing the diagonal connection.
2. A respective immediate loss of \$335,000 and \$192,000 to the assessment roll as against a gain of \$211,390.
3. Respective permanent gains in assessed land values of but \$56,000 and \$99,000 as against \$355,890.

In light of the above facts, your Committee recommends against further consideration of these proposals, at least, for several years to come.

Dr. McClintock and his resident engineer, Mr. Matson, and State Engineer Purcell definitely recommend immediate construction of both the Fifth street and Grant avenue extensions, in the order named. Both are conditionally recommended by the Chief Administrative Officer for immediate consideration. A preponderance of public sentiment, as expressed before the Committee and as reflected editorially in the four San Francisco newspapers, favors their immediate construction.

Fifth street was selected as the logical terminal for the Bay Bridge and its significant traffic importance exists now and will for all time in the future. Dr. McClintock, Mr. Cleary and Mr. Purcell all point to this selection as a highly important consideration. The City has already improved this street to Mission street. It is obvious to anyone that Fifth street is the most natural, direct and convenient route for bridge vehicular traffic to follow in entering the central business district. The present "bottleneck", between Mission and Market streets, and "dead-end" at Market street present conditions which must be eliminated in any satisfactory and adequate solution of the problem. We quote from Chief Engineer Purcell's letter of February 13th:

"The Bridge Authority selected Fifth street as the logical terminal for the main proportion of the vehicular bridge traffic. As Dr. McClintock well states: 'This gives Fifth street now and for all time in the future a particular traffic significance in view of the fact that it makes Fifth street the only logical and direct route for vehicular traffic to follow in entering the central retail area.'

"Fifth street has been widened and highly improved to Mission street; from Mission to Market street traffic is bottle-necked by the existing congestion and car line. With the car line removed, the block widened from Mission to Market street and the diagonal cut made across Market to Mason and Eddy streets, traffic would flow naturally and would conveniently reach the central business area."

This extension involves but four pieces of property, which can be acquired apparently without opposition. It is the cheapest; can be constructed in the shortest possible time; and will immediately add \$211,390 to the assessment roll and produce a permanent gain of \$355,890 in assessed land values.

The Grant avenue extension, which will break-up the long block between Third and Fourth streets, is obviously the most natural and direct return route to the Bay Bridge. It is equally apparent that such a return route must be provided to satisfactorily meet present

and future conditions in view of the existing intolerable congestion in the Fourth-Stockton streets, Third street and New Montgomery crossings.

Combined with the Fifth street extension, the Grant avenue projection to the proposed new street, which shows an immediate loss of but \$54,000 to the assessment roll and which will produce a permanent gain of \$307,000 in assessed land values, will provide a clock-wise movement of traffic on right-hand turns in the central business district. The efficiency of this clock-wise movement as against the congestive, inconvenient and hazardous left-turn movement is a principle of proven efficiency. The combined cost, according to the estimates presented, is \$6,353,300, an investment, which, in the opinion of your Committee must be made if San Francisco is to meet existing undesirable conditions and satisfactorily anticipate the future. We are convinced that present assessed valuations cannot be maintained; that retail trade cannot reach its maximum growth; and that neither bridge nor local traffic can be adequately or satisfactorily served unless this investment is made at once.

We direct your attention to the fact that Bay Bridge traffic was officially estimated at 5,250,000 vehicles for 1937. The official estimate today is 7,720,000 vehicles and it is admitted that it will more nearly approach 8,000,000 vehicles. The Golden Gate Bridge officially opens in May and the coming Exposition will bring hundreds of thousands of vehicles to San Francisco from other States.

In conclusion, your Committee respectfully submits the attached resolution and earnestly urges its immediate adoption.

WARREN SHANNON.

(Code No. —)

Resolution No. 3215, as follows:

Whereas, the Board of Supervisors, sitting as a Committee of the Whole and through its Finance Committee has conducted an exhaustive investigation of the trans-Market street traffic problem; and

Whereas, this investigation and the public hearings held in connection therewith have clearly demonstrated the urgency and necessity for immediate action to provide satisfactory and adequate traffic relief and to anticipate the immediate future; and

Whereas, the facts developed conclusively show that the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue to a new street between Third and Fourth streets, from Market to Brannan streets, will provide respectively the most direct, convenient and desirable entrance and exit thoroughfares to the central business district; and

Whereas, this combination of streets will provide a clock-wise movement of bridge vehicular traffic on non-congestive right-hand turns; adequately serve both the districts north and south of Market street; satisfactorily make provision for increased vehicular traffic produced by the Golden Gate Bridge; and meet conditions during the coming Exposition; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, That a bond issue providing the necessary funds for construction of both streets is approved as the method of financing the project; be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and be it

Further Resolved, That the City Attorney in cooperation with the proper officials and departments immediately prepare and submit to this Board of Supervisors the proper and necessary legislation in connection therewith.

CITY AND COUNTY OF SAN FRANCISCO.

City Planning Commission, Room 252, City Hall, April 6, 1937.

To the Honorable Board of Supervisors,  
City Hall, San Francisco, Calif.

Honorable Board:

In 1935 the City Planning Commission gave consideration to the advisability of providing new streets as approaches to and from the Bay Bridge Terminus at Fifth and Harrison streets and passed a resolution favoring the extension of Fifth street from Market street north to Mason and Eddy streets. The Commission also believes that a new street should be opened as an extension of Grant avenue across Market street, south to Harrison street.

At its last regular meeting, held April 1, 1937, the Commission directed me, at this time, to advise you of these recommendations and reaffirm their former position with respect to the opening of such new streets.

Yours very truly,

(Signed) MARK JORGENSEN, Secretary,  
City Planning Commission.

Committee of the Whole.

On motion of Supervisor McSheehy, the Board of Supervisors resolved itself into a Committee of the Whole by unanimous vote for the purpose of considering the report of the Finance Committee. President Shannon was elected to preside.

Thereupon, the following statement of Supervisor Brown was read into the record:

Supervisor Brown's Statement.

I am opposed to any immediate action until the effects of

- (1) Widening of Sixth and Taylor;
- (2) The completion of the bridge rail service have been studied.

In any event, I am opposed to the new street between Third and Fourth as unnecessary. The return traffic can be routed by the downtown approaches satisfactorily.

Privilege of the Floor.

Thereupon, the following were granted the privilege of the floor and heard at length on the pending question:

L. Shaffer, representing himself, explained by map and diagram, his proposed plan for the extension of Fifth street, into the Triangle District. Beginning with a ramp, with a 5 per cent grade, from a point at Fifth and Howard streets, along Fifth street to Market, across Market on a bridge constructed of glass and stainless steel, through the building on the north side to Eddy street, branching west on Eddy and north through Anna lane and Carroll street to O'Farrell street. He argued that the Shafer Plan which he proposed costs less, takes less from the assessment roll and interferes not at all with the pedestrian traffic at Market and Fifth streets.

M. L. Kryder, representing Market Street Merchants in the vicinity of Fifth street, was granted the privilege of the floor. He was heard in opposition to the proposed new through streets. He read an article from the San Francisco Herald which urged a full and complete hearing of all who had suggestions to offer for the relief of the conditions to be remedied.

M. Hall, representing City Engineer Casey, in response to a query of Supervisor Colman, declared that the City Engineer's office had not

recommended cutting through a street at Mason and Market. It merely had recommended that a study be made respecting same.

M. C. Harrison, representing property owners south of Market street opposite Mason street and owner of property affected by the extension of Mason street south, favored the proposed improvement.

Jos. S. Fineberg, 516 Market street, representing Market Street Merchants, opposed to the extension of Fifth street north, and of Mason street south, declared that the property to be purchased for the extension of Mason street belonged to George Roos, of Roos Brothers, having been transferred to his name from other members of the Roos family; that the property was mortgaged for over \$800,000 and was about to be foreclosed. The owner was now losing, he said, over \$16,000 a month, that being the difference between the expenses of the property and the receipts from rents, etc.

Mr. Jos. J. Phillips, Director of Property, was also heard as to the method employed by his office in arriving at estimates of value of property to be taken for the new street.

Geo. T. Baker, representing the Citizen Voters Unity Council, opposed bonding the city for the proposed new streets.

Henry Warfield, also representing Citizen Voters Unity Council, said he favored improvements because it gave employment, but opposed bonding city instead of using our own money for cutting through streets or for any other purpose.

Thos. E. Carr, 112-A Lyon street, representing himself, raised the question that the original idea of this traffic study was for the relief of congestion in the down town district. The proposed new streets, he declared, would never solve the problem of congestion, but rather would add immensely to it. His plan which he offered the city, making use of grade separations above ground, he said, would permit of free untrammelled traffic requiring no stop signals and no interference between the different types of traffic.

Robert Graham, manager of the Rapid Transit & Traffic Association, argued that the proper solution of the problem was only to be found in a comprehensive city-wide survey giving consideration to all conditions and circumstances involved. He urged that nothing be done in cutting through streets at Market until this comprehensive survey has been made.

D. V. Nicholson, representing the Triangle District Merchants, thanked the Finance Committee for its recommendation. In response to query as to willingness of the Triangle District Merchants to stand for an assessment district for part of the cost of the improvement, he said, that they were willing and ready to stand for such an assessment, but that he believed that it would not be necessary since the work might be done from moneys derived from the gas tax fund which is increasing rapidly every year.

Wm. Coughlin, representing the Associated General Contractors, was then heard and took issue with Mr. Nicholson, declaring that it was not possible to use gas tax money for this purpose since the Charter provides that money for bond interest and redemption must be derived from taxation. He quoted section 78 of the Charter in substantiation of his statement.

#### Committee of the Whole Arises.

Whereupon, on motion of Supervisor Uhl, the Committee of the Whole arose and reported to the Board.

#### Motion.

Supervisor McSheehy, seconded by Supervisor Uhl, moved to postpone further hearing and action for two weeks and that the matter be

made a Special Order of Business for 2:30 p. m. on Monday, April 26, 1937.

Motion *carried* by the following vote:

Ayes—Supervisors McSheehy, Ratto, Roncovieri, Shannon, Uhl—5.

Noes—Supervisors Colman, Reilly—2.

Absent—Supervisors Brown, Mead, Meyer, Schmidt—4.

**In Memoriam—Thomas B. McGinnis.**

(Code No. 5.91)

Supervisors Colman and Shannon presented:

Resolution No. 4011, as follows:

Whereas, Almighty God has called Thomas B. McGinnis to his eternal reward and it is with profound sorrow that the Board of Supervisors learns of his passing; and

Whereas, Thomas B. McGinnis faithfully served this City and County for more than forty-two years, thirty-six of which were performed as assistant clerk of the Board of Supervisors; and

Whereas, his excellent service rendered is the most fitting eulogy and gives him an enduring place in the history of his city; while his private life, like his public career, was guided by an equability of temperament and kindness that will perpetuate his memory in the hearts of his many friends; now, therefore, be it

Resolved, That the Board of Supervisors mourns the passing of Thomas B. McGinnis and expresses its deep sympathy to the beloved wife and son of the late assistant clerk; and be it

Further Resolved, That as a further mark of respect when the Board adjourns it does so in memory of Thomas B. McGinnis, deceased; and be it

Further Resolved, That the Clerk transmit a copy of this resolution to his family.

*Adopted unanimously by rising vote.*

**Committee.**

Thereupon, Supervisors McSheehy, Roncovieri and Colman and any other members who could attend were appointed to represent the Board of Supervisors at the funeral services.

**In Memoriam—Mrs. Rose Fitzpatrick Casey.**

(Code No. 5.91)

Resolution No. 3212, as follows:

Whereas, on April 6, 1937, the Good Father summoned to her eternal reward, Mrs. Rose Fitzpatrick Casey, wife of John J. Casey, City Engineer of the City and County of San Francisco; and

Whereas, this dear lady was honored, respected and loved by all who knew her modest charm, her lovely character, her Christian humility and the warmth of spirit which radiated from her; and

Whereas, Mrs. Casey's chief role on earth was the highest with which woman is endowed—that of Mother—and this she filled tenderly, efficiently and with simple dignity; and

Whereas, until the day of the Great Reunion, there will be an empty place in the hearts of her family, relatives and friends; now, therefore, be it

Resolved, That this Board of Supervisors sorrowfully tenders its heartfelt condolences to Mr. Casey and his children at this time of their irreparable loss, and expresses the hope that their consolation will be found in the knowledge that she who loved them so well is watching over them from her Heavenly abode; and be it

Further Resolved, That when this Board of Supervisors adjourns this day, it does so out of reverent respect to the memory of Mrs. Casey; and be it

Further Resolved, That the Clerk be and is hereby directed to send a copy of this resolution to the family of Mrs. Casey.

*Adopted unanimously by rising vote.*

**Mayor to Appoint Citizens' Committee Dedication of Mint,  
May 15, 1937.**

(Code No. 5.93)

Supervisor McSheehy presented:

Resolution No. 3213, as follows:

Whereas, some sixty-five years ago there was erected in the City of San Francisco, by the United States Government, a mint that has been one of the show places of our City; and

Whereas, obsolescence required the erection of a modern mint, for the purchase and refining of gold and silver bullion and for the coining of silver as a means of exchange; and

Whereas, on May 15, 1937, there will be completed on the corner of Duboce and Buchanan streets the most modern mint in the world at a cost of \$1,500,000; now, therefore, be it

Resolved, That His Honor the Mayor appoint a Citizens' Committee to make proper arrangements for the dedication of this great building, here in San Francisco, on May 15, 1937.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Meyer—2.

**Final Passage.**

The following was presented by Supervisor Roncovieri and *finally passed.*

**Appropriation \$3,750 Temporary Salaries, General Clerk, Typists,  
Recorder's Office.**

(Code No. 9.051)

Bill No. 1304, Ordinance No. 9.051376, as follows:

Authorizing a supplemental appropriation of \$3,750 out of the Emergency Reserve Fund to the credit of Appropriation No. 603.102.00 for the purpose of paying temporary salaries of General Clerk-Typists in the Recorder's office to June 30, 1937; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$3,750 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 603.102.00 for the purpose of paying temporary salaries of General Clerk-Typists in the Recorder's office to June 30, 1937.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as the department is without funds to employ the General Clerk-Typists necessary for the service required by law.

Approved as to form, John J. O'Toole, City Attorney.

Approved as to funds available, Leonard S. Leavy, Controller.

Approved, Arthur E. Curtis, Director Department of Finance and Records.

Recommended by Edmond Godchaux, Recorder.

Approved, Angelo J. Rossi, Mayor.

Approved, Alfred J. Cleary, Chief Administrative Officer.

*Finally passed by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Meyer—2.

**City Attorney to Intervene—Application of Market Street  
Railway for Increased Car Fare.**

(Code No. 15.09)

Supervisor Reilly presented:

Resolution No. 3214, as follows:

Whereas, the City Attorney has notified this Board that the Market Street Railway Company has made application to the California Railroad Commission for permission to increase the fares charged passengers on street cars and buses of that system operating in San Francisco; and

Whereas, the City Attorney has requested instructions from this Board as to whether or not he should intervene in hearings before the Railroad Commission on said application; and

Whereas, if this application for a fare increase is granted approximately three-quarters of the street car riders of San Francisco will be compelled to pay a cash fare of seven cents or a token fare of six and one-quarter cents for street car transportation in place of the five cent fare now paid; and

Whereas, this increased fare would result in a large increase in revenue to the Market Street Railway Company which has heretofore instituted economies of operation such as the one-man street car, has failed to keep its tracks and paving adjacent thereto in proper condition and has refused to enter into an agreement to exchange universal transfers between its system and that of the Municipal Railway, all on the ground that said one-man street cars and other economies and said failure to maintain tracks and paving and said refusal to enter into a universal transfer agreement were necessitated by reason of the deficient revenue to the company resulting from the five-cent fare; and

Whereas, the citizens of San Francisco by referendum vote have adopted an ordinance prohibiting the operation of one-man street cars in San Francisco; and

Whereas, the Market Street Railway Company sought and obtained a Federal District Court injunction forbidding the enforcement of said ordinance; now, therefore, be it

Resolved, That the Board of Supervisors directs the City Attorney to intervene in the action before the California Railroad Commission upon application of the Market Street Railway Company for an increase in street car fares, and that in so intervening he shall inquire into and require the Market Street Railway Company to fully establish its necessity for the fares proposed to be charged street car riders; and be it

Further Resolved, That the City Attorney is hereby directed to resist to his utmost any increase in fares of the Market Street Railway Company unless the company shall agree in writing that it will move to dismiss the injunction of the Federal District Court under which it is now operating one-man street cars, will immediately discontinue operation of one-man street cars and will abide by the terms of the ordinance prohibiting their operation; and be it

Further Resolved, That a copy of this resolution be transmitted immediately to the City Attorney.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly,  
Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

Supervisor Roncovieri excused.

President Shannon presiding.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of April 6 and 12, 1937,  
were considered read and approved.

## MOTION TO RECONSIDER.

### P. W. A. Strike.

The following motion is up on motion to reconsider, given by Supervisor Uhl, April 6, 1937:

Supervisor Uhl: "I move that the Board of Supervisors memorialize the President of the United States and the Congress of the United States as follows:

(1) That employment on WPA projects be continued until June 30, 1937;

(2) That ten per cent additional working hours be given WPA workers in San Francisco at ruling wage to meet increased living cost when funds for same can be provided in future appropriations by Congress covering WPA projects;

(3) That our own representatives in Congress be advised of the Board's action."

The question being: "Shall the vote whereby the foregoing motion was refused adoption be reconsidered," the roll was called and the motion was *lost* by the following vote:

Ayes—Supervisors McSheehy, Mead, Reilly, Schmidt, Uhl—5.

Noes—Supervisors Brown, Colman, Meyer, Ratto, Shannon—5.

Absent—Supervisor Roncovieri—1.

## SPECIAL ORDER—2:30 P. M.

### Action Deferred.

The following was on motion *laid over until July 19, 1937, at 2:30 p. m.*

Supervisor Schmidt's Resolution Re 25c Bridge Toll.

(Code No. 12.112)

Resolution No. 3018, as follows:

Whereas, it is only fair and equitable that posterity bear some part

of the financial burden of the cost of the San Francisco-Oakland Bay Bridge, and in pursuance of that thought, the San Francisco Chronicle has proposed a refinancing plan whereby the present tolls may be reduced from sixty-five cents to twenty-five cents on each passenger automobile; and

Whereas, the San Francisco-Oakland Bay Bridge is only another great unit connecting up the State system of highways and it is proposed that it be financed out of gas tax funds in the same manner as those other great highway projects of the State of California, the Redwood Highway and the Feather River Canyon Highway, by an allocation of gas tax funds for the amortization of the bonds; and

Whereas, it is deemed practical that this may be done on the basis proposed, to-wit: that the annual \$2,000,000 bond amortization charges be guaranteed from gas tax funds and that the maintenance charges be met, as now, from gas tax supplied highway maintenance funds, and that the \$2,000,000 annual interest charges on the bonds be met from the proposed twenty-five cent toll, certain to be sufficient because of the increased traffic anticipated; therefore, be it

Resolved, That the Board of Supervisors of San Francisco goes on record as heartily in favor of the plan proposed by the San Francisco Chronicle and urges that the State Highway Commission proceed at once to put it into effect.

### UNFINISHED BUSINESS.

#### Final Passage.

The following matters heretofore passed for second reading were taken up:

#### Laurel Hill Cemetery Removal.

(Code No. 17.19)

On recommendation of Public Welfare Committee:

Bill No. 937, Ordinance No. 17.194, as follows:

Declaring that the further maintenance of Laurel Hill Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name and is situate within the following boundaries, to-wit:

Laurel Hill Cemetery, bounded by Presidio avenue, California street, Parker avenue and a line drawn northwesterly from a point formed by the intersection of the north line of Post street, extended, with the west line of Presidio avenue, to a point on the east line of Parker avenue, distant thereon 100 feet southerly from the intersection of the south

line of Euclid avenue, produced easterly, and the easterly line of Parker avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling such cemetery a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands and may provide sufficient

grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporations, or associations, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

#### Privilege of the Floor.

Frank Deering, representing Laurel Hill Cemetery, was granted the privilege of the floor and in explanation of his position, which he said had been misunderstood, read a letter heretofore filed with the Board of Supervisors which had been sent by him to lot owners of Laurel Hill Cemetery, relative to establishment of a Memorial Park and the perpetuation of the historical interest attached to Laurel Hill.

#### Final Passage.

Whereupon, the roll was called and the foregoing ordinance *finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Reilly, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Ratto, Roncovieri—2.

#### Explanation of Vote.

Supervisor McSheehy explained his vote by saying that previously he was inclined to vote against the bill, but on hearing Mr. Deering and the others he was satisfied that there would be a suitable memorial park erected at the cemetery site that will properly perpetuate the historical interest attached to the cemetery.

#### Motion to Rescind.

Subsequently, on request being made that action on Calvary Cemetery Removal be *postponed one week*, Supervisor Colman, seconded by Supervisor McSheehy, moved to rescind foregoing action in order that both matters might be acted upon together.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Shannon—5.

Noes—Supervisors Mead, Reilly, Schmidt, Uhl—4.

Absent—Supervisors Ratto, Roncovieri—2.

#### Action Deferred.

The following bill was taken up and *laid over until April 26, 1937, and made a Special Order for 3 p. m.*

#### Calvary Cemetery Removal.

(Code No. 17.19)

Also, Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the City and County will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing

for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes

in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

#### Final Passage.

The following bill, heretofore passed for second reading, was taken up:

#### Approving Lease to St. Francis Yacht Club.

(Code No. 12.1733)

On recommendation of Committee on Education, Parks and Recreation:

Bill No. 1293, Ordinance No. 12.17331, as follows:

Approving a certain lease made by the Board of Park Commissioners to the St. Francis Yacht Club, a non-profit corporation.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Park Commissioners having heretofore agreed with the St. Francis Yacht Club, a non-profit corporation, to enter into a lease leasing to said St. Francis Yacht Club that certain lot, piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, more particularly described as follows:

Beginning at the point of intersection of the northerly line of that certain tract of land conveyed by the Panama-Pacific International Exposition Company to the City and County of San Francisco for park purposes and the westerly line of Broderick street in said City and County of San Francisco, if extended northerly, said point being at the northeasterly corner of Assessor's Block No. 902 (formerly Western Addition Tide Land Block No. 7); thence to a westerly direction and along said northerly line of land conveyed by the Panama-Pacific International Exposition Company to the City and County of San Francisco and along the northerly line of said Assessor's Block No. 902 (formerly Western Addition Tide Land Block No. 7) three hundred (300) feet; thence in the northerly direction and at a right angle to the preceding line two hundred (200) feet to the water front or bulkhead line as fixed by the Board of State Harbor Commissioners; thence in an easterly direction and at a right angle to the pre-

ceding line and along said water front or bulkhead line three hundred (300) feet; thence in a southerly direction and at a right angle to preceding line two hundred (200) feet to the point of beginning, for a period of ten years from and after the first day of July, 1937, a copy of said lease being on file in the office of the Board of Supervisors, and the Board of Supervisors having considered all and singular terms and conditions of said lease, the same is hereby approved and ratified.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Roncovieri—1.

**Closing and Abandoning a Portion of Alabama Street.**

(Code No. 12.0622)

On recommendation of Streets Committee:

Resolution No. 3220, as follows:

Whereas, on the 29th day of September, 1930, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 33192 (New Series), which resolution was presented to His Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 30th day of September, 1930, said resolution being in words and figures, as follows:

**RESOLUTION NO. 33192.**

(New Series)

Resolved, That the public interest requires that the certain following described portion of Alabama street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Alabama street lying southerly from Alameda street, and more particularly described as follows, to-wit:

Beginning at the point of intersection of the westerly line of Alabama street and the northwesterly line of Treat avenue; thence northerly along said line of Alabama street, 184.646 feet to a point in a line parallel with and distant 26.375 feet at right angles southerly from the southerly line of Alameda street; thence at right angles easterly along last mentioned parallel line, 53.588 feet to the northwesterly line of Treat avenue produced northeasterly; thence deflecting 106 degrees 11 minutes 02 seconds to the right, and running southwest-erly along said line of Treat avenue produced northeasterly, 192.263 feet to the westerly line of Alabama street and the point of beginning.

Said closing and abandonment of said portion of Alabama street shall be done and made in the manner and in accordance with the

provisions of Section 2, Chapter 3 of Article VI of the Charter of the City and County of San Francisco, as amended, and the sections of said chapter and article immediately following Section 2; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Board of Public Works a certified copy of this resolution, and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Alabama street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Endorsing \$5,000,000 Appropriation for State Exhibit at Golden Gate International Exposition.**

(Code No. 5.95)

Supervisor Brown presented:

Resolution No. 3224, as follows:

Whereas, there is pending in the Exhibition and Fairs Committee of the California Assembly, Assembly Bill No. 252, which provides for an appropriation of \$5,000,000 for a State exhibit at the Golden Gate International Exposition in 1939; and

Whereas, this bill further provides funds for a California Building which will be the "host building" of the Exposition, and for a building or buildings to include exhibits of the resources, scenic attractions, wild life, educational, recreational and administrative features of the State; and

Whereas, every other State in the West has taken steps to participate in the Exposition and to share in the economic benefits to be gained therefrom; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, being cognizant of the benefits which will accrue to the State and to its counties from the Exposition as a whole and from an adequate State and County Exhibit in particular, does hereby endorse and urge passage of said Assembly Bill No. 252; therefore, be it

Further Resolved, That a copy of this resolution be sent to the

Assemblymen and Senator representing this county in the State Legislature.

**Resolution Approving Continuance of Federal Aid Highway  
Appropriations and Requiring Local Matching of Funds.**

(Code No. 5.2)

Supervisor Ratto presented:

Resolution No. 3227, as follows:

Whereas, Senate Bill No. 1771 (Black) and H. R. No. 5371 (McClellan) provide for the authorization of expenditures on Federal Aid Main Highways \$125,000,000 and \$25,000,000 on Secondary Roads for each of the two fiscal years beginning July 1, 1937, and July 1, 1938; and

Whereas, this proposed legislation does not provide for any penalty against diversion of gas tax funds, nor is any further provision contained therein which would require the mandatory contribution by the several States of equivalent funds to match Federal Aid Highway allotments, all of which provisions were deemed highly essential in previously adopted Federal Aid Highway Statutes; and

Whereas, while it is believed that the intent of the proposed legislation is to further develop the highway system of this nation and to further continue the depletion of the relief rolls, which this type of work has so admirably perfected during previous years; and

Whereas, in order to properly safeguard all highway funds against diversion and to prevent some of the States from taking an unfair advantage of the present provisions contained in this proposed legislation, which inadvertently fails to penalize or limit any State from spending gas tax funds for purposes other than highways, and experience has dictated the necessity of such preventive measures which previously compelled the inclusion of section No. 12 of the Hayden-Cartwright Act of 1934 which provides a reduction by one-third of Federal Aid Highway contributions to those States which permit diversion of gas tax funds; now, therefore, be it

Resolved, That those States diverting motor vehicle and gas tax funds to other than highway purposes shall be penalized on a basis of dollar for dollar by a reduction of Federal Aid Funds, thereby limiting in an equitable manner so that expenditures diverted for other than highway purposes will, in their entirety, also be deducted from Federal Aid Highway allotments, and the moneys obtained from any reduction of these allotments from the States having permitted of such diversion shall in turn be re-apportioned among the remainder of the States where diversion of gas tax funds has not occurred; and, be it

Further Resolved, That we urge upon Congress the passage of the above bills amended as above set forth, thus assuring a continuance of the highly beneficial Federal Aid Highway Program which is doing so much to promote national prosperity and development.

**Report of Light Standards on Streets.**

(Code No. 11.02)

Supervisor McSheehy presented:

Resolution No. 3229, as follows:

Whereas, the erection of light standards in the center of streets constitutes an additional hazard to the motorist and has been the cause of many fatalities; and

Whereas, it is the opinion of many citizens of this City that the light projected by these standards can be maintained by overhead reflectors without the necessity of structures on the streets; now, therefore be it

Resolved, That the Chief Administrative Officer is hereby requested to instruct the Director of Public Works to investigate the feasibility of eliminating these light standards in the center of streets, especially at Fell and Stanyan streets, and substituting overhead reflectors and report his findings to this Board of Supervisors.

**Declaration of Policy on Submission of Revenue Bonds.**

(Code No. 15.031)

Supervisor McSheehy presented:

Resolution No. 3226, as follows:

Whereas, Senate Bill No. 200, known as the "Revenue Bond Act of 1937" and referred to as the Garrison Bill, has been passed by both houses of the State Legislature and has been signed by the Governor; and

Whereas, the "Revenue Bond Act" permits the issuance of revenue bonds for the construction, extension or betterment of utilities by a majority vote of the electorate without necessitating an amendment to the Charter; and

Whereas, the Secretary of the Interior has requested the Attorney-General to test the validity of the contract with the Pacific Gas and Electric Company in the sale of power for distribution by that company; now, therefore, be it

Resolved, That the Board of Supervisors hereby declares its intention to submit to the voters a proposition enabling the City to issue revenue bonds for the distribution and sale of Hetch Hetchy power and that prior to said submission the Board will authorize an appointment of experts to check plans and estimates contained in Plan 7 submitted by Manager E. G. Cahill of the Public Utilities Commission; and be it

Further Resolved, That the Board of Supervisors will respectfully request the Attorney-General of the United States to withhold legal action as requested by Secretary Ickes until the voters have again been permitted to vote on the issuance of revenue bonds as authorized in the "Revenue Bond Act of 1937," and be it

Further Resolved, That the Manager of Utilities be requested to recommend a program of education to be placed before the people of San Francisco indicating the distinction between general obligation bonds and revenue bonds so that this Board of Supervisors may conduct a campaign for that purpose.

### SPECIAL ORDER—2:30 P. M.

Report and Resolution of the Finance Committee on Dead End Streets.

(Code No. 12.08)

The following matter was taken up:

Resolution No. 3215, as follows:

Whereas, the Board of Supervisors, sitting as a committee of the whole and through its Finance Committee, has conducted an exhaustive investigation of the trans-Market street traffic problem; and

Whereas, this investigation and the public hearings held in connection therewith have clearly demonstrated the urgency and necessity

for immediate action to provide satisfactory and adequate traffic relief and to anticipate the immediate future; and

Whereas, the facts developed conclusively show that the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue to a new street between Third and Fourth streets, from Market to Brannan streets, will provide respectively the most direct, convenient and desirable entrance and exit thoroughfares to the central business district; and

Whereas, this combination of streets will provide a clockwise movement of bridge vehicular traffic on non-congestive right-hand turns; adequately serve both the districts north and south of Market street; satisfactorily make provision for increased vehicular traffic produced by the Golden Gate Bridge, and meet conditions during the coming Exposition; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that a bond issue providing the necessary funds for construction of both streets is approved as the method of financing the project; and be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and be it

Further Resolved, That the City Attorney in co-operation with the proper officials and departments immediately prepare and submit to this Board of Supervisors the proper and necessary legislation in connection therewith.

#### Committee of the Whole.

On motion of Supervisor McSheehy the Board of Supervisors resolved itself into a Committee of the Whole for the purpose of hearing all interested parties.

Andrew J. Gallagher, representing the Southern Promotion Association, was heard urging the adoption of the resolution recommended by the Finance Committee for the cutting through of dead end streets.

(At 3 p. m. the Committee of the Whole arose for the purpose of considering removal of Calvary Cemetery and at 3:50 p. m. reassembled in Committee of the Whole and continued the hearing on the Finance Committee report.)

Geo. Christopher, representing the South of Market Merchants and Property Owners Association, was heard in favor of the Finance Committee recommendation.

D. Nicholson, representing the Triangle District, was also heard favoring the Finance Committee recommendations.

Marshal Hale, representing Market Street Merchants, and Attorney Healy were heard in opposition to the report.

W. J. Varley, representing the Greater Mission Merchants Association and Southern Council of Civic Clubs, opposed cutting through of any streets until a more thorough study has been made of the situation arising from the opening of the Bay bridges.

J. J. Stack, representing the Slavonic Alliance of San Francisco, stated that the organizations he represented were opposed to a bond issue for cutting streets through at Market street.

Mr. Schultz, representing the United German Societies, was also heard.

Ed. F. Braunsweiger, secretary Rapid Transit and Traffic Association, asked that Board reconsider the proposed bond issue for cutting through streets at Market street and postpone a decision until his organization has held a conference at which all persons having a plan for the remedying conditions complained of will be given a hearing.

Robt. Graham, manager Rapid Transit and Traffic Association, de-

clared that Mr. Braunsweiger did not speak as secretary of the organization, but for 10 per cent of the membership comprising the advisory board. He urged a comprehensive study of the entire traffic situation before the Board commits itself.

Geo. Gearhardt, secretary of the Civic League of Improvement Associations, was also heard on the pending question.

### Committee of the Whole Arises.

Thereupon, the Committee of the Whole arose and reported progress.

### Action Deferred.

Whereupon, on motion of Supervisor Schmidt, seconded by Supervisor Meyer, the subject matter was *continued one week and made a Special Order of Business for 2:30 p. m., Monday, May 3, 1937. Director of Property Philips and City Engineer Casey to be notified to attend.*

### SPECIAL ORDER—3 P. M.

The following matter was taken up:

#### Calvary Cemetery Removal.

(Code No. 17.19)

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof,

situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

#### Privilege of the Floor.

City Engineer J. Casey was granted the privilege of the floor. He declared that he was not quite ready to report on Calvary Cemetery. He said that he had a conference this morning with representatives of the archbishop. The matter is held up, he said, because geological

report relative to condition of land and possibility of repetition of land slide on Parker avenue.

Supervisor McSheehy moved to rescind our action of last week with respect to Laurel Hill Cemetery in order that both cemeteries might go along together.

*Motion ruled out of order.*

Mme. Grosjean stated that the road to the Donahue monument will pass through land of her father, Dennis Mahoney, and that she would oppose in court any attempt to take it. She said that City Engineer Casey is in error in saying that the Calvary Cemetery people are in favor of removal of the bodies.

Mrs. Annie Scanlon opposed any further delay, urging immediate action in view of the near completion of the Golden Gate Bridge.

Ed Kenny and George Skatter were also heard on the pending question.

### **Action Deferred.**

Whereupon, on motion of Supervisor McSheehy, the foregoing matter was continued two weeks and made a Special Order of Business for 2:30 p. m., Monday, May 10, 1937.

Supervisor McSheehy announced that if the ordinance for the removal of Calvary Cemetery was not finally passed at the next hearing that he would present the bill for the repeal of the Laurel Hill Cemetery removal.

## **UNFINISHED BUSINESS.**

### **Final Passage.**

The following recommendations of Finance Committee, heretofore passed for second reading, were taken up:

### **Compromise of Damage Claim.**

(Code No. 6.05)

Bill No. 1295, Ordinance No. 6.053, as follows:

Authorizing City Attorney to settle for six hundred dollars, the claim of Robert M. Brueck, a minor, by Michael Brueck, guardian ad litem, on account of damages by reason of defective sidewalk.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The City Attorney having recommended the settlement of the action of Robert M. Brueck, a minor, by Michael Brueck, guardian ad litem, against the City and County of San Francisco for the recovery of damages as a result of personal injuries sustained by Robert Brueck on December 14, 1936, on the angular corner of Brussels and Burrows streets, in front of the Portola Junior High School as the result of an alleged hole or defect in the sidewalk, by the payment of a sum of six hundred dollars in full settlement of the claim of said Robert M. Brueck, by his guardian, Michael Brueck, the said City Attorney is hereby authorized to settle said pending litigation by the payment of said sum of six hundred dollars chargeable to Appropriation No. 648.918.00.

**Authorizing Execution of Agreement Between City and County of San Francisco and Louise B. Price.**

(Code No. 15.034)

Resolution No. 3242, as follows:

Whereas, the City and County of San Francisco under authority of Resolution No. 25034 (New Series) of the Board of Supervisors accepted a certain deed dated January 26, 1926, from R. L. Price and Louise B. Price, his wife, to a subsurface easement for a portion of the Foothill Tunnel of the Hetch Hetchy Aqueduct; and

Whereas, said deed provides that under certain conditions if the natural flow of water in any springs on the land of the grantor shall disappear or diminish the City shall furnish the grantor a continuous supply of water sufficient for the domestic irrigation and stock watering requirements of the grantor; and

Whereas, said deed provides a time limit for the ascertainment of the amount of any damage which may be caused by the disappearance or diminution of the natural flow of water in said springs; and

Whereas, said time limit was extended to April 1, 1937, by Resolution No. 2521 of this Board; and

Whereas, said Louise B. Price has requested a further extension of said time limit to April 1, 1938; and

Whereas, the Public Utilities Commission has recommended an extension of said time limit to April 1, 1938; now, therefore, be it

Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a written agreement between the City and County of San Francisco, a municipal corporation, and Louise B. Price, individually, and as executrix of the last will and testament of R. L. Price, deceased, extending said time limit of said deed to April 1, 1938, subject to all conditions contained in said deed, except as expressly modified in said agreement.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of April 26, 1937, was taken up.

### In Memoriam—Michael Casey.

(Code No. 5.91)

Supervisor Shannon, seconded by Supervisor McSheehy, presented:  
Resolution No. 3250, as follows:

Whereas, the honored career of a nationally-known labor leader and distinguished citizen of San Francisco has been ended in the death of Michael J. Casey, president of the Teamsters' Union; and

Whereas, while devotedly attached to Organized Labor, to whose success he made notable and invaluable contributions, Michael J. Casey never sought in his official acts to advance its interests except by making it useful to the common cause; and

Whereas, although he was indefatigable in industry, possessed of great ability, was calm, forceful, persuasive, and earnest in the presentation of his views, he never offended nor gave cause for resentment on the part of his strongest foes, because they recognized that he was an honorable and upright advocate, never doing that which was unright or unbecoming; now, therefore, be it

Resolved, That the Board of Supervisors hereby expresses its profound sorrow at the passing of Michael J. Casey, late the president of the Teamsters' Union; and be it further

Resolved, That when the Board adjourns this day, it does so as a mark of respect to the memory of the deceased, and that the Clerk transmit a copy hereof to the family of the late Michael J. Casey.

*Adopted* unanimously by rising vote.

**Communication from Mayor, re Appropriation for Police Investigation.**

The following matters were presented, read and *referred to the Finance Committee*:

CITY AND COUNTY OF SAN FRANCISCO,  
MAYOR'S OFFICE, 200 CITY HALL.

May 3, 1937.

To the Honorable the Board of Supervisors, San Francisco.  
Gentlemen:

I am herewith enclosing a copy of a letter received by me from the District Attorney, the Hon. Matthew Brady, wherein he requests an appropriation of \$5,000 from the Emergency Reserve Fund for the purpose of preparing evidence for presentation to the Grand Jury in connection with the police investigation.

I have been advised by the Controller, the Honorable Leonard S. Leavy, that funds are available and I do most respectfully recommend to your Honorable Board that the District Attorney's request be allowed and be considered a proper charge against the Emergency Reserve Fund No. 602,900.00.

Respectfully,

(Signed) ANGELO J. ROSSI, Mayor.

CITY AND COUNTY OF SAN FRANCISCO,  
OFFICE OF DISTRICT ATTORNEY,  
550 MONTGOMERY STREET.

April 30, 1937.

To the Honorable Angelo J. Rossi, Mayor of the City and County of San Francisco, City Hall, San Francisco, California.

The Grand Jury of this City and County is engaged in investigating the corrupt practices of members of the Police Department described in the report filed by Mr. Edwin N. Atherton.

For the proper and speedy conduct of such investigation, it is necessary that Mr. Atherton perform services in preparing evidence for presentation to the Grand Jury. Mr. Atherton has requested that he be paid for such services.

I, therefore request that you recommend to the Board of Supervisors the appropriation of the sum of \$5,000 from the Emergency Reserve Fund to the District Attorney's Special Fund for the purpose of preparing evidence for presentation to the Grand Jury in the above investigation.

The circumstances, in my judgment, fall within the application of the sections of the Charter on the propriety of such appropriations.

Respectfully

(Signed) MATHEW BRADY, District Attorney.

**Appropriation of \$5,000, Compensation for Edwin N. Atherton for Graft Investigation.**

(Code No. 9.051)

Bill No. 1324, Ordinance No. 9.051384, as follows:

Authorizing an appropriation of \$5,000 from the Emergency Reserve Fund to the credit of Appropriation 605.233.00 in accordance with the request of the District Attorney for the purpose of compensating Edwin N. Atherton for services to be rendered in the preparation of evidence for presentation to the Grand Jury in the investigation of charges which have been made against certain members of the Police Department; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$5,000 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation 605.233.00 for the purpose of compensating Edwin N. Atherton for services to be rendered in the preparation of evidence for presentation to the Grand Jury in the investigation of charges which have been made against certain members of the Police Department.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is necessary for the uninterrupted operation of the office of the District Attorney, as the District Attorney is without funds to pay for the services referred to in Section 1 hereof.

Approved as to form: Jno. J. O'Toole, City Attorney.

Recommended: Mathew Brady, District Attorney.

Approved: Angelo J. Rossi, Mayor.

*Referred to Finance Committee.*

### Budget 1937-1938.

The following was presented and read by the Clerk:

May 1, 1937.

To the Honorable, the Board of Supervisors, City and County of San Francisco, San Francisco.

Gentlemen: In consonance with the provisions of Section 72 of the Charter, I am herewith transmitting to your honorable Board the consolidated budget estimate and the proposed budget for all departments and offices of the City and County for the fiscal year 1937-1938, including a detailed estimate of all revenues of each department and an estimate of the amount required to meet bond interest, redemption, and other fixed charges of the City and County, and the revenues applicable thereto.

There is also transmitted, in accordance with the provisions of Section 72 of the Charter, a draft of the Annual Appropriation Ordinance for the ensuing fiscal year, which has been prepared by the Controller. It is based on the proposed budget and forms the basis for fiscal and accounting control of each revenue and expenditure item included therein.

In the consideration of the revenue schedule, I direct your attention to an excerpt from a letter of March 15, 1937, to me from the Controller:

"The statement of anticipated revenues is necessarily subject to revision prior to transmittal of your budget recommendations to the Board of Supervisors and, unquestionably, will have to be revised prior to final passage of the budget and also prior to the fixing of the tax rate.

"The following are some of the reasons contributing to the circumstances:

"1. It is impossible at this time to estimate with any degree of accuracy the several fund surpluses as at June 30, 1937.

"2. The Legislature in session at Sacramento is considering legislation affecting county and city and county revenue, the principal measures being:

"a. The financing of unemployment relief for the next biennium (about which we have previously advised you).

"b. Old Age Security Act.

"c. Act providing for aid to Needy Blind persons.

"d. Sections 2283 to 2290 of the Political Code, with reference to Aid to Needy Children.

"e. Acts relating to gasoline taxes.

"f. Alcoholic Beverage Control Act.

"3. Until the program for the funding of the current year's interest and redemption has been concluded, a revenue estimate in this connection for the ensuing period cannot be intelligently made. The proper authorities in Washington will necessarily have to be contacted prior to concluding the funding arrangements in connection with bond interest and redemption requirements under P. W. A. grant agreements.

"4. The revenue from sources derived under Section 24 of the Charter is tentative and based upon existing ordinances, a number of which are now under revision. Further, at this time, we are unable to determine what effect the approval of Charter Amendment No. 10, with reference to permits and inspections, will have on the existing budget structure."

The following are the major changes, as compared with the budget of the present year:

#### **Indigent Sick and Dependent Poor**

One million three hundred thousand dollars is included in my recommendation for indigent sick and dependent poor, under the jurisdiction of the Public Welfare Department, created by Charter Amendment Number 4, at the election of March 9, 1937. While the members of the Commission governing this department have been appointed, there has been insufficient time in which to prepare the detail of the administrative budget requirements. Consequently, the detailed request, together with my recommendation, will be transmitted to you at a later date. It is believed that \$1,300,000 will be sufficient to include the amount necessary to cover the administrative budget requirements.

As previously pointed out, this recommendation is based upon the existing law. The Congress and the Legislature are in session, and each has before it many measures dealing with this subject. Should there be a change in the statutes which would necessitate a modification of the financial program, it may become necessary for me to submit a supplemental recommendation to you.

#### **Welfare**

There is a mandatory increase in the County Welfare Department of \$986,758 for widows' pensions, maintenance of the aged and blind pensions, under existing statutes. The increase will be proportionally borne out of city and county, State and federal funds. This may have to be modified, should certain measures now pending before the State Legislature be enacted into law.

#### **Bond Interest and Redemption**

The amount required for this purpose shows a net mandatory increase of \$225,999.

Utility revenues do not meet the increasing requirements for interest and redemption, necessitating an increase of \$907,384 from taxes, in accordance with Controller's schedule appended hereto.

#### **Retirement**

The amount provided for the Retirement System represents a mandatory increase of \$123,254.

Included in the budget recommendation are funds to provide for the current service obligation and the prior service obligation for all miscellaneous members. Funds are also provided in the budget recommendation for the fiscal year 1937-1938 to meet the actual benefits payable to policemen and firemen who became members of the system as at January 8, 1932, and who have not elected the miscellaneous membership.

The Secretary-Actuary of the Retirement Board has advised that

the continuation of this policy will cause a graduated annual increase over the \$154,000 provided for 1937-1938 for the current service obligation for this group of firemen and policemen until an estimated annual maximum of \$850,000 is reached, which, it is approximated, will not be more than twenty years hence.

### Emergency Reserve Fund

I have recommended \$125,000 to be appropriated for the Emergency Reserve Fund. This represents a decrease of \$175,000 under the \$300,000 appropriated for the present fiscal year. The reduction is based upon the following facts:

As set forth in my letter of budget transmittal dated April 30, 1936, the amount appropriated for the present fiscal year was partially premised upon requests of certain departments for additional funds, the necessity of which could not be determined at the time the budget was being prepared.

During the present fiscal year, the necessity was proven and the amounts required for the requested purposes were determined. Funds were thereafter appropriated on my recommendation by your Board out of the Emergency Reserve Fund.

The departments concerned have included in their budget requests and I have recommended the amounts required for the necessary continuation of the service involved.

### Schools

The tentative budget of the School Department shows an increase of \$198,228.

Respectfully,

ANGELO J. ROSSI,  
Mayor.

### Public Hearing.

Supervisor Uhl moved that the Board of Supervisors meet Monday, May 10, at 10 a. m. for the purpose of hearing the public on the proposed budget of municipal expenditures for the fiscal year 1937-1938.

Motion carried.

**SPECIAL ORDER—2:30 P. M.**

The following matter was taken up:

**Report and Resolution of the Finance Committee on Projection of Fifth Street and Grant Avenue Across Market Street.**

(Code No. 12.08)

Resolution No. 3215, as follows:

Whereas, the Board of Supervisors, sitting as a committee of the whole and through its Finance Committee, has conducted an exhaustive investigation of the trans-Market street traffic problem; and

Whereas, this investigation and the public hearings held in connection therewith have clearly demonstrated the urgency and necessity for immediate action to provide satisfactory and adequate traffic relief and to anticipate the immediate future; and

Whereas, the facts developed conclusively show that the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue to a new street between Third and Fourth streets, from Market to Brannan streets, will provide respectively the most direct, convenient and desirable entrance and exit thoroughfares to the central business district; and

Whereas, this combination of streets will provide a clockwise movement of bridge vehicular traffic on non-congestive right-hand turns; adequately serve both the districts north and south of Market street; satisfactorily make provision for increased vehicular traffic produced by the Golden Gate Bridge, and meet conditions during the coming Exposition; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that a bond issue providing the necessary funds for construction of both streets is approved as the method of financing the project; and be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and be it

Further Resolved, That the City Attorney in co-operation with the proper officials and departments immediately prepare and submit to this Board of Supervisors the proper and necessary legislation in connection therewith.

Supervisor Colman requested that the resolution be separated, which was agreed to, and the following resolutions were presented as amendments and acted upon as follows:

**Fifth Street Projection to Mason and Eddy Streets.**

(Code No. 12.08)

On motion of Supervisor Colman.

Resolution No. 3251, as follows:

Resolved, by the Board of Supervisors of the City and County of San Francisco, That a bond issue providing the necessary funds for the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets, is approved as the method of financing this project; and, be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and, be it

Further Resolved, That the City Attorney, in cooperation with the proper officials and departments immediately prepare and submit to

this Board of Supervisors the proper and necessary legislation in connection therewith.

*Refused adoption* by the following vote:

Ayes—Supervisors Colman, Ratto, Uhl—3.

Noes—Supervisors McSheehy, Mead, Meyer, Reilly, Schmidt, Shannon—6.

Absent—Supervisors Brown, Roncovieri—2.

### Grant Avenue Projection to Bridge Head.

(Code No. 12.08)

On motion of Supervisor Ratto.

Resolution No. 3252, as follows:

Resolved, by the Board of Supervisors of the City and County of San Francisco, That a bond issue providing the necessary funds for the projection of Grant avenue to a new street between Third and Fourth streets, from Market to Brannan street is approved as the method of financing the project; and be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and be it

Further Resolved, That the City Attorney in cooperation with the proper officials and departments immediately prepare and submit to this Board of Supervisors the proper and necessary legislation in connection therewith.

*Refused adoption* by the following vote:

Aye—Supervisor Ratto—1.

Noes—Supervisors Colman, McSheehy, Mead, Meyer, Reilly, Schmidt, Shannon, Uhl—8.

Absent—Supervisors Brown, Roncovieri—2.

### Finance Committee's Resolution Defeated.

Whereupon, the roll was called on Resolution No. 3215, as recommended by the Finance Committee and the same was *defeated* by the following vote:

Ayes—Supervisors Mead, Reilly, Schmidt, Shannon—4.

Noes—Supervisors Colman, McSheehy, Meyer, Ratto, Uhl—5.

Absent—Supervisors Brown, Roncovieri—2.

### Motion to Reconsider.

Before the result of the foregoing vote was announced, Supervisor Shannon changed his vote from *Aye* to *No* and motion for reconsideration at next meeting.

Supervisor McSheehy moved suspension of the rules for immediate reconsideration, which he subsequently *withdrew* upon Supervisor Colman making the point of order that it was not permissible to move for reconsideration in this instance since Supervisor Shannon had not voted with the prevailing side.

Thereupon, the Chair ruled that Supervisor Colman's point of order was not well taken.

Whereupon Supervisor McSheehy raised the point of order that the Chair was in error with allowing withdrawal of point of order made by Supervisor Colman.

Chair ruled point of order not well taken.

Supervisor McSheehy thereupon appealed from the decision of the Chair and there was no second.

Whereupon, the Chair declared appeal denied for want of a second.

**UNFINISHED BUSINESS.****Final Passage.**

The following recommendation of Finance Committee, heretofore passed for second reading, was taken up.

**Appropriation of \$70,819 for Relief for May, 1937.**

(Code No. 9.051)

Bill No. 1305, Ordinance No. 9.051377, as follows:

Appropriating \$70,819 to the Citizens' Relief Committee for the expense of caring for the indigent sick and dependent poor of the City and County of San Francisco for the month of May, 1937, and authorizing a portion of said sum to pay the necessary compensation for the administration and distribution of said relief.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$70,819 is hereby appropriated out of such funds as may be available for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco for the month of May, 1937.

Section 2. Said appropriation is made for the purpose of caring for the indigent sick and dependent poor of said City and County of San Francisco and for the purpose of paying compensations of the positions necessary for the administration and distribution of such relief, which positions and compensations are fixed by the Citizens' Relief Committee and approved by the Civil Service Commission, are hereby authorized and established and/or continued subject to the provisions of Resolution No. 2519, heretofore adopted by the Board of Supervisors.

*Finally passed* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Roncovieri—2.

**NEW BUSINESS.****Action Deferred.**

The following recommendation of Finance Committee was taken up and *laid over one week*:

**Appropriation of \$25,000, Painting and Tiling Stockton Street Tunnel.**

(Code No. 9.051)

Bill No. 1311, Ordinance No. 9.051380, as follows:

Authorizing a supplemental appropriation of \$25,000 out of the accrued surplus existing in the County Road Fund to the credit of Appropriation No. 648.993.00 for the purpose of painting and tiling the Stockton street tunnel.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$25,000 is hereby appropriated and set aside out of the accrued surplus existing in the County Road Fund to the credit of Appropriation No. 648.993.00 for the purpose of painting and tiling the Stockton street tunnel.

Recommended by W. H. Worden, Director of Public Works.

Approved by Alfred I. Cleary, Chief Administrative Officer.

Approved as to form by John J. O'Toole, City Attorney.

Approved by Angelo J. Rossi, Mayor.

Approved as to funds available by Leonard S. Leavy, Controller.

**Adopted.**

The following recommendation of the Finance Committee was taken up:

**Passed for Second Reading.**

The following recommendations of the Fire, Safety and Police Committee were taken up:

**Regulating and Providing for the Storage and Use of Gasoline in Connection with Public, Commercial and Private Garages.**

(Code No. 11.0822)

Bill No. 1319, Ordinance No. 11.08224, as follows:

Amending Section 5 of Ordinance No. 8564 (New Series), entitled, "Governing the Construction, Equipment, Maintenance and Operation of Public, Commercial and Private Garages; Regulating and Providing for the Storage and Use of Gasoline in Connection with Public, Commercial and Private Garages; Duties of the Fire Marshal; Penalty for Violation; Repealing Ordinance No. 746 (New Series) and All Ordinances or Parts of Ordinances in so far as They Conflict with This Ordinance." Relating to gasoline pumps.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 5 of Ordinance No. 8564 (New Series), the title of which is recited above, is hereby amended to read as follows:

"Section 5. *Tanks, Pipes, Pumps.* All underground gasoline storage tanks, pipes and appurtenances used in connection with a public, commercial or private garage shall be installed as follows, unless otherwise required by the Chief of the Division of Fire Prevention and Investigation:

"(a) All underground tanks shall be placed outside the building, under the sidewalk, close to the curb line.

"(b) The top of each such tank shall be at least four feet below the sidewalk and the space between the top of the tank and sidewalk shall be filled with earth.

"(c) No such tank shall be connected with another so that gasoline can flow or be pumped from one underground tank to another.

"(d) All such tanks shall be set on a firm foundation and, where water is encountered, tanks shall be enclosed in an approved watertight reinforced concrete vault.

"(e) Where two or more tanks are installed, there shall be an

approved brick or concrete dividing wall between each tank not less than twelve (12) inches in thickness or three (3) feet of earth.

"(f) Each tank shall have a separate filling pipe extending up to the sidewalk or grade, capped with a screw cap, which must be screwed up tight at all times except when filling, and shall be covered with a metal plate flush with the sidewalk or grade.

"(g) Each such tank shall have a separate one and one-quarter ( $1\frac{1}{4}$ ) inch vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet and capped with a double return bend equipped with a non-corrodible wire screen of thirty (30) mesh. The lower end of vent pipe shall not extend through the top into the tank for a distance of more than one (1) inch. Vent pipe shall be on the outside of the building and terminate not less than three (3) feet, measured horizontally and vertically, from any window or other building opening.

"(h) Each such tank shall have at least one suction pipe. Two or more tanks may be connected with one pump, provided the suction pipes siamese at the pump with valves to close each suction pipe.

"(i) All pipes shall lead out of the extreme top of each tank; and shall be at least twelve (12) inches underground or enclosed in concrete. Said pipes shall have a fall toward the tank.

"(j) All pipes and fittings shall be standard, full weight galvanized iron, or equivalent, and shall be put together with litharge and glycerine.

"(k) Tanks and pipes shall not be covered until an inspection has been made by the Chief of the Division of Fire Prevention and Investigation and permission so to do has been granted by said officer. The Chief of the Division of Fire Prevention and Investigation shall be notified when the work is ready for inspection.

"(l) Gasoline shall be taken from such tanks only by means of an approved pump, which shall be installed in an approved location. No gravity, siphon or pressure system shall be used for taking gasoline from any tank.

"(m) The Chief of the Division of Fire Prevention and Investigation shall have the right at any time to take, or demand to be taken, a test for leaks on any tank, pipes or appurtenances, and, if found to be defective, shall demand that they be repaired or replaced."

### Re-referred.

The following matter was *re-referred to the Special Hetch Hetchy Committee for hearing Friday May 7, 1937, at 1:30 p. m.*

### Report on Declaration of Policy on Resubmission of Revenue Bonds, for Hetch Hetchy Power Distribution.

April 27, 1937.

To the Honorable the Board of Supervisors.

Gentlemen: At a meeting of the Hetch Hetchy Power Committee Wednesday, April 21, 1937, at 2 p. m., in the Chambers of the Board, at which the following roll call was had:

Present—Supervisors McSheehy, Colman—2.

Absent—Supervisors Meyer, Reilly, Shannon—3.

On motion of Supervisor McSheehy, seconded by Supervisor Colman, Resolution No. 3226, Code No. 15.032, "Declaration of Policy on Submission of Revenue Bonds," was ordered submitted as a committee report, for consideration by the Board of Supervisors Monday, April 26, 1937, sitting as a Committee of the Whole:

### Declaration of Policy on Resubmission of Revenue Bonds.

(Code No. 15.032)

Resolution No. 3226, as follows:

Whereas, Senate Bill No. 200, known as the "Revenue Bond Act of 1937," and referred to as the Garrison Bill, has been passed by both houses of the State Legislature and has been signed by the Governor; and

Whereas, the "Revenue Bond Act" permits the issuance of revenue bonds for the construction, extension or betterment of utilities by a majority vote of the electorate without necessitating an amendment to the Charter; and

Whereas, the Secretary of the Interior has requested the Attorney-General to test the validity of the contract with the Pacific Gas & Electric Company in the sale of power for distribution by that company; now, therefore, be it

Resolved, That the Board of Supervisors hereby declares its intention to submit to the voters a proposition enabling the city to issue revenue bonds for the distribution and sale of Hetch Hetchy power and that prior to said submission the Board will authorize an appointment of experts to check plans and estimates contained in Plan 7 submitted by Manager E. G. Cahill of the Public Utilities Commission; and be it

Further Resolved, That the Board of Supervisors will respectfully request the Attorney-General of the United States to withhold legal

action as requested by Secretary Ickes until the voters have again been permitted to vote on the issuance of revenue bonds as authorized in the "Revenue Bond Act of 1937"; and be it

Further Resolved, That the Manager of Utilities be requested to recommend a program of education to be placed before the people of San Francisco indicating the distinction between general obligation bonds and revenue bonds so that this Board of Supervisors may conduct a campaign for that purpose.

Final conclusion of the matter is respectfully urged.

Respectfully submitted,

HETCH HETCHY POWER COMMITTEE,

By JAS. B. McSHEEHY,

Chairman.

**MOTION TO RECONSIDER.**

The following matter was taken up:

**Recommendation of Finance Committee on Projection of Fifth  
Street and Grant Avenue Across Market Street.**

(Code No. 12.08)

Resolution No. 3215, as follows:

Whereas, the Board of Supervisors, sitting as a committee of the whole and through its Finance Committee, has conducted an exhaustive investigation of the trans-Market street traffic problem; and

Whereas, this investigation and the public hearings held in connection therewith have clearly demonstrated the urgency and necessity for immediate action to provide satisfactory and adequate traffic relief and to anticipate the immediate future; and

Whereas, the facts developed conclusively show that the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue to a new street between Third and Fourth streets, from Market to Brannan streets, will provide respectively the most direct, convenient and desirable entrance and exit thoroughfares to the central business district; and

Whereas, this combination of streets will provide a clockwise movement of bridge vehicular traffic on non-congestive right-hand turns; adequately serve both the districts north and south of Market street; satisfactorily make provision for increased vehicular traffic produced by the Golden Gate Bridge, and meet conditions during the coming Exposition; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that a bond issue providing the necessary funds for construction of both streets is approved as the method of financing the project; and be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and be it

Further Resolved, That the City Attorney in cooperation with the proper officials and departments immediately prepare and submit to

this Board of Supervisors the proper and necessary legislation in connection therewith.

*May 3, 1937—Refused adoption by the following vote:*

Ayes—Supervisors Mead, Reilly, Schmidt, Shannon—4.

Noes—Supervisors Colman, McSheehy, Meyer, Ratto, Uhl—5.

Absent—Supervisors Brown, Roncovieri—2.

Absent—Supervisor Colman—1.

### SPECIAL ORDER—2:30 P. M.

#### Calvary Cemetery Removal.

(Code No. 17.19)

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the city and county will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the own-

ers or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area ten per centum of the existing

area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board of Supervisors of the City and County of San Francisco and approved by said board by resolution thereof.

Resolution No. 3165, as follows:

Resolved, That that certain Map entitled "Subdivision of a Portion of Lot Number 21, Silver Terrace, San Francisco, California, composed of 2 sheets," approved the 28th day of April, 1937, by Acting Director of Public Works Order No. 6082, be and is hereby approved and adopted as the official map of Subdivision of a Portion of Lot Number 21, Silver Terrace, San Francisco, California, and the portions of land designated thereon as Santa Fe avenue and Topeka avenue are hereby accepted on behalf of the City and County of San Francisco and declared to be open public streets to be known by the aforementioned names as they appear on said map; and be it

Further Resolved, That the City and County of San Francisco accept that certain deed dated the 14th day of April, 1937, from Marshal T. Struthers and Bernice M. Struthers, to those parcels of land comprising the aforementioned streets as delineated upon said map, and be it

Further Resolved, That that certain bond in the sum of \$200, executed the 22d day of April, 1937, between Marshal T. Struthers and Bernice M. Struthers, his wife, as principal, and Eliza A. Salter and Edward McFadden, as sureties, running to the City and County of San Francisco, conditioned for the payment of all taxes or special assessments collected as taxes which are at the time of filing said map, a lien against the land or any part thereof as shown upon said map but not yet payable, be and is hereby approved and accepted, the said sum of \$200 being an estimate by the Controller of the City and County of San Francisco of the amount of taxes which are a lien upon the property described in said map, and which are not yet payable.

The following recommendation of Streets Committee was taken up:

**Ordering the Construction or Reconstruction of Sidewalks on Certain Streets.**

(Code No. 12.0611)

Bill No. 1331, Ordinance No. 12.061173, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the assessment district, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors April 19, 1937, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

The said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in three installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

#### Declaration of Policy With Regard to Re-Submission of Revenue Bonds.

(Code No. 15.032)

Resolution No. 3226, as follows:

Whereas, Senate Bill No. 200, known as the "Revenue Bond Act of 1937," has been passed by the Legislature and approved by the Governor, which said act will enable the Board of Supervisors of the City and County of San Francisco to submit directly to the people without a Charter amendment, the question of issuing revenue bonds for the purpose of financing the cost of acquisition of a system to distribute the hydro electric power produced on the Hetch Hetchy project, which said act will become effective approximately on September 1, 1937; now, therefore, be it

Resolved, That the Board of Supervisors does hereby declare that it is the intention of said Board to submit to the voters of the City and County of San Francisco within seventy-five days after the date of the aforesaid act a proposition to issue revenue bonds in conformity with the "Revenue Bond Act of 1937," in an amount sufficient to defray the cost of the acquisition of a system for the direct distribution to the people of the City and County of the hydro electric power generated on the Hetch Hetchy Project, in conformity with such plans as may be submitted therefor by the Public Utilities Commission of this City and County, the said Board reserving the right to recommend the appointment of experts to check such plan or plans as may be submitted by said Public Utilities Commission; and be it

Further Resolved, That this Board of Supervisors does hereby request the Attorney-General of the United States and the Secretary of the Interior to take no action which will prevent the continuation of the present method of distribution of said Hetch Hetchy power pending the final determination of the litigation being prosecuted by the United States in regard thereto; and be it

Further Resolved, That the Board of Supervisors, in conjunction with the Public Utilities Commission, outline a program of education to be placed before the people of San Francisco indicating the necessity for the issuance of said revenue bonds as well as the distinction between revenue bonds and general obligation bonds.

#### Motion Lost.

Supervisor McSheehy, seconded by Supervisor Mead, after correcting third line in the first resolve to read seventy-five days instead of sixty days, moved that the resolution be adopted.

*Motion lost by the following vote:*

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.

Approving Illness or Disability Leave of Absence Rule of Civil  
Service Commission.

(Code No. 4.052)

Supervisor McSheehy presented:

Bill No. 1333, Ordinance No. 4.0521, as follows:

An ordinance approving Rule 32 of the Civil Service Commission providing for leaves of absence due to illness or disability, as required by section 153 of the Charter of the City and County of San Francisco. Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Rule 32 of the Civil Service Commission of the City and County of San Francisco providing for leaves of absence to officers and employees due to illness or disability, which said rule is herein set forth is hereby approved, said rule being in words and figures following, to-wit:

"Rule 32. *Sick Leaves and Disability Leaves, With Pay.*

"Section 1. *General Requirement.* The officers and employees of the City and County of San Francisco shall be entitled to sick leaves with full pay, and disability leaves in accordance with laws, rules and regulations of the Retirement Board, subject, however, in both instances, to the provisions of this rule.

"Section 2. *Definition of Sick Leave.* A leave of absence granted under this rule, because of illness or injury, and not covered by section 3 of this rule, shall be known as a 'sick leave.'

"Section 3. *Definition of Disability Leave.* A leave of absence granted under this rule for one of the following causes shall be known as a 'disability leave':

"(a) Absence due to quarantine established and declared by the Department of Public Health or other competent authority.

"(b) Absence necessitated by death of mother, father, husband, wife, child, brother or sister; provided that in such case the leave shall not extend beyond the date of burial of said deceased person.

"(c) Absence necessitated by death of other relatives; but leave with pay in such cases shall be for not more than one day to permit attendance at the funeral of said person.

"(d) Absence due to disability caused by illness or injury arising out of, and in course of, employment.

"Section 4. *Periods of Sick Leave.* Officers and employees who are subject to the provisions of section 153 of the Charter, and who have regularly occupied their positions continuously for at least one year, shall be entitled to two weeks' sick leave, with full pay, annually, during their occupancy of said positions; provided that where it is necessary for the appointing officer to employ and pay a substitute in the stead of an absentee who is paid on an hourly or per diem basis said sick leave shall be without pay for the first five days. Such annual sick leave of two weeks, with pay, when not used, shall be cumulative, but the accumulated unused period of sick leave shall not exceed six (6) months, regardless of length of service, except as provided in section 5 hereof.

"Section 5. *Accumulation of Sick Leaves.* Officers or employees who are in the service of the City and County at the time this rule takes effect shall be entitled to an accumulation of two weeks' sick leave with pay for each year of service, until the maximum of six months' accumulation has been reached; provided that when said maximum accumulation of six months has been reached, and thereafter part of said maximum of six months has been used, the used part of said maxi-

mum may again be replenished at the rate of two weeks for each subsequent year of service. Sick leaves with pay allowed since the present Charter became effective on January 8, 1932, shall be deducted from the above-mentioned accumulations, and a statement, by the applicant, of all such sick leaves had since January 8, 1932, to the date of the adoption of this rule, must accompany all requests for sick leave with pay.

"Section 6. *Periods of Disability Leaves, as Defined in Items (a), (b) and (c) of section 3 hereof.* Leaves of absence, with full pay, allowed because of quarantine established by the Department of Public Health, or other competent authority, shall be for the period of such quarantine only. Leaves of absence with pay, allowed because of deaths of relatives, shall be limited to the periods mentioned in items (b) and (c) of section 3 of this rule.

"Section 7. *Absence Due to Disability Caused by Illness or Injury Arising Out of and In the Course of Employment.* Officers or employees of the City and County of San Francisco who are absent from duty because of disability arising out of and in the course of their employment shall be governed by the provisions of the "Workmen's Compensation Insurance and Safety Act" of the State of California and such rules as may be made under authority thereof by the Industrial Accident Commission; and the allowance of benefits and leaves of absence to said persons, in accordance with the provisions of said act, shall be under the jurisdiction of the Retirement Board.

"Section 8. *Applications for Sick Leave or for Disability Leave.* Applications for Sick Leave or for Disability Leave, as defined in subdivisions (a), (b), and (c) of section 3 of this rule, shall be made to the head of the department in which the person making said application is employed, provided that the Manager of Utilities, the Director of Public Works, the Director of Public Health and the Director of Finance and Records may authorize the head of any department, bureau, division or officer, under their respective jurisdictions, to grant and approve the allowance of sick or disability leaves of absence. When any application for a sick leave of absence or disability leave of absence is denied by the respective persons herein authorized to grant the same, the applicant may appeal to the Civil Service Commission from said denial, and the said Commission shall cause the facts on which said application is based to be investigated and may, upon said investigation, make such order in the premises as said Commission shall deem just, which said order shall be final.

"No sick leave exceeding five (5) days shall be granted to any person unless there is presented by the person asking for said sick leave and with the application therefor, a physician's certificate stating the necessity for said sick leave. The head of the department or other officer to whom said application is made may make such independent investigation as to the necessity for said sick leave as he shall deem proper. When, in case of a sick leave, pay is allowed for the period of the first five days, or any part thereof, the officer, board or commission granting the same shall certify to the Civil Service Commission that he has personally investigated the case and has found it deserving, and in the case of employees paid on an hourly or per diem basis, that no expense was incurred by the City and County by the employment of a substitute for the person on sick leave during the said period. Illness caused by dissipation or by immoral conduct shall not be made the basis of any sick leave.

"Section 9. *Reports to Civil Service Commission.* The officer, board or commission granting sick or disability leave shall immediately report the action to the Civil Service Commission on such forms as the Civil Service Commission may provide. Said officer, board or commission shall thereafter report on such cases when required to do so by the Civil Service Commission, but return to duty of an appointee who had been on sick leave shall be immediately reported to said Civil Service Com-

mission. The Civil Service Commission may at any time make such independent investigation as it shall deem proper regarding the illness of any person on sick leave and particularly when any such person has been on sick leave with pay for more than ten continuous days.

"All applications for sick leaves, with or without pay, for periods *exceeding* five (5) days, granted to officers and employees of the City and County under authority of this rule, shall be accompanied by physicians' certificates which shall show the cause or necessity for such sick leaves, and the physicians authorized to issue said certificates are as follows:

"(a) The Department Physician for the Fire Department;

"(b) The Police Surgeon for the Police Department;

"(c) The physician designated by the Director of Health for the Department of Health;

"(d) The physicians designated by the Civil Service Commission for all other departments.

"In the cases of all sick leaves, with or without pay, of five days or less duration, granted under the authority of this rule to officers or employees of the City and County, the appointing officers or their representatives shall certify to the Civil Service Commission that they have made investigation of such cases and found them deserving, and when such leaves are allowed with pay to employees paid on an hourly or per diem basis, must certify that no expense was incurred by the City and County by the employment of substitutes for the persons on such sick leave with pay.

"Section 10. *Retirement on Pension Automatically Terminates Leave of Absence.* Whenever a leave of absence has been granted under this rule to any officer or employee, and such officer or employee during such leave is retired on pension, his leave of absence shall automatically terminate on the date of his retirement on pension; provided, however, that any allowance or compensation made under authority of the Workmen's Compensation law shall continue to be paid to said retired employee in accordance with the provisions of said law.

"Section 11. *Police and Fire Departments.* Sick leaves and disability leaves granted to members of the uniformed forces of the Police Department and Fire Department shall be regulated by rules adopted respectively by the Police Commission and Fire Commission, which rules, and amendments thereto, shall be subject to the approval of the Civil Service Commission, and when so approved by the Civil Service Commission shall be deemed as included in this rule.

"Section 12. *Positions to which this Rule Shall Not Apply.* The provisions of this rule shall not apply to certificated employees of the Board of Education for whom sick leaves, with pay, are governed by state law, nor to positions of patrol special police officers appointed by the Police Commission.

"Section 13. *Pay Rolls and Time Sheets.* Sick leaves, with pay, granted under this rule shall be indicated on pay rolls and time sheets by the Letters S.L.P. (Sick leave with full pay); and disability leaves, with pay, granted under this rule, shall be indicated on pay rolls and time sheets by the letters D.L.P. (Disability leave with full pay)."

Section 2. Violation or abuse of the provisions of said rule and this ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties, as provided by said Section 153 of the Charter of the City and County of San Francisco.

Section 3. All ordinances, rules and regulations in conflict with this rule and ordinance are hereby repealed and annulled.

Section 4. This ordinance and the rule provided herein shall become operative and in full force and effect beginning July 1, 1937.

#### Privilege of the Floor.

Wm. Nanry, representing San Francisco Bureau of Municipal Research, requested that action be deferred one week in order that he might report possible cost of the adoption of the ordinance.

A. J. Rushton, representing the Per Diem Men's Association, urged no further delay in the passage of the ordinance, as the per diem men for four years have been trying to have this legislation enacted. Moreover, he said, the Budget will be passed in the next few weeks and then it will be too late to do anything for another year.

### Motion.

Supervisor Roncovieri moved to amend Section 1, line 1, by striking out the words "The officers and" and inserting the word "all".

City Attorney O'Toole declared that the ordinance must be either approved or rejected as presented. It cannot be amended.

Whereupon, Supervisor Schmidt moved re-reference to the Civil Service Commission and returned next Monday after consultation with the City Attorney.

Motion *lost* by the following vote:

Ayes—Supervisors Roncovieri, Schmidt—2.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman—2.

Thereupon, it was moved by Supervisor Roncovieri to lay over one week.

Motion *lost* by the following vote:

Ayes—Supervisors Roncovieri, Schmidt—2.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Shannon, Uhl—7.

Absent—Supervisors Brown, Colman—2.

### Passed for Second Reading.

Whereupon, the foregoing ordinance was *passed for second reading* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Shannon, Uhl—7.

Noes—Supervisors Roncovieri, Schmidt—2.

Absent—Supervisors Brown, Colman—2.

**Appropriation, \$3,500 to District Attorney for Police Investigation.**

(Code No. 9.051)

Bill No. 1324, Ordinance No. 9.051384, as follows:

Authorizing an appropriation of \$3,500 from the Emergency Reserve Fund to the credit of Appropriation 605.233.00 in accordance with the request of the District Attorney for the purpose of compensating Edwin N. Atherton for services to be rendered in the preparation of evidence for presentation to the Grand Jury in the investigation of charges which have been made against certain members of the Police Department; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$3,500 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation 605.233.00 for the purpose of compensating Edwin N. Atherton for services to be rendered in the preparation of evidence for presentation to the Grand Jury in the investigation of charges which have been made against certain members of the Police Department.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is necessary for the uninterrupted operation of the office of the District Attorney, as the District Attorney is without funds to pay for the services referred to in Section 1 hereof.

Approved as to form: John J. O'Toole, City Attorney.

Recommended: Matthew Brady, District Attorney.

Approved: Angelo J. Rossi, Mayor.

**Inclusion of Divisional Highway in State Highway System.**

(Code No. 5.31)

Supervisor Reilly presented:

Resolution No. 3266, as follows:

Whereas, this Board of Supervisors has repeatedly endorsed the proposed Divisional Highway and has petitioned the California Legislature to include same in the highway system of the State of California; and

Whereas, even though the representatives of San Francisco have clearly indicated that all they have asked is for said inclusion, being willing to wait for funds for same until available; and

Whereas, the State Board of Public Works has opposed said inclusion, notwithstanding our willingness to wait for available funds; and

Whereas, the question of immediate funds is our apparent main obstacle; and

Whereas, a further hearing will be held on this and kindred requests on Wednesday morning, May 12, at Sacramento; therefore, be it

Resolved, That San Francisco through this Board of Supervisors hereby reiterates our willingness to await available funds and hereby offers (in the event said proposed Divisional Highway is included in the system), to match the State appropriation for the commencement of construction of the Divisional Highway on the unit basis, until such time as the State authorities advise sufficient funds are available to enable the State to further construct this proposed highway.

*Referred to Streets Committee.*

**Shaffer Rapid Transit Plan.**

Supervisor Shannon presented:

Communication from San Francisco Bay Chapter League of Western Writers, requesting consideration of new Shaffer Rapid Transit Plan.

*Referred to Streets and Public Welfare Committee.*

**Sewer Cleaners, Salary Increase.**

Supervisor Mead presented:

Communication from Construction and General Laborers' Union, Local No. 261, transmitting petition by sewer cleaners requesting increase of salary.

*Referred to Judiciary Committee.*

**Relative to Tolls on Golden Gate and Carquinez Bridges.**

Supervisor Brown called attention to proposed legislation to make Carquinez Bridge a free bridge as part of the State Highway System. He urged that the following matters presented by him on April 26, 1937, and referred to the Judiciary Committee, be taken out of the committee and acted upon at the present time as the Committee on Roads and Highways of the State Legislature will meet Wednesday at 10 a. m.

Whereupon, the following matters were taken from the Judiciary Committee for discussion:

An act providing for the use of State moneys for the operation or maintenance, or operation and maintenance of certain bridges owned by the State or any of its political subdivisions in the event that such moneys are used for such purposes on bridges crossing the same designated water channel.

An act requiring the acquisition or a binding contract for the acquisition by the State of California of the Golden Gate Bridge prior to the acquisition for construction of a bridge across the Straits of Carquinez.

**Resolution.**

The Clerk was directed and prepared the following resolution:

(Code No. ———)

Resolution No. ———, as follows:

Resolved, That the Board of Supervisors hereby requests the passage by the State Legislature of an act entitled: "An act providing for the use of State moneys for the operation or maintenance of certain bridges owned by the State or any of its political subdivisions in the event that such moneys are used for such purposes on bridges crossing the same designated water channel"; and be it

Further Resolved, That a committee of this Board of Supervisors be appointed by the President to urge the passage of this legislation in Sacramento.

After discussion the matter was deferred temporarily and the Board adjourned without taking action.

**Meeting of Alta California Counties Re Composite Exhibit at Golden Gate International Exposition.**

The following was presented by President Shannon, and read by the clerk:

Communication from Alta California, Inc., by Edward Morris, its managing director, P. O. Box 49, Sacramento, California, inviting San Francisco to have representation at meeting of Alta California Counties at Sonora, Tuolumne County, at the Court House at 10 a. m., Friday,

MONDAY, MAY 10, 1937.

May 14, 1937, this being the second of a series of meetings for the advancement of plans of Alta California Counties for a composite exhibit in the San Francisco Golden Gate International Exposition.

Supervisors Shannon and Meyer appointed to attend.

### AJOURNMENT.

There being no further business the Board of Supervisors at 5:35 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors May 17, 1937.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

---

MONDAY, MAY 17, 1937, 2 P. M.

---

In Board of Supervisors, San Francisco, Monday, May 17, 1937, 2 p.m.  
The Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:  
Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Shannon presiding.

### APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of May 10, 1937, 10 a. m., and May 10, 1937, 2 p. m., were considered read and approved.

### SPECIAL ORDER—2:30 P. M.

The following matter, laid over from last meeting, was made a Special Order for 2:30 p. m.:

### MOTION TO RECONSIDER.

The following matter was taken up:

Recommendation of Finance Committee on Projection of Fifth Street and Grant Avenue Across Market Street.

(Code No. 12.08)

Resolution No. 3215, as follows:

Whereas, the Board of Supervisors, sitting as a committee of the whole and through its Finance Committee, has conducted an exhaustive investigation of the trans-Market street traffic problem; and

Whereas, this investigation and the public hearings held in connection therewith have clearly demonstrated the urgency and necessity for immediate action to provide satisfactory and adequate traffic relief and to anticipate the immediate future; and

Whereas, the facts developed conclusively show that the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets and the projection of Grant avenue to a new street between Third and Fourth streets, from Market to Brannan streets, will provide respectively the most direct, convenient and desirable entrance and exit thoroughfares to the central business district; and

Whereas, this combination of streets will provide a clockwise movement of bridge vehicular traffic on non-congestive right-hand turns; adequately serve both the districts north and south of Market street; satisfactorily make provision for increased vehicular traffic produced by the Golden Gate Bridge, and meet conditions during the coming Exposition; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that a bond issue providing the necessary funds for construction of both streets is approved as the method of financing the project; and be it

Further Resolved, That an official estimate of cost and plans and specifications be immediately prepared by the Department of Public Works; and be it

Further Resolved, That the City Attorney in co-operation with the proper officials and departments immediately prepare and submit to this Board of Supervisors the proper and necessary legislation in connection therewith.

*May 3, 1937—Refused adoption by the following vote:*

Ayes—Supervisors Mead, Reilly, Schmidt, Shannon—4.

Noes—Supervisors Colman, McSheehy, Meyer, Ratto, Uhl—5.

Absent—Supervisors Brown, Roncovieri—2.

#### Motion to Reconsider.

Before the result of the foregoing vote was announced Supervisor Shannon changed his vote from *Aye* to *No* and moved for reconsideration at the next meeting.

The vote then stood:

Ayes—Supervisors Mead, Reilly, Schmidt—3.

Noes—Supervisors Colman, McSheehy, Meyer, Ratto, Shannon, Uhl—6.

Absent—Supervisors Brown, Roncovieri—2.

Supervisor Uhl moved postponement until next Monday at 2:30 p. m. for the purpose of enabling members to view moving pictures of traffic conditions on the bridge made by the City Engineer's Office.

Motion *lost* by the following vote.

Ayes—Supervisors McSheehy, Meyer, Roncovieri, Schmidt, Uhl—5.

Noes—Supervisors Brown, Colman, Mead, Ratto, Reilly, Shannon—6.

Supervisor Colman moved as an amendment to the Finance Committee resolution the following:

Resolved, That the Department of Public Works be and is hereby requested to immediately prepare plans and an estimate of cost incident to the extension of Fifth street diagonally across Market street to the intersection of Mason and Eddy streets; and be it

Further Resolved, That the City Attorney be and is hereby authorized and requested to prepare the legislation necessary to the submission of a bond issue for the extension of Fifth street as aforesaid.

#### Privilege of the Floor.

Marshal Hale, Timothy Healy, attorney representing Market street merchants; D. V. Nicholson, representing Triangle District Merchants; Mr. Schultz and W. J. Varley were heard on the pending question.

Thereupon, Supervisor Uhl, seconded by Supervisor McSheehy, offered as a substitute a resolution requesting Director of Public Works to report to Board, costs and estimates of street running diagonally from Fifth and Harrison streets to point on Sixth street between Shipley and Folsom streets which was ruled out of order by the Chair.

Whereupon, Supervisor McSheehy appealed from the decision of the Chair.

Supervisor Colman, being called upon, put the question, "Shall the decision of the Chair be the decision of the Board, and the roll was called with the following result:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

Noes—Supervisors McSheehy, Uhl—2.

Whereupon, the roll was called on Supervisor Colman's resolution and the same was *defeated* by the following vote:

Ayes—Supervisors Brown, Colman, Schmidt—3.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon, Uhl—8.

#### Resolution Adopted.

Whereupon, the roll was called on the resolution presented by the Finance Committee and the same *carried* by the following vote:

Ayes—Supervisors Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon—6.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Uhl—5.

#### Explanation of Vote.

Supervisor Colman explained his vote by saying that he would vote *no* for the reason that every argument made today against Fifth street applied with greater force to the Finance Committee's report and that he was convinced that the problem is of the magnitude the Finance Committee makes it.

### SPECIAL ORDER—3:30 P. M.

### MOTION TO RECONSIDER.

The following matter was taken up:

#### Calvary Cemetery Removal.

(Code No. 17.19)

Bill No. 938, Ordinance No. 17.195, as follows:

Declaring that the further maintenance of the Calvary Cemetery threatens and endangers the health, safety, comfort and welfare of the public; ordering and demanding the disinterring and removal of human bodies therefrom and fixing a time within which such disinterring and removal must be performed; declaring certain conditions under which the City and County will itself disinter and remove said bodies; requiring and empowering the Director of Public Health to adopt and promulgate rules and regulations for such disinterring and removal; providing for the reservation of lands for memorial mausoleums or columbariums, grounds, vaults and monuments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby declared that the cemetery hereinafter described contains an area of more than five acres and is situate in a city and county having a population of more than one hundred thousand persons, and the right of burial in said cemetery has been prohibited by law for a period of more than fifteen years, and that the further maintenance of said cemetery as a burial place for the human dead threatens and endangers the health, safety, comfort and welfare of the public. The cemetery above referred to is situate in the City and County of San Francisco, State of California, and is commonly designated by the following name, and is situate within the following boundaries, to-wit:

Calvary Cemetery, bounded by Geary street, St. Joseph's avenue, Turk street, Parker avenue, St. Rose's avenue and Masonic avenue.

Section 2. It is hereby ordered and demanded that, within three years from the date upon which this ordinance shall become effective, the cemetery corporation, corporation sole, association or other person owning or controlling the cemetery hereinabove described, or the owners or holders of burial lots therein, or the relatives or friends of those whose bodies are interred therein, disinter all human bodies interred in said cemetery and remove the same outside of the limits of

the City and County of San Francisco, in accordance with and in the manner provided for in that certain act of the Legislature of the State of California, entitled "An act authorizing the Board of Supervisors or other governing body of any incorporated city, or city and county, having a population of more than one hundred thousand persons, to order the disinterment and removal of all human bodies interred in any cemetery of more than five acres in extent, or from a part thereof, situate within the boundaries of such city, or city and county, and directing the reinterment of such bodies in cemeteries outside of the limits of such city, or city and county, or the depositing of the same in a mausoleum or columbarium, whenever the further maintenance of such cemetery or part thereof as a burial place for the human dead threatens or endangers the health, safety, comfort or welfare of the public, and providing a mode of procedure under and by which such removals may, when so ordered, be made by the cemetery corporation, association, corporation sole or other person governing or controlling such cemetery lands, or by the relatives or friends of those whose bodies are buried therein, and providing for the sale, mortgage or pledge of cemetery lands from which the human bodies are removed." Approved June 5, 1923.

Section 3. It is hereby declared and ordained that, unless the said bodies are disinterred and removed within the time and in the manner herein in Section 2 of this ordinance provided, the City and County of San Francisco, through its appropriate officers, boards and commissions, will itself proceed, upon the termination of said time, to disinter the bodies remaining in said cemetery and reinter them in another cemetery or cemeteries outside of the limits of the said city and county.

Section 4. It is hereby ordained that the Director of Public Health of the City and County of San Francisco shall, within sixty days from the date upon which this ordinance becomes effective, adopt reasonable rules and regulations relative to the manner of disinterring, transporting and removing such bodies, and shall, upon adoption thereof, cause the same to be published in a newspaper of general circulation in the City and County of San Francisco for a period of sixty days, and shall forthwith forward by registered mail to the governing body owning or controlling said cemetery, a copy thereof. Said Director of Public Health shall, from time to time, adopt and promulgate, in the same manner, any reasonable and necessary modifications or changes in said rules and regulations. All disinterments, transportation and removal of human remains from said cemetery made under the provisions of this ordinance and under the provisions of the said act of the Legislature, herein in Section 2 referred to by title, shall be made and performed subject to the rules and regulations adopted by the Director of Public Health as herein provided.

Section 5. It is hereby ordained that any cemetery corporation, association, corporation sole or other person owning or controlling any such cemetery lands from which the bodies interred therein are to be removed in accordance with the provisions of this ordinance and the provisions of the act of the Legislature, herein in Section 2 referred to by title, may reserve sufficient land from such cemetery lands from which the human remains have been removed, to erect a memorial mausoleum or columbarium for the depositing therein of the bodies disinterred from such cemetery lands, and may provide sufficient grounds around the same for the beautification thereof, and may preserve such historical vaults or monuments as the board of directors or other governing body of said corporation or association, or the incumbent of said corporation sole, may determine to be proper or necessary.

Provided, however, that the land thus reserved for such mausoleum, columbarium, grounds, vaults and monuments shall not, in the aggregate for said cemetery, exceed in area 10 per centum of the existing area of said cemetery, and provided, further, that plans for said mausoleums, columbariums and grounds shall first be filed with the Board

of Supervisors of the City and County of San Francisco and approved by said Board by resolution thereof.

**Regulating and Providing for the Storage and Use of Gasoline in  
Connection with Public, Commercial and Private Garages.**

(Code No. 11.0822)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 1319, Ordinance No. 11.08224, as follows:

Amending Section 5 of Ordinance No. 8564 (New Series), entitled, "Governing the Construction, Equipment, Maintenance and Operation of Public, Commercial and Private Garages; Regulating and Providing for the Storage and Use of Gasoline in Connection with Public, Commercial and Private Garages; Duties of the Fire Marshal; Penalty for Violation; Repealing Ordinance No. 746 (New Series) and All Ordinances or Parts of Ordinances in so far as They Conflict with This Ordinance." Relating to gasoline pumps.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 5 of Ordinance No. 8564 (New Series), the title of which is recited above, is hereby amended to read as follows:

"Section 5. *Tanks, Pipes, Pumps.* All underground gasoline storage tanks, pipes and appurtenances used in connection with a public, commercial or private garage shall be installed as follows, unless otherwise required by the Chief of the Division of Fire Prevention and Investigation:

"(a) All underground tanks shall be placed outside the building, under the sidewalk, close to the curb line.

"(b) The top of each such tank shall be at least four feet below the sidewalk and the space between the top of the tank and sidewalk shall be filled with earth.

"(c) No such tank shall be connected with another so that gasoline can flow or be pumped from one underground tank to another.

"(d) All such tanks shall be set on a firm foundation and, where water is encountered, tanks shall be enclosed in an approved watertight reinforced concrete vault.

"(e) Where two or more tanks are installed, there shall be an approved brick or concrete dividing wall between each tank not less than twelve (12) inches in thickness or three (3) feet of earth.

"(f) Each tank shall have a separate filling pipe extending up to the sidewalk or grade, capped with a screw cap, which must be screwed up tight at all times except when filling, and shall be covered with a metal plate flush with the sidewalk or grade.

"(g) Each such tank shall have a separate one and one-quarter ( $1\frac{1}{4}$ ) inch vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet and capped with a double return bend equipped with a non-corrodible wire screen of thirty (30) mesh. The lower end of vent pipe shall not extend through the top into the tank for a distance of more than one (1) inch. Vent pipe shall be on the outside of the building and terminate not less than three (3) feet, measured horizontally and vertically, from any window or other building opening.

"(h) Each such tank shall have at least one suction pipe. Two or more tanks may be connected with one pump, provided the suction pipes siamese at the pump with valves to close each suction pipe.

"(i) All pipes shall lead out of the extreme top of each tank; and shall be at least twelve (12) inches underground or enclosed in concrete. Said pipes shall have a fall toward the tank.

"(j) All pipes and fittings shall be standard, full weight galvanized iron, or equivalent, and shall be put together with litharge and glycerine.

"(k) Tanks and pipes shall not be covered until an inspection has been made by the Chief of the Division of Fire Prevention and Investigation and permission so to do has been granted by said officer. The Chief of the Division of Fire Prevention and Investigation shall be notified when the work is ready for inspection.

"(l) Gasoline shall be taken from such tanks only by means of an approved pump, which shall be installed in an approved location. No gravity, siphon or pressure system shall be used for taking gasoline from any tank.

"(m) The Chief of the Division of Fire Prevention and Investigation shall have the right at any time to take, or demand to be taken, a test for leaks on any tank, pipes or appurtenances, and, if found to be defective, shall demand that they be repaired or replaced."

**Supplemental Rapid Transit Report.**

The following was presented, read by the Clerk and copies ordered sent to members:

**PUBLIC UTILITIES COMMISSION  
CITY AND COUNTY OF SAN FRANCISCO**

OFFICE OF  
MANAGER OF UTILITIES

May 17, 1937.

*Subject—Rapid Transit.*

To the Honorable  
Board of Supervisors,  
City Hall, San Francisco.

*Attention: Mr. J. S. Dunnigan, Clerk.*

Gentlemen: I am authorized by the Public Utilities Commission to transmit to you the enclosed supplemental rapid transit report with the recommendation of the Public Utilities Commission that the revised rapid transit system described therein be adopted as the policy of the City and County of San Francisco and that a bond issue in the amount of \$49,250,000 general mortgage obligations of the City and County of San Francisco be submitted to the voters on November 2, 1937, for the purpose of financing such a rapid transit system.

Very truly yours,

E. G. CAHILL,  
Manager of Utilities.

MONDAY, MAY 17, 1937.

PUBLIC UTILITIES COMMISSION  
CITY AND COUNTY OF SAN FRANCISCOOFFICE OF  
MANAGER OF UTILITIES

May 11, 1937.

*Subject—Supplemental Rapid Transit Report.*

To the Honorable  
The Public Utilities Commission,  
San Francisco, California.

Dear Sirs: Under date of May 25, 1936, I submitted a report with recommendations for the construction of rapid transit lines on four important streets of the City. This report has been the subject of several hearings before the Public Utilities Committee of the Board of Supervisors and before the Board of Supervisors sitting as a Committee of the Whole.

Much general interest has been aroused in the subject of improving local transportation. A number of alternate proposals and modifications have been suggested. Every one of these has been carefully analyzed with the result that I am now more firmly convinced than ever that my plan of May, 1936, is the only practical way in which the present intolerable conditions can be bettered permanently.

The vehicular traffic over the San Francisco-Oakland Bay Bridge has so far exceeded the expectations of even the bridge authorities, that there can be no question that the possibilities which I mention in the paragraph headed "The Necessity for Rapid Transit," on page 10 of my May, 1936, report, will be borne out when a year from now fast and comfortable trains will be available to those not now able to drive private automobiles over the bridge. The original toll over the bridge was 65 cents but because of the volume of business has been reduced to 50 cents. A commutation fare is also in effect and already groups of four or five people are making joint use of a single automobile in traveling to and from the east side of the Bay. The saving in time over the present ferry service is sufficiently great to justify the increased cost to many people.
